(College credit by examination may apply. Visit the MSU website for a description of these courses.)
{DANTES Code = 04.06.02 or 04.10.00}

Approved Elective 3.00

(College credit by examination may apply. Visit the MSU website for a description of courses available.)

Required Aviation Electives 15.00

(College credit by examination may apply. Visit the MSU website for a description of courses available.)

Credit for Aviation Training, FAA Certifications & Ratings 25.00

(The University does not offer flight or maintenance training but does offer academic credit for military aviation training, FAA certifications and ratings 25 - 40 credits. See the Aviation listing in the Courses of Instruction section for details. College credit for military training may apply.)

Excess Duplicate Credit

TOTAL 67.00 0.00

Thank you for requesting support from the U.S. Coast Guard Institute (CGI). Whereas we serve as an activity in support of your unit Educational Services Officer (ESO), you are encouraged to seek assistance from your local ESO in your academic endeavors. The following information is provided to help you understand what is presented in this degree plan:

This document is an UNOFFICIAL Degree Plan to provide you with a preliminary assessment of how your prior learning experiences might fit into the specified degree program for this academic institution. If you choose to pursue this degree option, you must present it to a college representative, who will review it for the following:

o Accurate representation of the college's degree program requirements, including course numbers and titles, credit hours for each course, lower- and upper-level course requirements, and the total number of credits needed for the degree.

o Appropriate assignment of ACE Guide-recommended credit at the lower or upper level for military service schools and occupations, CLEP, DSST, and other tests, transfer credit for courses from other colleges and universities, certification programs, etc.

o Appropriate assignment of SOC Course Category Codes from the SOC Handbook Transferability Tables. The SOC Degree Program Handbooks can be obtained from the SOC web site at: www.soc.aascu.org should you wish to learn more about the course transfer guarantees among SOC network institutions.

IMPORTANT NOTE: When you are ready to seek admission into this degree program,

please contact the USCG Institute at 1-405-954-7241. Your advisor will send the college or university an official U.S. Coast Guard Institute transcript, a copy of the degree plan, and a ready-for-signature SOC Student Agreement which, when signed by a college official, becomes a contract for degree completion committing the college or university to supporting you in your academic endeavors.

Credit for all courses you have taken must be reflected on official transcripts sent directly to this college from the administrative offices of the colleges you previously attended. This degree plan is often used for information purposes by college counselors pending receipt of the official transcripts from the source colleges.

This degree plan is not intended to compete with your local college or university. Keep in mind, you are allowed to transfer in a significant amount of the degree requirements to this institution. As such, credit from local colleges, college level examination programs, or advanced military training may be applied to this degree. You may also complete the courses necessary from this college either in residence (on campus or possibly on a military base at a campus extension in the Education Center) or through distance delivery of the courses. If you have questions, please contact the college counselor or your advisor listed at the bottom of this Degree Plan.

DEGREE PLAN LEGEND:

SH = Semester hours
VOC = Vocational, not relative to an academic degree
LL = Lower Level, i.e. courses at the Freshman/Sophomore level
UL = Upper Level, i.e. courses at the Junior/Senior level
GL = Graduate Level (sometimes recommended by ACE for very complex courses)
[#] such as [EN024A] or [EN024B] = SOC Course Category Codes*
{#} such as {DANTES Code = 01.02.03} = DANTES Academic Codes **

* SOC Course Category Codes: Service members Opportunity Colleges (SOC) is a consortium of over 1,600 accredited colleges and universities seeking to provide degree opportunities to the military. Over 170 of these institutions participate in network degree programs developed for the Army, Navy, Marine Corps, and Coast Guard. A SOC course category number beside a course from one of these institutions, such as [EN024A] or [EN024B] for English Composition, indicates that courses from other degree program institutions with the same code may be taken to satisfy the degree requirement. See the SOC Degree Programs Handbooks at <http://www.soc.aascu.org/>

** DANTES Academic Codes: The Defense Activity for Non-Traditional Education Support (DANTES) publishes the DANTES Independent Study Catalog (DISC) annually, which lists more than 6,000 courses from dozens of regionally accredited colleges and universities. Because this is a degree from a SOC affiliated college, the academic residency requirements are limited, thereby allowing students to transfer in a significant portion of the degree, as mentioned above. If the course you desire to take is not offered by this institution when you want to take it, consider the opportunities the courses in the DISC present. For more information, visit http://www.dantes.doded.mil/dantes_web/distancelearning/disc/front/cont.htm Keep in mind, you should always check with the counselor or academic advisor at this institution before enrolling in a course listed in the DISC to ensure it will be

accepted in transfer toward this degree.

Mountain State University General Information:

Mountain State University founded in 1933, is an independent, not-for-profit university offering traditional classroom-based education as well as independent and distance learning programs. The University is accredited by the Commission on Institutions of Higher Learning and a member of the North Central Association of Colleges and Schools. Located in the heart of downtown Beckley, West Virginia, 50 miles south of the capital of Charleston. Beckley, a city of 20,000, is the population center of southern West Virginia.

The University operates on a semester system that includes Fall, Spring, and two Summer semesters. The Fall semester begins in late August and ends mid-December. Spring semester begins in mid-January and ends in mid-May. The Summer terms run from the beginning of June through early August.

Mountain State University is a dynamic, four-year institution that also offers graduate programs. MSU has become the University of choice for many individuals throughout West Virginia, the nation, and the world.

Mountain State University offers online courses and degrees through WebCT, or Web Course Tools. WebCT is a home site for online courses and has tools on it that allow students to access course information, communicate with their instructor and other students, and complete and submit assignments.

Distance learning is education delivered to locations away from the classroom. Distance learning can supplement or replace traditional classroom education through the use of instructional television, computer or Web-based training, and numerous other technologies. Distance learning makes professional development accessible to students who work during traditional classroom hours. Through flexible learning schedules, students can learn at their own pace and at a time and place that is convenient for them. Distance education also makes learning accessible to the disabled and others who are not able or cannot afford to come to a traditional college campus for their education.

Mountain State University's Independent Study Program currently serves students living throughout the state of West Virginia, the United States, and the entire globe. The IS program allows the student up to four months to complete a course in a location of his or her own choice. Students taking IS courses enjoy the flexibility and convenience of a study schedule that accommodates their individual and professional schedules. This program is especially appealing to working adults and those with scheduling obligations that prevent them from attending traditional classes.

Tuition for students is: \$270 per credit hour. (subject to change)
