Subject: Exemption to the Closed Captioning Rules

To Whom it May Concern:

Chosen Generation is the nonprofit media ministry of the River of Life Christian Center of Orlando, Florida (ROLCC). The mission of the River of Life Christian Center of Orlando is to reach the world with the message of the Gospel of Jesus Christ. The television broadcast is one of the medium by which we preach the word of God to thousands of people living in the greater Central Florida region.

Chosen Generation is hereby requesting an exemption from the closed captioning rules for the River of Life Christian center of Orlando, pursuant to Section 79.1(d) of the commission's rules for the reasons set forth below:

Nature and Cost of Close Captions

We contacted the Closed Caption Maker company to determine the cost of their services. Based upon our conversation with them, we could purchase the hardware and software to produce the closed captioning for \$2,000. Additionally we would need to hire additional staff to handle the verbatim transcription of the sermons. It takes approximately 2-3 hours to transcribe one 30 minute program. We could outsource this service for approximately \$45 per episode for a total annual cost of \$18,750; however, we would have to change our broadcast schedule to accommodate the needs of the vendor. We believe that would place an undue burden on the ministry. Our gross revenues for 2005 were \$631,976.10. The cost of the transcription alone is more than 2% of the gross revenues of the ministry for the last fiscal year.

Impact on the Operation of the Provider Program

The total cost of the Chosen Generation broadcast on an annual basis is \$68,655 or \$ 165.03 per episode. Closed captioning would increase that cost by approximately \$200 or 121%. That increase alone would make it virtually impossible for The ROLCC to continue to produce the program.

The increase is not budgeted in 2006 and would probably not be likely to be approved for inclusion in any proposed budgets for the future. If forced to absorb the additional cost, the church may be forced to eliminate programs to provide closed captioning for the broadcast.

Financial Resources of the Program Provider

The ROLCC is a tax-exempt, non-profit organization. Our most recent balance sheet is attached. We depend solely on contributions from the members of the church to fund our programs each year. Our main expenditures are for the staff and other resources necessary to provide ministries and services to the community and to members of the church.

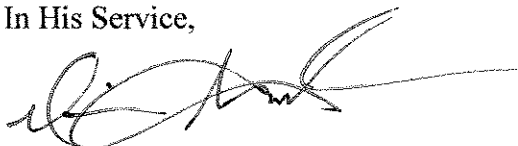

Other Factors

We believe that the local, non-news exemption¹ to the closed captioning rule also applies to the Chosen Generation broadcast. As noted above, the program is produced and distributed locally, and the sermons of ROLCC are of primarily, if not exclusively, local public interest. The episodes are not news, they do not have repeat value, and the electronic newsroom technique is not available. Notwithstanding the applicability of this exemption, we have filed this petition out of abundance of caution and for the purpose of establishing certainty.

Conclusion

As shown by this petition and its attachments, the commission should grant a waiver of the closed captioning requirements in this case, because requiring closed captioning would create an undue burden. The cost of captioning would be excessively high and would have a significant impact on Petitioner's operations. The Petitioner's type of operations and financial resources are different in kind and magnitude from a mainstream programming provider. Because of the significant difficulty and expense of providing closed captions, a waiver under section 79.1(f) is warranted. If more information is needed, please contact me at the address provided below.
