# FOREWORD

The Office of Governmentwide Policy (OGP) is pleased to issue the Real Estate and Workplace Contacts Directory 2008, our tenth annual listing of Federal real estate leaders and decision-makers. Our Directory presents information to our stakeholders on the entire Federal real property community to facilitate the sharing of ideas and lead to more informed decision-making to improve asset management in support of E.O. 13327, "Federal Real Property Asset Management." In 2004, E.O. 13327 was issued to promote the efficient management and economical use of Federal real property assets across the government.

OGP is committed to promoting innovative ideas and best practices in the field of real estate asset management, integrated workplaces and alternative work environments among public and private real estate professionals. It is our intention that the directory will guide our customers in the right direction for real estate portfolio and workplace information. Additionally, the directory lists the Federal agency leaders and the members of GSA Federal Real Property Advisory Group, a government forum dedicated to share best practices of federal asset management.

We would like to acknowledge the Federal real estate contacts for their contribution to the publication, without their participation this publication would not have been possible. We welcome your suggestions on how this directory may better serve you.
