**ACTION:** Final rule.

**SUMMARY:** The Rural Utilities Service (RUS) is amending its regulations to provide the Administrator with loan processing prioritization authority for recently merged companies. This change will allow the Administrator to grant or decline priority or grant priority for a limited amount of a loan application. This action will allow for lending priority to newly merged companies and provide greater opportunity to provide loans to as many borrowers as possible.

**EFFECTIVE DATE:** September 16, 2002.

**SUPPLEMENTARY INFORMATION:**

**Executive Order 12866**

This rule has been determined to be not significant for purposes of Executive Order 12866 and, therefore, has not been reviewed by the Office of Management and Budget (OMB).

**Executive Order 12372**

This rule is excluded from the scope of Executive Order 12372, Intergovernmental Consultation, which

may require consultation with State and local officials. See the final rule related notice titled "Department Programs and Activities Excluded from Executive Order 12372" (50 FR 47034) advising that RUS loans and loan guarantees from coverage were not covered by Executive Order 12372.

**Executive Order 12988**

This rule has been reviewed under Executive Order 12988, Civil Justice Reform. RUS has determined that this proposed rule meets the applicable standards provided in section 3 of the Executive Order. In addition, all state and local laws and regulations that are in conflict with this rule will be preempted; no retroactive effect will be given to this rule, and, in accordance with section 212(e) of the Department of Agriculture Reorganization Act of 1994 (7 U.S.C. 6912(e)), administrative appeals procedures, if any are required, must be exhausted before an action against the Department or its agencies.

**Regulatory Flexibility Act Certification**

In accordance with the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*), the Administrator of RUS has determined that this rule will not have significant impact on a substantial number of small entities. The RUS electric loan program provides loans and loan guarantees to borrowers at interest rates and terms that are more favorable than those generally available from the private sector. Small entities are not subjected to any requirements, which are not applied equally to large entities. RUS borrowers, as a result of obtaining federal financing, receive economic benefits that exceed any direct cost associated with RUS regulations and requirements.

**Information Collection and Recordkeeping Requirements**

This rule contains no additional information collection or recordkeeping requirements under OMB control number 0572-0032 that would require approval under the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35).

**Unfunded Mandates**

This rule contains no Federal mandates (under the regulatory provision of title II of the Unfunded Mandates Reform Act) for State, local, and tribal governments or the private sector. Thus, this rule is not subject to the requirements of sections 202 and 205 of the Unfunded Mandates Reform Act.

**National Environmental Policy Act Certification**

The Administrator of RUS has determined that this rule will not significantly affect the quality of human environment as defined by the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*). Therefore, this action does not require an environmental impact statement or assessment.

**Catalog of Federal Domestic Assistance**

The program described by this rule is listed in the Catalog of Federal Domestic Assistance Programs under No. 10.850, Rural Electrification Loans and Loan Guarantees. This catalog is available on a subscription basis from the Superintendent of Documents, U.S. Government Printing Office, Washington, DC 20402-9325, telephone number (202) 512-1800.

**Background**

For reasons set for in the proposed rule dated November 1, 2001, 66 FR 55130, and to provide a greater opportunity to provide loans to as many borrowers as possible, the Rural Utilities Service (RUS) is amending 7 CFR part 1717, subpart D, to provide the Administrator the flexibility to limit the amount of a loan to a successor (surviving business entity) following a merger.

No comments were received by RUS as the result of the proposed rule.

Administrative practice and procedure, Electric power, Electric power rates, Electric utilities, Intergovernmental relations, Investments, Loan programs—energy, Reporting and recordkeeping requirements, Rural areas.

For the reasons set forth in the preamble, chapter XVII of title 7 of the Code of Federal Regulations, is amended as follows:

**PART 1717—POST-LOAN POLICIES AND PROCEDURES COMMON TO INSURED AND GUARANTEED ELECTRIC LOANS**

1. The authority citation for part 1717 continues to read as follows:

**Authority:** 7 U.S.C. 901 *et seq.*, 1921 *et seq.*, 6941 *et seq.*

**Subpart D—Mergers and Consolidations of Electric Borrowers**

2. Section 1717.154 is amended by:  
 A. Revising paragraph (a)(1);  
 B. Redesignating paragraph (a)(2) to (a)(3), and

C. Adding a new paragraph (a)(2).

This revision and addition are to read as follows:

**§ 1717.154 Transitional assistance in connection with new loans.**

\* \* \* \* \*

(a) *Loan processing priority.* (1) RUS loans are generally processed in chronological order based on the date the complete application is received in the regional or division office. At the borrower's request, RUS may offer loan processing priority for the first loan to a successor, provided that the loan is approved by RUS not later than 5 years after the effective date of the merger. In considering the request, the Administrator will take into account, among other factors, the amount of the loan application, whether there is a significant backlog in pending loan applications, the impact that loan priority would have on the backlog, the savings and efficiencies to be realized from the merger and the relative importance of loan priority to facilitating the merger. The Administrator may, in his or her sole discretion, grant or decline to grant priority, or grant priority for a limited amount of the loan application while deferring for later consideration the remainder of the application.

(2) For any subsequent loans approved during those 5 years, RUS may offer loan processing priority. In reviewing requests for loan processing priority on subsequent loans, RUS will consider the loan authority for the fiscal year, the borrower's projected cash flows, its electric rates and rate disparity, and the likely mitigation effects of priority loan processing. *See* 7 CFR 1710.108 and 1710.119.

**Airworthiness Directives; Eurocopter France Model SA330F, SA330G, SA330J, AS332C, AS332L, and AS332L1 Helicopters**

**AGENCY:** Federal Aviation Administration, DOT.

**ACTION:** Final rule.

**SUMMARY:** This amendment adopts a new airworthiness directive (AD) for the specified Eurocopter France (ECF) model helicopters that requires inspecting each tail rotor blade de-icing rotating collector (collector) for radial play and rotation torque at specified intervals. If the play or torque exceeds the specified standard, this AD requires replacing the collector with an airworthy part. This amendment is prompted by excessive play measured on the collector of an ECF Model AS332 helicopter. The actions specified by this AD are intended to prevent wear of a collector bearing, loss of tail rotor effectiveness, and subsequent loss of control of the helicopter.

**EFFECTIVE DATE:** Effective October 21, 2002.

The incorporation by reference of certain publications listed in the regulations is approved by the Director of the Federal Register as of October 21, 2002.

**ADDRESSES:** The service information referenced in this AD may be obtained from American Eurocopter Corporation, 2701 Forum Drive, Grand Prairie, Texas 75053-4005, telephone (972) 641-3460, fax (972) 641-3527. This information may be examined at the FAA, Office of the Regional Counsel, Southwest Region, 2601 Meacham Blvd., Room 663, Fort Worth, Texas; or at the Office of the Federal Register, 800 North Capitol Street, NW., Suite 700, Washington, DC.

**FOR FURTHER INFORMATION CONTACT:** Jim Grigg, Aviation Safety Engineer, FAA, Rotorcraft Directorate, Rotorcraft Standards Staff, Fort Worth, Texas 76193-0110, telephone (817) 222-5490, fax (817) 222-5961.

**SUPPLEMENTARY INFORMATION:** A proposal to amend 14 CFR part 39 to include an AD for the specified ECF model helicopters was published in the **Federal Register** on June 7, 2002 (67 FR 39314). That action proposed to require

inspecting the radial play and the rotational torque on the collector initially and at specified intervals. If the radial play or the rotational torque exceeds 0.1 millimeter or 3.5 daN, respectively, the AD proposed replacing the collector with an airworthy part.

The Direction Generale De L'Aviation Civile (DGAC), the airworthiness authority for France, notified the FAA that an unsafe condition may exist on ECF Model SA330 helicopters. The DGAC advises of excessive play measured on the collector.

ECF has issued AS 332 Service Bulletin No. 05.00.45, Revision 1, dated August 16, 1999, and SA 330 Alert Service Bulletin No. 05.88, dated June 8, 2001. The service bulletins specify checking the condition of the bearings and the collector-to-rotor attachment shaft at regular intervals, measuring the radial play, measuring the rotation torque of the collector, and state the acceptable radial and rotational tolerances. The DGAC classified the service bulletins as mandatory and issued AD No. 2001-317-082(A), dated July 25, 2001, to ensure the continued airworthiness of these helicopters in France.

Interested persons have been afforded an opportunity to participate in the making of this amendment. No comments were received on the proposal or the FAA's determination of the cost to the public. The FAA has determined that air safety and the public interest require the adoption of the rule as proposed.

The FAA estimates that this AD will affect 3 helicopters of U.S. registry, that it will take approximately 2 work hours per helicopter to inspect and replace the collector, and that the average labor rate is \$60 per work hour. Required parts will cost approximately \$300. Based on these figures, the total cost impact of the AD on U.S. operators is estimated to be \$1260 to replace the collectors on the entire fleet.

The regulations adopted herein will not have a substantial direct effect on the States, on the relationship between the national Government and the States, or on the distribution of power and responsibilities among the various levels of government. Therefore, it is determined that this final rule does not have federalism implications under Executive Order 13132.

For the reasons discussed above, I certify that this action (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034, February 26, 1979); and (3) will not have a significant economic
