

## 11. Revenues, Expenses, and Investment

This section provides information on revenues, expenses, and investment by major local telephone companies. The information included in this section is calculated from some of the summary information in the Commission's Automated Management Information Systems' (ARMIS) 43-01 Reports. The original data plus more detailed data can be found in the ARMIS 43-01 Reports. These reports, along with the other nine ARMIS reports, are available for public inspection on the ARMIS Internet site at [www.fcc.gov/wcb/eafs/](http://www.fcc.gov/wcb/eafs/).

The source of the data in this section is the ARMIS 43-01, Annual Summary Report, filed by every incumbent local exchange carrier with operating revenues that exceed a specified threshold.<sup>1</sup> The report is filed on a study area basis and includes data on revenues, expenses, and investment to enable the Commission to monitor the carriers' operations.<sup>2</sup> For this section, information was derived from ARMIS 43-01 data for 2002 for the following tables:

Table 11.1 - Revenues and Other Operating Items.

Table 11.2 - Expenses and Taxes.

Table 11.3 - Gross Investment.

Table 11.4 - Total Investment Reserves (Row 1890 of the ARMIS 43-01 Report).

Table 11.5 - Net Income (which is the difference between Table 11.1, Revenues and Other Operating Items, and Table 11.2, Expenses and Taxes).

Table 11.6 - Average Net Investment (Row 1910 of the ARMIS 43-01 Report which is the difference between Table 11.3, Gross Investment, and Table 11.4, Total Investment Reserves).

Table 11.7 - Total Operating Revenues (Row 1090 of the ARMIS 43-01 Report).

Table 11.8 - Other Operating Income or Losses (Row 1290 of the ARMIS 43-01 Report).

---

1 For year 2002 data, the threshold was year 2001 revenues in excess of \$119 million. These carriers are classified as Tier 1 carriers.

2 Ten Tier 1 carriers furnished the data used in this report for 98 study areas in 2002. The eleventh Tier 1 carrier, Qwest Communications, had an extension to file its data because of an ongoing investigation by the Securities and Exchange Commission into the company's accounting practices. (The data were filed in December and are available on the ARMIS web site.) The data are for 49 states (all except Alaska), the District of Columbia, and the Commonwealth of Puerto Rico. Smaller carriers that, in the aggregate, serve about 7% of the nation's telephone lines do not file ARMIS data.

Tables 11.7 and 11.8 show the detailed items that when aggregated constitute Table 11.1, Revenues and Other Operating Items.

Table 11.9 - Total Operating Expenses (Row 1190 of the ARMIS 43-01 Report).

Table 11.10 - Total Non-operating Items (Row 1390 of the ARMIS 43-01 Report).

Table 11.11 – Taxes -- Federal, State, and Other (Rows 1490, 1590, and 1595 of the ARMIS 43-01 Report).<sup>3</sup> Tables 11.9 through 11.11 show the detailed items that when aggregated constitute Table 11.2, Expenses and Taxes.

Table 11.12 - Total Plant In-Service (Row 1690 of the ARMIS 43-01 Report).

Table 11.13 - Total Other Investments (Row 1790 of the ARMIS 43-01 Report). Tables 11.12 and 11.13 show the detailed items that when aggregated constitute Table 11.3, Gross Investments.

Each table in this section contains columns headed “Subject to Separations”, “Intrastate”, and “Interstate”.<sup>4</sup> The “subject to separations” column reflects the total amount that is subject to separations allocations between the state and interstate jurisdictions pursuant to Part 36 of the Commission's rules. The “interstate” and “intrastate” columns reflect the amounts allocated to the interstate and state jurisdictions pursuant to those rules. In some instances, the “interstate” column also reflects FCC prescribed adjustments made after the separations process. These adjustments are made only at the interstate level; consequently, the “intrastate” and “interstate” columns may not necessarily add up to the “subject to separations” column.

Each table also contains a column headed “Percent Interstate”. The data in this column are calculated by dividing the data in the “interstate” column by the data in the “subject to separations” column.

Table 11.6 - Average Net Investment - has one additional column headed “Interstate Rate of Return”. The data in this column are calculated by dividing the data in the “interstate” column of Table 11.5 - Net Income - by the data in the “interstate” column of Table 11.6.

---

3 Beginning in 1999, mid-sized companies (incumbent carriers other than the Bell operating companies and GTE subsidiaries) no longer report taxes to different governments separately. Therefore, Table 11.11 shows the sum of rows 1490 and 1590 for the BellSouth, SBC, and Verizon subsidiaries (as noted above, Qwest has an extension to file its ARMIS 43-01 report for 2002) and row 1595 for the mid-sized companies.

4 These are reported in columns (f), (g), and (h) in the ARMIS 43-01 Reports. The numbers are in thousands of dollars.
