IX. Terms of the Loan--*SBA has restrictions on the guaranty percentage, loan maturity, interest rate and amount of the loan. Complete all items below. If "No" is checked, the loan may not comply with these loan term restrictions.*

a. Maximum Guaranty Percentage. The SBA maximum guaranty percentage is 85% for loans of \$150,000 or less and 75% for any other loan (except for Export Working Capital Program loans). YES ___ NO ___

b. Loan and Guaranty Amounts: The total, aggregate outstanding **loan amount** cannot exceed \$2,000,000 except as provided below for International Trade loan borrowers with 7(a) working capital loans. (The loan amount limitation under the Defense Loan and Technical Assistance Program (DELTA) is \$1,250,000). YES ___ NO ___

The aggregate **guaranty amount** of the SBA portions for this application and all outstanding loans to Applicant and its affiliates does not exceed \$1.5 million UNLESS:

The applicant will have an International Trade loan approved after 12/7/04 in addition to a separate working capital loan(s) under EWCP or any other 7a program, and the aggregate SBA guaranty amount will not exceed \$1,750,000 and the SBA guaranty amount on the working capital loan will not exceed \$1,250,000. YES ___ NO ___

NOTE: A working capital loan with SBA participation in excess of \$1,250,000 will restrict the amount of SBA participation for a subsequently approved International Trade loan.

c. Maturity. The maturity of the loan is the shortest appropriate term consistent with the Applicant's repayment ability AND the useful life of the asset being financed. The maximum maturities are the following:

1. For **working capital** only, generally not more than 7 years, but allowable up to 10 years with sufficient justification.
2. For **equipment** only, generally not more than 10 years, but allowable up to 25 years, not to exceed the useful economic life of the equipment.

4. For **refinancing**, maturity is based on the use of proceeds of the underlying loan being refinanced.
5. For **varied purposes**, the weighted average of the various use of proceeds or the sum of equal monthly installments based on the allowable maturities of each purpose.

YES ___ NO ___

d. Interest Rate.

Base rate (either the prime rate printed in a national financial newspaper published each business day or SBA's optional peg rate) is the rate in effect on the date that SBA receives the complete application. To this base rate, the Lender may add a spread. The allowable spread is defined by SBA depending on the length of the loan, the amount of the loan, and particular SBA loan program. Can be fixed or variable.

For loans over \$50,000, the spread cannot exceed 2.25% over base rate for maturities under 7 years and 2.75 % for maturities of 7 years or more.

For loans between \$25,101 and \$50,000: Interest rate does not exceed the above rates plus 1%,

For loans of \$25,000 or less: Interest rate does not exceed the above rates plus 2%.

The proposed interest rate is within these parameters.

"Liquid Assets" are cash and cash equivalents, including savings accounts, CDs, marketable securities, the cash value of life insurance and similar assets. Qualified retirement accounts such as IRAs, Keoh or 401k plans are **NOT** liquid assets.

"Excess Liquid Assets"—The amount by which each principal's liquid assets (including the assets of spouses and children) exceed the amount indicated below. The SBA loan must be reduced accordingly and the excess must be injected into the project prior to any disbursement.

The total financing package (SBA loans, owner's injection and any other financing) is:

_____ \$250,000 or less, the greater of 2X total financing package or \$100,000.

_____ \$250,001 to \$500,000, the greater of 1.5X total financing package or \$500,000.

_____ over \$500,000, the greater of 1.0X total financing package or \$750,000.

Identify total financing package: _____

Amount specified above for determining "excess": _____

List all principals:

NAME	LIQUID ASSETS	EXCESS LIQUID ASSETS

TOTAL: _____

The SBA loan must be reduced by this amount. These funds must be utilized toward the project prior to any disbursement.

Comments:

DEBT REFINANCING ADDENDUM (Addendum E)

SBA has certain restrictions on the use of loan funds for refinancing of prior debt. Complete each item below. If "No" is checked, the use of proceeds for refinancing may not be eligible.

The debt to be refinanced had an original purpose that would have been eligible for SBA funding. YES___ NO___

For an Applicant to be eligible, refinancing the debt must provide a substantial benefit to Applicant **and** such debt must not presently be on reasonable terms.

Refinancing will provide a **substantial benefit** if:

The debt to be refinanced is a) short-term and incurred for legitimate business purposes, b) has a balloon feature, or c) interest-only payments **OR**

Refinancing the debt will provide a 20% or more reduction in debt service (or for multiple debts subject to the requirement, 20% or more in aggregate—so long as no such debt has a higher debt service).

Q: Will refinancing provide Applicant a substantial benefit, as defined above? YES___ NO___

Existing debt is **presently on unreasonable terms** if existing cash flow is not adequate to pay this debt, cash flow covers debt service—but the margin is so small as to leave little room for error or growth or other needs, or where a debt is so over-collateralized as to limit Applicant's ability to further borrow.

Q: Is the existing debt presently on unreasonable terms? YES___ NO___

Proceeds may not be used to pay a **creditor in a position to sustain a loss** causing a shift to SBA of all or part of a potential loss from an existing debt.

A creditor is in a position to sustain a loss if repayment cannot be reasonably demonstrated and the loan is not fully collateralized using reasonable liquidation values.

However, SBA may not be in the position to sustain the same loss by refinancing the debt if new terms and conditions provide reasonable assurance of repayment or additional assets can be acquired so that the loan becomes fully collateralized.

Q: Lender is not in the position to sustain a loss or SBA will not be in the position to sustain the loss by refinancing the debt. YES___ NO___

Loan will not refinance debt to an SBIC. YES___ NO___

Loan will not refinance third party financing for any existing 504 project. YES___ NO___

SBA has specific requirements for the refinancing of participant's loan and for refinancing a prior SBA loan. Check below as applicable and provide the requested information.

___ Loan will refinance participant's loan (non-SBA loan). *If checked, provide the following information:*

1. Lender must certify in writing, on the Form 4 or below, that the debt to be refinanced is and has been current for at least the last 36 months. Lender must also provide a transcript of the borrower's account showing that its debt to be refinanced is, and has been current for at least the last 36 months.
2. When a major part of the loan proceeds is for repayment of participant debt, lender must fully explain below how and why the debt accumulated.

___ Loan will refinance a prior SBA loan. *If checked, provide the following information:*

1. If the prior SBA loan is being refinanced through a new lender, document that the new lender has contacted the lender holding the existing SBA loan and confirmed that the lender has declined to approve a second loan and is

either unwilling or unable to modify the current payment schedule in such a way that a new lender could approve a loan without SBA's guaranty.

2. If a lender is refinancing its own SBA guaranty loan, document that the sole reason the lender is unable to modify the terms of the existing loan is that the loan has been sold in the secondary market.

Debt Refinancing Justification/Calculation (Addendum E cont.)

YES ___ NO ___
