Dear Don,

When all hope of extending Regional Medical Program was accepted by RMP Coordinator, we became involved in the transition period. A meeting was held in Atlanta, Georgia, May 5-7, 1975.

The National Health Planning and Resources Development Act of 1974, Public Law 93-641 was acknowledged as the great hope for the future and as RMP veterans we were eager to make it serve the best health interests of the people.

This brochure reviews our plans and concerns. On page 2 Senator Ted Stevens sees this bill as "a preparatory measure to National Health Insurance." I don't believe that the RMP Coordinators shared his view.

Sincerely yours,
