This publication is a guide, not a complete statement, of Oregon Revised Statutes (ORS) or Oregon Department of Revenue Administrative Rules (OAR). For more information, refer to the laws and rules on our website, www.oregon.gov/DOR.

New information

General information

Reportable transactions (SB 39). Oregon now has a mandatory reporting requirement for participation in listed or reportable transactions. If you are required to report listed or reportable transactions to the IRS on Form 8886 or if you participated in a real estate investment trust (REIT) or regulated investment company (RIC) as defined in Senate Bill 39 of the 2007 Oregon Legislature, you must check the "Form 8886/REIT/RIC" box.

Schedule AP. *The Apportionment Schedule* (150-102-171) has been removed from the specific tax booklets. It is now a separate form that will work for all corporate and partnership taxpayers.

Learn more about the *Apportionment Schedule* on www.oregon.gov/DOR.

Subtractions

Sale of manufactured dwelling park (ORS 317.401). Amounts received as a result of the sale of a manufactured dwelling park to a tenant's association, facility purchase association, or tenant's association supported nonprofit organization as described in ORS 90.820; to a community development corporation as described in ORS 458.210; or to a housing authority as defined in ORS 456.005 are exempt from the corporation income tax. The effective date of this subtraction has been extended to tax years beginning before January 1, 2014.

Credits

Biofuel producer credit (Chapter 739, 2007 Oregon Laws). An agricultural producer or collector of biomass will be allowed a credit for biomass that is used in Oregon as biofuel or to produce biofuel. The amount of the credit is determined by the quantity of the biomass multiplied by the appropriate rate set by statute. This credit may be transferred to another taxpayer after notice is given to the Department of Revenue.

Energy conservation credit (ORS 315.354, 315.356). This credit has been expanded to give facilities that use or produce renewable energy resources or is a renewable energy resource equipment manufacturing facility a tax credit equal to 10 percent of the certified cost for five years. There are also new requirements for installations in single-family homes, high-performances homes and homebuilder-installed systems.

Diesel engine replacement credit (notes following ORS 315.356). There are new requirements to qualify for this credit, the engine emissions must be 0.01 grams per brake horsepower-hour or less of particulate matter. The maximum amount of credits that may be certified is \$500,000 or less per calendar year. Qualifying purchases may be made through 2011.

Film production development contribution credit (ORS 315.514). The total amount of credits that may be certified by the Oregon Film and Video Office has increased to \$5 million per fiscal year. The credit must be first claimed in a tax year beginning before January 1, 2012.

One-time small sales credit (HB 2031). To qualify for this one-time credit the filing entity must be a C corporation with Oregon sales of less than \$5 million for the tax year. The amount of the credit is equal to 67 percent of the tax after all other credits.

Looking ahead

Credits

Diesel engine repower and retrofit credit (HB 3201). A credit is available for 25 percent of the certified cost for repower and 50 percent of the certified cost for retrofit. Certification will be done by The Environmental Quality Commission who will also establish, by rule, standards to qualify for the credit. This credit may be transferred to another taxpayer when notice is given to the Department of Revenue. This credit will be available in tax years beginning on or after January 1, 2008.

Filing information

Who must file in Oregon?

Corporations that have income from an Oregon source are required to file an *Oregon Corporation Income Tax Return* (Form 20-I) and pay an income tax on income taxable to Oregon.

Important information

For processing your return

- **Payments.** Please write the following information on your payments:
 - Federal employer identification number (FEIN).
 - Oregon business identification number (BIN).
 - Tax year 2007.
- Enclose your payment and payment voucher (Form 20-V) with your Oregon return. Do not staple your payment or your voucher to the tax return.
- **Estimated payments.** Please identify all estimated payments claimed by completing Schedule ES on your return. Include the corporation name and FEIN if a payment was made by an affiliate of the filing corporation.
- **Oregon business identification number.** Each corporation is identified by a BIN assigned by the department. You have a BIN if you have made payments to the state of Oregon for payroll taxes; workers' compensation; unemployment; or estimated tax for corporation, excise, or income tax payments. **If you do not have a BIN, one will be assigned when your return is received.**

Estimated tax

If you expect to owe tax of \$500 or more, the corporation is required to make estimated tax payments. Oregon estimated

tax laws are not the same as federal estimated tax laws. Use Oregon instructions to determine if you need to make estimated tax payments for 2008.

To make estimated tax payments, include Form 20-V with your payment and mail to:

Oregon Department of Revenue
PO Box 14780
Salem OR 97309-0469.

Electronic funds transfer (EFT). You must make your Oregon estimated tax payments by EFT if you are required to make federal estimated tax payments by EFT. Information is available at www.oregon.gov/DOR or by calling the EFT help/message line at 503-947-2017.

Interest on underpayment of estimated tax

You may owe interest on any underpayment of estimated tax. To avoid an interest charge, make estimated tax payments as required. If you have an underpayment, refer to Form 37, *Underpayment of Oregon Estimated Tax*.

Oregon tie to federal tax law

There is a retroactive connection to federal changes made since December 31, 2006 to the definition of federal taxable income, with two exceptions:

- No connection to the qualified production activities income (QPAI) deduction. An addition on the Oregon return is required, effective January 1, 2005.
- No connection to certain subsidies for prescription drug plans, effective January 1, 2008.

Effective January 1, 2005, an automatic connection to future changes to the federal definition of taxable income applies in Oregon, unless a specific Oregon law provides for different treatment.

Oregon’s computation of taxable income for corporations begins with federal taxable income, with modifications required under Oregon tax law.

What form do I use?

Oregon follows the federal entity classification regulations. If an entity is classified or taxed as a corporation for federal income tax purposes, it will be treated as a corporation for Oregon tax purposes.

Form 20-I—Oregon corporation income tax filing requirements

File **Form 20-I**, *Oregon Corporation Income Tax Return*, if your corporation has income from sources within Oregon, but the income-producing activity does not actually constitute “doing business.”

Income is from an Oregon source if it is derived from:

- Tangible or intangible property located in Oregon; or
- Any activity carried on in Oregon, whether intrastate, interstate, or foreign commerce.

Do not use Form 20-I if your corporation is doing business in Oregon. Instead, use Form 20, *Oregon Corporation Excise Tax Return*.

There is no minimum tax for corporate income tax filers.

Certain exempt nonprofit corporations and private foundations must file and pay tax on income that is unrelated to the organization’s exempt purposes (ORS 317.920). Lobbying expenses are subject to tax under IRC 6033(e). Learn more about Information for Tax-Exempt Organizations on www.oregon.gov/DOR.

Form 20—Oregon corporation excise tax filing requirements

File **Form 20**, *Oregon Corporation Excise Tax Return*, if you are doing business in Oregon.

“Doing business” means being engaged in any profit-seeking activity in Oregon not protected by federal Public Law 86-272. A taxpayer having one or more of the following in this state is clearly doing business in Oregon:

- A stock of goods.
- An office.
- A place of business (other than an office) where affairs of the corporation are regularly conducted.
- Employees or representatives providing services to customers as the primary business activity, such as accounting or personal service, or services incidental to the sale of tangible or intangible personal property, such as installation of a product or warranty work.
- An economic presence through which the taxpayer regularly takes advantage of Oregon’s economy to produce income.

Generally, if you have an Oregon address, you file a Form 20.

Domestic and foreign **insurance companies** subject to the Oregon excise tax are required to file a Form 20-INS.

Excise tax is a tax for the privilege of doing business in Oregon. It is measured by net income. All interest is included in income, no matter what its source. This includes interest on obligations of the United States, its instrumentalities, and all of the 50 states and their subdivisions.

Excise tax filers are subject to a **minimum tax**.

Corporations with **no business activity** in Oregon, even if incorporated in or registered to do business in the state, are **not** subject to the minimum tax, and are not required to file an excise tax return.

You may be subject to Oregon corporation income tax if you have income from an Oregon source.

Filing requirements

Consolidated returns (ORS 317.705–317.725). If a corporation is a member of an affiliated group of corporations that filed a consolidated federal return, it must file an Oregon return based on that federal return.

A consolidated Oregon return is required when two or more affiliated corporations are:

- Included in a consolidated federal return;

- Unitary; and
- At least one of the affiliated corporations is doing business in Oregon or has income from Oregon sources.

Unitary business. A unitary business is one that has, directly or indirectly between members or parts of the enterprise, either a sharing or an exchange of value shown by:

- Centralized management or a common executive force.
- Centralized administrative services or functions resulting in economies of scale.
- Flow of goods, capital resources, or services showing functional integration.

Corporations that are not unitary are excluded from the consolidated Oregon return.

Separate returns. Any corporation that files a separate federal return must file a separate Oregon return if they are doing business in Oregon or have income from an Oregon source.

A corporation subject to Oregon taxation must also file a separate Oregon return if it was included in a consolidated federal return, but was not unitary with any of the other affiliates. Oregon taxable income is computed by subtracting the income of the non-unitary affiliates from the taxable income from the consolidated federal return.

Publicly traded partnerships

A “publicly traded partnership” is a partnership treated as a corporation for federal income tax purposes under IRC 7704.

The partners in a publicly traded partnership are not subject to tax on their distributive shares of partnership income. The publicly traded partnership is subject to corporation excise tax if it is doing business in Oregon or corporation income tax if it has income from an Oregon source.

REMICs (ORS 314.260)

A REMIC (Real Estate Mortgage Investment Conduit) must file Form 20-I if it derives prohibited transaction income from Oregon sources or has any resident holders of a residual interest. Income is from an Oregon source if it is derived from tangible property located in Oregon or from intangible property that is used in an Oregon business.

All REMICs required to file must file Form 20-I and attach a complete copy of federal Form 1066. The REMIC must also attach a federal Schedule Q for each residual interest holder for each quarter of the tax year. See the instructions for line 16 if net income is received from prohibited transactions.

Limited Liability Companies (LLC)

An LLC can be taxed as a partnership or a corporation. Oregon follows federal law in determining how an LLC is taxed.

An LLC taxed as a corporation must file an *Oregon Corporation Excise Tax Return* (Form 20) if doing business in Oregon, or an *Oregon Corporation Income Tax Return* (Form 20-I) if not doing business in Oregon but the LLC is receiving income from an Oregon source.

An LLC taxed as a partnership must file an Oregon partnership return (Form 65) if doing business in Oregon, receiving income from an Oregon source, or if it has any Oregon resident members. If the LLC has a corporate member, the member is taxed on its share of the LLC’s Oregon income.

If an LLC is part of a corporation’s overall business operations and is treated as a partnership, include the corporation’s ownership share of LLC property, payroll, and sales in the apportionment percentage calculation on Schedule AP-1. See OAR 150-314.650.

Foreign LLCs are identified as unincorporated associations organized under the laws of a state other than Oregon, or a foreign country. Effective in 2005, Oregon’s definition of a foreign LLC no matter when organized, includes an unincorporated association organized under the laws of a federally recognized American Indian tribe.

Political organizations

Political organizations (campaign committees, political parties) normally do not pay state or federal taxes. However, income earned from investments is taxable. Examples include interest earned on deposits, dividends from contributed stock, rents or royalties, and gains from the sale of contributed property.

Political organizations that are **incorporated** must file Form 20, *Oregon Corporation Excise Tax Return*. **Unincorporated** political organizations with taxable income are treated as corporations and must file Form 20-I, *Oregon Corporation Income Tax Return*. Unincorporated political organizations with no taxable income do not have to file an Oregon corporation tax return.

Learn more about Political Organizations on www.oregon.gov/DOR.

When is my return due?

Returns are due on or before the 15th day of the month following the due date of the federal return. When the 15th falls on a Saturday, Sunday, or legal holiday, the due date is the next business day. **Do not file your return before the end of your tax year.**

Interest and a 5 percent **late payment penalty** are charged if the tax is not paid by the due date.

If you have an extension, the late payment penalty will not be charged if you:

- Pay at least 90 percent of the tax due on or before the original due date of the return; **and**

- Pay the balance of the tax when you file within the extension period; **and**
- Pay any interest due either when the return is filed or within 30 days of the department's billing.

Extension of time for filing

If you need more time to file **both** your federal and Oregon returns:

- Oregon accepts the extension you have for your federal tax return.

If you need an extension of time to file for *Oregon only*:

- Use federal extension Form 7004, complete the header information and answer question 4, leave the rest of the form blank.
- Write "For Oregon only" at the top of the form.
- **Do not** send the federal Form 7004 to the department before you file your Oregon return.

Making an extension payment

- Please use Form 20-V when making a payment. Do not use Form 20-V as an extension form.
- Check the "Extension" box on Form 20-V.
- Form 20-V is available at www.oregon.gov/DOR.
- Make check payable to "**Oregon Department of Revenue.**" To ensure proper credit to your account, write the BIN (if known), FEIN, and tax year of the filer corporation on your check.
- **Do not** send a copy of your return or federal extension with your payment.
- Mail any tax due on or before the original due date of your return to avoid penalty and interest. **More time to file does not mean more time to pay your tax.**
- **Mail your payment with Form 20-V to:**

Oregon Department of Revenue
PO Box 14780
Salem OR 97309-0469

When you file your return

- Attach a copy of your extension to the **back** of your Oregon return. It should be the last item before the federal corporation return (see "How to assemble your Oregon tax return").
- Check the "Extension" box on your return.
- Enter the amount of tax paid with your extension on Schedule ES, line 6.

Federal audit changes

If the IRS changes your federal net income for any tax year, you must notify the Oregon Department of Revenue. File an amended Oregon return and attach a copy of the federal audit report. Mail this separately from your current year's return to:

Oregon Department of Revenue
PO Box 14777
Salem OR 97309-0960.

If you do not amend or send a copy of the federal report, the Oregon Department of Revenue has two years from the date the department is notified of the change by the IRS to issue a deficiency notice. You **must** file an amended return within two years after the date of the federal report to receive a refund.

Amended returns

If you change taxable income by amending your federal return, you must file an amended Oregon return within 90 days. Attach a copy of your amended federal return to your amended Oregon return and explain the adjustments made. Use the form for the tax year you are amending and check the "**Amended**" box.

On the line for estimated tax payments, enter the net income tax per the original return. Add or subtract prior tax adjustments to your original return.

Do not amend your Oregon return if you amend the federal return to carry a **net operating loss back** to prior years. Oregon allows corporations to carry net operating losses forward, but not back. See instructions for Schedule AP-2, line 10 (150-102-171).

Capital losses must be carried back three years and then forward five tax years.

Pay all tax and interest due when you file an amended return or within 30 days after receiving a billing notice from the department. Otherwise, you may be charged a 5 percent late payment penalty.

An amended return may be filed as a protective claim to extend the statute of limitations for a refund request for a tax year while an issue is being litigated. Check the box indicating "Amended" and write the words "Protective Claim for refund" at the top. We will hold your protective claim until you notify us the litigation has been completed.

Note: If a deficiency is assessed against any taxpayer as a result of the retroactive adoption of federal law changes, the department will cancel any penalty or interest pertaining to these changes. If a taxpayer files an amended return showing a refund due based on the retroactive adoption of federal law changes, the department will not pay interest.

Deferred gain

Corporations may defer, for Oregon tax purposes, all gains realized in the exchange of like-kind property and involuntary conversions under IRC schedule 1031 or 1033, even though the replacement property is outside Oregon. Oregon will tax the deferred gain when it is included in federal taxable income.

Attach a copy of your Oregon Form 24 to the back of your Oregon return and check the “**Form 24**” box if **all** of the following apply:

- The corporation reported deferred gain on a federal Form 8824;
- All or part of the property given up was located in Oregon; and
- All or part of the acquired property was located outside of Oregon.

See OAR 150-314.650 and 150-314.665(5) regarding apportionment of deferred gain.

Form 20-I instructions

Heading

Generally, a consolidated Oregon return is filed in the name of the common parent corporation. If the parent corporation does not have income from Oregon sources, file the return in the name of the member of the group having the greatest presence in Oregon. “Having the greatest presence” means the member that has the largest Oregon property value as determined under ORS 314.655 (see Schedule AP-1, Property Factor).

- **Oregon business identification number (BIN).** Your Oregon business identification number is required unless this is your first return filed. A number will be assigned to you when you file your first return.

Form 8886/REIT/RIC. Oregon now has a mandatory reporting requirement for participation in listed or reportable transactions. If you are required to report listed or reportable transactions to the IRS on Form 8886, or if you participated in a real estate investment trust (REIT) or regulated investment company (RIC) as defined in Senate Bill 39 of the 2007 Oregon Legislature, you must check the “Form 8886/REIT/RIC” box. Retain Form 8886 with your Oregon tax records. Do not attach a copy to your Oregon return.

State School Fund. Not applicable for tax year 2007.

Questions

Question E(1). If you checked the box, attach a list of the corporations included in the consolidated **federal** return.

Question E(2). If you checked the box, complete **Schedule AF**, Schedule of Affiliates, to list only the corporations included in the consolidated **Oregon** return that:

- Are “doing business” in Oregon; **or**
- Have income from Oregon sources.

Question E(3). If you checked the box, attach a list of corporations included in the consolidated federal return that are not included in this Oregon return. List each corporation’s name, business identification number (if any), and federal employer identification number.

Question F. A “**low-income taxpayer**” is one that did not have federal taxable income, before net operating loss and capital loss carryovers and carrybacks of \$1 million or more in any one of the last three tax years, not including the current year.

Questions G. If the Oregon corporation is a subsidiary in an affiliated group, or a parent subsidiary controlled group, enter the name and FEIN of the parent corporation. For definition of a subsidiary in an affiliated group or a parent subsidiary controlled group, see IRS Form 1120, Schedule K.

Question L. Taxpayers primarily engaged in utilities or telecommunications may elect to apportion income using double-weighted sales factor formula [OAR 150-314.280(3)]. Check the box if making this election.

For tax years beginning on or after July 1, 2005, taxpayers in the forest products industry that own or manage at least 300,000, but not more than 400,000 acres, and process at least 20 percent of the total wood chip supply for papermaking from sawmill residue generated within the state, are required to use the double-weighted sales factor provided in ORS 314.650. Check the box if you fit this requirement.

Question M. Non-apportioning corporations, enter the amount of Oregon sales, as defined by ORS 314.665. **This information is necessary in order to determine eligibility for the one-time small sales credit for C corporations.**

Oregon sales can be calculated by adding the following:

- Gross receipts from sales of inventory (less returns and allowances), equipment and other assets;
- Gross receipts from the sale or lease of intangible property if it is part of the corporation’s primary business;
- Gross rent and lease payments received;
- Gross receipts from the performance of services; and
- Net gains from the sale of intangible property if it is not a part of the corporation’s primary business.

Line 21. One-time small sales credit. To be eligible for this credit the filing corporation must be a C corporation with Oregon sales of less than \$5 million for the tax year. The amount of the credit is equal to 67 percent of the tax after credits (line 20). Taxpayers that are public utilities, financial

organizations, insurers, taxpayers with income from long-term construction contracts, motion picture and television film producers, publishers, and interstate broadcasters and apportion their income should see OAR 150 chapter 00004, Oregon Laws 2007 to compute Oregon sales. Taxpayers that are not required to apportion their income should follow the instructions for question M on page 10.

Line 22. Tax adjustment for LIFO benefit recapture. This amount is a subtraction. Oregon has adopted the provisions of IRC 1363(d) for S corporations. **LIFO benefits are included in taxable income for the last year of the C corporation under these provisions.** On a separate schedule, compute the difference between tax (after credits and any surplus refund) on income per the return and income without the recapture of LIFO benefits. Multiply this difference by 75 percent and enter the result on line 22 as a subtraction. Attach the computation schedule to the Oregon return.

On the tax adjustment line of each of the first three returns of the new S corporation, add one-third of the tax that was deferred from the last year of the C corporation (ORS 314.750).

Line 24. Estimated tax payments. Fill in the total estimated tax payments for tax year 2007 from Schedule ES. Include payments made with an extension.

Line 27. Penalty. Include a penalty payment of 5 percent of the unpaid balance of your tax if you:

- Mail your payment of tax due after the original due date (even if you have an extension); **or**
- File your tax return showing tax due after the due date, including any extension.

If you have an extension, the late payment penalty will not be charged if you:

- Pay at least 90 percent of the tax due on or before the original due date of the return; **and**
- Pay the balance of the tax when you file within the extension period; **and**
- Pay any interest due either when the return is filed or within 30 days of the department's billing.

If you **file more than three months** after the original or extended due date, add an additional penalty of 20 percent of the unpaid tax. If you do not file returns for three consecutive years by the due date of the third year's return, including extensions, you must pay a 100 percent penalty on the tax liability for each tax year.

Line 28. Interest. If you do not pay the tax by the due date, interest will be charged on the unpaid tax. Interest periods generally begin on the 16th day of the month the return is due. Returns are due on the 15th unless the 15th falls on a Saturday, Sunday, or holiday. Interest is figured daily for periods of less than a month. A month, for example, is May 16 to June 15. Interest rates may change once a calendar year.

To calculate interest due:

- Tax × Annual interest rate × Number of full years.
- Tax × Monthly interest rate × Number of months.
- Tax × Daily interest rate × Number of days.

Interest rates and effective dates:

For periods beginning	Annual	Monthly	Daily
January 1, 2007	9%	0.75%	0.0247%
January 1, 2008	9%	0.75%	0.0247%

Interest accrues on any unpaid tax during an extension of time to file.

Learn more about Computing Interest on Tax You Owe on www.oregon.gov/DOR.

Additional interest on deficiencies and delinquencies.

Interest will increase by one-third of 1 percent per month (4 percent yearly) on deficiencies or delinquencies if the following occurs:

- You file a return showing tax due, or the Department of Revenue has assessed an existing deficiency, **and**
- The assessment is not paid within 60 days after the notice of assessment is issued, **and**
- You have not filed a timely appeal.

Line 29. Interest on underpayment of estimated tax. You have an underpayment if you paid less than 100 percent of the tax due on each estimated tax payment due date. Interest on underpayment will not be imposed if net tax on Form 20-I, line 23, is less than \$500 on your 2007 return.

If you have an underpayment, you must file Form 37, *Underpayment of Oregon Corporation Estimated Tax*.

Use Form 37 to:

- Calculate the amount of underpayment of estimated tax;
- Compute the amount of interest you owe on the underpayment; **or**
- Show you meet an exception to the payment of interest.

Form 37 is available on www.oregon.gov/DOR.

On line 28, enter interest for payment of tax after the original return due date. On line 29, enter interest due from underpayment of estimated tax. **Attach Form 37 to your return and check the "Form 37 is attached" box.**

Line 31. Total due. Enclose your check or money order and payment voucher with your return. Make your check or money order payable to the "Oregon Department of Revenue." - Oregon business identification number (BIN).
- Federal employer identification number (FEIN).
- "2007 Income Tax."

Schedule ES instructions

Estimated tax payment instructions

Estimated tax paid for the 2007 tax year. Fill in the total estimated tax payments made before filing your Oregon return on lines 1 through 4. Enter any refund applied from your 2006 tax return or an Oregon amended return on line 5. Enter payments made with your extension on line 6. Enter payments made on the corporations behalf by a pass-through entity on line 6. On line 8, enter the total of lines 1 through 7, then carry total to Form 20-I, line 24.

Line 7. Claim of right credit. A claim of right exists when you are taxed on income and later find you have no right to that income and must repay it. Oregon allows a claim of right credit if your federal tax liability is computed under IRC 1341(a). See OAR 150-315.068 for more information on computing the credit.

Consolidated return filers. If estimated payments were made under a different name, fill in the paying corporation's name and federal identification number on the schedule for correct application of estimated payments.

Electronic funds transfer (EFT). You must make your Oregon estimated tax payments by EFT if you are required to make your federal estimated tax payments by EFT.

Payments for corporation estimated taxes may be made using Revenue's EFT program. This program allows payments to be initiated via a telephone, a secure internet site, or through your financial institution.

A business is required to have an authorization agreement filed with the department before they start initiating EFT payments. Information and authorization agreements are available at www.oregon.gov/DOR, or by calling the EFT help/message line at 503-947-2017.

The department may grant a waiver from participation in the EFT program if you would be disadvantaged by the requirement (OAR 150-314.518).

Voluntary participation. If you do not meet the federal requirements for mandatory participation in the EFT program, you may participate on a voluntary basis.
