shall by grants or contracts, or both, assist public or private nonprofit entities in meeting the costs of planning and developing new centers, and operating existing and new centers, for multidisciplinary health planning development and assistance. To the extent practicable, the Secretary shall provide assistance under this section so that at least five such centers will be in operation by June 30, 1976.

“(b) (1) No grant or contract may be made under this section for planning or developing a center unless the Secretary determines that when it is operational it will meet the requirements listed in paragraph (2) and no grant or contract may be made under this section for operation of a center unless the center meets such requirements.

“(2) The requirements referred to in paragraph (1) are as follows:

“(A) There shall be a full-time director of the center who possesses a demonstrated capacity for substantial accomplishment and leadership in the field of health planning and resources development, and there shall be such additional professional staff as may be appropriate.

“(B) The staff of the center shall represent a diversity of relevant disciplines.

“(C) Such additional requirements as the Secretary may by regulation prescribe.

“(c) Centers assisted under this section may (1) enter into arrangements with health systems agencies and State Agencies for the provision of such services as may be appro-
