### **Temporary Protected Status (TPS) Beneficiaries Will Not be Entered in the FBI's National Crime Information Center (NCIC) Database**

The Immigration and Naturalization Service (INS) will not enter TPS beneficiaries into the FBI's NCIC database with other aliens who absconded from orders of deportation. INS has procedures in place to insure that TPS beneficiaries will not be entered into the NCIC lookout system. All TPS beneficiaries are protected from removal from the United States during the designated TPS period.
