

*Distinguished
Engineer*

A professional headshot of a man with short, reddish-brown hair and light-colored eyes. He is wearing a dark, textured suit jacket over a light blue dress shirt and a dark tie. The background is a mottled blue color. The text is overlaid on the bottom left of the image.

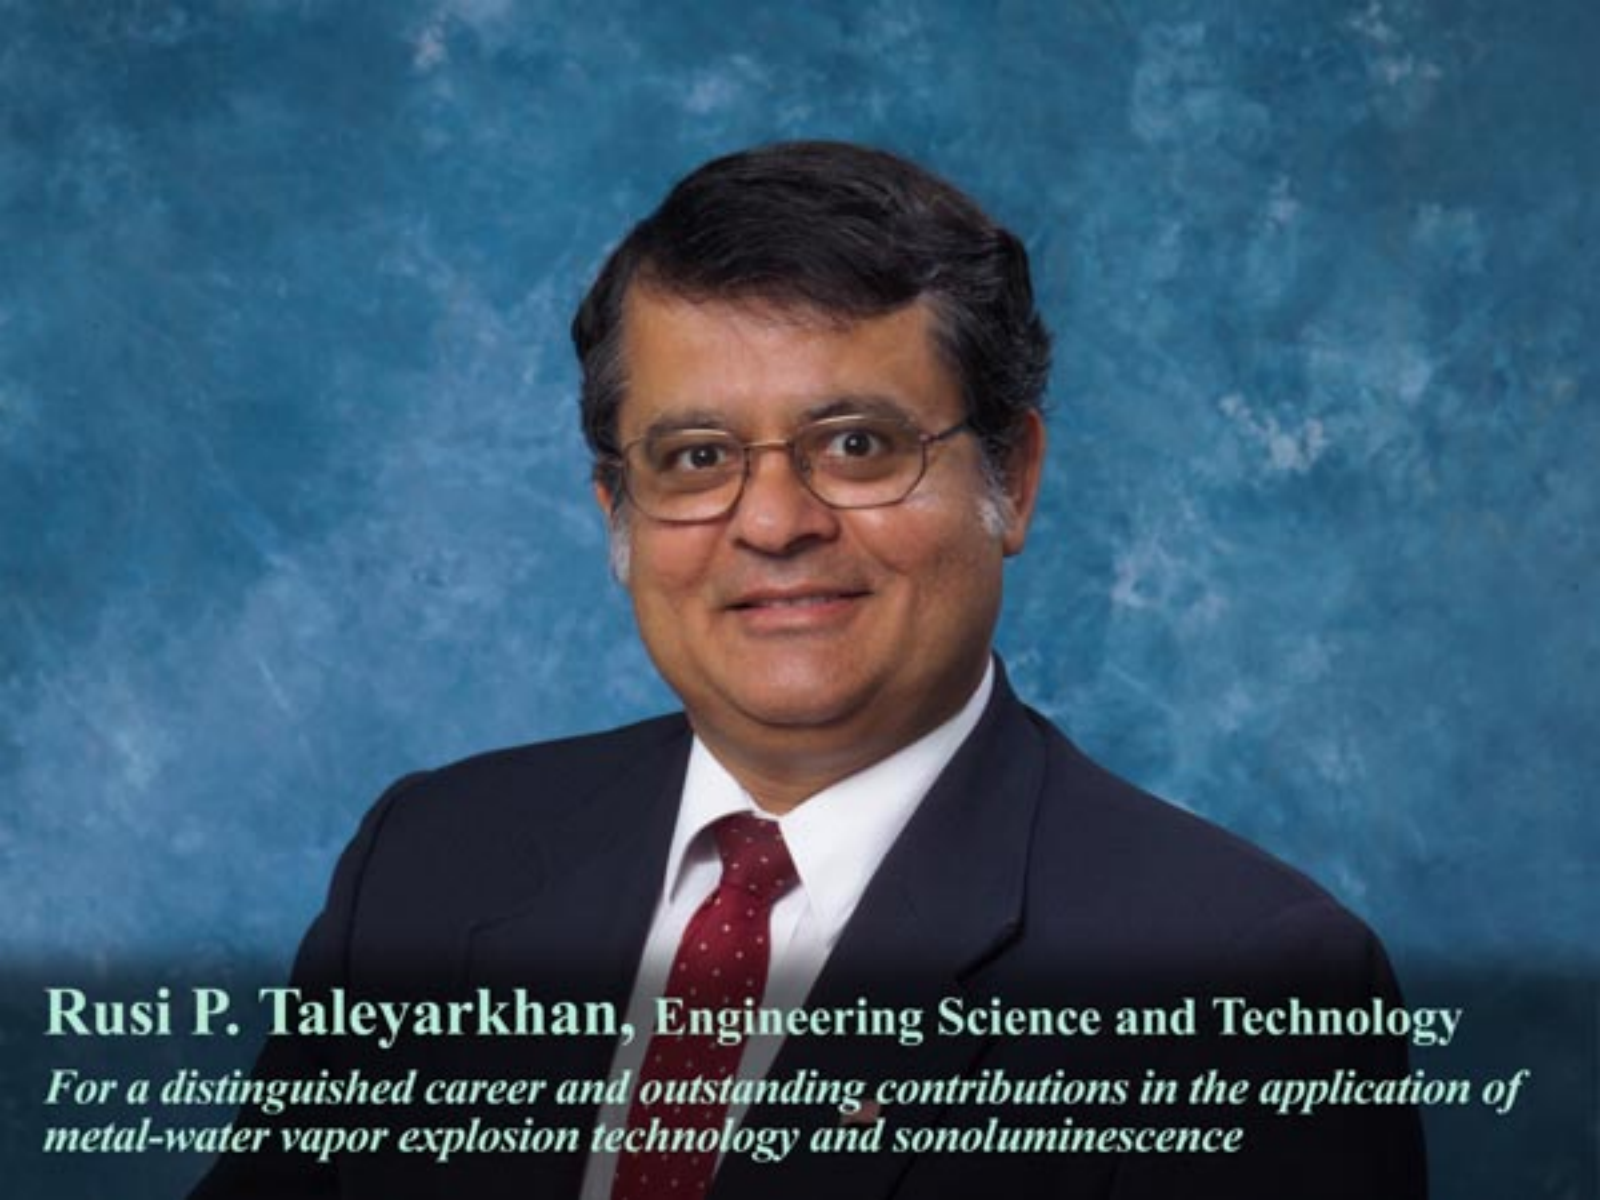

Craig A. Blue, Metals and Ceramics

For his innovative efforts in developing the engineering and science behind infrared heating of materials and devising ingenious ways to use high-power infrared heating to solve materials problems

Calvin M. Hopper, Nuclear Science and Technology

For sustained and dedicated leadership in developing guidance, tools, and innovative concepts to further the discipline of nuclear criticality safety

Rusi P. Taleyarkhan, Engineering Science and Technology

For a distinguished career and outstanding contributions in the application of metal-water vapor explosion technology and sonoluminescence
