

§ 550.1301

5 CFR Ch. I (1–1–01 Edition)

(b) Any annual leave the agency recredits to the employee under paragraph (a) of this section is subject at the beginning of the next leave year to the maximum annual leave limitation established by 5 U.S.C. 6304(a), (b), (c), or (f), as appropriate, for the position in which the employee is reemployed, except as provided in paragraphs (c) and (d) of this section.

(c) If the amount of annual leave to be recredited under paragraph (a) of this section is more than the maximum annual leave limitation for the position in which reemployed, and the employee's former maximum annual leave limitation was established under 5 U.S.C. 6304(a), (b), (c), or (f), as appropriate, the agency must establish the employee's new maximum annual leave limitation on the date of reemployment as a personal leave ceiling equal to the amount of annual leave to be recredited under paragraph (a) of this section. The new maximum annual leave limitation is subject to reduction in the same manner as provided in 5 U.S.C. 6304(c) until the employee's accumulated annual leave is equal to or less than the maximum annual leave limitation for the position in which reemployed.

(d) If the amount of annual leave to be recredited under paragraph (a) of this section is more than the maximum annual leave limitation for the position in which the employee is reemployed, and the employee's former maximum annual leave limitation was established under an authority other than 5 U.S.C. 6304(a), (b), (c), or (f), as appropriate, the agency must establish the employee's new maximum annual leave limitation on the date of reemployment as a personal leave ceiling equal to the employee's former maximum annual leave limitation. The new maximum annual leave limitation is subject to reduction in the same manner as provided in 5 U.S.C. 6304(c) until the employee's accumulated annual leave is equal to or less than the maximum annual leave limitation for the position in which reemployed.

(e) When an employee is reemployed in a position listed in 5 U.S.C. 6301(2)(x)–(xiii), the agency must recredit and hold in abeyance the amount of annual leave that would

have been recredited under paragraph (a) of this section. The agency must include unused annual leave in a lump-sum payment when the employee becomes eligible for a lump-sum payment under § 550.1203. If the employee transfers from a position listed in 5 U.S.C. 6301(2)(x)–(xiii) to a position covered by subchapter I of chapter 63 of title 5, United States Code, or to a position under a different formal leave system to which his or her annual leave can be recredited, the employing agency must recredit the annual leave to the employee's credit as provided in paragraph (a) of this section.

(f) An agency must document the calculation of an employee's lump-sum payment as provided in § 550.1205(b) so as to permit the subsequent calculation of any refund required under § 550.1206(a) and any recredit of annual leave required under this section.

Subpart M—Firefighter Pay

AUTHORITY: 5 U.S.C. 5545b, 5548, 5553, and subsections (f) and (g) of section 628 as included in section 101(h) of Public Law 105–277.

SOURCE: 63 FR 64593, Nov. 23, 1998, unless otherwise noted.

§ 550.1301 Purpose, applicability, and administration.

(a) *Purpose.* This subpart provides regulations governing the pay of covered Federal firefighters. It implements sections 5542(f) and 5545b of title 5, United States Code, as added by section 628 of section 101(h) of Pub. L. 105–277, and must be read together with those sections of law.

(b) *Applicability.* This subpart applies to any firefighter as defined in § 550.1302.

(c) *Administration.* The head of an agency having employees subject to this subpart is responsible for the proper administration of this subpart.

§ 550.1302 Definitions.

In this subpart:

Annual rate of basic pay (except as otherwise provided in §§ 550.1305 and 550.1308) means the annual rate fixed under the rate schedule applicable to

the position held by the firefighter, including a locality rate schedule established under 5 U.S.C. 5304 or a special rate schedule established under 5 U.S.C. 5305, before any deductions and exclusive of additional pay of any other kind.

Basic 40-hour workweek means—

(1) A standard 40-hour workweek consisting of five 8-hour workdays that is part of the firefighter's regular tour of duty; or

(2) A designated block of hours within a firefighter's regular tour of duty that, on a fixed and recurring basis, consists of 40 hours of actual work during each administrative week (or 80 hours of actual work in each biweekly pay period), excluding sleep and stand-by duty hours, provided the regular tour of duty does not consist primarily of 24-hour shifts.

Firefighter means an employee—

(1) Who is in a position covered by the General Schedule and classified in the GS-081 Fire Protection and Prevention classification series, consistent with standards published by the Office of Personnel Management; and

(2) Whose regular tour of duty, as in effect throughout the year, averages at least 106 hours per biweekly pay period.

Firefighter hourly rate of basic pay means an hourly rate computed by dividing the applicable annual rate of basic pay by 2756 hours, as described in § 550.1303.

Irregular hours means hours of work that are outside a firefighter's regular tour of duty.

Overtime hours means hours of work in excess of 106 hours in a biweekly pay period, or, if the agency establishes a weekly basis for overtime pay computations, hours of work in excess of 53 hours in an administrative workweek.

Overtime pay means pay for overtime hours.

Regular tour of duty means a firefighter's official work schedule, as established by the employing agency on a regular and recurring basis (or on a temporary basis in cases where a temporary change in schedules results in a reduction in regular work hours or a change in the pay computation method used under § 550.1303). The tour of duty may consist of a fixed number of hours each week or a fixed recurring cycle of

work schedules in which the number of hours per week varies in a repeating pattern. The regular tour of duty includes only those overtime hours that are part of the fixed recurring work schedule. However, irregular hours are deemed to be included in a firefighter's regular tour of duty if those hours are substituted for hours in the regular tour of duty for which leave without pay is taken, as provided in § 550.1303(d).

§ 550.1303 Hourly rates of basic pay.

(a) For firefighters with a regular tour of duty that does not include a basic 40-hour workweek (e.g., firefighters whose schedules generally consist of 24-hour shifts with a significant amount of designated standby and sleep time), the hourly rate of basic pay is computed by dividing the applicable annual rate of basic pay by 2756 hours. The resulting firefighter hourly rate of basic pay is multiplied by all nonovertime hours to determine the pay for those hours.

(b) For firefighters with a regular tour of duty that includes a basic 40-hour workweek, the hourly rate of basic pay is computed by dividing the applicable annual rate of basic pay by—

(1) 2087 hours, for hours within the basic 40-hour workweek (or 80-hour biweekly pay period); and

(2) 2756 hours, for any additional non-overtime hours.

(c) A firefighter's daily, weekly, or biweekly rate of basic pay must be computed using the applicable rates, as derived under paragraphs (a) and (b) of this section.

(d) If a firefighter takes leave without pay during his or her regular tour of duty, the agency must substitute any irregular hours worked in the same biweekly pay period for those hours of leave without pay. (If the firefighter's overtime pay is computed on a weekly basis, the irregular hours must be worked in the same administrative workweek.) For firefighters whose regular tour of duty includes a basic 40-hour workweek, irregular hours must be substituted first for hours of leave without pay in the basic 40-hour workweek. Each substituted hour will be paid at the rate applicable to the hour
