Dear Friends of the Gallatin National Forest:

We are pleased to announce the availability of the Gallatin National Forest's proposed project listing for the 2008 fall quarter on our website at <http://www.fs.fed.us/sopa/>. This listing is distributed four times a year to provide you with information on upcoming analyses and decisions for land management activities.

The proposed project listing is prepared using our best estimates of analysis activities which will be occurring over the next three months. Actual schedules may vary. For information on a specific project, please notify the contact person for those activities you are interested in. We appreciate your efforts in listing specific projects. To conserve paper and postage, we will not honor blanket requests for all documents and information.

To reduce printing and postage costs, the Forest is producing the proposed project listing in electronic format only. You may request a hard copy by contacting:

Gallatin National Forest  
P.O. Box 130  
Bozeman, MT 59771  
(406) 587-6701

As before, you can pick a hard copy listing up at any of our offices.

Sincerely,

*/s/ Lisa Stoeffler (for)*
