**§102-74.45—When must Federal agencies provide concession services?**

Federal agencies, upon approval from GSA, must provide concession services where building population supports such services and when the availability of existing commercial services is insufficient to meet Federal agency needs. Prior to establishing concessions, Federal agencies must ensure that—

(a) The proposed concession will be established and operated in conformance with applicable policies, safety, health and sanitation codes, laws, regulations, etc., and will not contravene the terms of any lease or other contractual arrangement; and

(b) Sufficient funds are legally available to cover all costs for which the Government may be responsible.

**§102-74.50—Are Federal agencies required to give blind vendors priority in operating vending facilities?**

With certain exceptions, the Randolph-Sheppard Act (20 U.S.C. 107 *et seq.*) requires that blind persons licensed by a State licensing agency under the provisions of the Randolph-Sheppard Act be authorized to operate vending facilities on Federal property, including leased buildings. The Department of Education (ED) is responsible for the administration of the Randolph-Sheppard Act as set forth at 34 CFR part 395. The ED designates individual State licensing agencies with program administration responsibility. The Randolph-Sheppard Act and its implementing regulations require that Federal property managers give priority to and notify the State licensing agencies in writing of any opportunity.

**§102-74.55—Are vending facilities authorized under the Randolph-Sheppard Act operated by permit or contract?**

Vending facilities are authorized by permit. As set forth in 34 CFR part 395, the Federal property manager approves and signs State licensing agency permits that authorize States to license blind vendors to operate vending facilities (including vending machines) on Federal property.

**§102-74.60—Are Federal agencies required to give blind vendors priority in operating cafeterias?**

Yes. Federal agencies are required to give Randolph-Sheppard vendors priority in the operation of cafeterias when the State licensing agency is in the competitive range as set forth at 34 CFR part 395.

**§102-74.65—Are cafeterias authorized under the Randolph-Sheppard Act operated by permit or contract?**

They are operated by contract. As set forth at 34 CFR part 395, the Federal property manager contracts with the State licensing agency to license blind vendors to operate cafeterias on Federal property.

**§102-74.70—Are commercial vendors and nonprofit organizations required to operate vending facilities by permit or contractual arrangement?**

Commercial vendors and nonprofit organizations must operate vending facilities, including cafeterias, under a contractual arrangement with Federal agencies.

**§102-74.75—May Federal agencies sell tobacco products in vending machines in Government-owned and leased space?**

No. Section 636 of Public Law 104-52 prohibits the sale of tobacco products in vending machines in Government-owned and leased space. The Administrator of GSA or the head of an Agency may designate areas not subject to the prohibition, if minors are prohibited and reports are made to the appropriate committees of Congress.

### **Conservation Programs**

**§102-74.100—What are conservation programs?**

Conservation programs are programs that improve energy and water efficiency and promote the use of solar and other renewable energy. These programs must promote and maintain an effective source reduction activity (reducing consumption of resources such as energy, water, and paper), resource recovery activity (obtaining materials from the waste stream that can be recycled into new products), and reuse activity (reusing same product before disposition, such as reusing unneeded memos for scratch paper).

### **Asset Services**

**§102-74.105—What are asset services?**

Asset services include repairs (other than those minor repairs identified in 102-74.35(a)), alterations and modernizations for real property assets. Typically, these are the types of repairs and alterations necessary to preserve or enhance the value of the real property asset.

**§102-74.110—What asset services must Executive agencies provide?**

Executive agencies, upon approval from GSA, must provide asset services such as repairs (in addition to those minor repairs identified in 102-74.35(a)), alterations, and modernizations for real property assets. For repairs and alterations projects for which the estimated cost exceeds the prospectus threshold, Federal agencies must follow the prospectus submission and approval policy identified in this part and Part 102-73 of this chapter.

**§102-74.115—What standard in providing asset services must Executive agencies follow?**

Executive agencies must provide asset services that maintain continuity of Government operations, continue efficient building operations, extend the useful life of buildings and related building systems, and provide a quality workplace environment that enhances employee productivity.

**§102-74.120—Is a prospectus required to be submitted before emergency alterations can be performed?**

No. A prospectus does not need to be submitted before emergency alterations are performed, but GSA must submit a prospectus as soon as possible after the emergency. Federal agencies must immediately alter a building if the alteration protects people, buildings, or equipment, saves lives, and/or avoids further property damage. Federal agencies can take these actions in an emergency before GSA submits a prospectus on the alterations to the Senate Committee on Environment and Public Works and the House Committee on Transportation and Infrastructure.

**§102-74.125—Are prospectuses required for reimbursable alteration projects?**

(b) In accordance with the Federal Employees Clean Air Incentives Act (Public Law 103-172), the Federal Government is required to take steps to improve the air quality, and to reduce traffic congestion by providing for the establishment of programs that encourage Federal employees to commute to work by means other than single-occupancy motor vehicles.

(c) In accordance with the Transportation Equity Act for the 21st Century (Public Law 105-178), employers, including the Federal Government, are to offer employees transportation fringe benefits.

**§102-74.270—Are vehicles required to display parking permits in parking facilities?**

When the use of parking space is controlled as in 102-74.265, all privately owned vehicles other than those authorized to use designated visitor or service areas must display a parking permit. This requirement may be waived in parking facilities where the number of available spaces regularly exceeds the demand for such spaces.

**§102-74.275—May Federal agencies authorize lessors or parking management contractors to manage, regulate and police parking facilities?**

Yes, Federal agencies, upon approval from GSA, may authorize lessors or parking management contractors to manage, regulate and police parking facilities.

**§102-74.280—Are privately owned vehicles converted for propane carburetion permitted in underground parking facilities?**

Federal agencies must not permit privately owned vehicles converted for propane carburetion to enter underground parking facilities unless the owner provides to the occupant agency and the Federal agency buildings manager the installer's certification that the installation methods and equipment comply with National Fire Protection Association (NFPA) Standard No. 58.

**§102-74.285—How must Federal agencies assign priority to parking spaces in controlled areas?**

Federal agencies must reserve official parking spaces, in the following order of priority, for—

- (e) Other Federally owned and leased vehicles, including those in motor pools or assigned for general use;
- (f) Service vehicles, vehicles used in child care center operations, and vehicles of patrons and visitors (Federal agencies must allocate parking for disabled visitors whenever an agency's mission requires visitor parking); and

(g) Private vehicles owned by employees, using spaces not needed for official business.

However, in major metropolitan areas, Federal agencies may determine that allocations by zone would make parking more efficient or equitable, taking into account the priority for official parking set forth in this section.

**§102-74.290—May Federal agencies allow employees to use parking spaces not required for official needs?**

Yes, Federal agencies may allow employees to use parking spaces not required for official needs.

**§102-74.295—Who determines the number of employee parking spaces for each facility?**

The Federal agency buildings manager must determine the total number of spaces available for employee parking. Typically, Federal agencies must make a separate determination for each parking facility. However, in major metropolitan areas, Federal agencies may determine that allocations by zone would make parking more efficient or more equitably available.

**§102-74.300—How must space available for employee parking be allocated among occupant agencies?**

The Federal agency buildings manager must allocate space available for employee parking among occupant agencies on an equitable basis, such as by allocating such parking in proportion to each agency's share of building space, office space or total employee population, as appropriate. In certain cases, Federal agencies may allow a third party, such as a board composed of representatives of agencies sharing space, to determine proper parking allocations among the occupant agencies.

**§102-74.305—How must Federal agencies assign available parking spaces to their employees?**

Federal agencies must assign available parking spaces to their employees using the following order of priority:

- (a) Severely disabled employees (see definition in 102-71.20 of this chapter).
- (b) Executive personnel and persons who work unusual hours.
- (c) Vanpool/carpool vehicles.
- (d) Privately owned vehicles of occupant agency employees that are regularly used for Government business at least 12 days per month and that qualify for reimbursement of mileage and travel expenses under Government travel regulations.
- (e) Other privately owned vehicles of employees, on a space-available basis. (In locations where parking allocations are made on a zonal basis, GSA and affected agencies may cooperate to issue additional rules, as appropriate.)

**§102-74.310—What measures must Federal agencies take to improve the utilization of parking facilities?**

Federal agencies must take all feasible measures to improve the utilization of parking facilities, including—

- (a) The conducting of surveys and studies;
- (b) The periodic review of parking space allocations;
- (c) The dissemination of parking information to occupant agencies;
- (d) The implementation of parking incentives that promote ridesharing;
- (e) The use of stack parking practices, where appropriate; and
- (f) The employment of parking management contractors and concessionaires, where appropriate.

**Smoking**

**§102-74.315—What is the smoking policy for Federal facilities?**

Pursuant to Executive Order 13058, “Protecting Federal Employees and the Public From Exposure to Tobacco Smoke in the Federal Workplace” (3 CFR, 1997 Comp., p. 216), it is the policy of the Executive branch to establish a smoke-free environment for Federal employees and members of the public visiting or using Federal facilities. The smoking of tobacco products is prohibited in all interior space owned, rented or leased by the Executive branch of the Federal Government, and in any outdoor areas under Executive branch control in front of air intake ducts.

*110-74.315 USDA smoking policy. (See DR 4400-6).*

**§102-74.320—Are there any exceptions to this smoking policy for Federal facilities?**

Yes, this smoking policy does not apply in—

- (a) Designated smoking areas that are enclosed and exhausted directly to the outside and away from air intake ducts, and are maintained under negative pressure (with respect to surrounding spaces) sufficient to contain tobacco smoke within the designated area. Agency officials must not require workers to enter such areas during business hours while smoking is ongoing;
- (b) Any residential accommodation for persons voluntarily or involuntarily residing, on a temporary or long-term basis, in a building owned, leased or rented by the Federal Government;
- (c) Portions of Federally owned buildings leased, rented or otherwise provided in their entirety to non-Federal parties;
- (d) Places of employment in the private sector or in other non-Federal governmental units that serve as the permanent or intermittent duty station of one or more Federal employees; and
- (e) Instances where an agency head establishes limited and narrow exceptions that are necessary to accomplish agency missions. Such exceptions must be in writing, approved by the agency head, and to the fullest extent possible provide

protection of nonsmokers from exposure to environmental tobacco smoke. Authority to establish such exceptions may not be delegated.

**§102-74.325—Who has the responsibility to determine which areas are to be smoking and which areas are to be nonsmoking areas?**

Agency heads have the responsibility to determine which areas are to be smoking and which areas are to be nonsmoking areas. In exercising this responsibility, agency heads will give appropriate consideration to the views of the employees affected and/or their representatives and are to take into consideration the health issues involved. Nothing in this section precludes an agency from establishing more stringent guidelines. Agencies in multi-tenant buildings are encouraged to work together to identify designated smoking areas.

**§102-74.330—Who must evaluate the need to restrict smoking at doorways and in courtyards?**

Agency heads must evaluate the need to restrict smoking at doorways and in courtyards under Executive branch control to protect workers and visitors from environmental tobacco smoke, and may restrict smoking in these areas in light of this evaluation.

**§102-74.335—Who is responsible for monitoring and controlling areas designated for smoking and for identifying these areas with proper signage?**

Agency heads are responsible for monitoring and controlling areas designated for smoking and identifying these areas with proper signage. Suitable uniform signs reading “Designated Smoking Area” must be furnished and installed by the occupant agency.

**§102-74.340—Who is responsible for signs on or near building entrance doors?**

Federal agency buildings managers must furnish and install suitable, uniform signs reading “No Smoking Except in Designated Areas” on or near entrance doors of buildings subject to this section. It is not necessary to display a sign in every room of each building.

**§102-74.345—Does the smoking policy in this part apply to the Judicial branch?**

This smoking policy applies to the Judicial branch when it occupies space in buildings controlled by the Executive branch. Furthermore, the Federal Chief Judge in a local jurisdiction may be deemed to be comparable to an agency head and may establish exceptions for Federal jurors and others as indicated in 102-74.320(e).

**§102-74.350—Are agencies required to meet their obligations under the Federal Service Labor-Management Relations Act where there is an**

**exclusive representative for the employees prior to implementing this smoking policy?**

Yes. Where there is an exclusive representative for the employees, Federal agencies must meet their obligations under the Federal Service Labor-Management Relations Act (5 U.S.C. 7101 *et seq.*) prior to implementing this section. In all other cases, agencies may consult directly with employees.

**Accident and Fire Prevention**

**§102-74.355—With what accident and fire prevention standards must Federal facilities comply?**

To the maximum extent feasible, Federal agencies must manage facilities in accordance with the accident and fire prevention requirements identified in 102-80.80 of this chapter.

**§102-74.360—What are the specific accident and fire prevention responsibilities of occupant agencies?**

Each occupant agency must—

- (e) Use only draperies, curtains or other hanging materials that are made of non-combustible or flame-resistant fabric;
- (f) Use only freestanding partitions and space dividers that are limited combustible, and fabric coverings that are flame resistant;
- (g) Cooperate with GSA to develop and maintain fire prevention programs that provide the maximum safety for the occupants;
- (h) Train employees to use protective equipment and educate employees to take appropriate fire safety precautions in their work;
- (i) Keep facilities in the safest condition practicable, and conduct periodic inspections in accordance with Executive Order 12196 and 29 CFR part 1960;
- (j) Immediately report accidents involving personal injury or property damage, which result from building system or maintenance deficiencies, to the Federal agency building manager; and
- (k) Appoint a safety, health and fire protection liaison to represent the occupant agency with GSA.

## **Applicability**

### **§102-74.365—To whom does this subpart apply?**

The rules in this subpart apply to all property under the authority of GSA and to all persons entering in or on such property. Each occupant agency shall be responsible for the observance of these rules and regulations. Federal agencies must post the notice in the Appendix to this part at each public entrance to each Federal facility.

## **Inspection**

### **§102-74.370—What items are subject to inspection by Federal agencies?**

Federal agencies may, at their discretion, inspect packages, briefcases and other containers in the immediate possession of visitors, employees or other persons arriving on, working at, visiting, or departing from Federal property. Federal agencies may conduct a full search of a person and the vehicle the person is driving or occupying upon his or her arrest.

## **Admission to Property**

### **§102-74.375—What is the policy on admitting persons to Government property?**

Federal agencies must—

(a) Except as otherwise permitted, close property to the public during other than normal working hours. In those instances where a Federal agency has approved the after-normal-working-hours use of buildings or portions thereof for activities authorized by subpart D of this part, Federal agencies must not close the property (or affected portions thereof) to the public;

(b) Close property to the public during working hours only when situations require this action to provide for the orderly conduct of Government business. The designated official under the Occupant Emergency Program may make such decision only after consultation with the buildings manager and the highest ranking representative of the law enforcement organization responsible for protection of the property or the area. The designated official is defined in 102-71.20 of this chapter as the highest ranking official of the primary occupant agency, or the alternate highest ranking official or designee selected by mutual agreement by other occupant agency officials; and

(c) When property or a portion thereof is closed to the public, restrict admission to the property, or the affected portion, to authorized persons who must register upon entry to the property and must, when requested, display Government or other identifying credentials to Federal police officers or other authorized individuals when entering, leaving or while on the property. Failure to comply with any of the applicable provisions is a violation of these regulations.

- (d) Prevents the general public from obtaining the administrative services provided on the property in a timely manner.

## **Gambling**

### **§102-74.395—What is the policy concerning gambling?**

(a) Except for the vending or exchange of chances by licensed blind operators of vending facilities for any lottery set forth in a State law and authorized by section 2(a)(5) of the Randolph-Sheppard Act (20 U.S.C. 107 *et seq.*), all persons entering in or on Federal property are prohibited from—

- (1) Participating in games for money or other personal property;
- (2) Operating gambling devices;
- (3) Conducting a lottery or pool; or
- (4) Selling or purchasing numbers tickets.

(b) This provision is not intended to prohibit prize drawings for personal property at otherwise permitted functions on Federal property, provided that the game or drawing does not constitute gambling per se. Gambling per se means a game of chance where the participant risks something of value for the chance to gain or win a prize.

Public 106-346 became effective on October 23, 2000, and required the Director of the Office of Personnel Management (OPM) to ensure the application and implementation of Section 359 to 25 percent of the Federal workforce by April 2001, and to an additional 25 percent of such workforce each year thereafter. Thus, the law provides that its requirements must be applied to 100 percent of the Federal workforce by April 2004.
- (b) In accordance with 40 U.S.C. 587, when considering whether to acquire any space, quarters, buildings, or other facilities for use by employees of any Executive agency, the head of that agency shall consider whether the need for the facilities can be met using alternative workplace arrangements.

**§102-74.590—What steps must agencies take to implement these laws and policies?**

(1) Review telework barriers, act to remove them, and increase actual participation;

(2) Establish eligibility criteria; and

(b) 40 U.S.C. 587 requires agencies considering the acquisition of facilities for use by Federal employees to consider whether the facility need can be met using alternative workplace arrangements, such as telecommuting, hoteling, virtual offices, and other distributive work arrangements. If the agency needs assistance in this investigation and/or subsequent application of alternative workplace arrangements, GSA will provide guidance, assistance, and oversight, as needed, regarding establishment and operation of alternative workplace arrangements.

(c) Agencies evaluating alternative workplace arrangements should also make these evaluations in coordination with Integrated Workplace policies and strategies. See 102-79.110.

#### **§102-74.595—How can agencies obtain guidance, assistance, and oversight regarding alternative workplace arrangements from GSA?**

Agencies may request assistance from the GSA/PBS regional office responsible for providing space in the geographic area under consideration.
