## Introduction

---

**Prudential Health Care Plan, Inc., 1425 Union Meeting Road, P.O. Box 3013, Blue Bell, PA 19422.**

This brochure describes the benefits you can receive from **Prudential HealthCare HMO® - Kansas City** under its contract (CS 2748) with the Office of Personnel Management (OPM), as authorized by the Federal Employees Health Benefits (FEHB) law. This brochure is the official statement of benefits on which you can rely. A person enrolled in this Plan is entitled to the benefits described in this brochure. If you are enrolled for Self and Family coverage, each eligible family member is also entitled to these benefits.

OPM negotiates benefits and premiums with each plan annually. Benefit changes are effective January 1, 2000, and are shown on page 3 . Premiums are listed at the end of this brochure.

---

## Plain language

---

The President and Vice President are making the Government's communication more responsive, accessible, and understandable to the public by requiring agencies to use plain language. Health plan representatives and Office of Personnel Management staff have worked cooperatively to make portions of this brochure clearer. In it you will find common, everyday words, except for necessary technical terms; "you" and other personal pronouns; active voice; and short sentences.

We refer to **Prudential HealthCare HMO®-Kansas City** as "this Plan" throughout this brochure even though in other legal documents, you will see a plan referred to as a carrier.

These changes do not affect the benefits or services we provide. We have rewritten this brochure only to make it more understandable.

We have not re-written the Benefits section of this brochure. You will find new benefits language next year.

---

## How to use this brochure

---

This brochure has eight sections. Each section has important information you should read. If you want to compare this Plan's benefits with benefits from other FEHB plans, you will find that the brochures have the same format and similar information to make comparisons easier.

1. Health Maintenance Organizations (HMO). This Plan is an HMO. Turn to this section for a brief description of HMOs and how they work.
2. How we change for 2000. If you are a current member and want to see how we have changed, read this section.
3. How to get benefits. Make sure you read this section; it tells you how to get services and how we operate.
4. What to do if we deny your claim or request for service. This section tells you what to do if you disagree with our decision not to pay for your claim or to deny your request for a service.
5. Benefits. Look here to see the benefits we will provide as well as specific exclusions and limitations. You will also find information about non-FEHB benefits.
6. General exclusions — Things we don't cover. Look here to see benefits that we will not provide.
7. Limitations - Rules that affect your benefits. This section describes limits that can affect your benefits.
8. FEHB FACTS. Read this for information about the Federal Employees Health Benefits (FEHB) Program.

---

## Section 1. Health Maintenance Organizations

---

Health maintenance organizations (HMOs) are health plans that require you to see Plan providers: specific physicians, hospitals and other providers that contract with us. These providers coordinate your health care services. The care you receive includes preventative care such as routine office visits, physical exams, well-baby care and immunizations, as well as treatment for illness and injury.

When you receive services from our providers, you will not have to submit claim forms or pay bills. However, you must pay copayments and coinsurance listed in this brochure. When you receive emergency services you may have to submit claim forms.

You should join an HMO because you prefer the plan's benefits, not because a particular provider is available. You cannot change plans because a provider leaves our Plan. We cannot guarantee that any one physician, hospital, or other provider will be available and/or remain under contract with us. Our providers follow generally accepted medical practice when prescribing any course of treatment.

---

## Section 2. How we change for 2000

---

### Program-wide changes

To keep your premium as low as possible OPM has set a minimum copay of \$10 for all primary care office visits.

This year, you have a right to more information about this Plan, care management, our networks, facilities, and providers.

If you have a chronic or disabling condition, and your provider leaves the Plan at our request, you may continue to see your specialist for up to 90 days. If your provider leaves the Plan and you are in the second or third trimester of pregnancy, you may be able to continue seeing your OB/GYN until the end of your postpartum care. You have similar rights if this Plan leaves the FEHB program. (See Section 3, How to get benefits, for more information.)

You may review and obtain copies of your medical records on request. If you want copies of your medical records, ask your health care provider for them. You may ask that a physician amend a record that is not accurate, not relevant, or incomplete. If the physician does not amend your record, you may add a brief statement to it. If they do not provide you your records, call us and we will assist you.

If you are over age 50, all FEHB plans will cover a screening sigmoidoscopy every five years. This screening is for colorectal cancer.

### Changes to this Plan

Your share of the non-postal Prudential HealthCare HMO®-Kansas City premium will increase by 5.1% for Self Only and 2.2% for Self and Family.

Office visit, house call and urgent center care copays increased from \$5 to \$10 per visit. See pages 7 and 11.

Our prescription drug non-formulary copay increased from \$15 to \$25. See page 13.

Lifetime coverage for smoking cessation therapy will be limited to one 90 day course of treatment. See page 14.

Coverage for mental illnesses that are defined under the Missouri state mandate as "Recognized Mental Illness" will be provided the same as for any physical illness. See page 12.

---

## Section 3. How to get benefits

---

**What is this Plan's service area?**

To enroll with us, you must live or work in our service area. This is where our providers practice. Our service area consists of the Missouri counties of Cass, Clay, Jackson, Lafayette, Platte and Ray and the Kansas counties of Douglas, Franklin, Johnson, Leavenworth, Miami, Shawnee and Wyandotte.

Ordinarily, you must get your care from providers who contract with us. If you receive care outside our service area, we will pay only for emergency care. We will not pay for any other health care services.

If you or a covered family member move outside of our service area, you can enroll in another plan. If your dependents live out of the area (for example, if your child goes to college in another state), you should consider enrolling in a fee-for-service plan or an HMO that has agreements with affiliates in other areas. If you or a family member move, you do not have to wait until Open Season to change plans. Contact your employing or retirement office.

**How much do I pay for services?**

You must share the cost of some services. This is called either a copayment (a set dollar amount) or coinsurance (a set percentage of charges). Please remember you must pay this amount when you receive services, except for laboratory tests and X-rays.

After you pay \$3,000 in copayments or coinsurance for one family member, or \$6,000 for two or more family members, you do not have to make any further payments for certain services (provided or arranged by the Plan) for the rest of the year. This is called a catastrophic limit. However, copayments for your prescription drugs do not count toward these limits and you must continue to make these payments.

Be sure to keep accurate records of your copayments and coinsurance, since you are responsible for informing us when you reach the limits.

**Do I have to submit claims?**

You normally won't have to submit claims to us unless you receive emergency services from a provider who doesn't contract with us. If you file a claim, please send us all of the documents for your claim as soon as possible. You must submit claims by December 31 of the year after the year you received the service. Either OPM or we can extend this deadline if you show that circumstances beyond your control prevented you from filing on time.

**Who provides my health care?**

Prudential HealthCare Plan, Inc. is a member company of Aetna U. S. Healthcare. We are an Independent Practice Association (IPA) HMO with more than 366 primary care physicians and 1,007 specialty care physicians. Primary care physicians are family practitioners, internists, general practitioners and pediatricians. Each member of your family may select a primary care physician from the Provider Directory that we send to you.

**What do I do if my primary care physician leaves the Plan?**

Call us at 1-800-856-0764. We will help you select a new one.

**What do I do if I need to go into the hospital?**

Talk to your Plan physician. If you need to be hospitalized, your primary care physician or specialist will make the necessary hospital arrangements and supervise your care.

**What do I do if I'm in the hospital when I join this Plan?**

First, call our customer service department at 1-800-856-0764. If you are new to the FEHB Program, we will arrange for you to receive care. If you are currently in the FEHB Program and are switching to us, your former plan will pay for the hospital stay until:

- You are discharged, not merely moved to an alternative care center, or
- The day your benefits from your former plan run out, or
- The 92nd day after you became a member of this Plan; whichever happens first.

These provisions only apply to the person who is hospitalized.

---

## Section 3. How to get benefits *continued*

---

### **How do I get specialty care?**

Your primary care physician will arrange your referral to a specialist. You must receive a referral from your primary care physician before seeing any other doctor or obtaining special services. The only exceptions are when there is a medical emergency or when a primary care physician has designated another doctor to see his or her patients. Referral to a participating specialist is given at the primary care physician's discretion. When non-Plan specialists or consultants are required, your primary care physician will contact us for approval. We provide benefits for covered services only when the services are medically necessary to prevent, diagnose or treat your illness or condition.

Your primary care physician will tell you the number of visits and what services the specialist should perform. You must return to the primary care physician after the consultation. All follow-up care must be provided or authorized by your primary care physician. If the specialist suggests additional services or visits, you must first check with your primary care physician. Do not see the specialist unless we have issued an authorization for the referral in advance.

If you need to see a specialist frequently because of a chronic, complex, or serious medical condition, your primary care physician will develop a treatment plan that allows you to see your specialist for a certain number of visits without additional referrals. Your primary care physician will use our criteria when creating your treatment plan.

### **What do I do if I am seeing a specialist when I enroll?**

Your primary care physician will decide what treatment you need. If they decide to refer you to a specialist, ask if you can see your current specialist. If your current specialist does not participate with us, you must receive treatment from a specialist who does. Generally, we will not pay for you to see a specialist who does not participate with our Plan.

### **What do I do if my specialist leaves the Plan?**

Call your primary care physician, who will arrange for you to see another specialist. You may receive services from your current specialist until we can make arrangements for you to see someone else.

### **But, what if I have a serious illness and my provider leaves the Plan or this Plan leaves the Program?**

Please contact us if you believe your condition is chronic or disabling. You may be able to continue seeing your provider for up to 90 days after we notify you that we are terminating our contract with the provider (unless the termination is for cause). If you are in the second or third trimester of pregnancy, you may continue to see your OB/GYN until the end of your postpartum care.

You may also be able to continue seeing your provider if your plan drops out of the FEHB Program and you enroll in a new FEHB plan. Contact the new plan and explain that you have a serious or chronic condition, or are in your second or third trimester. Your new plan will pay for or provide your care for up to 90 days after you receive notice that your prior plan is leaving the FEHB Program. If you are in your second or third trimester, your new plan will pay for the OB/GYN care you receive from your current provider until the end of your postpartum care.

### **How do you authorize medical services?**

Your primary care physician must get our approval before sending you to a hospital, referring you to a specialist, or recommending follow-up care. Before giving approval, we consider if the service is medically necessary, and if it follows generally accepted medical practice.

### **How do you decide if a service is experimental or investigational?**

We do not cover procedures, services, or supplies that are experimental or investigational. In order to determine whether or not a procedure, service, or supply is experimental or investigational, we gather appropriate information for a decision that will be made by medical professionals. The information we collect may include medical records, current reviews of medical literature and scientific evidence, results of current studies or clinical trials, research protocols, reports or opinions of authoritative medical bodies, opinions of independent outside experts and approvals granted by regulatory bodies. Your provider may sometimes ask that you sign a form acknowledging that the procedure, service, or supply is experimental or investigational. This form and any related protocol may also be part of the information we consider. After reviewing all pertinent information, we make our determination and notify you of our decision. Please contact customer service at 1-800-856-0764 for more specific information.

---

## **Section 4. What to do if we deny your claim or request for service**

---

If we deny services or won't pay your claim, you may ask us to reconsider our decision. Your request must:

1. Be in writing,
2. Refer to specific brochure wording explaining why you believe our decision is wrong; and
3. Be made within six months from the date of our initial denial or refusal. We may extend this time limit if you show that you were unable to make a timely request due to reasons beyond your control.

We have 30 days from the date we receive your reconsideration request to:

1. Maintain our denial in writing;
2. Pay the claim;
3. Arrange for a health care provider to give you the service; or
4. Ask for more information

If we ask your medical provider for more information, we will send you a copy of our request. We must make a decision within 30 days after we receive the additional information. If we do not receive the requested information within 60 days, we will make our decision based on the information we already have.

### **When may I ask OPM to review a denial?**

You may ask OPM to review the denial after you ask us to reconsider our initial denial or refusal. OPM will determine if we correctly applied the terms of our contract when we denied your claim or request for service.

### **What if I have a serious or life threatening condition and you haven't responded to my request for service?**

Call us at 1-800-856-0764 and we will expedite our review.

### **What if you have denied my request for care and my condition is serious or life threatening?**

If we expedite your review due to a serious medical condition and deny your claim, we will inform OPM so that they can give your claim expedited treatment too. Alternatively, you can call OPM's health benefits Contract Division 3 at (202) 606-0755 between 8 a.m. and 5 p.m. Serious or life-threatening conditions are ones that may cause permanent loss of bodily functions or death if they are not treated as soon as possible.

### **Are there other time limits?**

You must write to OPM and ask them to review our decision within 90 days after we uphold our initial denial or refusal of service. You may also ask OPM to review your claim if:

1. We do not answer your request within 30 days. In this case, OPM must receive your request within 120 days of the date you asked us to reconsider your claim.
2. You provided us with additional information we asked for, and we did not answer within 30 days. In this case, OPM must receive your request within 120 days of the date we asked you for additional information.

### **What do I send to OPM?**

Your request must be complete, or OPM will return it to you. You must send the following information:

1. A statement about why you believe our decision is wrong, based on specific benefit provisions in this brochure;
2. Copies of documents that support your claim, such as physicians' letters, operative reports, bills, medical records, and explanation of benefits (EOB) forms;
3. Copies of all letters you sent us about the claim;
4. Copies of all letters we sent you about the claim; and
5. Your daytime phone number and the best time to call.

If you want OPM to review different claims, you must clearly identify which documents apply to which claim.

### **Who can make the request?**

Those who have a legal right to file a disputed claim with OPM are:

1. Anyone enrolled in the Plan;
2. The estate of a person once enrolled in the Plan; and
3. Medical providers, legal counsel, and other interested parties who are acting as the enrolled person's representative. They must send a copy of the person's specific written consent with the review request.

---

## Section 4. What to do if we deny your claim or request for service *continued*

---

**Where should I send my disputed claim?**

Send your request for OPM review to: Office of Personnel Management, Office of Insurance Programs, Contract Division III, P.O. Box 436, Washington, D.C. 20044.

**What if OPM upholds the Plan's denial?**

OPM's decision is final. There are no other administrative appeals. If OPM agrees with our decision, your only recourse is to sue.

If you decide to sue, you must file the suit against OPM in Federal court by December 31 of the third year after the year in which you received the disputed services or supplies.

**What laws apply if I file a lawsuit?**

Federal law governs your lawsuit, benefits, and payment of benefits. The Federal court will base its review on the record that was before OPM when OPM made its decision on your claim. You may recover only the amount of benefits in dispute.

You (or a person acting on your behalf) may not sue to recover benefits on a claim for treatment, services, supplies, or drugs covered by us until you have completed the OPM review procedure described above.

**Your records and the Privacy Act**

Chapter 89 of title 5, United States Code allows OPM to use the information it collects from you and us to determine if our denial of your claim is correct. The information OPM collects during the review process becomes a permanent part of your disputed claims file, and is subject to the provisions of the Freedom of Information Act and the Privacy Act. OPM may disclose this information to support the disputed claim decision. If you file a lawsuit, this information will become part of the court record.

## Section 5. Emergency Benefits

---

<b>What is a medical emergency?</b>	<p>A medical emergency is the sudden and unexpected onset of a condition or an injury that you believe endangers your life or could result in serious injury or disability, and requires immediate medical or surgical care. Some problems are emergencies because, if not treated promptly, they might become more serious; examples include deep cuts and broken bones. Others are emergencies because they are potentially life-threatening, such as heart attacks, strokes, poisonings, gunshot wounds, or sudden inability to breathe. There are many other acute conditions that we may determine are medical emergencies- what they all have in common is the need for quick action.</p>
<b>Emergencies within the service area</b>	<p>If you are in an emergency situation, please call your primary care physician. In extreme emergencies, if you are unable to contact your doctor, contact the local emergency system (e.g., the 911 telephone system) or go to the nearest hospital emergency room. Be sure to tell the emergency room personnel that you are a Plan member so they can notify us. You or a family member must notify us within 48 hours. It is your responsibility to ensure that we have been timely notified.</p> <p>If you need to be hospitalized, we must be notified within 48 hours or on the first working day following your admission, unless it is not reasonably possible to notify us within that time. If you are hospitalized in non-Plan facilities and Plan doctors believe care can be better provided in a Plan hospital, you will be transferred when medically feasible with any ambulance charges covered in full.</p> <p>Benefits are available for care from non-Plan providers in a medical emergency only if delay in reaching a Plan provider would result in death, disability or significant jeopardy to your condition.</p> <p>To be covered by this Plan, any follow-up care recommended by non-Plan providers must be approved by the Plan or provided by Plan providers.</p>
<b>We pay...</b>	<p>Reasonable charges for emergency services to the extent the services would have been covered if received from Plan providers.</p>
<b>You pay...</b>	<p>\$50 per hospital emergency room visit or \$10 per urgent care center visit for emergency services that are covered benefits of this Plan. If the emergency results in an admission to a hospital, we waive the copay.</p>
<b>Emergencies outside the service area</b>	<p>Benefits are available for any medically necessary health service that is immediately required because of injury or unforeseen illness.</p> <p>If you need to be hospitalized, we must be notified within 48 hours or on the first working day following your admission, unless it was not reasonably possible to notify us within that time. If a Plan doctor believes care can be better provided in a Plan hospital, you will be transferred when medically feasible with any ambulance charges covered in full.</p> <p>To be covered by this Plan, any follow-up care recommended by non-Plan providers must be approved by the Plan or provided by Plan providers.</p>
<b>We pay...</b>	<p>Reasonable charges for emergency care services to the extent the services would have been covered if received from Plan providers.</p>
<b>You pay...</b>	<p>\$50 per hospital emergency room visit or \$10 per urgent care center visit for emergency services that are covered benefits of this Plan. Urgent care services rendered outside the service area must be coordinated through the Prudential National Service Hotline in order for the \$10 copay to apply. If the emergency results in an admission to a hospital, we waive the copay.</p>
<b>What is covered</b>	<ul style="list-style-type: none"><li>• Emergency care at a doctor's office or an urgent care center</li><li>• Emergency care as an outpatient or inpatient at a hospital, including doctors' services</li><li>• Ambulance service approved by the Plan.</li></ul>
<b>What is not covered</b>	<ul style="list-style-type: none"><li>• Elective care or non-emergency care</li><li>• Emergency care provided outside the service area if the need for care could have been foreseen before leaving the service area</li><li>• Medical and hospital costs resulting from a normal full-term delivery of a baby outside the service area</li></ul>

## Section 5. Emergency Benefits *continued*

### Filing claims for non-Plan providers

With your authorization, we will pay benefits directly to the providers of your emergency care upon receipt of their claims. Physician claims should be submitted on the HCFA 1500 claim form. If you are required to pay for the services, submit itemized bills and your receipts to the Plan along with an explanation of the services and the identification information from your ID card.

We will send payment to you (or the provider if you did not pay the bill), unless we deny benefits for the claim. If we deny benefits, we will send you written notice of the decision, including the reasons for our denial and the provisions of the contract on which we based our decision. If you disagree with our decision, you may ask us to reconsider it. You must use the disputed claims procedure described on page 6.

### Portability

If you are away from home and require medical care other than routine physicals, immunizations and non-emergency maternity care, you can access a network facility in the area you are visiting. You will receive this care at a maximum benefit as if you were at home, free of bills and claim forms.

To obtain these benefits you must do one of two things:

- Contact your primary care physician at home to obtain permission for out-of-area care. In life-threatening emergencies, we recommend that you seek appropriate treatment immediately. However, you or a family member must notify your primary care doctor within 48 hours concerning the emergency care you received.
- Contact the Prudential HealthCare National Hotline (1-800-526-2963) to obtain a referral to a local participating doctor. This toll free number is also located on the back of your member ID card and is answered 24 hours a day.

Your home plan is responsible for reimbursing the providers in the out-of-area Prudential HealthCare HMO plan. You should not be asked to make payments, except applicable copays, or file a claim form unless you receive authorized treatment from a non-Prudential HealthCare provider.

---

**What is covered**

Prescription drugs prescribed by a Plan or referral doctor and obtained at a Plan pharmacy will be dispensed for up to a 30 day supply or one commercially prepared unit (i.e. one inhaler, one vial ophthalmic medication or insulin). You pay a \$5 copay per prescription unit or refill for generic formulary drugs, or a \$10 copay per prescription unit or refill for brand name formulary drugs, or a \$25 copay per prescription unit or refill for non-formulary drugs. **Formulary  
development:**

The Prudential Health Care Drug Formulary was developed and is maintained by the Prudential HealthCare National Pharmacy and Therapeutics committee (P&T) with the understanding that a well constructed formulary enhances quality of care. The P&T committee evaluates the clinical use of drugs and develops policies and procedures for developing new drug therapies and managing the formulary. The P&T is also responsible for conducting therapeutic class reviews and analyzing new drugs as they enter the market. The formulary reflects our medical and pharmaceutical experience in formulary management and rigorous reviews of individual clinical studies.

The following are examples of what a copay applies to:

- Up to a 30-day supply of tablets, capsules and liquids to be taken orally or as indicated for use by the Food and Drug Administration (FDA). For example, Diflucan VC is FDA indicated as a single-dose treatment and a copay will be charged for each tablet. The treatment usage for many antibiotics will be for a 10-day supply or less for which one copay would apply.
- a manufacturer's standard 10 milliliter vial of insulin;
- insulin syringes, a copay applies to each package of 100;
- a package of no more than 15 milliliters of any optic or ophthalmic product;

## ***Non-FEHB Benefits Available to Plan Members***

The benefits described on this page are neither offered nor guaranteed under the contract with the FEHB program but are made available to all enrollees and family members who are members of the Plan. The cost of the benefits described on this page is not included in the FEHB premium; any charges for these services do not count toward any FEHB deductibles or out-of-pocket maximums. These benefits are not subject to the FEHB disputed claims procedures.

Along with the medical benefits described elsewhere, Prudential HealthCare HMO® gives you access to additional programs that can enhance your quality of life.

### **Dental Program**

The Dental Program is a comprehensive dental plan with no claims forms or deductibles. It is not insurance; it's a discount dental program, with more than 10,000 participating dentists across the country. These dentists have agreed to provide services to program participants at reduced rates - including periodic exams, cleanings...even orthodontia care.

For as little as \$5.00 per month (\$6.00 for families), you will have access to a full range of dental services at a substantial discount. You can enroll by submitting a completed application and a full year's premium, \$60.00 for an individual and \$72.00 for a family, by the open season deadline. (Please note, this is not a payroll deducted plan.) Applications and more details about the Dental Program are included in your Prudential HealthCare open enrollment packet. You may contact Benefit Network Systems at 1-800-391-9721 for more information.

### **Health and safety programs**

As a Prudential HealthCare HMO® member, you can enjoy programs designed to improve or enhance your health and the health of your family. We may also include other conditions.

## Section 6. General exclusions — Things we don't cover

---

The exclusions in this section apply to all benefits. Although we may list a specific service as a benefit, we will not cover it unless your Plan doctor determines it is medically necessary to prevent, diagnose, or treat your illness or condition.

**We do not cover the following:**

- Services, drugs or supplies that are not medically necessary;
- Services not required according to accepted standards of medical, dental, or psychiatric practice;
- Care by non-Plan providers except for authorized referrals or emergencies (see Emergency Benefits);
- Experimental or investigational procedures, treatments, drugs or devices;
- Procedures, services, drugs and supplies related to abortions except when the life of the mother would be endangered if the fetus were carried to term or when the pregnancy is the result of an act of rape or incest;
- Procedures, services, drugs and supplies related to sex transformations;
- Services or supplies you receive from a provider or facility barred from the FEHB Program; and
- Expenses you incurred while you were not enrolled in this Plan.

---

## Section 7. Limitations — Rules that affect your benefits

---

**Medicare**

Tell us if you or a family member is enrolled in Medicare Part A or B. Medicare will determine who is responsible for paying for medical services and we will coordinate the payments. On occasion, you may need to file a Medicare claim form.

If you are eligible for Medicare, you may enroll in a Medicare+Choice plan and also remain enrolled with us.

If you are an annuitant or former spouse, you can suspend your FEHB coverage and enroll in a Medicare+Choice plan when one is available in your area. For information on suspending your FEHB enrollment and changing to a Medicare+Choice plan, contact your retirement office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next Open Season.

If you involuntarily lose coverage, or move out of the Medicare+Choice service area, you may re-enroll in the FEHB Program at any time.

If you do not have Medicare Part A or B, you can still be covered under the FEHB Program and your benefits will not be reduced. We cannot require you to enroll in Medicare.

For information on Medicare+Choice plans, contact your local Social Security Administration (SSA) office or request it from SSA at 1-800/638-6833.).

**Other group insurance coverage**

When anyone has coverage with us and with another group health plan, it is called double coverage. You must tell us if you or a family member has double coverage. You must also send us documents about other insurance if we ask for them.

When you have double coverage, one plan is the primary payer; it pays benefits first. The other plan is secondary; it pays benefits next. We decide which insurance is primary according to the National Association of Insurance Commissioners' Guidelines.

If we pay second, we will determine what the reasonable charge for the benefit should be. After the first plan pays, we will pay either what is left of the reasonable charge or our regular benefit, whichever is less. We will not pay more than the reasonable charge. If we are the secondary payer, we may be entitled to receive payment from your primary plan.

We will always provide you with the benefits described in this brochure. Remember: even if you do not file a claim with your other plan, you must still tell us that you have double coverage.

**Circumstances beyond our control**

Under certain extraordinary circumstances, we may have to delay your services or be unable to provide them. In that case, we will make all reasonable efforts to provide you with necessary care.

## Section 7. Limitations — Rules that affect your benefits *continued*

---

<b>When others are responsible for injuries</b>	When you receive money to compensate you for medical or hospital care for injuries or illness that another person caused, you must reimburse us for whatever services we paid for. We will cover the cost of treatment that exceeds the amount you received in the settlement. If you do not seek damages, you must agree to let us try. This is called subrogation. If you need more information, contact us for our subrogation procedures.
<b>TRICARE</b>	TRICARE is the health care program for members, eligible dependents, and retirees of the military. TRICARE includes the CHAMPUS program. If both TRICARE and this Plan cover you, we are the primary payer. See your TRICARE Health Benefits Advisor if you have questions about TRICARE coverage.
<b>Workers' compensation</b>	We do not cover services that: <ul style="list-style-type: none"><li>• You need because of a workplace-related disease or injury that the Office of Workers' Compensation Programs (OWCP) or a similar Federal or State agency determine they must provide;</li><li>• OWCP or a similar agency pays for through a third party injury settlement or other similar proceeding that is based on a claim you filed under OWCP or similar laws.</li></ul> Once the OWCP or similar agency has paid its maximum benefits for your treatment, we will provide your benefits.
<b>Medicaid</b>	We pay first if both Medicaid and this Plan cover you.
<b>Other Government Agencies</b>	We do not cover services and supplies that a local, State, or Federal Government agency directly or indirectly pays for.

## Section 8. FEHB FACTS

---

### **You have a right to information about your HMO.**

OPM requires that all FEHB plans comply with the Patients' Bill of Rights, which gives you the right to information about your health plan, its networks, providers and facilities. You can also find out about care management, which includes medical practice guidelines, disease management programs and how we determine if procedures are experimental or investigational. OPM's website ([www.opm.gov](http://www.opm.gov)) lists the specific types of information that we must make available to you.

If you want specific information about us, call 1-800-856-0764, or write to Prudential HealthCare, 1425 Union Meeting Road, P.O. Box 3013, Blue Bell, PA 19422. <b>Where do I get information about enrolling in the FEHB Program?</b>	Your employing or retirement office can answer your questions, and give you a <i>Guide to Federal Employees Health Benefits Plans</i> , brochures for other plans and other materials you need to make an informed decision about: <ul style="list-style-type: none"><li>• When you may change your enrollment;</li><li>• How you can cover your family members;</li><li>• What happens when you transfer to another Federal agency, go on leave without pay, enter military service, or retire;</li><li>• When your enrollment ends; and</li><li>• The next Open Season for enrollment.</li></ul> We don't determine who is eligible for coverage and, in most cases, cannot change your enrollment status without information from your employing or retirement office.
<b>When are my benefits and premiums effective?</b>	The benefits in this brochure are effective on January 1. If you are new to this plan, your coverage and premiums begin on the first day of your first pay period that starts on or after January 1. Annuitants' premiums begin January 1.
<b>What happens when I retire?</b>	When you retire, you can usually stay in the FEHB Program. Generally, you must have been enrolled in the FEHB Program for the last five years of your Federal service. If you do not

### What types of coverage are available for my family and me?

meet this requirement, you may be eligible for other forms of coverage, such as Temporary Continuation of Coverage, which is described later in this section.

*Self-Only* coverage is for you alone. *Self and Family* coverage is for you, your spouse, and your unmarried dependent children under age 22, including any foster or step children your employing or retirement office authorizes coverage for. Under certain circumstances, you may also get coverage for a disabled child 22 years of age or older who is incapable of self-support.

If you have a Self Only enrollment, you may change to a Self and Family enrollment if you marry, give birth or add a child to your family. You may change your enrollment 31 days before to 60 days after you give birth or add the child to your family. The benefits and premiums for your Self and Family enrollment begin on the first day of the pay period in which the child is born or becomes an eligible family member.

Your employing or retirement office will not notify you when a family member is no longer eligible to receive health benefits, nor will we. Please tell us immediately when you add or remove family members from your coverage for any reason, including divorce.

If you or one of your family members is enrolled in one FEHB plan, that person may not be enrolled in another FEHB plan.

### Are my medical and claims records confidential?

We will keep your medical and claims information confidential. Only the following will have access to it:

- OPM, this Plan, and subcontractors when they administer this contract,
- This plan, and appropriate third parties, such as other insurance plans and the Office of Worker's Compensation Programs (OWCP), when coordinating benefit payments and subrogating claims,
- Law enforcement officials when investigating and/or prosecuting alleged civil or criminal actions,
- OPM and the General Accounting Office when conducting audits,
- Individuals involved in bona fide medical research or education that does not disclose your identity; or
- OPM, when reviewing a disputed claim or defending litigation about a claim.

## Information for new members

### Identification cards

We will send you an Identification (ID) card. Use your copy of the Health Benefits Election Form, SF-2809, or the OPM annuitant confirmation letter until you receive your ID card. You can also use an Employee Express confirmation letter.

### What if I paid a deductible under my old plan?

Your old plan's deductible continues until our coverage begins.

### Pre-existing conditions

We will not refuse to cover the treatment of a condition that you or a family member had before you enrolled in this Plan solely because you had the condition before you enrolled.

## When you lose benefits

### What happens if my enrollment in this Plan ends?

You will receive an additional 31 days of coverage, for no additional premium, when:

- Your enrollment ends, unless you cancel your enrollment, or
- You are a family member no longer eligible for coverage.

You may be eligible for former spouse coverage or Temporary Continuation of Coverage.

### What is former spouse coverage?

If you are divorced from a Federal employee or annuitant, you may not continue to get benefits under your former spouse's enrollment. But, you may be eligible for your own FEHB coverage under the spouse equity law. If you are recently divorced or are anticipating a divorce, contact your ex-spouse's employing or retirement office to get more information about your coverage choices.

---

## Section 8. FEHB FACTS *continued*

---

### What is TCC?

Temporary Continuation of Coverage (TCC). If you leave Federal service or if you lose coverage because you no longer qualify as a family member, you may be eligible for TCC. For example, you can receive TCC if you are not able to continue your FEHB enrollment after you retire. You may not elect TCC if you are fired from your Federal job due to gross misconduct. Get the RI 79-27, which describes TCC, and the RI 70-5, the Guide to Federal Employees Health Benefits Plans for Temporary Continuation of Coverage and Former Spouse Enrollees from your employing or retirement office.

Key points about TCC:

- You can pick a new plan;
- If you leave Federal service, you can receive TCC for up to 18 months after you separate;
- If you no longer qualify as a family member, you can receive TCC for up to 36 months;
- Your TCC enrollment starts after regular coverage ends.
- If you or your employing office delay processing your request, you still have to pay premiums from the 32nd day after your regular coverage ends, even if several months have passed.
- You pay the total premium, and generally a 2-percent administrative charge. The government does not share your costs.
- You receive another 31-day extension of coverage when your TCC enrollment ends, unless you cancel your TCC or stop paying the premium.
- You are not eligible for TCC if you can receive regular FEHB Program benefits.

### How do I enroll in TCC?

If you leave Federal service your employing office will notify you of your right to enroll under TCC. You must enroll within 60 days of leaving, or receiving this notice, whichever is later.

Children: You must notify your employing or retirement office within 60 days after your child is no longer an eligible family member. That office will send you information about enrolling in TCC. You must enroll your child within 60 days after they become eligible for TCC, or receive this notice, whichever is later.

Former spouses: You or your former spouse must notify your employing or retirement office within 60 days of one of these qualifying events:

- Divorce
- Loss of spouse equity coverage within 36 months after the divorce.

Your employing or retirement office will then send your former spouse information about enrolling in TCC. Your former spouse must enroll within 60 days after the event, which qualifies them for coverage, or receiving the information, whichever is later.

Note: Your child or former spouse loses TCC eligibility unless you or your former spouse notify your employing or retirement office within the 60-day deadline.

### How can I convert to individual coverage?

You may convert to an individual policy if:

- Your coverage under TCC or the spouse equity law ends. If you canceled your coverage or did not pay your premium, you cannot convert.
- You decided not to receive coverage under TCC or the spouse equity law; or
- You are not eligible for coverage under TCC or the spouse equity law.

If you leave Federal service, your employing office will notify you if individual coverage is available. You must apply in writing to us within 31 days after you receive this notice. However, if you are a family member who is losing coverage, the employing or retirement office will not notify you. You must apply in writing to us within 31 days after you are no longer eligible for coverage.

Your benefits and rates will differ from those under the FEHB Program; however, you will not have to answer questions about your health, and we will not impose a waiting period or limit your coverage due to pre-existing conditions.

### How can I get a Certificate of Group Health Plan Coverage?

If you leave the FEHB Program, we will give you a Certificate of Group Health Plan Coverage that indicates how long you have been enrolled with us. You can use this certificate when getting health insurance or other health care coverage. You must arrange for the other coverage within 63 days of leaving this Plan. Your new plan must reduce or eliminate waiting periods, limitations or exclusions for health related conditions based on the information in the certificate.

If you have been enrolled with us for less than 12 months, but were previously enrolled in other FEHB plans, you may request a certificate from them, as well.

### **Inspector General Advisory: Stop Health Care Fraud!**

Fraud increases the cost of health care for everyone. If you suspect that a physician, pharmacy, or hospital has charged you for services you did not receive, billed you twice for the same service, or misrepresented any information, do the following:

- Call the provider and ask for an explanation. There may be an error.
- If the provider does not resolve the matter, call us at 1-800-856-0764 and explain the situation.
- If we do not resolve the issue, call or write:

### **Penalties for Fraud**

Anyone who falsifies a claim to obtain FEHB Program benefits can be prosecuted for fraud. Also, the Inspector General may investigate anyone who uses an ID card if they:

- Try to obtain services for a person who is not an eligible family member; or
- Are no longer enrolled in the Plan and try to obtain benefits.

Your agency may also take administrative action against you.
