Looking ahead to tax year 2003 ...

Apportionment

For tax years beginning on or after May 1, 2003, business income will be apportioned to Oregon by multiplying the income by a multiplier equal to 80 percent of the sales factor plus 10 percent of the property factor plus

10 percent of the payroll factor. Taxpayers primarily engaged in utilities or telecommunications will have a one-time election to apportion income from business activity using the double-weighted sales factor formula provided in ORS 314.650 (1999 edition). A later revocation of this election will be final.

2002 Filing information

General information

Changes to taxable income. Oregon tax law generally is tied to the federal tax law that is in effect for the taxpayer's tax year. Changes made to the definition of federal taxable income are effective for Oregon at the same time they are effective for federal purposes. Oregon's definition of taxable income for corporations is the same as for federal income tax purposes, except for required modifications found in the Oregon Revised Statutes (ORS). Oregon follows the federal provisions and tax treatment for S corporations owning qualified subchapter S subsidiaries (QSSS).

Consolidated returns. S corporations can not be included in consolidated federal returns. IRC 1361(b) provides that a corporation that is a QSSS is not treated as a separate corporation. All income, deductions, and credits of the QSSS will be treated as belonging to the parent S corporation.

Filing requirements

File **Form 20-S, Oregon S Corporation Tax Return**, if your corporation files federal Form 1120S and meets the excise tax or income tax filing requirements.

Check the appropriate box on Form 20-S to indicate whether this return is an **excise** or an **income** tax return.

Excise tax filing requirements

S corporations doing business in Oregon must file Form 20-S under the **excise** tax provisions in ORS Chapter 317.

"Doing business" means being engaged in any profit-seeking activity in Oregon not protected by Federal Public Law 86-272. A taxpayer having one or more of the following in this state is clearly doing business in Oregon:

- A stock of goods.
- An office.
- A place of business (other than an office) where affairs of the corporation are regularly conducted.

- "Doing business" also includes providing services to customers as the primary business activity or incidental to the sale of tangible or intangible personal property.

Excise tax filers with business activity in Oregon are subject to a **\$10 minimum tax**.

Corporations with **no business activity** in Oregon, even if registered to do business in the state, are **not** subject to the \$10 minimum tax and are not required to file a return. You may be subject to Oregon corporation income tax if you have income from an Oregon source.

If the S corporation has an **Oregon address**, generally the S corporation will file and pay excise tax.

Income tax filing requirements

S corporations that derive income from sources within Oregon, but whose income producing activity does not actually constitute "doing business" must file Form 20-S under the **income** tax provisions in ORS Chapter 318.

Income is from an Oregon source if it is derived from:

- Tangible or intangible property located in Oregon.
- Any activity carried on in Oregon, whether intrastate, interstate, or foreign commerce.

Income tax filers **are not** subject to a minimum tax.

When you file your first Oregon S corporation return, attach a copy of your federal S corporation election, federal Form 2553. Oregon accepts the S-Corp election made for federal purposes.

Shareholder returns

Shareholders who meet the Oregon filing requirements must file an individual income tax return. Refer to the Oregon full-year resident and the nonresident/part-year resident tax booklets.

Full-year residents file Form 40, part-year residents file Form 40P and nonresidents file Form 40N. Nonresident shareholders may choose to file an individual nonresident tax return or join with other nonresident

shareholders in filing a multiple nonresident tax return, Form 40N with Schedule MNR.

Resident shareholders are taxed on their pro rata share of S corporation income, loss, and deductions from the federal K-1s. Those amounts are modified by Oregon additions and subtractions.

Nonresident shareholders are taxed on their share of modified income from the Federal K-1s multiplied by the S corporation's apportionment percentage from **Schedule AP-1**, line 6. See ORS 314.734.

An S corporation's business tax credits can be claimed on the personal income tax return of its shareholders if the same credit is allowable for individuals. The credit is allowable for the tax year of the individual, in which the S corporation's tax year ends. Each shareholder is allowed their pro rata share of the tax credit subject to any limitations that may apply to the individual shareholder.

Multiple Nonresident Income Tax returns are filed by two or more nonresident shareholders. To be included in the multiple nonresident return, **all** the following conditions must be met:

- The shareholder must be an individual or electing small business trust (ESBT). Shareholders that are estates, trusts (other than ESBTs), partnerships, LLCs, LLPs, or S corporations cannot be included in the multiple nonresident filing; and
- The shareholder must be a full-year nonresident of Oregon; and
- The shareholder must have no other Oregon source income.

Multiple Nonresident Income Tax return instructions are available to explain:

- Allowed deductions;
- Allowed credits;
- Estimated tax payments;
- Due date;
- Additional information.

Multiple Nonresident Income Tax return instructions with Schedule MNR are available on our Web page or by calling. See "Taxpayer assistance" on page 16.

When is my return due?

Returns for the calendar year are due on or before April 15. When the 15th falls on a Saturday, Sunday, or legal holiday, the due date is the next business day. Returns for other tax periods are due on or before the 15th day of the month following the due date of the federal return. **Do not file your return before the end of your tax year.**

Oregon will not charge a **late filing penalty** if the return is filed by the Oregon due date, including extensions. Interest and a 5 percent **late payment penalty** are charged if the tax is not paid by the due date.

Extension of time for filing

If you need more time to file **both** your federal and your Oregon returns:

- Oregon accepts the extension you have for your federal return.
- Please note on your federal extension form, the name, address, federal identification number (FID), and Oregon business identification number (BIN) of the corporation filing the Oregon corporation return so that any payments made with the extension will be correctly applied.
- Attach a copy of your federal extension to the back of your Oregon return and mark the "**an extension is attached**" box on Form 20-S.
- To avoid penalty and interest, mail any tax due **with your extension** on or before the original due date of your return. **More time to file does not mean more time to pay your tax.**
- Use blue or black ink.
- Include your payment.
- Mail the extension request to: Oregon Department of Revenue, PO Box 14777, Salem OR 97309-0960.

If you need an extension of time to file for **Oregon only**, send us a federal extension form. Write "For Oregon Only" across the top and enter Oregon amounts.

We will notify you **only** if your extension is denied.

- **More time to file does not mean more time to pay your tax!**
Even if you have an extension, any tax due must be paid on or before the original due date of the return.
- **Do not send a copy of Form 20-S with your extension request.**

When you file your return:

- Include a copy of your extension with your return.
- Put the extension at the back of the Oregon return and schedules. It should be the last item before the federal corporation return.
- Check the box on Form 20-S indicating "**an extension is attached.**"
- Include the amount you paid with your extension on Form 20-S, line 14.

Amended returns

If you change net income by amending your federal return, you must file an amended Oregon return within 90 days. Attach a copy of your amended federal return to your amended Oregon return and explain the adjustments. File an amended return using the appropriate form for the year of the original return and check the box indicating "**this is an amended return.**" If you filed Form 20-S and later determined you should file Form 20, check the "This is an amended return" box on your amended Form 20.

On the line for estimated tax payments, enter the net income or excise tax from your original return. Add or subtract prior tax adjustments to your original return tax amount.

Pay all tax and interest due when you file an amended return or within 30 days after receiving a billing notice from the department. Otherwise, you may be charged a 5 percent late payment penalty.

Deferred gain

Corporations may now defer, for Oregon tax purposes, all gains realized in the exchange of like-kind property and involuntary conversions under IRC § 1031 or 1033, even though the replacement property is outside Oregon. Oregon will tax the deferred gain when it is included in federal taxable income.

Attach a copy of Oregon Form 24 to the back of your Oregon return and check the box indicating **“Form 24 is attached”** if **all** of the following apply:

- The corporation reported deferred gain on a federal Form 8824;
- All or part of the property given up was located in Oregon; and
- All or part of the acquired property was located outside of Oregon.

Federal audit changes

If the IRS changes your federal net income for any tax year, you must notify the Oregon Department of Revenue. File an amended Oregon return and attach a copy of the federal audit report. Mail this separately from your current year’s return to: Oregon Department of Revenue, PO Box 14777, Salem OR 97309-0960. If you don’t amend or send a copy of the federal report, the Oregon Department of Revenue has two years from the date the department is notified of the change by the IRS to issue a deficiency notice. You **must** file an amended return within two years after the date of the federal report to receive a refund.

Questions

Answer questions A through J. Furnish additional information where necessary.

Tax computation for S corporations with federal taxable income or LIFO benefit recapture

Line 1. Income taxed on federal Form 1120S. On line 1(a), enter the amount from Form 1120S, Schedule D, Part III, line 17. To determine the amount to enter on line 1(b), refer to federal Form 1120S **instructions**, "**Worksheet for line 22a**" **line 10**. On Oregon Form 20-S, enter the total of lines 1(a) and 1(b) on line 1. **Do not complete these lines unless you have taxable income and tax on federal Form 1120S.**

Line 2. Additions. Enter only additions that apply to taxable income included in line 1. See ORS 317.259 through 317.488. Examples of additions that apply to S corporation income are:

- State, municipal, or other interest income excluded from federal taxable income. Reduce the addition by any interest incurred to carry the obligations and by any expenses incurred in producing this interest income. Income tax filers should not include interest on State of Oregon obligations.
- Oregon excise tax and other state or foreign taxes on or measured by net income or profits.
- The difference in gain or loss on sale of business assets when the Oregon basis is less than it is for federal purposes.

Line 3. Subtractions. Enter only subtractions that apply to income included in line 1. See ORS 317.259 through 317.488. Examples of subtractions for S corporations are:

- The difference in gain or loss on sale of assets when the Oregon basis is greater than it is for federal purposes.
- The amount of capital gains from sale of farm assets that were included on line 1a or 1b as provided in ORS 317.063. This gain is taxed on line 8.

Line 10. Credits against tax. For tax years beginning on or after January 1, 2001, a taxpayer claiming a credit against tax must claim the full amount of any tax credit that is allowed for the tax year, to the extent of the tax liability.

Only credits carried forward from C corporation years are allowed to offset the tax on built-in gains [ORS 314.740(5)(b)]. No credits are allowed to offset the tax on excess net passive income. Attach a schedule and the required credit form listed below. Credits with a carry-over provision are:

- Advanced telecommunications facilities (ORS 315.511).
- Alternative fuel vehicle fueling station (ORS 317.115).
- Bone marrow donation program (ORS 315.604).

For more information, see the information circular *Tax Credits for Corporations* (150-102-694). See page 16 to order the circular or go to our Web site at www.dor.state.or.us.

Line 12. Tax adjustment for LIFO benefit recapture. Make this adjustment in the first three years after a C corporation becomes an S corporation. Add one-third of the tax that was deferred on the last C corporation return.

Line 14. Estimated tax payments and other prepayments. Fill in the total estimated tax payments for tax year 2002 from Schedule ES. Include payments made with an extension.

Line 17. Penalty. Include a penalty payment if you:

- Mail your tax due after the original due date (even if you have an extension), **or**
- File your excise tax return with tax due after the due date, including any extension.

The penalty is 5 percent of the unpaid balance of your tax.

If you get an extension, the penalty will not be charged if you:

- Pay at least 90 percent of the tax due on or before the original due date of the return, **and**
- Pay the balance of tax when you file within the extension period, **and**
- Pay any interest due either when the return is filed or within 30 days of billing by the department.

If you **file more than three months** after the original or extended due date, you must pay an additional penalty of 20 percent of the unpaid tax. If you do not file returns for three consecutive years by the due date of the third year's return, including extensions, you must pay a 100 percent penalty on the tax liability for each tax year.

Line 18. Interest. If you do not pay the tax by the due date, interest will be charged on the unpaid tax. Interest periods generally begin on the 16th day of the month the return is due. Returns are due on the 15th unless the 15th falls on a Saturday, Sunday, or holiday. Interest is figured daily for periods of less than a month. A month, for example, is May 16 to June 15. Interest rates may change once a calendar year.

To calculate interest due:

- Tax × Annual interest rate × Number of full years.
- Tax × Monthly interest rate × Number of months.
- Tax × Daily interest rate × Number of days.

The chart below shows the interest rates and effective dates.

Interest Rates			
For periods beginning	Annual	Monthly	Daily
January 1, 2001	10%	0.8333%	0.0274%
February 1, 2002	8%	0.6667%	0.0219%
February 1, 2003	7%	0.5833%	0.0192%

Interest accrues on any unpaid tax during an extension of time to file.

Additional interest on deficiencies and delinquencies.

Interest will increase by one-third of 1 percent per month (4 percent yearly) on deficiencies or delinquencies if the following occurs:

- You file a return showing tax due, or the Department of Revenue has assessed an existing deficiency, **and**
- The assessed tax is not paid within 60 days after the notice of assessment is issued, **and**
- You have not filed a timely appeal.

Line 19. Interest on underpayment of estimated tax (UND). You have an underpayment if your tax due is over \$500 and you paid less than 100 percent of the tax due on each estimated tax payment due date. If you have an underpayment or meet an exception to paying UND, you must file Form 37, *Underpayment of Oregon Corporation Estimated Tax*. Form 37 and information is available on the Internet at www.dor.state.or.us, or see "Taxpayer Assistance" on page 16. **Attach Form 37 to your return and check the "Form 37 is attached" box.**

Line 21. Total due. Attach a check or money order to your return. Make your check or money order payable to "**Oregon Department of Revenue.**" Write your Oregon business identification number, federal identification number, and 2002 on your check. Do not send cash or postdated checks. Please use blue or black ink on your check.

Special instructions. Do you owe penalty or interest and have an overpayment on line 16? If your overpayment is less than the total penalty and interest, fill in the result of line 20 minus line 16, on line 21.

Schedule AP instructions

Schedule AP—Apportionment and allocation

Apportionment is dividing business income between the states by use of a formula. **Allocation** is the assignment of specific nonbusiness income to a state. A corporation having unitary business activities both inside and outside Oregon must use the apportionment and allocation methods provided under the Uniform Division of Income for Tax Purposes Act (ORS 314.605 through 314.690) and administrative rules.

The following businesses use modified or different apportionment factors as provided in the following Oregon Administrative Rules (OARs) and laws:

Airlines OAR 150-314.280-(I)
Financial corporations OAR 150-314.280-(N)
Health care service contractors ... OAR 150-314.280-(E)
Insurance companies ORS 317.660
Interstate broadcasters ORS 314.682–314.686
OAR 150-314.684 (4)
OAR 150-314.686

Interstate river transportation companies OAR 150-314.280-(L)

Long-term construction contractors OAR 150-314.615-(F)

Movie and television production companies OAR 150-314.615-(H)

Railroads OAR 150-314.280-(H)

Sea transportation companies OAR 150-314.280-(K)

Title insurance companies OAR 150-314.280-(E)

Trucking companies OAR 150-314.280-(J)

Oregon income is the total of the corporation's apportioned and allocated income assigned to Oregon.

Schedule AP must be completed by each corporation carrying on a unitary business both inside and outside Oregon. If another method of assigning income is proposed, Schedule AP must still be completed.

A negative amount is not accepted. Enter zero if the factor is less than zero.

Qualified subchapter S subsidiaries (QSSS). Include property, payroll and sales of a QSSS in the parent corporation's factors for apportionment.

Schedule AP-1—Apportionment formula

Property factor. (1) Value owned property at original cost. Show the average value during the taxable year of real and tangible personal property used in the business. This is the average of property values at the

beginning and end of the tax period. An average of the monthly values may be required if a more reasonable value results.

(2) Value rented property at eight times the annual rental value. Reduce the annual rental value by non-business subrentals.

Enter all owned or rented business property in Column B of Schedule AP-1. Enter business property within Oregon in Column A. See ORS 314.655 and administrative rules.

Payroll factor. Assign payroll to Oregon if:

- The services are performed entirely inside Oregon; **or**
- The services are performed both inside and outside Oregon but those services performed outside are only incidental; **or**
- Some of the services are performed in Oregon and (a) the base of operation or control is located in Oregon, or (b) the base of operation or control is not in any state in which the services are performed and the employee's residence is in Oregon.

See ORS 314.660 and administrative rules.

Sales factor. Assign sales to Oregon if:

- The property is shipped or delivered to a purchaser in Oregon other than the United States Government; **or**
- The property is shipped from a warehouse or other place of storage in Oregon and (a) the purchaser is the United States Government, or (b) the corporation is not taxable in the state of the purchaser. See ORS 314.665(3) for exception.

See ORS 314.620 and Public Law 86-272 to determine if a corporation is taxable in another state.

Charges for services are Oregon sales to the extent the services are performed in Oregon. See ORS 314.665 and administrative rules.

Gross receipts from the sale, exchange, or redemption of intangible assets cannot be included in the sales factor if not derived from your primary business activity. If the resulting gains are business income, the net gains attributable to these sales must be included in the sales factor.

Line 6. Average percent. Divide the sum of the property percentage, the payroll percentage, and two times the sales percentage by 4 if you had all of these factors. Reduce the denominator of 4 by the number of factors with a zero denominator. Example: If you had no payroll anywhere, your payroll percentage would have a zero denominator and the sum of the factors would be divided by 3 (if no sales anywhere, divide by 2).

Schedule AP-2—Computation of taxable income

Business and nonbusiness income. “Business income” is income arising from transactions and activities in the regular course of the taxpayer’s business. It includes income from tangible and intangible property related to the regular business operation.

Examples of business income are:

- Sales of products or services;
- Rents, if property rental is a related business activity;
- Royalties, if the patent, processes, etc., were developed by or used in the business operation;
- Gain or loss on the disposal of business property;
- Interest income on trade receivables or installment contracts arising out of the business or from the investment of working capital.

“**Nonbusiness income**” means all income other than business income. Rents, royalties, gains or losses, and interest also can be nonbusiness income if they arise from investments not related to the taxpayer’s business. Non-business income is allocated to a particular state based upon the source of the income. Gain or loss from the sale

of a partnership interest may be allocable to Oregon. See ORS 314.635(4). **A schedule of nonbusiness income must be attached to the return.** The amounts allocable to Oregon must be added to Oregon’s apportioned income. See ORS 314.610 and administrative rules.

Line 3. Subtract: Gains from prior year installment sales included in line 1. OAR 150-314.615-(G) requires that installment gains be apportioned to Oregon using the average percent from the year of the sale rather than the year payment is received.

Line 8. Add: Gains from prior year installment sales apportioned to Oregon. Multiply the installment gains subtracted on line 3 by the average percent from the year of the sale. Also add the tax on certain long-term capital gains from the sale of farm property per ORS 317.063 and attach Worksheet FCG-20 to the back of your return.

Line 10. Net loss deduction (for S corporations only). Only the Oregon net loss carried over from a year in which the corporation was a C corporation shall be allowed as a deduction. Only income from built-in gains may be offset by net loss deductions. See ORS 314.740(4).
