

GET ON THE BUS TO OPEN SPACE!

How would you like a free fieldtrip to an Open Space area? The City of Albuquerque's Open Space Division and the Open Space Alliance have combined forces by offering transportation scholarships to Albuquerque-area teachers and their students. To apply for a scholarship, complete and return the enclosed application to the Open Space Division.

Please answer the following questions: (Use back of this page if needed)

1. Have you and your classes visited Open Space before? If so, what areas?
2. What other kinds of fieldtrips have you taken?
3. If chosen for a bus scholarship, what Open Space area would you choose for your fieldtrip and why? (Sandia Mt. Foothills, Rio Grande Bosque, Petroglyph National Monument, West Mesa Volcanoes, Los Poblanos Fields, Open Space Visitor Center)
4. How would you integrate this experience into your curriculum?

Scholarships will be awarded based on response and a cross-representation of the city.
