

*Distinguished
Engineer*

John T. Shaffer, Nuclear Science and Technology

For over two decades of innovative leadership in the development and engineering of composite systems and the establishment of leading edge manufacturing techniques enabling multiple applications

A professional headshot of Charles Forsberg, a middle-aged man with short, light-colored hair, wearing a dark suit, white shirt, and patterned tie. He is looking slightly to the left of the camera with a neutral expression. The background is a textured, mottled blue.

Charles Forsberg, Nuclear Science and Technology

For sustained and significant contributions in the areas of reactor safety, reactor concept development and waste management technology

Brad Nelson, Fusion Energy

For sustained technical innovations and outstanding leadership in the design and construction of experimental fusion energy research facilities
