

Thomas Edison State College

Associate in Applied Science in Applied Computer Studies

STUDENT DATA:

NAME: ROADMAP'S DEGREE

SSN: 000-00-0000

**Credit Potential
Required Credit**

English Composition I (ENC 101) [EN024A]

3.00

(Must have either 6 sh in English taken through colleges or the CLEP General English exam WITH essay.)

{DANTES Code = 11.07.00}

English Composition II (ENC 102) [EN025A]

3.00

(Must have either 6 sh in English taken through colleges or the CLEP General English exam WITH essay.)

{DANTES Code = 11.07.00}

Humanities

3.00

(This requirement may be filled with college level testing credit.)

{DANTES Code = any 08.XX, any 11.XX, or some 04.XX series}

Social Sciences/History

3.00

(This requirement may be filled with college level testing credit.)

{DANTES Code any 20.XX.XX series}

College Mathematics

3.00

(This requirement may be filled with college level testing credit.)

{DANTES Code = any 14.XX.XX series}

Liberal Arts Electives

6.00

(This requirement may be filled with college level testing credit.)

{DANTES Code = 08.XX or 11.XX or 13.XX or 16.XX or 17.XX or 20.00 series}

Individualized Option: Applied Computer Studies

21.00

(This requirement may be filled with college level testing credit.)

Free Electives

18.00

(This requirement may be filled with college level testing.)

Excess or Duplicate Credit

TOTAL 60.00 0.00

Thank you for requesting support from the U.S. Coast Guard Institute (CGI). Whereas we serve as an activity in support of your unit Educational Services Officer (ESO), you are encouraged to seek assistance from your local ESO in your academic endeavors. The following information is provided to help you understand what is presented in this degree plan:

This document is an UNOFFICIAL Degree Plan to provide you with a preliminary assessment of how your prior learning experiences might fit into the specified degree program for this academic institution. If you choose to pursue this degree option, you must present it to a college representative, who will review it for the following:

o Accurate representation of the college's degree program requirements, including course numbers and titles, credit hours for each course, lower- and upper-level course requirements, and the total number of credits needed for the degree.

o Appropriate assignment of ACE Guide-recommended credit at the lower or upper level for military service schools and occupations, CLEP, DSST, and other tests, transfer credit for courses from other colleges and universities, certification programs, etc.

o Appropriate assignment of SOC Course Category Codes from the SOC Handbook Transferability Tables. The SOC Degree Program Handbooks can be obtained from the SOC web site at: www.soc.aascu.org should you wish to learn more about the course transfer guarantees among SOC network institutions.

IMPORTANT NOTE: When you are ready to seek admission into this degree program, please contact the USCG Institute at 1-405-954-7241. Your advisor will send the college or university an official U.S. Coast Guard Institute transcript, a copy of the degree plan, and a ready-for-signature SOC Student Agreement which, when signed by a college official, becomes a contract for degree completion committing the college or university to supporting you in your academic endeavors.

Credit for all courses you have taken must be reflected on official transcripts sent directly to this college from the administrative offices of the colleges you previously attended. This degree plan is often used for information purposes by college counselors pending receipt of the official transcripts from the source colleges.

This degree plan is not intended to compete with your local college or university. Keep in mind, you are allowed to transfer in a significant amount of the degree requirements to this institution. As such, credit from local colleges, college level examination programs, or advanced military training may be applied to this degree. You may also complete the courses necessary from this college either in residence (on campus or possibly on a military base at a campus extension in the Education Center) or through distance delivery of the courses. If you have questions, please contact the college counselor or your advisor listed at the bottom of this Degree Plan.

DEGREE PLAN LEGEND:

SH = Semester hours
VOC = Vocational, not relative to an academic degree
LL = Lower Level, i.e. courses at the Freshman/Sophomore level
UL = Upper Level, i.e. courses at the Junior/Senior level
GL = Graduate Level (sometimes recommended by ACE for very complex courses)
[#] such as [EN024A] or [EN024B] = SOC Course Category Codes*
{#} such as {DANTES Code = 01.02.03} = DANTES Academic Codes **

* SOC Course Category Codes: Service members Opportunity Colleges (SOC) is a consortium of over 1,600 accredited colleges and universities seeking to provide degree opportunities to the military. Over 170 of these institutions participate in network degree programs developed for the Army, Navy, Marine Corps, and Coast Guard. A SOC course category number beside a course from one of these institutions, such as [EN024A] or [EN024B] for English Composition, indicates that courses from other degree program institutions with the same code may be taken to satisfy the degree requirement. See the SOC Degree Programs Handbooks at <http://www.soc.aascu.org/>

** DANTES Academic Codes: The Defense Activity for Non-Traditional Education Support (DANTES) publishes the DANTES Independent Study Catalog (DISC) annually, which lists more than 6,000 courses from dozens of regionally accredited colleges and universities. Because this is a degree from a SOC affiliated college, the academic residency requirements are limited, thereby allowing students to transfer in a significant portion of the degree, as mentioned above. If the course you desire to take is not offered by this institution when you want to take it, consider the opportunities the courses in the DISC present. For more information, visit http://www.dantes.doded.mil/dantes_web/distancelearning/disc/front/cont.htm Keep in mind, you should always check with the counselor or academic advisor at this institution before enrolling in a course listed in the DISC to ensure it will be accepted in transfer toward this degree.

Thomas Edison State College (TESC) General Information

Thirty years ago, Thomas Edison State College was created by the state of New Jersey to develop high-quality, accessible educational opportunities for adults. The College originated from the idea that mature adults needed high quality educational opportunities designed especially for their needs.

Today, Thomas Edison State College offers numerous Associate, Baccalaureate, and Master's degrees to students in every state in the U.S. and 86 countries around the world. In fact, more than a hundred of these degrees are available for counseling support in this system to support military students, veterans, and employees of corporations and government agencies. The college offers several innovative options for the adult student: Internet-based online courses delivered via MyEdison, print-based Guided Study courses, Standardized TECEP examinations, e-Pack courses and the assessment of prior learning through a unique online Prior Learning Assessment (PLA) program. Identified by Forbes magazine as one of the top 20 colleges and universities in the nation in the use of technology to create learning opportunities for adults, they are an accredited public college that is a national leader in the assessment of adult learning and in the use of educational technologies. Their unique approach to adult learning has earned Thomas Edison State College international recognition for innovative and utilizing technology to create

attainable educational opportunities for adults-no matter where they live or work.

Thomas Edison State College created these degree completion programs to accommodate the special needs of adult students such as military personnel and employees of corporations or government agencies whose location, frequent travel, and time constraints make traditional college attendance difficult, if not impossible; and now you can enroll for an undergraduate course each month. These programs allow you to engage in a degree program anytime, anywhere. The program is ideal for the individual who needs 18 or more credits to earn a baccalaureate degree, or 9 or more credits for an associate degree and desire to use innovative instructional approaches rather than classroom-based courses.

Each program of study is defined by personal academic program plan in which college credit for military service and professional training, previous college credits, college credit-by-examination, licensure and certifications may be used to satisfy Thomas Edison State College requirements.

Tuition and Fees (Subject to change)

\$75 application fee

\$199 tuition per credit hour

(18 credits must be completed for baccalaureate degree students, 9 credits must be completed for associate degree students)

\$225 graduation fee

Participants pay the application and assessment fees at the time of application. The tuition is paid at the time of course registration. Text and materials are extra and cost varies per course. Students must order textbooks and course materials directly from MBS Direct, the College's textbook supplier at: (800) 325-3252. The application fee and a completed application establish the applicants file. The application fee extends for six months from the date of application. Applicants who do not enroll in a course during this period of eligibility will have to reapply to the college before enrolling in a course.

If all credit is completed outside of TESC and transferred in, the following fees apply:

\$75 application fee

\$1220 in state annual enrollment fee

\$97 Technology service fee

\$225 graduation fee

To discuss your next step toward earning this degree with TESC, contact:

Terri Hammill

TESC Assistant Director of Military Education

101 W. State Street

Trenton, NJ 08608-1176

(609) 777-5696

Toll free admissions information: 1 (888) 442-8372

thammill@tesc.edu

Website: <http://www.tesc.edu>

POLICY NOTES:

The maximum amount of college level testing credit accepted by TESC is 60 semester hours for an Associates Degree - the entire degree. Transfer credit accepted by TESC may include the entire degree requirements using non-traditional credit (military credit or college level testing). If this option is chosen, no courses must be taken through TESC. However, a student may find it in his/her best interest to take 9 semester hours of an Associates Degree through TESC, thereby paying substantially less in administrative fees.

This college is rated as one of the nation's best in U.S. News & World Report's "America's Best Colleges" issue.
