

*R&D*

*Leadership*

at the group level

**John R. Haines, SNS Experimental Facilities**

*For extraordinary leadership skill as the coordinator of a multidisciplinary international team that enabled the team to make critical decisions on the design of the SNS target under severe time constraints, thus developing a path toward high- power operation*

A professional headshot of Edgar Lara-Curzio, a man with dark hair, wearing a dark suit, light blue shirt, and patterned tie. He is smiling slightly and looking directly at the camera. The background is a textured blue.

**Edgar Lara-Curzio, Metals and Ceramics**

*For excellence in leadership of the Mechanical Properties and Mechanics Group of the Metals and Ceramics Division, including mentoring of staff, revitalization of facilities, and development of programs*

**Sherrell R. Greene, Engineering Science and Technology**

*For visionary leadership in establishing ORNL's key role in the resurgent space fission nuclear power program and NASA's featured planetary space exploration program to the icy moons of Jupiter*

**Lee R. Riciputi, Chemical Sciences**

*In recognition of his exemplary record of achievement as the leader of the  
Chemical and Isotopic Mass Spectrometry Group*
