4 **TITLE II—RECONCILIATION AND**
5 **REPORT SUBMISSIONS**

6 **SEC. 201. SUBMISSIONS BY THE HOUSE COMMITTEE ON**
7 **WAYS AND MEANS FOR RESPONSIBLE TAX**
8 **RELIEF.**

9 (a) SUBMISSION.—Not later than October 1, 2004,
10 the House Committee on Ways and Means shall report
11 a reconciliation bill to the House adjusting revenues in
12 such amounts necessary to meet the revenue targets con-
13 tained in section 2 of this resolution.

14 (b) POLICY ASSUMPTIONS.—It is the policy of this
15 budget resolution to balance deficit reduction with middle-
16 income tax relief. Such tax policies shall include but not
17 be limited to provisions that—

18 (1) extend the child tax credit;

19 (2) extend marriage penalty relief;

20 (C) extend the 10 percent individual tax brack-
21 et;

22 (4) provide relief from the alternative minimum
23 tax for middle-income taxpayers;

1 (5) eliminate estate taxes on all but the very
2 largest estates by reforming and substantially in-
3 creasing the unified credit;

4 (6) extend the Research and Experimentation
5 Tax Credit and other expiring tax provisions;

6 (7) accelerate refundability of the child tax
7 credit to fifteen percent in 2004 and include combat
8 pay in determining refundability in 2004 and all
9 years thereafter;

10 (8) preserve American manufacturing jobs con-
11 sistent with the objectives delineated in H.R. 3827,
12 the Job Protection Act of 2004;

13 (9) close corporate tax avoidance devices and
14 eliminate expatriation schemes for individuals and
15 corporations such as, but not limited to, those provi-
16 sions included in the President's budget;

17 (10) reduce the tax cuts resulting from provi-
18 sions contained in 2001 and 2003 tax legislation
19 passed by Congress for taxpayers with annual ad-
20 justed gross income (AGI) over \$500,000; and

21 (11) make new or extended tax cuts subject to
22 PAYGO offset requirements.

23 (c) FLEXIBILITY FOR THE COMMITTEE ON WAYS
24 AND MEANS.—If the reconciliation bill reported by the
25 Committee on Ways and Means alters the Internal Rev-

1 enue Code of 1986 in ways that are scored by the Joint
2 Committee on Taxation as outlay changes, as through leg-
3 islation affecting refundable tax credits, the bill shall be
4 considered to meet the revenue requirements of the rec-
5 onciliation directive if the net cost of the revenue and out-
6 lay changes does not exceed the revenue amount indicated
7 for that committee in subsection (a). Upon the reporting
8 of such legislation, the chairman of the House Committee
9 on the Budget shall adjust the budget aggregates in this
10 resolution and allocations made under this resolution ac-
11 cordingly.

12 **SEC. 202. SUBMISSION PROVIDING FOR STRENGTHENED**
13 **MEDICARE PRESCRIPTION DRUG BENEFIT.**

14 (a) **IN GENERAL.**—Not later than October 1, 2004,
15 the House committees named in subsection (b) shall sub-
16 mit their recommendations to the House Committee on
17 the Budget. After receiving those recommendations, the
18 House Committee on the Budget shall report to the House
19 a bill carrying out all such recommendations without any
20 substantive revision.

21 (b) **INSTRUCTIONS.**—

22 (1) **COMMITTEE ON WAYS AND MEANS.**—The
23 House Committee on Ways and Means shall report
24 changes in law within its jurisdiction to lower Medi-
25 care subsidies to private plans under Medicare Ad-

1 vantage and to use such savings to increase the
2 value of the Medicare prescription drug benefit.

3 (2) COMMITTEE ON ENERGY AND COMMERCE.—

4 The House Committee on Energy and Commerce
5 shall report changes in law within its jurisdiction to
6 lower Medicare subsidies to private plans under
7 Medicare Advantage and to use such savings to in-
8 crease the value of the Medicare prescription drug
9 benefit.

10 (c) SPECIAL RULE.—In the House, notwithstanding
11 subsections (a) and (b), no bill under this section may be
12 considered unless the net effect of the legislation sub-
13 mitted by committees under such subparagraphs does not
14 increase the aggregate deficit. The chairman of the Com-
15 mittee on the Budget may make the appropriate adjust-
16 ments in allocations and aggregates to the extent such
17 measure is deficit neutral in fiscal year 2005, for the pe-
18 riod of fiscal years 2005 through 2009, and for the period
19 of fiscal years 2005 through 2014.

1 SEC. 203. ELIMINATING THE SOCIAL SECURITY OFFSET TO
2 THE MILITARY SURVIVOR BENEFIT PLAN,
3 SUBMISSION OF REPORT ON DEFENSE SAV-
4 INGS, AND OTHER DEFENSE-RELATED MAT-
5 TERS.

6 (a) SUBMISSION.—In the House, not later than May
7 15, 2004, the Committee on Armed Services shall submit
8 to the Committee on the Budget its findings that identify
9 \$2,000,000,000 in annual discretionary savings from (1)
10 activities that are determined to be of a low priority to
11 the successful execution of current military operations; or
12 (2) activities that are determined to be wasteful or unne-
13 cessary to national defense. These should be continuing
14 savings, of a permanent nature, and sufficient to offset
15 the recurring personnel costs in (b).

16 (b) POLICY ASSUMPTIONS.—Recognizing the impor-
17 tance of the families of uniformed military personnel who
18 have served and are currently serving our Nation, the
19 Committee on the Budget instructs the Armed Services
20 Committee to use the funds provided in the reconciliation
21 directive for the purposes of eliminating the Social Secu-
22 rity offset to the Military Survivor Benefits Program and
23 raising the existing cap on the Military Housing Privatiza-
24 tion Initiative. The funds identified in the first paragraph
25 are to ensure that these programs will not further increase
26 the deficit and are the basis upon which the Committee

1 on the Budget issues the reconciliation directive to the
2 Armed Services Committee in section 204.

3 **SEC. 204. COMMITTEE ON ARMED SERVICES.**

4 In the House, not later than July 15, 2004, the
5 Armed Services Committee shall report changes in laws
6 within its jurisdiction sufficient to increase budget author-
7 ity by not more than \$2,000,000,000 and outlays by not
8 more than \$237,000,000 for fiscal year 2005 and by not
9 more than \$10,452,000,000 for budget authority and
10 \$7,107,000,000 for outlays for the period of fiscal years
11 2005 through 2009. The House Armed Services Com-
12 mittee is instructed to use this allocation to eliminate the
13 Social Security offset to the Military Survivor Benefit Pro-
14 gram and increase the cap on the Military Housing Privat-
15 ization Initiative.

16 **TITLE III—RESERVE FUNDS AND**
17 **CONTINGENCY PROCEDURE**

18 **Subtitle A—Reserve Funds**

19 **SEC. 301. RESERVE FUND FOR THE FAMILY OPPORTUNITY**

20 **ACT.**

21 In the House, if the Committee on Energy and Com-
22 merce reports legislation, or if an amendment thereto is
23 offered or a conference report thereon is submitted, that
24 provides Medicaid coverage for children with special needs
25 (the Family Opportunity Act), the chairman of the Com-

1 mittee on the Budget may make the appropriate adjust-
 2 ments in allocations and aggregates of new budget author-
 3 ity (and the outlays resulting therefrom) in this resolution
 4 by the amount provided by that measure for that purpose,
 5 but not to exceed \$53,000,000 in new budget authority
 6 and \$52,000,000 in outlays for fiscal year 2005, and
 7 \$7,952,000,000 in new budget authority and
 8 \$7,626,000,000 in outlays for the period of fiscal years
 9 2005 through 2014.

10 **SEC. 302. RESERVE FUND FOR THE STATE CHILDREN'S**
 11 **HEALTH INSURANCE PROGRAM.**

12 In the House, if the Committee on Energy and Com-
 13 merce reports legislation, or if an amendment thereto is
 14 offered or a conference report thereon is submitted, that
 15 reallocates and maintains expiring State Children's Health
 16 Insurance Program funds within such program rather
 17 than allowing such funds to revert to the Treasury, the
 18 chairman of the Committee on the Budget may make the
 19 appropriate adjustments in allocations and aggregates of
 20 new budget authority (and the outlays resulting there-
 21 from) in this resolution by the amount provided by that
 22 measure for that purpose, but not to exceed
 23 \$1,115,000,000 in new budget authority and
 24 \$100,000,000 in outlays for fiscal year 2005, and
 25 \$1,115,000,000 in new budget authority and

1 \$1,115,000,000 in outlays for the period of fiscal years
2 2005 through 2014.

3 **SEC. 303. RESERVE FUND FOR TRANSITIONAL MEDICAID**
4 **ASSISTANCE.**

5 In the House, if legislation is reported, or if an
6 amendment thereto is offered or a conference report there-
7 on is submitted, that extends transitional Medicaid assist-
8 ance, the chairman of the Committee on the Budget may
9 make the appropriate adjustments in allocations and ag-
10 gregates of new budget authority (and the outlays result-
11 ing therefrom) in this resolution by the amount provided
12 by that measure for that purpose, but not to exceed
13 \$23,000,000 in new budget authority and \$23,000,000 in
14 outlays for fiscal year 2004, \$427,000,000 in new budget
15 authority and \$427,000,000 in outlays for fiscal year
16 2005, and \$3,471,000,000 in new budget authority and
17 \$3,471,000,000 in outlays for the period of fiscal years
18 2005 through 2014.

19 **SEC. 304. DEFICIT-NEUTRAL RESERVE FUND FOR HEALTH**
20 **INSURANCE FOR THE UNINSURED.**

21 In the House, if legislation is reported, or if an
22 amendment thereto is offered or a conference report there-
23 on is submitted, that provides affordable, comprehensive
24 health insurance to the uninsured and builds upon and
25 strengthens public and private coverage, and prevents the

1 erosion of existing coverage under Medicaid, which could
 2 include temporary extension of state fiscal relief by in-
 3 creasing the Medicaid match rate, the chairman of the
 4 Committee on the Budget may make the appropriate ad-
 5 justments in allocations and aggregates to the extent such
 6 measure is deficit neutral (whether by changes in revenues
 7 or direct spending) in fiscal year 2005 and for the period
 8 of fiscal years 2005 through 2009.

9 **Subtitle B—Contingency Procedure**

10 **SEC. 311. CONTINGENCY PROCEDURE FOR SURFACE**
 11 **TRANSPORTATION.**

12 (a) IN GENERAL.—If the Committee on Transpor-
 13 tation and Infrastructure of the House reports legislation,
 14 or if an amendment thereto is offered or a conference re-
 15 port thereon is submitted, that provides new budget au-
 16 thority for the budget accounts or portions thereof in the
 17 highway and transit categories as defined in sections
 18 250(c)(4)(B) and (C) of the Balanced Budget and Emer-
 19 gency Deficit Control Act of 1985 in excess of the fol-
 20 lowing amounts:

- 21 (1) for fiscal year 2004: \$41,569,000,000,
- 22 (2) for fiscal year 2005: \$42,657,000,000,
- 23 (3) for fiscal year 2006: \$43,635,000,000,
- 24 (4) for fiscal year 2007: \$45,709,000,000,
- 25 (5) for fiscal year 2008: \$46,945,000,000, or

1 (6) for fiscal year 2009: \$47,732,000,000,
2 the chairman of the Committee on the Budget may adjust
3 the appropriate budget aggregates and increase the alloca-
4 tion of new budget authority to such committee for fiscal
5 year 2004, for fiscal year 2005, and for the period of fiscal
6 years 2005 through 2009 to the extent such excess is off-
7 set by a reduction in mandatory outlays from the Highway
8 Trust Fund or an increase in receipts appropriated to
9 such fund for the applicable fiscal year caused by such
10 legislation or any previously enacted legislation.

11 (b) ADJUSTMENT FOR OUTLAYS.—For fiscal year
12 2004 or 2005, in the House, if a bill or joint resolution
13 is reported, or if an amendment thereto is offered or a
14 conference report thereon is submitted, that changes obli-
15 gation limitations such that the total limitations are in ex-
16 cess of \$40,116,000,000 for fiscal year 2004 or
17 \$41,204,000,000 for fiscal year 2005 for programs,
18 projects, and activities within the highway and transit cat-
19 egories as defined in sections 250(c)(4)(B) and (C) of the
20 Balanced Budget and Emergency Deficit Control Act of
21 1985, and if legislation has been enacted that satisfies the
22 conditions set forth in subsection (a) for such fiscal year,
23 the chairman of the Committee on the Budget may in-
24 crease the allocation of outlays and appropriate aggregates
25 for such fiscal year for the committee reporting such

1 measure by the amount of outlays that corresponds to
2 such excess obligation limitations, but not to exceed the
3 amount of such excess that was offset pursuant to sub-
4 section (a).

5 **TITLE IV—BUDGET**

6 **ENFORCEMENT**

7 **SEC. 401. PAY-AS-YOU-GO POINT OF ORDER IN THE HOUSE.**

8 (a) **POINT OF ORDER.**—It shall not be in order in
9 the House to consider any direct spending or revenue leg-
10 islation that would increase the budget deficit or reduce
11 the budget surplus for any of the following periods:

12 (1) The first year covered by the most recently
13 adopted concurrent resolution on the budget.

14 (2) The period of the first 5 fiscal years covered
15 by the most recently adopted concurrent resolution
16 on the budget.

17 (3) The period of the first 10 fiscal years cov-
18 ered in the most recently adopted concurrent resolu-
19 tion on the budget.

20 (b) **DIRECT-SPENDING LEGISLATION.**—

21 (1) **DEFINITION.**—For purposes of this section
22 and except as provided in paragraph (2), the term
23 “direct-spending legislation” means any bill, joint
24 resolution, amendment, motion, or conference report
25 that affects direct spending as that term is defined

1 by, and interpreted for purposes of, the Balanced
2 Budget and Emergency Deficit Control Act of 1985.

3 (2) EXCLUSION.—For purposes of this section,
4 the terms “direct-spending legislation” and “revenue
5 legislation” do not include—

6 (A) any concurrent resolution on the budg-
7 et; or

8 (B) any provision of legislation that affects
9 the full funding of, and continuation of, the de-
10 posit insurance guarantee commitment in effect
11 on the date of enactment of the Budget En-
12 forcement Act of 1990.

13 (c) DETERMINATION OF BUDGET LEVELS.—For pur-
14 poses of this section, the levels of new budget authority,
15 outlays, and revenues for a fiscal year shall be determined
16 on the basis of estimates made by the Committee on the
17 Budget of the House.

18 **TITLE V—SENSE OF THE HOUSE**

19 **SEC. 501. SENSE OF THE HOUSE REGARDING POLICIES AF-** 20 **FFECTING JOBLESS WORKERS AND JOB CRE-** 21 **ATION.**

22 (a) FINDINGS.—The House finds that—

23 (1) despite the enactment in 2001 and 2003 of
24 significant tax cuts directed toward the Nation’s
25 wealthiest individuals, the economy of the United

1 States has lost nearly three million private-sector
2 jobs since President Bush took office in January
3 2001;

4 (2) the 2001 and 2003 tax cuts contributed di-
5 rectly to an increase in current and projected future
6 deficits that has reduced national saving and in-
7 creased net indebtedness to other countries, and is
8 likely to raise interest rates over time, which will
9 make it more expensive for firms to invest, grow,
10 and create jobs;

11 (3) during the past six months, after almost
12 three years of consistent job losses, the economy has
13 created only about 61,000 jobs per month on aver-
14 age, which is not half the rate of job creation re-
15 quired to keep pace with average growth in the
16 working-age population;

17 (4) small businesses are the major source of job
18 creation in the United States, accounting for at least
19 two thirds of net new jobs created over the past dec-
20 ade, and the Small Business Administration 7(a)
21 general business guaranteed loan program accounts
22 for 40 to 50 percent of all long-term loans to United
23 States small businesses, serving small start-ups and
24 other borrowers who are unable to obtain conven-
25 tional financing on affordable terms;

1 (5) the President's budget for 2005 cuts fund-
2 ing for Small Business Administration business
3 loans and technical assistance programs, and im-
4 poses a sharp increase in 7(a) loan fees that will cre-
5 ate cost barriers for borrowers seeking to start or
6 expand small businesses and create jobs; and

7 (6) the President's budget cuts \$151 million
8 from adult training and dislocated worker programs,
9 programs that help laid-off workers adapt to a con-
10 stantly evolving job market.

11 (b) SENSE OF THE HOUSE.—It is the sense of the
12 House that—

13 (1) this resolution supports funding for an ex-
14 tension through June 2004 of the Temporary Ex-
15 tended Unemployment Compensation program to
16 take account of the continuing minimal rate of job
17 growth in the United States economy; and

18 (2) this resolution supports continuation of the
19 current discounted fee structure for Small Business
20 Administration 7(a) general business guaranteed
21 loans; provides \$100 million in subsidy budget au-
22 thority for 2005 to support a 7(a) loan volume of at
23 least \$10 billion at existing guaranty levels; and pro-
24 vides funding to maintain the Small Business Ad-

1 ministration's Microloan 2004 loan volume of \$21
2 million; and

3 (3) this resolution rejects the President's pro-
4 posal to cut \$151 million in adult training and dis-
5 located worker programs in 2005.

6 **SEC. 502. SENSE OF THE HOUSE REGARDING FUNDING FOR**
7 **THE MANUFACTURING EXTENSION PARTNER-**
8 **SHIP.**

9 (a) FINDINGS.—The House finds that—

10 (1) the Manufacturing Extension Partnership,
11 which is jointly funded by Federal and State Gov-
12 ernments and private entities, improves small manu-
13 facturers' competitiveness, creates jobs, increases
14 economic activity, and generates a \$4-to-\$1 return
15 on investment to the Treasury by aiding small busi-
16 nesses traditionally underserved by the business con-
17 sulting market;

18 (2) in a January 2004 Department of Com-
19 merce report titled Manufacturing In America: A
20 Comprehensive Strategy to Address the Challenges
21 to U.S. Manufacturers, the Administration stated
22 that "...the Manufacturing Extension Partnership
23 (MEP) has provided many small U.S. manufacturers
24 with useful business services to become more com-

1 petitive and productive,” a conclusion in which the
2 Congress concurs;

3 (3) the Congress appropriated \$106 million for
4 the Manufacturing Extension Partnership for 2003
5 but only \$39 million for 2004, and the President’s
6 2005 budget maintains this drastically reduced fund-
7 ing level, undermining the ability of the Manufac-
8 turing Extension Partnership to fulfill its mission of
9 helping small businesses to adopt advanced manu-
10 facturing technologies and practices that will help
11 them compete in a global market; and

12 (4) Federal funding for the Manufacturing Ex-
13 tension Partnership should be restored to its pre-
14 2004 level, adjusted for inflation.

15 (b) SENSE OF THE HOUSE.—It is the sense of the
16 House that—

17 (1) this resolution provides a total of \$110 mil-
18 lion for the Manufacturing Extension Partnership
19 for 2005, \$71 million more than the President’s re-
20 quest, and supports adequate funding throughout
21 the period covered by this resolution; and

22 (2) this funding restores the viability of the
23 Manufacturing Extension Partnership and provides
24 the necessary resources for the Manufacturing Ex-
25 tension Partnership to continue helping small manu-

1 facturers reach their optimal performance and create
2 jobs.

3 **SEC. 503. SENSE OF THE HOUSE ON EXTENSION OF THE**
4 **PAY-AS-YOU-GO RULE OF 1997.**

5 (a) FINDINGS.—The House finds that—

6 (1) the “Pay-As-You-Go” (“PAYGO”) rule en-
7 acted as part of the Budget Enforcement Act of
8 1990 required that any increase in benefits funded
9 by mandatory spending be fully offset by an equal
10 increase in tax revenues or by a commensurate re-
11 duction in existing benefits. The PAYGO rule also
12 required that any tax cut be deficit-neutral, offset by
13 an increase elsewhere in the tax code or by a reduc-
14 tion in benefits funded by mandatory spending;

15 (2) the PAYGO rule played a critical role in
16 turning chronic deficits into record surpluses during
17 the 1990s;

18 (3) the surplus of \$5.6 trillion projected for
19 2002 through 2011 is now projected to be a deficit
20 of \$2.9 trillion;

21 (4) the PAYGO rule proved effective in the past
22 and is even more necessary now to rid the budget of
23 colossal deficits;

24 (5) the Chairman of the Federal Reserve testi-
25 fied before the Budget Committee and supported re-

1 newal of the PAYGO in its original form, applicable
2 to both mandatory spending increases and to tax
3 cuts, and to new tax reduction as well as renewal of
4 expiring tax reduction provisions.

5 (b) SENSE OF THE HOUSE.—It is the sense of the
6 House that in order to reduce the deficit, Congress should
7 extend PAYGO in its original form in the Budget Enforce-
8 ment Act of 1990, making the rule apply both to tax de-
9 creases and to mandatory spending increases.

10 **SEC. 504. SENSE OF THE HOUSE ON DEFENSE PRIORITIES.**

11 It is the sense of the House that—

12 (1) continuing the TRICARE for Reservists is
13 a high priority which should not have been omitted
14 from the President's budget request;

15 (2) continuing targeted pay increases for en-
16 listed personnel for three additional years is also a
17 high priority which should not have been omitted
18 from the President's budget request, because it is
19 consistent with the original proposal of the Depart-
20 ment of Defense and critical to the retention of ex-
21 perience military personnel;

22 (3) eliminating the Social Security offset to the
23 Military Survivor Benefit Program is also a high pri-
24 ority which should not have been omitted from the
25 President's budget request, and accommodating the

1 discretionary accrual payment that is concomitant to
2 eliminating the offset is consistent with govern-
3 mental accounting practices;

4 (4) funding cooperative threat reduction and
5 nuclear nonproliferation programs at a level ade-
6 quate to the task and the risks posed to our Nation
7 is also a high priority, and the President's budget
8 does not request sufficient funding;

9 (5) providing for homeland security is also a
10 high priority, and the President's request is insuffi-
11 cient, reducing funds for high-risk activities like sea-
12 port security and underfunding first responders;

13 (6) funding the Missile Defense Agency at the
14 level enacted for 2004 will provide robust support
15 for ballistic missile defense;

16 (7) improving financial management at the De-
17 partment of Defense should help identify billions of
18 dollars of obligations and disbursements which the
19 General Accounting Office has found that the De-
20 partment of Defense cannot account for, and should
21 result in substantial annual savings;

22 (8) improving the award, oversight, and admin-
23 istration of nearly \$20 billion in contracts for the re-
24 construction of Iraq with firms such as Halliburton,
25 and recouping overpayments and penalties, by audit-

1 ing and investigating such contracts, diligently ap-
2 plying the Truth-in-Negotiations Act, should result
3 in substantial savings; and

4 (9) all savings that accrue from the actions rec-
5 ommended in paragraphs (6) through (9) should be
6 used to fund higher priorities within the national se-
7 curity function of the budget, function ⁰⁵⁰~~50~~, and espe-
8 cially those high priorities identified in paragraphs
9 (1) through (5).

10 **SEC. 505. SENSE OF THE HOUSE ON ELIMINATING THE**
11 **SHORTFALL IN THE PELL GRANT PROGRAM.**

12 (a) FINDINGS.—The House finds that the Pell Grant
13 program has a shortfall of \$3.7 billion that threatens the
14 long-term stability of the program.

15 (b) SENSE OF THE HOUSE.—It is the sense of the
16 House that—

17 (1) the mandatory levels in this resolution pro-
18 vide the \$3.7 billion needed to eliminate the current
19 shortfall in the Pell Grant program;

20 (2) eliminating the shortfall in the Pell Grant
21 program restores the program to a sound financial
22 basis and allows Congress to consider an increase in
23 the maximum award.

1 **SEC. 506. SENSE OF THE HOUSE ON HOMELAND SECURITY.**

2 (a) **FINDINGS.**—The House finds that additional re-
3 sources beyond those requested in the President's Fiscal
4 Year 2005 Budget are needed to further strengthen our
5 homeland security.

6 (b) **SENSE OF THE HOUSE.**—It is the sense of the
7 House that—

8 (1) this resolution provides \$1 billion in addi-
9 tional homeland security funding above the Presi-
10 dent's requested level for 2005, and \$1 billion above
11 the President's requested level in each subsequent
12 fiscal year; and

13 (2) the homeland security funding provided in
14 this resolution will help to strengthen the security of
15 our Nation's transportation system and other critical
16 infrastructure, including our seaports, secure our
17 borders, increase the preparedness of our public
18 health system, train and equip our first responders,
19 and otherwise strengthen the Nation's homeland se-
20 curity.

21 **SEC. 507. SENSE OF THE HOUSE REGARDING PAY PARITY.**

22 It is the sense of the House that—

23 (1) compensation for civilian and military em-
24 ployees of the United States, without whom we can-
25 not successfully serve and protect our citizens and
26 taxpayers, must be sufficient to support our critical

1 efforts to recruit, retain, and reward quality people
2 effectively and responsibly; and

3 (2) to achieve this objective, the rate of increase
4 in the compensation of civilian employees should be
5 equal to that proposed for the military in the Presi-
6 dent's fiscal year 2005 budget.

7 **SEC. 508. SENSE OF THE HOUSE REGARDING THE CON-**
8 **SERVATION SPENDING CATEGORY.**

9 (a) **FINDINGS.**—The House finds that—

10 (1) the 2001 Interior Appropriations Act (Pub-
11 lic Law 106–291), which established a separate dis-
12 cretionary spending category for land conservation
13 and natural resource protection programs for the fis-
14 cal years 2001 through 2006, passed by large mar-
15 gins in both the House and the Senate; and

16 (2) in establishing a separate conservation
17 spending category, Congress recognized the chronic
18 underfunding of programs that protect and enhance
19 public lands, wildlife habitats, urban parks, historic
20 and cultural landmarks, and coastal ecosystems.

21 (b) **SENSE OF THE HOUSE.**—It is the sense of the
22 House that any law establishing new caps on discretionary
23 spending should include a separate conservation spending
24 category and that any caps on conservation spending for

1 fiscal years 2005 or 2006 should be set at the levels estab-
2 lished in Public Law 106-291.

3 **SEC. 509. SENSE OF THE HOUSE REGARDING THE ARCTIC**
4 **NATIONAL WILDLIFE REFUGE.**

5 (a) FINDINGS.—The House finds that—

6 (1) President Eisenhower first set aside the
7 original Arctic National Wildlife Refuge in 1960 for
8 the purpose of protecting its wilderness, wildlife, and
9 recreational values; and

10 (2) while many refuges in America have been
11 set aside to protect wildlife populations and habitats,
12 the Arctic Refuge is the only refuge in which wilder-
13 ness was recognized as a purpose for establishment;
14 and

15 (3) in order to protect these unrivaled arctic
16 landscapes and wildlife values, Congress significantly
17 expanded the Arctic National Wildlife Refuge in
18 1980 with the passage of the Alaska National Inter-
19 est Lands Conservation Act (Public Law 96-487),
20 and protected the area against additional oil and gas
21 exploration or development; and

22 (4) the biological, cultural, historic, and sci-
23 entific attributes of the area are so rich and unique-
24 ly entwined, and the ecological integrity of the area
25 is so vulnerable to irreparable damage if oil develop-

1 ment is initiated, that the wilderness designation is
2 fully warranted.

3 (b) SENSE OF THE HOUSE.—It is the sense of the
4 House that the Arctic National Wildlife Refuge should
5 continue to be protected from oil and gas leasing, explo-
6 ration, and related activities.

7 **SEC. 510. SENSE OF THE HOUSE REGARDING THE HETCH**
8 **HETCHY RESERVOIR IN YOSEMITE NATIONAL**
9 **PARK.**

10 (a) FINDINGS.—The House finds that—

11 (1) the City of San Francisco was authorized
12 by the United States Congress, in the Raker Act of
13 1913, to construct a dam and reservoir on the
14 Tuolumne River in Hetch Hetchy Valley in Yosemite
15 National Park; and

16 (2) since its completion in 1923, the City of
17 San Francisco has used water from the Hetch
18 Hetchy Reservoir for its water supply and electrical
19 power generation; and

20 (3) the City of San Francisco currently provides
21 between \$2 million and \$3 million annually to Yo-
22 semite National Park for use of the Hetch Hetchy
23 Reservoir; and

24 (4) any additional rental payments for the use
25 of the Hetch Hetchy Reservoir would in all likeli-

1 hood burden 2.4 million customers in the City and
2 County of San Francisco and the Counties of Santa
3 Clara, San Mateo, and Alameda who rely on its use
4 by raising the cost of drinking water.

5 (b) SENSE OF THE HOUSE.—It is the sense of the
6 House that the Federal Government has long followed a
7 policy of exempting municipalities from annual licensing
8 fees for power used for municipal purposes or sold without
9 profit and that this long-standing policy should apply to
10 the Hetch Hetchy Reservoir.

11 **SEC. 511. SENSE OF THE HOUSE REGARDING THE**
12 **OUACHITA-BLACK NAVIGATION PROJECT.**

13 (a) FINDINGS.—The House finds that—

14 (1) the Ouachita-Black Navigation Project was
15 authorized by the River and Harbor Act of 1950 and
16 modified by the River and Harbor Act of 1960; and

17 (2) a 382-mile navigation channel on the Red,
18 Black and Ouachita Rivers was created requiring
19 annual dredging to ensure the rivers' channel depth
20 is maintained at the nine feet needed for commercial
21 use; and

22 (3) if adequate annual funding is not provided
23 to the Corps of Engineers and others, the project
24 will not be able to function, undercutting commerce
25 and revitalization in the area served by the project,

1 and resulting in the loss of hundreds of jobs that are
2 dependent on barge traffic.

3 (b) SENSE OF THE HOUSE.—It is the sense of the
4 House that full funding should be provided for the
5 Ouachita-Black Navigation Project in 2005 and beyond,
6 notwithstanding the ton-mileage of barge traffic using the
7 project.

8 **SEC. 512. SENSE OF THE HOUSE REGARDING THE NA-**
9 **TIONAL RAILROAD PASSENGER CORPORA-**
10 **TION.**

11 (a) FINDINGS.—The House finds that—

12 (1) Amtrak, the National Railroad Passenger
13 Corporation, operates over 22,000 miles, serves over
14 500 communities, and is responsible for transporting
15 more than 1.4 million commuter passengers daily;
16 and

17 (2) Amtrak ridership reached a record high in
18 2003, surpassing the 24 million mark for the first
19 time; and

20 (3) Amtrak continues to implement business re-
21 forms that have improved fiscal controls, more effi-
22 ciently used resources, and stabilized operations; and

23 (4) Amtrak has also embarked on a major cap-
24 ital improvement program, outlined in a Five-Year
25 Strategic Plan, that is designed to return the system

1 to a state of good repair so that passengers may
 2 continue to depend on safe and reliable service; and
 3 (5) in fiscal year 2005, Amtrak must begin to
 4 address its current backlog of necessary capital im-
 5 provements to avoid significant impairment in oper-
 6 ations and reliability.

7 (b) SENSE OF THE HOUSE.—It is the sense of the
 8 House that the Federal Government should provide addi-
 9 tional resources sufficient to allow Amtrak to implement
 10 the improvements outlined in its Five-Year Strategic Plan
 11 and proceed with internal reforms.

12 **SEC. 513. SENSE OF THE HOUSE ON TAX SIMPLIFICATION**
 13 **AND TAX FAIRNESS.**

14 It is the sense of the House that—

15 (1) the current tax system has been made in-
 16 creasingly complex and unfair to the detriment of
 17 the vast majority of working Americans;

18 (2) constant change and manipulation of the
 19 tax code have adverse effects on taxpayers' under-
 20 standing and trust in the Nation's tax laws;

21 (3) these increases in complexity and clarity
 22 have made compliance more challenging for the aver-
 23 age taxpayer and small business owner, especially
 24 the self-employed; and

1 (4) this budget resolution contemplates a com-
2 prehensive review of recent changes in the tax code,
3 leading to future action to reduce the tax burden
4 and compliance burden for middle-income workers
5 and their families in the context of tax reform that
6 makes the Federal tax code simpler and fairer to all
7 taxpayers.

8 **SEC. 514. SENSE OF THE HOUSE ON ACCELERATING IN-**
9 **CREASED REFUNDABILITY OF THE CHILD**
10 **TAX CREDIT FOR LOW-INCOME FAMILIES.**

11 (a) FINDINGS.—The House finds that—

12 (1) work is essential to promoting self-sufficient
13 families which help children set goals in life and
14 achieve them;

15 (2) workers of low and modest incomes have
16 seen their ability to provide for their children eroded
17 since 2001;

18 (3) members of the armed services serving in
19 combat should have all the means necessary for pro-
20 viding for their children; and

21 (4) 12 million children of American workers (at
22 least 200,000 in military families) will not benefit
23 from the expanded child tax credit in 2004.

24 (b) SENSE OF THE HOUSE.—It is the sense of the
25 House that the increase in the refundability of the child

1 tax credit from ten to fifteen percent of income between
2 \$10,500 and \$26,625 should be accelerated by one year
3 and should take effect in 2004; furthermore, other provi-
4 sions in the tax code notwithstanding, combat pay for
5 members of the Armed Services should be counted as
6 earned income for the purposes of calculating
7 refundability of the child tax credit.

8 **SEC. 515. SENSE OF THE HOUSE REGARDING A TRIGGER**
9 **MECHANISM FOR PRESCRIPTION DRUG**
10 **PRICE NEGOTIATION.**

11 (a) FINDINGS.—The House finds the following:

12 (1) The cost of the new Medicare law, esti-
13 mated by the Congressional Budget Office before its
14 passage to be \$395,000,000,000 over ten years, has
15 now been estimated by the Department of Health
16 and Human Services to be \$534,000,000,000 over
17 ten years. Rising drug prices can increase the cost
18 of the drug benefit and could end up shifting addi-
19 tional cost burdens to Medicare beneficiaries.

20 (2) Prescription drug spending increased 15.6
21 percent in 2002. These rising costs are one of the
22 primary drivers of increasing health care spending,
23 which grew 9.3 percent in 2002.

1 (3) The Veterans' Administration as well as
2 every private insurer depends on bulk negotiation to
3 keep drug prices down.

4 (4) According to a study by the Inspector Gen-
5 eral of the Department of Health and Human Serv-
6 ices, Medicare payments for 24 leading drugs in
7 2000 were \$887,000,000 higher than actual whole-
8 sale prices available to physicians and suppliers and
9 ~~\$900,000,000~~ ^{# 1,906,000,000} higher than prices available through
10 the Federal supply schedule used by the Department
11 of Veterans Affairs and other Federal purchasers.

12 (5) The private prescription drug plans pro-
13 vided for in the Medicare law do not exist in the
14 marketplace. Therefore, it is impossible to predict
15 whether these private plans will in fact be able to ac-
16 quire substantial discounts through negotiation. In
17 addition, private plans cannot take advantage of the
18 full purchasing power of 40,000,000 beneficiaries.

19 (b) SENSE OF THE HOUSE.—It is the sense of the
20 House that—

21 (1) legislation should be adopted which would
22 establish a trigger mechanism for negotiation of pre-
23 scription drug prices by the Secretary of Health and
24 Human Services; and

1 (2) this legislation would mandate that at any
2 point when the expected ten-year expenditures for
3 fiscal years 2004 through 2013 for Public Law 108-
4 173 exceed the Congressional Budget Office esti-
5 mate for this legislation, the Secretary of Health
6 and Human Services would be required to imme-
7 diately enter into direct negotiations with pharma-
8 ceutical manufacturers for competitive drug prices.
