

6. Revenues, Expenses, and Investment

This section provides information on revenues, expenses and investment based on the ARMIS reports filed with the Commission by Tier 1 carriers. The information included in this section is calculated from some of the summary information in ARMIS. The original data plus more detailed data can be found in the ARMIS reports, which are available for public access on the FCC-State Link Bulletin Board, which can be reached by dialing (202) 418-0241 with a computer modem.

The source of the data in this section is ARMIS 43-01 Annual Summary Report, prescribed for every local exchange carrier with operating revenues for the preceding year in excess of \$100 million. The report is filed on a study area basis and includes data on revenues, expenses and investment to enable the Commission to monitor the carriers' operations. For this section, information was derived from ARMIS 43-01 data for 1996 which the carriers filed on April 1, 1997.

Table 6.1 shows Revenues and Other Operating Items.

Table 6.2 shows Expenses and Taxes.

Table 6.3 shows Gross Investment.

Table 6.4 shows Total Investment Reserves--row 1890 of the ARMIS report.

Table 6.5 shows Net Income which is the difference between
Table 6.1--Revenues and Other Operating Items and
Table 6.2--Expenses and Taxes.

Table 6.6 shows Average Net Investment--row 1910 of the ARMIS report--which is the difference between
Table 6.3--Gross Investment and
Table 6.4--Total Investment Reserves.

Tables 6.7 and 6.8 show the detail items that when aggregated constitute
Table 6.1--Revenues and Other Operating Items.

Table 6.7 shows Total Operating Revenues--row 1090 of the ARMIS report.

Table 6.8 shows Other Operating Income or Loss--row 1290 of the ARMIS report.

Tables 6.9 through 6.12 show the detail items that when aggregated constitute Table 6.2--Expenses and Taxes.

Table 6.9 shows Total Operating Expenses--row 1190 of the ARMIS report.

Table 6.10 shows Total Non-operating Items--row 1390 of the ARMIS report.

Table 6.11 shows Federal Income Taxes--row 1590 of the ARMIS report.

Table 6.12 shows Total Other Taxes--row 1490 of the ARMIS report.

Tables 6.13 and 6.14 show the detail items that when aggregated constitute Table 6.3--Gross Investment.

Table 6.13 shows Total Plant Investment--row 1690 of the ARMIS report.

Table 6.14 shows Total Other Investments--row 1790 of the ARMIS report.

Each table in this section contains columns headed Subject to Separations, Intrastate, and Interstate.¹ The Subject to Separations column reflects the total amount that is subject to separations allocation between the state and interstate jurisdictions pursuant to Part 36 of the Commission's Rules. The Interstate and Intrastate columns reflect the amounts allocated to the interstate and state jurisdictions pursuant to those rules. In some instances, the Interstate column also reflects FCC prescribed adjustments made after the separations process. These adjustments are made only at the interstate level; consequently, the Intrastate and Interstate columns may not necessarily add up to the Subject to Separations column.

Each table also contains a column headed Percent Interstate. The data in this column is calculated by dividing the data in the Interstate column by the data in the Subject to Separations column.

Table 6.6--Average Net Investment--has one additional column headed Interstate Rate of Return. The data in this column is calculated by dividing the data in the Interstate column of Table 6.5--Net Income--by the data in the Interstate column of Table 6.6.

1 These are reported in columns (f), (g), and (h) in the ARMIS 43-01 reports. The numbers are in thousands of dollars.

NOTES:

1. 17 Tier 1 carriers furnished the data for 132 study areas used in this report. The data covers all 50 states (except Alaska), the District of Columbia, the Commonwealth of Puerto Rico and the Commonwealth of the Northern Mariana Islands.

2. Commonwealth Telephone Company in Pennsylvania is the largest average schedule company in the country and the only average schedule company required to file the ARMIS 43-01 report. Since they are an average schedule company they do not have to separate their Subject to Separations data into Intrastate and Interstate; hence N/A's will be found in these columns and all percentage columns.
