APPORTIONMENT WORKSHEET

Don't fill in this schedule if all your business activities are within the transit district. **Note:** If you use the sales factor only, skip lines 1 and 2 of this worksheet. Fill in the percentage from line 3, column C, on line 2 on the front of the form.

	(A) Total within the district	(B) Total in and out of the district	(C) Percent within the district (A) ÷ (B)
1. Property Factor			
Value of real and tangible personal property used in the business <i>(owned, at average value; rented, at capitalized value)</i>			
a. Owned property <i>(at original cost; see instructions below)</i> :			
Inventories			
Buildings and other depreciable assets			
Land			
Other assets <i>(describe)</i> _____			
Less: construction in progress	()	()	
Total of section a			
b. Rented property <i>(capitalize at 8 times the rental paid)</i>			
c. Total owned and rented property	\$	\$	%
2. Payroll Factor			
Wages, salaries, commissions, and other compensation to employees	\$	\$	%
3. Sales Factor			
a. Sales delivered or shipped to purchasers in the district:			
(1) Shipped from outside the district			
(2) Shipped from inside the district			
b. Sales shipped from the district to:			
(1) The United States government <i>(see ORS 314.665(3) for exception)</i>			
(2) Purchasers in a state or country where business income is not taxable (e.g., under Public Law 86-272)			
c. Other business gross receipts			
d. Total sales and other business gross receipts	\$	\$	%
4. Sales factor <i>(same as line 3d)</i>	\$	\$	%
5. Total percent <i>(add items 1, 2, 3, and 4, column C)</i>			%
6. Average percent <i>(divide line 5 by the number of factors in column B (see below). Fill in here and on line 2 on the front of this form)</i>			%

Is some of your business activity carried on outside the Tri-Met transit district? Then you may use one of two methods to figure your apportionment factor.

1. Use the entire factor formula (above) to find the average percentage,
or
2. Use the sales factor only.

If you use the factor formula, you must count the sales factor twice.

Don't count any factor with a zero in column B. For example, if you have only sales and payroll in column B, divide the amount on line 5 by three factors.

If you choose to use the sales factor only, you must continue to use it in future years, unless the Oregon Department of Revenue allows you to change it.

PROPERTY FACTOR:

a. Owned property is valued at original cost. Show the average value during the taxable year of real and tangible personal property used in the business. This is the average of property values at the beginning and the end of the tax period. An average of the monthly values may be required if a more reasonable value results.

b. Rented property is valued at eight times the annual rent you pay. The annual rent paid must be reduced by nonbusiness subrentals.

Each item of owned or rented business property should be entered in column B. Business property within the district is entered in column A.

PAYROLL FACTOR: Compensation to employees for services performed must be included in the payroll factor. Payroll is assigned to the district if:

1. The services are performed entirely inside the district; **or**
2. The services are both in and out of the district, but those services outside are only incidental; **or**
3. Some of the services are performed in the district and, (a) the base of operation or control is located in the district or, (b) the base of operation or control is not in this state or in any state where the employee's services are performed, but the employee's residence is in the district.

SALES FACTOR: The sales factor is the percentage that sales, or other business gross receipts within the district bear to those everywhere for the taxable year. Other business gross receipts are any items other than sales of tangible personal property.

Amounts received for services should be entered on line 3(c), along with other business gross receipts. Charges for services are included in the district to the extent the services are performed in the district.

Sales of tangible personal property are assigned to the district if:

1. The property is shipped or delivered to a purchaser in the district; **or**
2. The property is shipped from a warehouse or other place of storage in the district; and (a) the purchaser is the U.S. government or, (b) the business income is not taxable outside the district or in the state of the purchaser. See ORS 314.665(3) for exceptions.
