Petition for Exemption from Closed Captioning Requirements - Section 79.1(f)

To Whom It May Concern:

Outpouring Worship Center **aka** (also known as) **Ravenna Assembly of God** is a non-profit religious organization which is located at 11811 Hts. Ravenna Rd, Ravenna, Michigan 49451. The Church Produces two 30 minute programs a week the flag ship program is the “**Outpouring**” broadcast which is the local Sunday Service edited down to meet time requirements. The second program is “**Cutting Edge Video**” which is a youth orientated program highlighting today’s popular Christian Music Video’s. The Outpouring Broadcast is aired on the TCT Network and Cutting Edge Video is aired on Sky Angel Satellite System and. the TCT Network. Both programs utilize in-house personal & mostly volunteers to man the cameras and edit the programs.

Through the media of broadcasting the Outpouring Worship Center for the last 12 years has been able to reach past the walls of the Church to minister to those that are shut in and to those that are incarcerated with the Gospel of Christ in addition many of today’s youth are being reached through the “Cutting Edge Video” program.

For the reasons set forth below, Outpouring Worship Center requests an undue burden exemption from closed captioning rules for “Outpouring Broadcast” and for “Cutting Edge”, pursuant to section 79.1(f) of the Commission’s rules.

Nature and Cost of Closed Captions

Both programs would have to be sent to an outside source which I located on the internet called "Custom Captions!" which charges \$450.00 per 30 minutes for Closed Captioning per tape. So just for captioning it would be an additional \$900.00 a week and this would be an added burden. Since Outpouring Worship Center is now paying out \$570.00 a week for broadcasting in addition to the a part time technical person's weekly salary of \$ 200.00 and all three combined would mean that \$770.00 would be spent a week. Plus shipping the programs out would also jeopardize meeting air time schedules every week.

Impact on the operation of the program owner

To have Closed Captions added would be an undue burden that this Ministry cannot afford given the size and location of our facility and yearly income. The impact on our ability to reach those that God has called us to reach through the media of broadcasting would be greatly felt throughout the community and the local prison and nursing facilities and to the youth and young adults that these programs ministers to.

Financial Resources of the Program Provider

Outpouring Worship Center is 501 C-3 organization, (see financial statements attached). The Captioning assistance is not available we have been told to have Closed Captioning or to seek an exemption to the Closed Captioning Requirements in order to keep airing.

Type of Operations of the Program Provider

Outpouring Worship Center is a Church that is focused on raising up people to their fullest potential so that they can fulfill the call of God on their lives. The Church reaches the community through the broadcasts and through the many Ministries the Church offers for example the food pantry feeds over 95 families a month outside of the local body of members.

Other factors

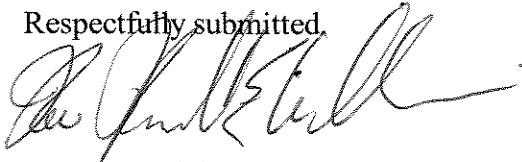

The Petitioner believes the local, non-news exemption to the closed captioning rules also applies to the "Outpouring Broadcast" and to the "Cutting Edge Video" program as well. The programs are not news, they do not have repeat value, and the electronic newsroom technique is not available. Notwithstanding the applicability of the exemption, we have filed this petition in an abundance of caution and for the purpose of establishing certainty.

Conclusion

As shown by this Petition and it's attachments the Commission should grant a waiver of the closed captioning requirements in this case, because requiring closed captioning would create an undue burden. The cost of captioning would highly impact the Petitioner's operation. The Petitioner's operations and financial resources are different in kind and magnitude from a

mainstream programming provider. Because of this significant difficulty and expense of providing closed captions, a waiver under 79.1(f) is warranted. If more information is needed, please contact me at the address provided below.
