Dear Don,

I will be delighted to attend the meeting on regional medical programs, which you are tentatively scheduling for December. I will mark my calendar for the evening of December 5 and all day December 6, understanding that the date may change. I will, of course, not incur any travel expenses.

As we discussed previously, I have a deep interest in this topic. I would be very glad to help in the planning of the program through any of the formats that you mentioned.

Sincerely,

Karl D. Yordy
Director, Division of Health Care Services
