INTRODUCTORY SECTION

December 22, 2005

Honorable Mayor and City Council
City of Albuquerque, New Mexico

We are pleased to submit the Comprehensive Annual Financial Report (CAFR) of the City of Albuquerque, New Mexico, (City), for the fiscal year ended June 30, 2005. The report was prepared by the Department of Finance and Administrative Services. The responsibility for the accuracy of the data presented and the completeness and fairness of presentation, including all disclosures, rests with the City. As indicated by the opinion of our independent auditors, the report fairly presents the financial position and results of operations of the City as measured by the financial activity of its various funds. The report has been set forth in a manner that will give the reader a broad understanding of the City's financial affairs. It includes disclosures necessary for the reader to gain an understanding of the City's financial activities.

This is the fourth year the City has prepared the CAFR using the new financial reporting requirements as prescribed by the Governmental Accounting Standards Board Statement No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments* (GASB 34). This GASB Statement requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of a Management's Discussion & Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The MD&A can be found immediately following the report of the independent auditors.

The City's Comprehensive Annual Financial Report consists of five major sections:

- (1) **The Introductory Section** includes this letter of transmittal that provides information about the organizational structure of the City, the City's economy, internal control structure, budgetary controls, cash management, and risk management.
- (2) **The Financial Section** is prepared in accordance with the GASB 34 requirements by including the MD&A and the Basic Financial Statements including notes. The Basic Financial Statements include government-wide financial statements that present an overview of the City's entire financial operations and the fund financial statements that present the financial information of each of the City's major funds, as well as non-major governmental, proprietary, fiduciary, and other funds. Also included in this section is the Independent Auditors' Report on the financial statements and schedules.
- (3) **The Statistical Information Section** contains tables with general information about the City and comparative data for prior fiscal years.

- (4) **Single Audit Information** includes the Schedule of Expenditures of Federal Awards as required by the Single Audit Act, and the related findings and recommendations by the City's independent auditors.
- (5) **State Compliance and Operational Findings** include certain schedules required by the State Auditor's Office.

The CAFR of the City includes all government activities, organizations and functions for which the City is financially accountable. The criteria used to determine financial accountability are based on, and consistent with, the pronouncements of the Governmental Accounting Standards Board, which sets criteria for defining the financial reporting entity. The City of Albuquerque is a major municipal government providing a full range of services to approximately 484,000 citizens.

Included in these services are traditional city functions such as police and fire protection, cultural and recreational activities and venues, storm drainage, road and traffic signal maintenance, and refuse collection. Effective July 1, 2003 water and sewer services that used to be provided by the City are now provided by the Albuquerque-Bernalillo County Water Utility Authority, which is operated by the City under the terms of a Memorandum of Understanding with the Authority. In addition, the City operates parking facilities, a transit system, an international airport, corrections and detention facilities, and a housing authority. The City does not have relationships with any other organizations not included in this CAFR of such nature and significance that exclusion would render the City's financial statements incomplete or misleading.

ECONOMIC CONDITION AND OUTLOOK

Summary of Local Economy

Albuquerque is the largest city in New Mexico, accounting for roughly one-quarter of the state's population. Albuquerque is the major commercial, trade, service and financial center of the state. It is located in the central part of the state, at the intersection of two major interstate highways, and served by both rail and air. The Albuquerque Metropolitan Statistical Area (MSA) includes Bernalillo, Sandoval, Valencia and Torrance Counties. The largest employers in the Albuquerque area are the University of New Mexico, Albuquerque Public Schools, Sandia National Labs (SNL), and Kirtland Air Force Base.

The Albuquerque economy has an industry composition not unlike that of the U.S. as a whole, except that manufacturing is a smaller portion of employment. In the 1960s manufacturing made up over 30% of the U.S. economy, but by 2003 the manufacturing share of employment had declined to 11%.

Major Industries

Services: The service sector is the largest source of employment in the MSA, accounting for 41% of the non-agricultural civilian employment in FY/05. This sector continues to grow in importance in both Albuquerque and the U.S. It is a diverse sector including jobs in medical services, hotels, amusement, movies, legal work, commercial research, business services, food services, engineering, and architectural services. It includes temporary employment agencies, call centers, back office operations, and employment

at SNL, which is expanding in response to national homeland security issues. The Sandia Research Park has several high-tech occupants taking advantage of the location and ability to access SNL facilities and staff. Also located on the Park is the SNL International Programs Building. This houses the Cooperative Monitoring Center and International Security Center. The function of these programs is to strengthen national and international security and reduce the threat of weapons of mass destruction.

As a major regional medical center, the medical services industry has several of the largest employers in the area. The health services industry had been one of the fastest growing sectors in the Albuquerque area. Even with recent uncertainties regarding health care financing particularly Medicare, and some local consolidations and/or acquisitions, growth has continued at a rapid pace.

Trade (retail and wholesale): The trade sector is a strong catalyst for growth in the area. Many major national chains have expanded into the area and general growth and low interest rates have helped maintain relatively stable levels of consumer spending.

Albuquerque MSA Employment in Thousands

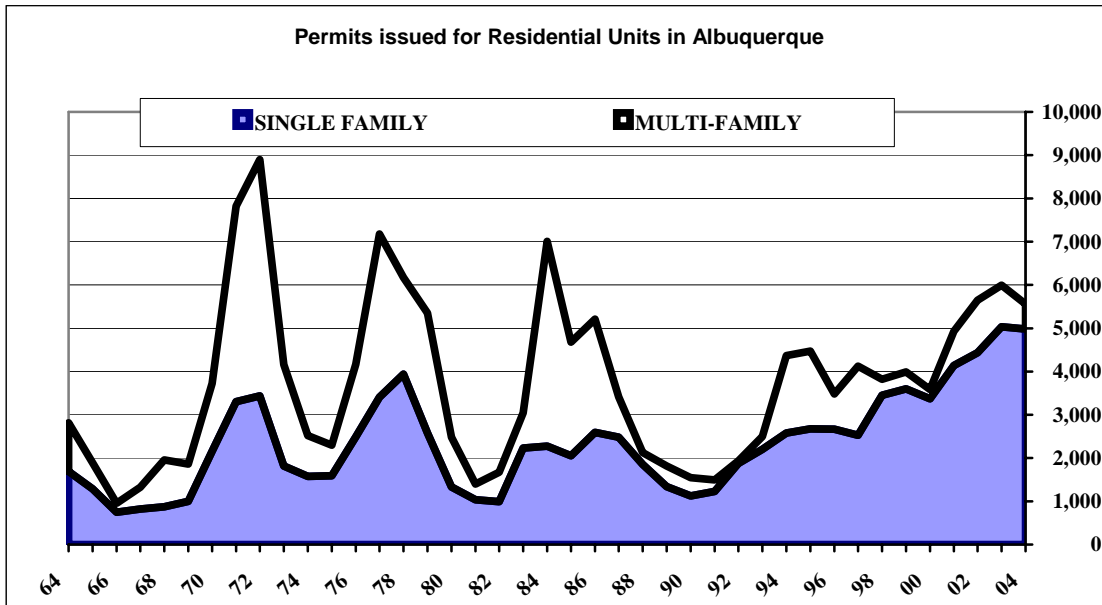

NAICS CATEGORY	Employment FY2005	Share of FY/05 Employment	Growth FY/04 to FY/05	Compound Annual Average FY/00 to FY/05
Total Nonfarm Employment (does not include military)	374.28		2.2%	1.2%
Natural Resources and Mining and Construction	26.73	7%	7.9%	3.7%
Manufacturing	22.62	6%	-0.7%	-3.4%
Trade, Transportation, and Utilities	66.38	18%	0.7%	0.2%
Information	8.89	3%	-10.2%	-3.9%
Financial Activities	19.33	5%	1.9%	-0.2%
Aggregate of Services	154.50	41%	3.1%	2.2%
Professional and Business Services	59.85	16%	3.0%	0.7%
Educational and Health Services	46.38	12%	5.9%	4.6%
Leisure and Hospitality	36.26	10%	0.0%	2.0%
Other Services	12.01	3%	2.2%	2.2%
Government	75.83	20%	2.4%	2.1%
MILITARY	6.76	NA	1.0%	0.6%

Manufacturing: Albuquerque's small manufacturing sector accounts for about 6% of total non-agricultural employment. Investments by Intel and other high tech firms are helping to create a critical mass of activity in Albuquerque that is expected to attract the interest of other firms including competitors, suppliers, and customers. Forbes Magazine and others now rate Albuquerque as one of the top high tech centers in the U.S. Unfortunately, some firms in the semiconductor and high-tech areas have not fared well, with Philips Semiconductors closing their Albuquerque operation in October 2003 and Lightpath Technology consolidating its operations in Florida. The over-expansion and collapse of the telecommunications industry has been a major contributing factor. The manufacturing sector lost about 5,000 jobs from FY/01 to FY/04. The losses are slowing with a modest recovery in the semi-conductor industry. Tempur-Pedic a high tech mattress firm is constructing a facility that will employ about 300 workers when it opens in December 2005. Eclipse Aviation is expanding its operations at the Albuquerque Sunport and has plans to move to expanded facilities at the industrial park near the Double Eagle airport in 2007 after it has delivered its first jets.

Construction: The construction sector is a source of both growth and volatility in the Albuquerque economy. Growth in employment and in gross receipts in construction tends to be quite cyclical as shown in the following chart for the residential building market. Booms in 1972, 1978, and 1984 were very large, accentuated by the multi-family housing market and certain tax rules that encouraged large developments. Through the 1990s, there has been a more or less sustained growth in single-family home construction. Low interest rates and stable or reduced prices for much of the period helped fuel the growth. The lower priced homes also allowed many potential apartment dwellers to purchase houses. This is part of the reason the number of multi-family units permitted has been limited. Even with the large number of single-family units,

the total number of units is far short of the peaks experienced in the 1970s and 1980s. The value of construction permits per home increased by 27% for FY/05 following an increase of 7% in FY/04. This means that even though the number of residential permits slightly declined in FY/05, the total value of permits increased.

The following chart illustrates residential construction permits issued:

New commercial construction slowed substantially in 2003, from a peak in 1995, but much of this is offset by construction classified as additions and alterations. The expansion of the Indian casinos at Isleta, Sandia, Santa Ana, and Acoma Pueblos has helped increase construction employment in the area in the past few years. Sandia National Labs has two construction projects that ultimately will spend close to half a billion dollars. One, the Center for Integrated Nanotechnology (CINT), a \$75 million project, now complete in the Sandia Research Park. The other is the Microsystems and Engineering Sciences Applications (MESA). This is inside the labs and will ultimately cost around \$450 million. A major mixed use development, infill project is underway, with a mix of retail and residential, and a creation of an open air mall. In FY/05, construction started on the rebuilding of the interstate exchange at Coors and I-40, as well as substantial reconstruction on major portions of I-40 within the City.

Government: The total number of government employees in the Albuquerque MSA increased by 7,800 between 1995 and 2001, with the majority of the increase attributable to the classification of Indian casino workers as local government employees. Military employment has declined in every year since 1989, and there have been reductions in federal government employment in each year since 1993. Reductions in federal military spending have been responsible for losses in employment at General Electric, Honeywell Defense, Avionics, and BDM. In contrast, the new Sandia Research Park and the push for technology transfer from the labs, is reflected in the growth of high tech industries in central New Mexico. Funding from the federal government for the nuclear weapons program and homeland security now seem relatively secure as SNL assumes new roles in a post-9/11 environment. Kirtland AFB, with its diverse operations, has done relatively well in the waves of base consolidations and closures, even gaining in the most recent Base Realignment and Closure (BRAC). Military employment in FY/03 to FY/05 increased by 271 jobs. Even so, military employment is down by about 1,000 from FY/95.

Future Economic Outlook

In the near term, Albuquerque will continue to face many of the same challenges as the nation while the economy stabilizes after the terrorist attacks of September 11, and while facing the uncertainty related to federal spending due to the demands of rebuilding after the hurricanes in the Gulf states. How we deal with the threat of terrorism at home will have long term impacts on the economy and how Albuquerque and the U.S. will grow. Employment growth remains moderate with the second quarter of 2005 showing growth of 1.8%. However, manufacturing is not expected to rebound significantly until the semiconductor and telecommunications industries nationwide more fully recover. On the plus side, New Mexico has generally weathered this recession better than its neighbors. Only recently have Colorado and Texas added jobs to their economies. Arizona had growth of 2.4%, but had suffered much more severe declines. Lodger's tax, after remaining flat for several years, grew nearly 5% in FY/04 and posted solid growth of 3.2% in FY/05; hopefully this will hold, but high gasoline prices tend to discourage tourism in New Mexico. High tech industry is growing and many of the small manufacturing firms have experienced substantial growth. The broadening of the industrial base to include aviation and mattress production will help Albuquerque continue to grow and prosper. The City believes it is well positioned to attract new investment by suppliers, customers, and other producers. As discussed above SNL is a source of strength for the local economy. SNL has devoted a great deal of research to terrorism and homeland security. The mission to protect the nuclear weapons arsenal has become even more critical. The micro-systems technology, or nano-technology, for which SNL is well known, may provide many novel and inexpensive answers to medical and materials sciences. A large facility will be built at the labs as a joint project between Sandia and Los Alamos National labs to expand abilities in this area.

Additional historic economic information is presented in the statistical section of this report.

FINANCIAL INFORMATION

Internal control structure: The Department of Finance and Administrative Services is responsible for providing financial services for the City including financial accounting and reporting, payroll and accounts payable disbursement functions, cash and investment management, debt management, purchasing, computer information systems, and risk management.

City management is responsible for establishing and maintaining an internal control structure designed to ensure the assets of the government are protected from loss, theft or misuse. It also ensures adequate accounting data is compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles. Accounting principles for municipalities are embodied in pronouncements of the Governmental Accounting Standards Board. The Financial Accounting Standards Board, the American Institute of Certified Public Accountants and the Government Finance Officers Association also impact and influence current governmental accounting standards. The internal control structure is designed to provide reasonable, but not absolute, assurance that control objectives are met. The concept of reasonable assurance recognizes that the cost of a control should not exceed the benefits likely to be derived while the establishment of an appropriate internal control structure requires estimates and judgments from management. All internal control evaluations occur within the above framework. We believe that the City's current internal control structure adequately safeguards assets and provides reasonable assurance of proper recording of financial transactions.

Budgetary controls: The development and approval of the annual budget is the beginning of the financial transaction process. After approval of the budget by the City Council, budgetary control is maintained by a formal appropriation and encumbrance system. The appropriated amounts reflected in the accompanying financial statements represent departmental budgets by program; it is at this level at which expenditures may not exceed appropriations. Encumbrances, which represent commitments for the purchase of goods or

services, are shown as a reservation of fund balance in the governmental funds in limited circumstances for property purchases. Those encumbrances have been reappropriated in fiscal year 2006 for programs that had adequate reversions for the year ended June 30, 2005.

Taxes: Taxable property valuations were \$8.3 billion in fiscal year 2005, a \$401.7 million (5.09%) increase from the previous year. Current property tax collections for fiscal year 2005 were 96.31% of the levy, compared to 95.7% in the prior year. Except for fiscal year 2000, current tax collections for the past decade have consistently exceeded 90% of the levy. The ratio of total collections (current and delinquent) to the current tax levy in 2005 was 99.8% compared to 99.9% in 2004. Cumulative total collections for the last ten years are 99.3% of the cumulative billings.

Allocation of the property tax for fiscal year 2005 and the preceding two fiscal years is based on the following mill levy:

<u>Purpose</u>	<u>2005</u>	<u>2004</u>	<u>2003</u>
Operational mill levy:			
Residential	3.019	2.014	2.019
Non-residential	3.544	2.544	2.544
Debt service levy	7.976	7.976	8.976

The gross receipts tax rate on receipts within the City was 6.75% at June 30, 2005. Increases during the year occurred with an increase of 0.5% effective January 1, 2005, an increase which offset the deduction of food and some medical services. At the same time, Bernalillo County increased their tax by 0.1875%. The breakdown and sources of the gross receipts tax rate at June 30, 2005 are as follows:

	<u>Tax Rate</u>	<u>Percent of Total Rate</u>
State General Fund	3.7750%	55.9%
Bernalillo County distribution	.4375	6.5
Municipal distribution - State shared	1.0000	14.8
Municipal distribution - in lieu of previous .25% municipal tax - State shared	.2250	3.3
City of Albuquerque general purpose	.5000	7.4
City of Albuquerque public safety	.2500	3.7
City of Albuquerque basic services	.2500	3.7
City of Albuquerque transportation infrastructure	.2500	3.7
Municipal infrastructure gross receipts tax	<u>.0625</u>	<u>1.0</u>
	<u>6.7500%</u>	<u>100.0%</u>

Additional information about revenues, tax rates, and levies is presented in the statistical section of this report.

Cash management: Pursuant to the Fiscal Agent Ordinance of the City, a pooled cash investment program is in place, and cash temporarily idle during the year was invested in those investments and deposits authorized by the City's Investment Policy. It is the City's policy to minimize investment and market risk while seeking to obtain a competitive yield on its total portfolio. Investments and deposits in the City's common investment pool totaled \$639.2 million at June 30, 2005. Of this amount, \$240.0 million was invested in repurchase agreements and \$399.2 million in securities of the Federal government and its related agencies and certificates of deposit.

The City's portfolio average life at June 30, 2005 was 230 days. The average yield on the investment portfolio was 2.8% at the end of June 2005 and 2.0% at the end of June 2004. Net earnings totaled \$15.0 million during the fiscal year. Pooled cash, investments, and accrued interest balances (in millions) at the end of the year for the last five years are as follows:

2005	\$639.2
2004	595.9
2003	491.4
2002	323.2
2001	451.1

Risk management: The City operates its Risk Management program as an Internal Service Fund; accountability and managerial control over workers compensation, tort liability, and other risks are maintained through this fund. The program is intended as a self-insurance program with added risk control and prevention techniques. "Insurance premiums" are received from the operating departments in the form of transfers. The added risk control and prevention techniques include an executive safety committee to oversee employee accident prevention training and a wellness program.

The transfers to the Risk Management fund from the operating (insured) departments were \$32.5 million compared to transfers in the prior year of \$28.7 million. Claim reserves (current and long-term) as of June 30, 2005 were \$50.3 million, an increase from \$47.6 million in the previous year. The Fund experienced a change in net assets of \$3.9 in 2005, an increase from the net loss of \$1.1 million in 2002.

The deficit fund equity decreased to \$8.7 million at June 30, 2005 from the \$12.6 million at June 30, 2004. The City has implemented a five-year recovery plan and anticipates eliminating the deficit by June 30, 2007 by increasing the annual assessment to all operating funds, as well as improving the City's loss experience through aggressive management.

OTHER INFORMATION

Independent audit: New Mexico state law requires that independent public accountants perform an annual audit of a governmental unit's accounting records and Comprehensive Annual Financial Report. The firm of Neff & Ricci LLP has performed the audit for the year ending June 30, 2005. Federal law also requires that a single audit be performed for federal grant funds as required by the Single Audit Act and OMB Circular A-133. The independent auditors' report on the financial statements and schedules is included in the financial section of this report. The independent auditors' reports related specifically to the single audit are included in the Single Audit Section.

Awards: The Government Finance Officers Association (GFOA) of the United States and Canada awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Albuquerque for its Comprehensive Annual Financial Report for the fiscal year ended June 30, 2004. The City has received this prestigious award every year since 1980. In order to be awarded a Certificate of Achievement, a governmental unit must publish an easily readable and efficiently organized Comprehensive Annual Financial Report, the contents of which conform to program standards. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year. We believe that our current Comprehensive Annual Financial Report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

In addition, the City also received the GFOA's Award for Distinguished Budget Presentation for its annual appropriated budget for the fiscal year beginning July 1, 2004. In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan, and as a communications medium.

Acknowledgments: The preparation of this report could not have been accomplished without the dedicated services of the staff of the Department of Finance and Administrative Services. We wish to express our sincere appreciation to all members of the Department who contributed to its preparation and recognize the major effort of the Accounting Division and its Financial Reporting Section in administering the City's accounting system and in preparing this report. We also wish to thank each of you for your interest and support in planning and conducting the financial operations of the City in a responsible and progressive manner.

Respectfully submitted,

Gail D. Reese, CPA
Chief Financial Officer

FINANCIAL SECTION

Independent Auditors' Report

The Honorable Martin Chavez, Mayor and
Members of City Council and
Mr. Domingo Martinez, CGFM
New Mexico State Auditor
Santa Fe, New Mexico

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Albuquerque, New Mexico (City), as of and for the year ended June 30, 2005, which collectively comprise the City's basic financial statements as listed in the table of contents. We have also audited the budgetary comparisons, and financial statements of each of the City's nonmajor governmental, nonmajor enterprise, and internal service funds presented in the accompanying combining financial statements and information in the other supplementary schedules, as of and for the year ended June 30, 2005, as listed in the table of contents. These financial statements are the responsibility of the City's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatements. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City as of June 30, 2005, and the respective changes in financial position and cash flows, where applicable, thereof, and the budgetary comparison for each fund's activities, for the year ended in conformity with accounting principles generally accepted in the United States of America. In addition, in our opinion, the financial statements referred to

The Honorable Martin Chavez, Mayor and
Members of City Council and
Mr. Domingo Martinez, CGFM
New Mexico State Auditor
Santa Fe, New Mexico

above present fairly, in all material respects, the respective financial position of each nonmajor governmental, nonmajor enterprise, and internal service fund of the City, as of June 30, 2005, and the respective changes in the financial position and cash flows, where applicable, and respective budgetary comparisons thereof for the year ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 16, 2005, on our consideration of the City's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of the testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Audit Standards* and should be read in conjunction with this report in considering the results of our audit.

Management's Discussion and Analysis is not a required part of the basic financial statements but is supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements taken as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the basic financial statements. The accompanying Financial Data Schedule, as required by the U.S. Department of Housing and Urban Development, *Guidelines for Public Housing Authorities and Independent Auditors under Uniform Financial Reporting Standards for Public Housing Authorities*, the other supplementary schedules, and the schedules of deposits and investments, and pledged collateral by financial institutions are not required parts of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

The accompanying introductory and statistical sections, as listed in the Table of Contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements. This information has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

**CITY OF ALBUQUERQUE, NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2005**

This section of the City of Albuquerque's (City) Comprehensive Annual Financial Report (CAFR) presents a narrative overview and analysis of the financial activities of the City for the fiscal year ended June 30, 2005. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal.

FINANCIAL HIGHLIGHTS

- The assets of the City exceeded its liabilities at the close of the most recent fiscal year by \$1.3 billion (net assets). Of this amount, \$138.3 million (unrestricted net assets) may be used to meet the government's ongoing obligations to citizens and creditors in subsequent accounting periods.
- The government's total net assets increased by \$136.1 million during the year, principally as a result of the completion of several major capital improvement program projects.
- As of June 30, 2005, the City's governmental funds reported combined ending fund balances of \$372.3 million. Approximately 73.9% of this amount, \$275.0 million, is unreserved fund balance available for spending at the government's discretion. Included in this amount is approximately \$156.2 million in the Capital Acquisition Fund.
- At the close of the current fiscal year, unreserved fund balance for the general fund was \$42.7 million or 12.6% of the total general fund expenditures of \$337.8 million.
- The City's total long-term debt increased by \$64.7 million during the current year. The key factors in this change were: 1) the issuance of bonds and notes payable accompanied by additions to accrued vacation and sick leave pay and claims totaling \$251.5 million, and 2) debt reduction payments and liquidations of accrued liabilities totaling \$186.8 million.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements contain three components: 1) Government-wide financial statements, 2) Fund financial statements, and 3) Notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements.

Government-wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The *statement of net assets* presents information on all of the City's assets and liabilities, with the differences between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether or not the financial position of the City is improving or deteriorating, absent extraordinary events.

CITY OF ALBUQUERQUE, NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2005

OVERVIEW OF THE FINANCIAL STATEMENTS, continued

The statement of activities presents information showing how the City's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods, such as revenues pertaining to uncollected taxes and expenses pertaining to earned but unused vacation and sick leave.

The government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include public safety and protection, culture and recreation, public works, public health, human services, housing, highways and streets, and special assessments. The business-type activities of the City include an airport, apartments, a baseball stadium, refuse disposal services, golf courses, parking facilities, and a transit system.

The City does not have a relationship with any other government that would cause that government to be considered a component unit of the City. The City does, however, operate the water and waste water utility serving the City and its citizens that is owned by the Albuquerque Bernalillo Water Utility Authority under the terms of a Memorandum of Understanding that will expire on June 30, 2006.

Fund Financial Statements

The fund financial statements are designed to report information about groupings of related accounts that are used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into the following three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements – i.e. most of the City's basic services are reported in governmental funds. These statements, however, focus on (1) how cash and other financial assets can readily be converted to available resources and (2) the balances left at year-end that are available for spending. Such information may be useful in determining what financial resources are available in the near future to finance the City's programs.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statements of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains several individual governmental funds organized according to their type (special revenue, debt service, capital projects and permanent funds). Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General, General Obligations Debt Service, and the Capital Acquisition funds, all of which are considered major funds. Data from the remaining governmental funds are combined into a single, aggregated presentation. Individual fund data for each of the nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

CITY OF ALBUQUERQUE, NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2005

OVERVIEW OF THE FINANCIAL STATEMENTS, continued

The City adopts an annual appropriated budget for the General Fund. A budgetary comparison statement for the General Fund is presented in the Basic Financial Statements section of this report. A budgetary comparison statement for the General Obligation Debt Service Fund, a major fund, is presented in the Supplementary Information section. In addition, the City adopts an annual appropriated budget for other nonmajor governmental funds. Budgetary comparison statements for those funds are also presented in the Supplementary Information section.

Proprietary funds. Proprietary funds are generally used to account for services for which the City charges customers – either outside customers, or internal units or departments of the City. Proprietary funds provide the same type of information as shown in the government-wide financial statements, only in more detail. The City maintains the following two types of proprietary funds:

- ***Enterprise funds*** are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for the operations of the Albuquerque International Airport, Refuse Disposal, and Transit, which are considered major funds of the City. In addition the following nonmajor funds are reported: Apartments, Golf Course, Parking, Stadium, and Housing Authority.
- ***Internal Service funds*** are used to report activities that provide supplies and services for certain City programs and activities. These funds account for inventory warehousing and stock issues; workers' compensation, tort and other claims insurance coverage; vehicle maintenance and motor pool services; and communication services to City departments. In addition, these funds provide health insurance coverage to City employees. Because these services predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements. The internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds is provided in the form of combining statements elsewhere in this report.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the City. The City's Trust and Agency Fund is reported under the fiduciary funds. Since the resources of this fund are not available to support the City's own programs, it is not reflected in the government-wide financial statements. The accounting used for fiduciary funds is much like that used for proprietary funds.

Notes to the Financial Statements

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Required Supplementary Information (RSI)

The required budgetary comparison statement for the General Fund is presented separately and in the basic financial statements. The City is not required to provide other information in the RSI and, therefore, no information is presented there.

Combining Statements

The combining statements referred to earlier in connection with nonmajor governmental funds, nonmajor proprietary funds, internal service funds, and fiduciary funds are presented immediately following the Notes to the Financial Statements.

**CITY OF ALBUQUERQUE, NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2005**

GOVERNMENT-WIDE FINANCIAL ANALYSIS

This is the fourth year that the City has presented its financial statements under the new reporting model required by the Governmental Accounting Standards Board Statement No. 34 (GASB 34), Basic Financial Statements - and Management's Discussion and Analysis (MD&A) - for State and Local Governments. Below is a comparative analysis of government-wide data for the most recently completed fiscal year and the prior fiscal year.

	NET ASSETS (in millions)						Total Percent Change 2004 - 2005
	Governmental Activities		Business-type Activities		Total		
	2005	2004	2005	2004*	2005	2004*	
Assets:							
Current and other assets	\$ 602.8	\$ 571.1	\$ 182.4	\$ 169.0	\$ 785.2	\$ 740.1	6.1%
Capital Assets	953.7	843.0	486.0	466.1	1,439.7	1,309.1	10.0%
Total assets	1,556.5	1,414.1	668.4	635.1	2,224.9	2,049.2	8.6%
Liabilities:							
Long-term liabilities outstanding	439.7	368.0	276.5	283.4	716.2	651.4	9.9%
Other liabilities	178.6	200.4	36.7	30.7	215.3	231.1	-6.8%
Total liabilities	618.3	568.4	313.2	314.1	931.5	882.5	5.6%
Net assets:							
Invested in capital assets, net of related debt	654.1	557.9	237.1	206.9	891.2	764.8	16.5%
Restricted	181.0	211.5	83.0	77.5	264.0	289.0	-8.7%
Unrestricted	103.1	76.3	35.1	36.6	138.2	112.9	22.4%
Total net assets	\$ 938.2	\$ 845.7	\$ 355.2	\$ 321.0	\$ 1,293.4	\$ 1,166.7	10.9%

* Restated see note 22

Analysis of Net Assets

As noted earlier, net assets may serve as a useful indicator of a government's financial position. For the City, assets exceeded liabilities by \$1.3 billion at the close of the year. The largest portion of the City's net assets (68.9%) reflects its investment of \$891.2 million in capital assets (e.g. land, buildings, and equipment less any related outstanding debt used to acquire these assets). The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that resources needed to pay this debt must come from other sources, since the capital assets cannot be liquidated for these liabilities.

At the end of the current fiscal year, the City has positive balances in all three categories of net assets for the government as a whole, as well as for both the government and business-type activities.

CITY OF ALBUQUERQUE, NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2005

GOVERNMENT-WIDE FINANCIAL ANALYSIS, continued

Analysis of Changes in Net Assets, continued

The City's overall net assets increased by \$126.9 million during the current fiscal year. This does not include depreciation expense on infrastructure assets of governmental activities that have not been capitalized from fiscal years ending after June 30, 1980 through the fiscal year ended June 30, 2001. The decrease in net assets is explained in the governmental and business-type activities discussion below.

Governmental activities. Governmental activities increased the City's net assets by \$92.6 million.

Since the City has not capitalized infrastructure assets acquired prior to the fiscal year ending June 30, 2001, the change in net assets does not reflect depreciation expense on those assets. City staff estimates that the depreciation expense on roadways could exceed \$40 million. The inclusion of that depreciation expense plus the amount to be recorded for storm sewers and bike trails could result in a very small positive change in net assets or possibly result in a negative change in net assets.

A comparison of revenues with the prior year is provided below:

Gross receipts tax revenue and state shared taxes grew 12.6% as compared to the prior year.

Investment earnings were increased from \$4.3 million in fiscal year ended June 30, 2004, to \$12.5 million in the current year. The primary cause for this increase was the growth in the investment market experienced by virtually all governments and an increase in investment balances during the year.

Intergovernmental revenues plus operating and capital contributions from sources other than state shared taxes was decreased by \$4.4 million.

Other revenues for the current year were generally equivalent to or higher than the previous fiscal year.

Business-type activities. Business-type activities increased the City's net assets by \$34.3 million. Key factors of this increase are as follows:

The Airport fund had an increase in net assets of \$16.0 million in fiscal year 2005 compared to a \$2.2 million increase in 2004. The passenger facilities charges (PFC) increased slightly from the prior year. The September 11, 2001 events continued to have a slightly negative impact on the level of air travel in fiscal year 2005. In addition, the growth in the investment market resulted in an increase in investment earnings to a net gain of \$0.8 million offset by unrealized losses of \$0.1 million.

For the Refuse Disposal fund, the reported change in net assets of \$2.0 million was decreased from \$3.8 million in fiscal year 2004. The primary change was due to increased interest expenses and transfers out.

For the Transit Fund, the current year change in net assets was \$16.3 million compared to \$9.6 million for the prior year. The increase was primarily due to an increase in the capital contribution of \$13.9 for capital assets purchased or constructed in the Capital Acquisition Fund. The increase in the capital contribution was offset by an increase in fuels, repairs, maintenance and other operating expenses; and the subsidy transfer from the General Fund decreased by \$0.2 million.

The Stadium Fund and the Apartment Fund were included for the first time in fiscal year 2003 with net operating revenues of \$4.0 million. For fiscal year 2005 those revenues were \$4.6 million as compared to revenues of \$4.9 million in 2004.

CITY OF ALBUQUERQUE, NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2005

FINANCIAL ANALYSIS OF THE CITY'S FUNDS

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds

The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of resources that are available for spending. Such information is useful in assessing the City's financing requirements. In particular, unreserved fund balances may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year. Types of Governmental funds reported by the City include the General Fund, Special Revenue Funds, Debt Service Funds, Capital Project Funds, and Permanent Funds.

At the end of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$372.3 million, an increase of \$16.2 million in comparison with the prior year. Approximately 73.9% of this amount, \$275.0 million, is unreserved fund balance available for spending at the government's discretion. Included in unreserved fund balance is \$156.2 million in the Capital Acquisition Fund. The remainder of fund balance is reserved to indicate that it is not available for new spending because it has already been committed: 1) to fund continued programs or projects in future fiscal periods (\$38.2 million); 2) for acquisition and management of open space and urban enhancement (\$22.9 million); and 3) to show the fund balance representing advances to other funds and other assets not available for spending (\$28.4 million).

Revenues for governmental functions overall totaled approximately \$640.0 million in the fiscal year ended June 30, 2005, which represents an increase of \$64.2 million from the prior year. The major causes for the increase were: 1) tax revenues increased by \$36.9 million; 2) intergovernmental revenues increased by \$21.5 million caused by an increase of state shared gross receipts tax; and 3) interest income increased by \$8.4 million in interest income.

Expenditures for governmental functions of \$731.6 million increased by \$115.1 million from the previous year total of \$616.5 million. The primary cause of the increase was from increased debt service requirements of \$27.6 million, increased expenditures of \$42.0 million for capital outlay, and \$44.4 million for public safety, culture and recreation, highways and streets, health and human services and housing. These increased expenditures generally reflect an increased demand and need for public services.

General Fund.

This is the City's chief operating fund. At the end of the current fiscal year, the total fund balance was \$85.4 million, of which \$42.7 million is available as an unreserved fund balance. The reserved fund balance of \$42.7 million is designated: 1) for unanticipated expenditures (\$38.2 million equaling 10.36% of recurring expenditures); and 2) to indicate that non-current financial resource assets of \$4.5 million are unavailable to spend or already are committed for spending. The net change in fund balance for the current fiscal year was an increase of \$20.6 million.

The total revenues of \$411.3 million for the current fiscal year were \$42.4 million greater than for the previous fiscal year. The increase largely resulted from an increase of \$33.3 million in gross receipts tax revenues, \$6.9 million in intergovernmental revenues, \$1.3 million in property taxes, \$1.3 million in licenses and permits, \$1.2 million in interest revenues and \$1.0 million in charges for services.

June 30, 2005

FINANCIAL ANALYSIS OF THE CITY'S FUNDS, continued

Total expenditures of \$337.8 million represent an increase of \$39.2 million over the previous fiscal year. The major cause of this increase was \$23.5 million for police and fire protection due to an increased emphasis on public safety while the expenditures for general government decreased by \$1.0 million. Additional increases in expenditures from the previous fiscal year are for culture and recreation (\$8.1 million), health and human services (\$6.3 million) and highways and streets (\$1.7 million). See the General Fund budgetary highlights for an analysis with respect to budgets.

Proprietary funds

The City's proprietary funds provide the same type of information presented in the government-wide financial statements, but in more detail.

At the end of the fiscal year, the unrestricted net assets (in millions) were as follows:

Airport Fund	\$ 13.4
Refuse Disposal Fund	6.2
Transit Fund	2.4
Nonmajor enterprise funds	<u>13.1</u>
	<u>\$ 35.1</u>

Internal service funds, which are used to account for certain governmental activities, had deficit unrestricted net assets of \$3.3 million. The Risk Management fund, an internal service fund, had deficit unrestricted net assets of \$8.7 million resulting from unanticipated judgment awards and claims against the City in prior years. The City is currently in a five-year recovery plan to reduce the deficit unrestricted net assets to zero by the fiscal year ending June 30, 2007. All other internal service funds had positive unrestricted net assets.

Fiduciary funds

The only fund in this category is the City's Trust and Agency fund. This fund is used by the City to account for funds held for third parties.

General Fund budgetary highlights

The City's final FY05 budget did not differ significantly from the original budget, primarily because the growth in gross receipts tax revenues and other revenue sources was equal to or greater than forecasted growth. Revenues and expenses were monitored closely throughout the year and new disciplinary procedures put in place in FY03 regarding budgetary responsibility remain in place. These actions resulted in actual expenditures being \$8.7 million less than the original budget and \$16.3 million less than the budget as last approved mid-year. General government activities actually returned unused monies to the General Fund in the amount of \$4.4 million, based on the last mid-year budget. All General Fund agencies continue to answer the call for budgetary responsibility by carefully controlling their expenses and returning funds.

CITY OF ALBUQUERQUE, NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2005

FINANCIAL ANALYSIS OF THE CITY'S FUNDS, continued

Revenues continued to be very difficult to predict during this fiscal year with mixed economic indicators and activities. Gross receipts tax revenues showed overall strength in virtually every sector, and construction permit revenues continued with unprecedented growth. Revenues were \$20.7 million greater than anticipated in the original budget and \$7.4 million more than the budget as last projected at mid-year. Gross receipts tax (local option and state shared), a major component of the City's operating revenue came in at \$3.2 million more than the last revised budget estimate and \$15.5 million more than the original budget. Revenues were weaker than budgeted in indirect overhead and CIP funded positions as personnel positions were reduced and government construction activity was less than originally anticipated. In contrast, revenues from licenses and permits of \$15.0 million were higher than projected as a result of continued, unusual strength in the construction area, primarily new residential construction as well as substantial state and federal government road construction within the City.

The Department of Municipal Development, created early in FY04 for the purpose of coordinating CIP activities, continued to be very successful in implementing and completing both bond and general fund projects. Backlogs were reduced substantially from \$170.9 million at the beginning of the fiscal year to \$121.0 million at the end of the fiscal year. This successful effort contributed to the growth in gross receipts tax revenues.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

The City's capital assets for its governmental and business-type activities as of June 30, 2005, amount to \$1.4 billion (net of accumulated depreciation). Capital assets include land, buildings, infrastructure, improvements other than buildings, and equipment. The total increase in the City's capital assets for the current fiscal year was \$129.1 million or 9.8% from fiscal year 2004.

CITY OF ALBUQUERQUE, NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2005

CAPITAL ASSETS AND DEBT ADMINISTRATION, continued

Major capital asset events during the current fiscal year included the following:

In *governmental activities*, land was acquired for open space costing \$10.2 million, and replacement vehicles were acquired for the police (\$5.2 million) and for fire (\$3.7 million). The construction work in progress increased by \$130.6 million primarily due to the continuing facility development at the Balloon Fiesta Park Museum, a major expansion of the Albuquerque Museum, the redevelopment of Tingley Beach linking the north and south ends of the BioPark and other facilities development.

In *business-type activities*, additions to equipment included new transit vehicles (\$8.2 million) and new solid waste vehicles and heavy equipment (\$5.8 million). The increase in buildings and improvements includes the Westside Transit Facility (\$20.9 million), the Uptown Transit Facility (\$1.0 million) and for the Housing Fund (\$3.1 million). The Aviation Fund had additions to runways and improvements (\$4.1 million) and to improvements other than buildings and runways (\$10.7 million). The construction work in progress decreased by \$13.2 million. The major expenditures in construction work in progress consisted of improvements to the Sunport and construction on the new Westside Transit Facility.

More detailed information may be found in Note 8 of the accompanying financial statements.

Debt Administration

At the end of the current fiscal year, the City had total long-term obligations of \$829.1 million of which \$115.7 million is due within the next fiscal year. The total bonded debt (net of unamortized discounts, deferred amounts on refunding and including unamortized premiums) is \$733.0 million. The remaining debt is for loans, accrued vacation and sick leave pay, and claims payable.

During the fiscal year ended June 30, 2005 the City issued bonds for \$183.1 million. Bond proceeds were deposited into the Capital Acquisition Fund for the betterment of parks and recreation, the BioPark, libraries, museums, senior citizen centers, community centers, public transportation facilities and for improvements to the storm sewer system.

The ratio of net general obligation bonded debt to taxable valuation and the amount of bonded debt per capita are useful indicators to management, citizens and investors of the City's debt position. The State's Constitution provides for a legal debt limit of 4% of taxable valuation. The percentage for the City of Albuquerque is 2.7% of the \$8.3 billion taxable value of property within the City's boundaries. The City currently may issue up to an additional \$63.2 million of general obligation bonds. It has \$268.4 million of general obligation debt outstanding subject to the legal debt limit at June 30, 2005. The net general bonded debt per capita is \$619.52. The highest per capita amount in the last ten fiscal years was \$619.52 in the fiscal year ended June 30, 2005 and the lowest per capita amount was \$213.73 in the fiscal year ended June 20, 2002.

The City's ratings on uninsured general obligation bonds remained unchanged from the prior year and as of June 30, 2005 were:

Moody's Investors Service, Inc.	Aa3
Standard & Poor's Ratings Service	AA
Fitch, Inc.	AA

More detailed information may be found in Note 10 and Note 25 of the accompanying financial statements.

**CITY OF ALBUQUERQUE, NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2005**

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

The City's elected and appointed officials considered many factors when setting the fiscal year 2006 budget. Many of the City's revenues are influenced by the economy. The gross receipts tax revenue forecast, particularly, is highly influenced by economic conditions. The budget contemplates growth in gross receipts tax revenues over the prior year, reflecting slightly stronger economic conditions both nationally and locally.

Construction employment in the area has remained unusually high, particularly with respect to residential construction, with a modest increase in commercial construction during the last part of the 2005 fiscal year. The budget contemplates that these high levels will not be sustained throughout the year, although reduced levels of residential and commercial construction are expected to be somewhat offset by continuing state and federal highway construction with the City.

Charges for entry into some City venues and for certain City services are unchanged in the fiscal year 2006 budget. However, the budget does include revenues from new City venues, particularly the Balloon Museum, scheduled to open in October, 2005.

Property tax revenues continue to grow as the economy expands. One mill of taxing authority was converted from capital to operations during fiscal year 2004. A state imposed limitation on assessed value for residential properties is not expected to have a major fiscal impact in the near term.

Revenues for internal services continue to decline as the City reduces its direct provision of office services, building alternations, surveying and engineering inspections, all of which are available through the private sector.

During the 2004 legislative session, legislation to repeal the gross receipts tax on food and certain medical services effective January 1, 2005 was enacted. In an attempt to hold local governments harmless, the distribution to cities of the state-shared gross receipts tax was increased. This increased distribution was to be funded by the state by a repeal of the half-cent credit against local option impositions, also effective January 1, 2005. Distributions for the first three months after January 1, 2005, were materially reduced from the same periods in the prior year, primarily due to incorrect reporting by merchants and implementation issues at the state Taxation and Revenue Department. The City worked actively with the Taxation and Revenue Department to identify the reasons for the lowered distributions, and by June 30, 2005, the major problems seem to have been resolved.

In the October, 2003 general municipal election, the voters approved a gross receipts tax increase of one-quarter percent (0.25%) to be dedicated to public safety. Fire is to receive 33% of the revenues, police 33%, corrections 8% and social services for prevention and intervention 25% each year. The tax was expected to generate about \$27.8 million on an annual basis when it was effective on July 1, 2004. The fiscal year 2006 budget reflects estimated tax proceeds of \$32.65 million for a full twelve months.

Also in the October 2003 general municipal election, the voters rejected the streets and roads bond question. Because of the potentially negative impact on the City's infrastructure program, the question was again put to the voters during the general state election in November 2004. The streets and roads bond question passed by a majority in November 2004.

**CITY OF ALBUQUERQUE, NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2005**

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES, continued

During the 2003 legislative session, legislation was enacted that transferred “all functions, appropriations, money, records, equipment and other real and personal property pertaining to the Albuquerque water and wastewater utility” to a newly created entity, the Albuquerque-Bernalillo Water Utility Authority. Existing debt of the utility became the debt of the Authority, but the Authority was not to impair the rights of any bondholders of outstanding bonds. All contractual obligations of the existing proprietary activity were to be binding on the Authority. Although the legislation had an effective date of June 20, 2003, an audit by the Public Regulation Commission was a condition precedent to the transfer of money, assets and debts to the Authority. That audit was completed in late December 2003 and the transfer to the Authority was made effective July 1, 2003. Concurrently with the transfer, the Authority entered into a six-month Memorandum of Understanding with the City to administer the water and wastewater utility. That Memorandum of Understanding was subsequently extended to June 30, 2006. The Authority retains the authority and obligation to determine and impose rates for services.

The following table presents the underlying assumptions used in the budget process:

**CITY OF ALBUQUERQUE, NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2005**

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES, continued

The total General Fund appropriation for fiscal year 2006 is \$446.5 million before interfund eliminations and \$381.1 million after eliminations. Total appropriation increased by \$44.7 million, which is an 11.1% increase over the original fiscal year 2005 budget. Recurring appropriations increased by 7.4%, while non-recurring appropriations increased by 101.7%, primarily due to the use of fund balances.

The international, national, state and local economies have shown modest growth following the 2001-2002 recession, but recent increases in the prices of oil and natural gas, bring concern about the effects it will have on the City's 2006 budget. Costs for items such as fleet and building operations are escalating rapidly. These price increases also have negative impacts on revenues as consumers spend more on gasoline and fewer dollars are available to spend on items subject to the gross receipts tax. However, the City continues to diligently monitor expenditures along with revenues so that it can respond quickly should changes be required.

REQUESTS FOR INFORMATION

This financial report is designed to provide our citizens, taxpayers, customers, investors, and creditors with a general overview of the City's finances and to demonstrate the City's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Director's office for the Department of Finance and Administrative Services of the City at Director's Office, DFAS, Room 11015, One Civic Plaza N.W., Albuquerque, New Mexico 87102.

CITY OF ALBUQUERQUE, NEW MEXICO
BALANCE SHEET - GOVERNMENTAL FUNDS
June 30, 2005

Reconciliation of the Governmental Funds Balance Sheet to the Statement of Net Assets:

Total fund balance for governmental funds \$ 372,281,052

Total net assets reported for governmental activities in the statement of net assets is different because:

Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds. Those assets at June 30, 2005 consist of:

Land	\$ 231,510,170	
Construction in progress and miscellaneous other	369,214,343	
Buildings	174,424,371	
Infrastructure	77,207,261	
Improvements	328,486,974	
Equipment	120,721,381	
Accumulated depreciation	<u>(348,559,399)</u>	
Total capital assets		953,005,101

Long-term obligations applicable to the City's governmental activities are not due and payable in the current period and accordingly are not reported as fund liabilities. Interest on long-term debt is not accrued in governmental funds, but rather is recognized as an expenditure when due. All liabilities are reported in the statement of net assets. Balances at June 30, 2005 are:

General Obligation bonds payable	(239,205,000)	
Sales tax revenue bonds and notes payable	(143,456,299)	
Special assessment debt with governmental commitment	(11,884,181)	
Current portion of bonds payable, net of reported matured principal	1,845,847	
Unamortized bond issue costs	1,860,089	
Unamortized premiums and discounts	<u>(2,291,157)</u>	
Total bonds and notes payable, net of premiums, discounts and bond issue costs	(393,130,701)	
Accrued vacation and sick leave pay	(27,130,049)	
Accrued rebatable arbitrage payable reported as deferred credit	<u>(1,044,189)</u>	
		(421,304,939)

Internal service funds are used by the City to charge the cost of tort liability, workers compensation and employee health insurance to other individual funds. In addition, the cost of providing communications, fleet maintenance and supplies warehousing services are also charged. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net assets. Internal service fund net assets (deficit) are: (2,590,724)

Some of the City's taxes will be collected after year-end and amounts due on real estate contracts are not available soon enough to pay for the current period's expenditures, and therefore are reported as deferred revenue in the funds. The amounts are:

Gross receipts tax	30,198,743	
Property taxes	3,728,993	
Other taxes	676,725	
Amounts due on real estate contracts	<u>2,240,323</u>	
		36,844,784

Interest earned on loans receivable are not available for collection and are not included in the governmental fund financial statements. However, the accrued interest is reported in the government-wide financial statements. 26,304

Total net assets of governmental activities \$ 938,261,578

The accompanying notes are an integral part of these financial statements

CITY OF ALBUQUERQUE, NEW MEXICO
STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES
GOVERNMENTAL FUNDS
For the year ended June 30, 2005

Reconciliation of the Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balance to the Statement of Net Activities:

Net change in fund balances - total governmental funds \$ 16,169,857

The change in net assets reported for governmental activities in the statement of activities is different because:

Governmental funds report capital outlay as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.

Capital outlay expenditures	\$ 185,879,057	
Depreciation expense	(29,796,654)	
Gain (loss) on disposition of capital assets	<u>(45,363,094)</u>	
		110,719,309

The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items. (35,584,427)

Internal service funds are used by the City to charge the cost of tort liability, workers compensation and employee health insurance to other individual funds. In addition, the cost of providing communications, fleet maintenance and supplies warehousing services are also charged. The net revenue (loss) of the internal service funds is reported with governmental activities. 4,721,768

Under the modified accrual basis of accounting used in the governmental funds, revenue is recognized when available to provide financing resources for the current period. Likewise, expenditures are not recognized for transactions that are not normally paid with expendable available financial resources. In the statement of activities, however, which is presented on the accrual basis, revenues and related receivable and expenses and related liabilities are reported regardless of when financial resources are available. This adjustment combines the net change of balances of the following:

Revenue:		
Gross receipts tax	183,809	
Property tax	73,118	
Other taxes	12,632	
Collections on real estate contracts, net of deferred gains	(212,724)	
Expenses:		
Accrued vacation and sick leave pay	(3,573,065)	
Rebatable arbitrage	<u>55,439</u>	
Net adjustment		<u>(3,460,791)</u>

Change in net assets of governmental activities \$ 92,565,716

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2005

NOTE 1 THE FINANCIAL REPORTING ENTITY

The City of Albuquerque, New Mexico (City), was founded in 1706, chartered as a town in 1885, and organized under territorial law as a city in 1891. The City became a charter city in 1917, and the voters approved a home rule amendment to the charter in 1971. In 1974, the electorate voted to establish a mayor-council form of government; the City Council consists of nine council members elected from districts. As a governmental entity, the City is not subject to Federal or State income taxes.

The City provides traditional services such as public safety, culture and recreation, public works, highways and streets, water and sewer services, and refuse collection. In addition, the City operates parking facilities, a transit system, an international airport, corrections and detention facilities, and a housing authority.

The City of Albuquerque (the primary government) for financial reporting purposes consists of funds, departments, and programs for which the City is financially accountable. Criteria indicating financial accountability include, but are not limited to, the following:

1. (a) appointment by the City of a majority of voting members of the governing body of an organization, and
(b) ability of the City to impose its will on the daily operations of an organization such as the power to remove appointed members at will; to modify or approve budgets, rates or fees, or to make other substantive decisions; or
2. provision by the organization of specific financial benefits or burdens to the City; or
3. fiscal dependency by the organization on the City such as from the lack of authority to determine its budget or issue its own bonded debt without City approval.

Based on the foregoing criteria, the City has determined that Albuquerque Bernalillo County Water Utility Authority (Authority), created with an effective date of July 1, 2003, is a component unit of the City. The Authority's governing board is composed of three members of the City Council, three members of the County of Bernalillo Commission and the Mayor of the City. See Note 23.

The City has determined that it does have relationships with other organizations that are considered to be component units of the City. However, those organizations, not included herein, are of such nature and significance that exclusion would not render the City's financial statements incomplete or misleading.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the City of Albuquerque have been prepared in conformity with generally accepted accounting principles (GAAP) as prescribed by the Governmental Accounting Standards Board (GASB). The more significant of the government's accounting policies are described below.

A. Basis of Presentation

The financial transactions of the City are recorded in individual funds, each of which is considered a separate accounting entity. All financial transactions are reported in basic financial statements, as follows:

1. Government-wide Financial Statements:

The *statement of net assets* and the *statement of activities* display information about the primary government and its component unit. These statements include the financial activities of the overall government, except for fiduciary activities. Eliminations have been made to minimize the double counting of internal activities. These statements distinguish between the governmental and business-type activities of the City. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The net assets of the City are reported in three categories: 1) invested in capital assets, net of related debt; 2) restricted; and 3) unrestricted. Restricted net assets result from constraints placed on the use of net assets when externally imposed by creditors, grantors, laws and regulations of other governments and imposed by law through constitutional provisions or enabling legislation. When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, and then unrestricted resources as needed.

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2005

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

A. Basis of Presentation, continued

The *statement of activities* presents a comparison between direct expenses and program revenues for the different business-type activities of the City and for each function of the City's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Amounts reported as program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment; and 2) grants and contributions that are restricted to meeting operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported as general revenues. Indirect expense allocations that have been made in the funds are shown in a separate column and are not included in the expenses column. The allocation of indirect expenses is based on the relative usage by the function charged to all functions for services rendered by all central service activities of the general government such as Accounting, Information Services, Treasury, Budgeting, and other central services.

2. Fund Financial Statements:

The fund financial statements provide information about the City's funds, including its fiduciary funds. Separate statements for each fund category; governmental, proprietary, and fiduciary, are presented. The emphasis of fund financial statements is on major governmental and business-type (enterprise) funds, each displayed in a separate column. All remaining governmental and business-type (enterprise) funds are aggregated and reported as nonmajor funds.

Proprietary funds distinguish operating revenues and expenses from non-operating revenues and expenses. Operating revenues and expenses generally result from providing services in connection with the fund's principal ongoing operations. The principal operating revenues, such as charges for services, result from exchange transactions in which each party receives and gives up essentially equal values. Operating expenses include the cost of services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues or expenses. These include operating subsidies, investment earnings, interest expense, and transactions that result from non-exchange transactions or ancillary activities.

The City reports the following major governmental funds:

General Fund. This fund is the City's primary operating fund and is used to account for the general operations of the City and for all financial resources except those that are required to be accounted for in another fund.

General Obligations Bond Debt Service Fund. This fund accounts for the monies set aside for the payment of principal and interest of all general obligation bonds. The principal source of revenue is from property taxes.

Capital Acquisition Fund. This fund accounts for capital projects for which financing is provided by the sale of general obligation and revenue bonds, miscellaneous revenues and various grants.

The City reports the following major proprietary (enterprise) funds:

Airport Fund. This fund accounts for the operations of the Albuquerque International Sunport.

Refuse Disposal Fund. This fund accounts for the general operations of providing refuse removal services.

Transit Fund. This fund accounts for the operations of the City's Sun Tran bus system.

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2005

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

A. Basis of Presentation, continued

The City reports the following fund types:

Special Revenue Funds. To account for the proceeds of specific revenue sources that are legally restricted to expenditures for specific purposes.

Debt Service Funds. To account for the accumulation of resources for, and the payment of, general and special assessment long-term principal, interest, and related costs.

Capital Projects Funds. To account for financial resources to be used for the acquisition or construction of major capital facilities other than those financed by proprietary funds.

Enterprise Funds. These funds account for resources generally through services for which the City charges customers – either outside, or internal units or departments of the City. These funds report on the full accrual basis of accounting.

Permanent Funds. These funds account for resources that are legally restricted to the extent that only earnings, not principal, may be used for purposes that support specific programs.

Internal Service Funds. These funds account for inventory warehousing and issues; worker's compensation, tort and other claims insurance coverage; vehicle maintenance and motor pool services; and communication services to City departments. In addition, these funds provide health insurance coverage to City employees.

Agency Funds. These funds account for monies held by the City in a custodial capacity on behalf of third parties or other agencies.

B. Measurement Focus, Basis of Accounting

1. Government-Wide, Proprietary and Agency Fund Financial Statements

The government-wide, proprietary, and agency fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Non-exchange transactions, in which the City gives (or receives) value without directly receiving (or giving) equal value in exchange, include gross receipts and property taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes, net of estimated refunds and uncollectible amounts, is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements are met.

All governmental and business-type activities of the City follow FASB Statements and interpretations issued on or before November 30, 1989, Accounting Principles Board Opinions, and Accounting Research Bulletins, unless those pronouncements conflict with GASB pronouncements. The City has elected not to follow FASB Statements and interpretations issued after November 30, 1989.

2. Governmental Fund Financial Statements

Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The City considers all revenues reported in the governmental funds to be available if the revenues are collectible within the current period or within one month following the year-end. Revenues not considered available are recorded as deferred revenues. Property taxes, gross receipts taxes, franchise taxes, licenses, and interest are considered susceptible to accrual. All other revenue items are considered to be measurable and available only when the City receives cash.

Expenditures are recorded when the related fund liability is incurred, except for a) principal and interest payments on general long-term debt which are recorded when amounts have been accumulated in the debt service funds for the current debt service payments on July 1 in the following year and b) vacation and sick leave pay, which are recognized as expenditures only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt are reported as other financing sources.

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2005

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

C. Statement of Cash Flows

For purposes of the statement of cash flows, all pooled cash and investments (including restricted assets) of the City are considered to be cash equivalents although there are investments with a maturity in excess of three months when purchased because they have the characteristics of demand deposits for each individual fund. Non-pooled investments with original maturities of three months or more are deducted from cash, investments, and accrued interest and changes therein are reported as cash flows from investing activities.

D. Estimated Amounts Reported in Financial Statements

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting year. Actual results could differ from those estimates.

E. Cash, Investments, and Accrued Interest

A significant portion of the cash and investments of funds of the City is pooled for investment purposes. The pooled cash investment program of the City is operated under the provisions of City ordinance and a specific City investment policy. The policy states that the City shall invest cash balances over the anticipated amount needed to meet operating requirements. Investments are recorded at fair value. The balance reported for each participating fund as "Cash, Investments, and Accrued Interest" represents the equity of that fund in the pooled cash, investments, and accrued interest. Interest earnings on pooled investments are allocated to the participating funds based on average daily balances.

The investment policy states that the City will not commit any funds invested in the pool to maturities longer than three years from the date of purchase, except investments held to meet legal reserve requirements on bond indebtedness. The maturity date of these investments will not exceed the final maturity date of the bond issue to which they are pledged. Funds are invested on the basis of a minimum of three bids and/or offers. Certificates of deposit are based on competitive rates for specified maturities.

All investments are valued at quoted market prices except for the investment in Special Assessments District bonds and in State of New Mexico Mortgage Finance Authority bonds that are computed at amortized cost approximating market value.

The investment in the State of New Mexico local government investment pool is valued at \$1.00 per share. It is a pool that is not registered with the United States Securities Exchange Commission and the regulatory oversight for that pool rests with the State of New Mexico's Treasurer through the State Treasurer's Investment Committee. This pool is subject to the standards set forth in the State Treasurer's Local Government Investment Policy document incorporated in and made a part of the State Treasurer's Investment Policy document. The Independent Auditors' Report, together with the Financial Statements, the accompanying Notes to the Financial Statements, and the Independent Auditors' Report on Compliance and Internal Controls are available from the State Investment Council, 2055 South Pacheco Street, Suite 100, Santa Fe, New Mexico 87505, upon written request.

The following categories of investments are specifically authorized by the policy:

Repurchase Agreements - secured by collateral, which is delivered to a third-party safekeeping institution, with a market value equal to or greater than the value of the agreement.

U.S. Treasury Obligations - bills, notes, and bonds.

Obligations of Federal Agencies or Instrumentalities - interest bearing or discount form.

Municipal Bonds - rated in any of the three highest major rating categories by one or more nationally recognized rating agencies.

The following categories of deposits are specifically authorized by the policy:

Checking accounts - at insured financial institutions.

Certificates of Deposit - subject to restrictions set forth in the City's Fiscal Agent Ordinance (City policy requires a minimum of 50% security consisting of insurance and/or collateral).

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2005

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

F. Inventories of Supplies

Inventories of supplies are valued at average cost. Expenditures in governmental funds and expenses in proprietary funds are recorded as inventory items are consumed.

G. Land Held for Sale

Land held for sale, which consists primarily of approximately 4,357 acres located throughout the State of New Mexico obtained by trade with the federal government in July 1982, is part of the Acquisition and Management of Open Space Permanent Fund. Upon sale of these properties, a portion of the gain, if any, as defined in an agreement, is payable to a third party. Other land was obtained through foreclosure proceedings required by special assessment bond ordinances. The land for sale is valued at cost, which does not exceed market value.

For the government-wide financial statements, the City recognizes income on real estate transactions by recording the entire gross profit on sales that meet the requirements for the accrual method. Transactions that do not meet the requirements for the accrual method are recorded using the deposit method or installment method until such time as the requirements for the accrual method are met. Under the deposit method, cash received is recorded as a deposit. Under the installment method, the City records the entire contract price and the related costs at the time the transaction is recognized as a sale. Concurrently, the gross profit on the sale is deferred and is subsequently recognized as revenue as payments of principal are received on the related contract receivable. In the financial statements for the governmental funds, the City recognizes income from the sale of real estate when the principal on mortgage contracts are collected. At the time of the sale, the principal on the real estate contracts are recorded as deferred revenue.

H. Capital Assets

Capital assets, which include land, buildings and improvements, machinery and equipment, and infrastructure assets, are reported in the applicable governmental or business-type activity columns in the government-wide financial statements. Capital assets are defined as assets with an initial individual cost of more than \$1,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Works of art and historical treasures are not capitalized because those are: 1) held for public exhibition rather than for financial gain, 2) protected, kept unencumbered, cared for, and preserved, and 3) all proceeds from the sale of collection items are required to be used to acquire other items for collections. Software is capitalized when acquired while library books are not capitalized because the aggregated cost of books is considered immaterial. Donated capital assets are recorded at estimated fair market value at the date of donation. General infrastructure assets (roadways and related street and signal lights, storm sewers, bike trails, and bridges) acquired or constructed prior to July 1, 2001 have not been reported.

Capital outlay is recorded as expenditures of the General, Special Revenue, and Capital Projects Funds and as assets in the government-wide financial statements to the extent the City's capitalization threshold is met. Interest incurred during the construction phase of capital assets of the business-type activities is reflected in the capitalized value of the asset constructed, net of interest earned on the invested proceeds over the same period.

Capital assets, which are financed by general obligation bonds (to be repaid solely from property tax levies) for use by a proprietary fund, are reported as construction in progress in the government-wide financial statements during construction. The asset, when placed in service, is transferred at historical cost to the proprietary fund as a capital contribution from the City.

Buildings and improvements, infrastructure, and machinery and equipment are depreciated using the straight line method over the following estimated useful lives:

Buildings and improvements	15 - 50 years
Runways and other improvements	15 - 25 years
General infrastructure assets	30 years
Improvements other than buildings and runways	15 - 20 years
Machinery and equipment	3 - 13 years

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2005

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

I. Deferred Charges and Other Assets

Land acquired in a claim settlement is recorded at the lower of cost or appraised value. The appraised value reflects the impairment of the asset, which was caused by underground contamination that seeped from an adjacent inactive landfill maintained by the City.

Costs incurred in connection with the issuance of bonds are capitalized and are reported as deferred bond issuance costs. These costs are amortized over the remaining maturity period of the related bond issues under a method that approximates the level interest rate method.

J. Claims and Judgments

Liabilities for workers' compensation, tort and other claims as of June 30, 2005, were accrued based on actuarial estimates of the City's self-insurance programs. At June 30, 2005, liabilities were based on a case-by-case evaluation of the probable outcome of claims filed against the City, as well as an estimate of claims incurred but not reported. The long-term portion of the liability is discounted at 5.0% at June 30, 2005, and 5.0% for 2004, over the estimated payment period. Revenues consist primarily of charges to other funds, the amounts of which approximate the cost of claims and other risk management costs arising from the activities of those funds.

K. Accrued Vacation and Sick Leave Pay

City employees may accumulate limited amounts of vacation pay that are payable to the employee upon termination or retirement. For governmental funds, expenditures are recognized during the period in which vacation costs become payable from available, expendable resources. A liability for amounts earned but not payable from available, expendable resources is reported in the government-wide financial statements. For proprietary funds, vacation costs are recognized as a liability when incurred.

City employees may also accumulate limited amounts of sick leave that are payable to the employee upon termination or retirement. For governmental funds, expenditures are recognized during the period in which sick leave costs become payable from available, expendable resources. A liability for vested amounts, due to employees meeting the termination or retirement requirements, but not payable from available, expendable resources is reported in the government-wide financial statements. For proprietary funds, accumulated sick leave pay is recognized when vested or taken whichever occurs first.

L. Deferred Revenue

The City defers revenue from non-exchange transactions. The amount deferred results from the difference between the receivable recognized on an accrual basis and the related revenue recognized on the modified accrual basis. The City also defers revenue on rehabilitation loans, construction loans, economic development loans and special assessments. Revenue is recognized as the receivables are collected. In addition, deferred revenue includes moneys collected for food service and license fees, not yet earned.

M. Special Assessments

Special assessment receivables are recorded upon approval of the assessment roll by the City Council, and the related revenues, interest, and penalties are recognized when due. City participation revenues are recorded at the time of receipt.

N. Long-term Obligations

Long-term obligations used to finance proprietary fund capital acquisitions and payable from revenue of proprietary funds are recorded in the applicable proprietary fund. Long-term obligations of governmental funds payable from general revenues of the City and special assessment levies are reported in the government-wide financial statements.

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2005

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

O. Fund Balance Reserves and Designations

The City records reserves to indicate that a portion of fund balance is legally restricted for a specific future use or is not available for appropriation and/or expenditure. At June 30, 2005, fund balances were reserved for:

Encumbrances - the estimated amount of unperformed contracts and outstanding purchase orders that will be re-appropriated in the subsequent fiscal year.

Inventories of supplies - the amount of inventories on hand not available for appropriation.

Prepaid items - the amount reserved for operating costs paid in advance not available for appropriation.

Land held for resale - the amount of fund balance representing the cost of land held for resale and not available for appropriation and/or expenditure.

Advances to other funds - the amount of advances to other funds not available for appropriation and/or expenditure.

Transfer to capital acquisition fund - the amount of unencumbered fund balance in the False Alarm and Education Fund that is available for transfer to the Capital Acquisition Fund in the ensuing fiscal year.

Acquisition and management of open space land - the fund balance of permanent funds legally restricted for this purpose.

Urban enhancement - the fund balance of permanent funds legally restricted for this purpose.

Operations - a portion of the fund balance of the General Fund restricted by the City Council from expenditure, except by specific appropriation, for the purpose of maintaining existing levels of government services to the public.

P. Encumbrances

Encumbrances, outstanding at fiscal year end and that will be re-appropriated for the following fiscal year, are recorded as a reservation of fund balance and are not included in expenditures.

Q. Unbilled Revenues

Refuse services are billed on a cycle basis; therefore, amounts for services provided but unbilled as of June 30, 2005 are not included in receivables or revenue of the enterprise fund. Such unbilled amounts are not material to the financial position and results of operations of the Refuse Disposal Fund.

R. Inter-fund Transactions

Transactions that would be recorded as revenues, expenditures, or expenses if they involved organizations external to the City are similarly treated when involving other funds of the City. These transactions include charges for administrative services, building rental, risk management services, vehicle maintenance and motor pool services, inventory and office services, retirees' health care, and payments in lieu of taxes. Other authorized transfers between funds are recorded as transfers and are included in the determination of the results of operations in the governmental, proprietary, and fiduciary funds.

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2005

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

S. Budgets

Annual budgets for the General Fund, certain Special Revenue Funds, and certain Debt Service Funds are departmental appropriations by program, the level at which expenditures may not legally exceed appropriations. The annual budget approved by the City Council also includes proprietary funds. The budgetary data is prepared consistent with the basis of accounting described in Note 2B. As required by the home rule City charter, the annual budget is formulated by the Mayor and submitted to the City Council by April 1 for the fiscal year commencing July 1. When there is a proposal for a change in rates or fees, City ordinances provide that the Mayor shall submit the operating budget for the Refuse Disposal, Golf, and Aviation enterprise funds to the City Council no later than March 1. Public hearings are conducted to obtain citizen comments on the proposed budget. By June 1, the budget is legally adopted through passage of an appropriation resolution by the City Council.

The Mayor has the authority to change individual program appropriations by the lesser of five percent of the original appropriation or \$100,000, provided that the total amount of appropriations for the fund as approved by the City Council does not change. Approved appropriations lapse at the end of the fiscal year to the extent that they have not been expended or encumbered except any appropriation continued by ordinance. During fiscal year 2005, several supplemental appropriations were necessary.

An annual budget, which is not legally adopted, for the City of Albuquerque Housing Authority is prepared in accordance with the Department of Housing and Urban Development regulations on an accrual basis and includes both operating and debt service activities as a single budget. The Special Assessments Debt Service Fund spending is controlled primarily through bond indenture provisions and the Capital Projects Funds do not have annual budgets.

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2005

NOTE 3 RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

A. Explanation of certain differences between the Governmental Fund Balance Sheet and the Government-Wide Statement Of Net Assets.

Total fund balances of the City's governmental funds, \$372,281,052, differ from net assets of governmental activities, \$938,261,578, reported in the Statement Of Net Assets. The differences primarily result from the long-term economic focus in the Statement Of Net Assets versus the current financial resources focus in the Governmental Fund Balance Sheets. The differences (*in thousands*) are illustrated below:

	<u>Total Governmental Funds</u>	<u>Internal Service Funds</u>	<u>Long-term Assets & Liabilities</u>	<u>Reclassi- fications and Eliminations</u>	<u>Statement of Net Assets Totals</u>
Assets:					
Cash, investments and accrued interest	\$ 417,759	\$ 45,972	\$ -	\$ (95,374)	\$ 368,357
Taxes receivable	64,319	-	-	-	64,319

NOTE 3 RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS, continued

B. Explanation of certain differences between the Governmental Fund Statement Of Revenues, Expenditures, And Changes In Fund Balances and the Government-Wide Statement Of Net Activities.

The net change in fund balances for governmental funds, \$16,169,857, differ from the change in net assets for governmental activities, \$92,565,716, reported in the Statement Of Activities. The differences arise primarily from the long-term economic focus in the Statement Of Activities versus the current financial resources focus in the governmental funds. The differences (*in thousands*) are illustrated below:

	Total Governmental Funds	Internal Service Funds	Long-term Revenues/ Expenses	Reclassi- fications and Eliminations	Statement of Activities Totals
Revenues:					
Taxes:					
Property tax	\$ 92,474	\$ -	\$ 73	\$ -	\$ 92,547

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2005

NOTE 4 CASH AND CASH EQUIVALENTS, continued

A. Cash, Investments, Accrued Interest and Cash with Fiscal Agents, continued

The City chose to early implement the provisions of GASB Statement No. 40, Deposit and Investment Risk Disclosure – an amendment of GASB Statement No. 3 effective for Financial Statements dated June 30, 2004. The objective of this Statement is to update the custodial credit risk disclosure requirements of Statement 3 and to establish more comprehensive disclosure requirements addressing other common risks of the deposits and investments of state and local governments. The Statement changes the content and form of the risk disclosure in the footnotes. The Statement requires disclosure of four types of risk - 1) custodial credit risk for bank deposits and investments 2) credit risk 3) concentration of credit risk and 4) interest rate risk.

- 1A. Custodial credit risk – Deposits. Custodial credit risk is the risk that in the event of a bank failure, the City's funds may not be returned to it.

The City is required to obtain from each bank that is a depository for public funds pledged collateral in an aggregate amount equal to one half of the public money in each account (Section 6-10-17 NMSA 1978). No security is required for the deposit of public money that is insured by the Federal Deposit Insurance Corporation (FDIC).

At June 30, 2005, none of the City's bank balances of \$150,837,762 was exposed to custodial credit risk.

- 1B. Custodial credit risk – Investments. Custodial credit risk is the risk that in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party.

The City's investment policy requires that all security transactions, including collateral for repurchase agreements, entered into by the City shall be conducted on a delivery-versus-payment basis. The investment policy further requires that all collateral securities held by a third party custodian, designated by the City Treasurer, shall be held in the City's name and evidenced by a safekeeping receipt or Federal Reserve book-entry reporting.

2. Credit risk. Credit risk is the risk that in the event an issuer or other counterparty to an investment does not fulfill its obligations, the City will not be able to recover the value of its principal.

As a home rule city, the City's general investment policy is to apply the prudent-person rule: Investments are made as a prudent person would be expected to act, with discretion and intelligence, to seek reasonable income, preserve capital and, in general, avoid speculative investments.

The City's Investment Committee annually reviews its asset allocation strategies and guidelines for the percentage of its total portfolio that may be invested in securities other than repurchase agreements, U.S. Treasury bills and notes or insured/collateralized certificates of deposit. The guidelines are reviewed considering the probability of market and default risk in various investments sectors as part of its allocation evaluation.

The City's investment policy describes permitted investments in Section 7 and describes prohibited investments in Section 8. Among permitted investments, the investment policy requires that 1) repurchase agreements have a collateralized value of 102% of the par value of the agreement 2) certificates of deposit with local banks be fully insured and 3) brokered certificates of deposit be 100% collateralized. Investments in direct obligations of the U.S. Treasury are permitted as are securities of most U.S. Government agencies with the exception of Government National Mortgage Association securities. Other prohibited investments are 1) Collateralized Mortgage Obligations 2) inverse floaters and 3) reverse repurchase agreements.

At June 30, 2005 all of the City's investments in its internal investment pool other than overnight repurchase agreements were invested with U.S. Government agencies whose debt was rated AAA by Standard & Poor's and Aaa by Moody's Investors Service. The City's non-pooled investments in the State of New Mexico Investment Council Core Bond Fund and the State of New Mexico Local Government Investment Pool were not rated.

3. Concentration of credit risk. Concentration of credit risk is the risk of loss attributed to the magnitude of the City's investment in a single issuer.

The City's investment policy states the City will develop diversification strategies to avoid incurring concentration risk. The following general policies and constraints shall apply: Portfolio maturities shall be staggered to avoid undue concentration of assets in a specific maturity sector. With the exception of U.S. Treasury securities and authorized pools, no more than 50% of the total investment portfolio will be invested in a single security type or with a single financial institution or at a single maturity.

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2005

NOTE 4 CASH AND CASH EQUIVALENTS, continued

A. Cash, Investments, Accrued Interest and Cash with Fiscal Agents, continued

3. Concentration of credit risk, continued

All of the City's internal investment pool other than repurchase agreements is in debt securities issued by the Federal National Mortgage Association, the Federal Home Loan Mortgage Corporation and the Federal Home Loan Bank. These investments are 53.13%, 32.58% and 14.29% respectively of the non-repurchase agreement portfolio and 33.18%, 20.34% and 8.92% of the total portfolio.

4. Interest rate risk. Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of the City's investments.

The City's investment policy limits the City's exposure to interest rate risk by requiring that no less than 80% of the funds invested in the internal investment pool or in other discretionary funds be in maturities of no more than three years from date of purchase. No more than 20% of the funds may be invested in maturities of up to five years. Investment of non-discretionary assets, including funds to be held in trust, may be committed to maturities up to ten years from the date of purchase.

The weighted average maturity of the investments in the internal investment pool at June 30, 2005 was 227.40 days. The weighted average days to call of the same portfolio was 227.40 days.

B. Pledged Collateral by Bank

The City is required to obtain from each bank that is a depository for public funds pledged collateral in an aggregate amount equal to one half of the public money in each account (Section 6-10-17 NMSA 1978). No security is required for the deposit of public money that is insured by the Federal Deposit Insurance Corporation (FDIC).

The pledged collateral by bank (in thousands) at June 30, 2005, consists of the following:

(In thousands of dollars)

	First State Bank (Water)	First State Bank (Housing)	Bank of America	Wells Fargo Bank	Compass Bank	Bank 1st	Union Bank	NM Bank & Trust

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2005

NOTE 5 TAXES, ACCOUNTS AND NOTES RECEIVABLE

A. Taxes receivable

The taxes receivable at June 30, 2005 are from the following sources:

Gross receipts tax	\$58,094,629
Property tax	4,420,433
Lodgers tax	920,436
Hospitality tax	330,688
Other taxes	<u>552,382</u>
Total	<u>\$64,318,568</u>

The property taxes above include a receivable of \$3,057,606 in the General Obligation Debt Service Fund, \$1,272,781 in the General Fund, and \$90,046 in the Metropolitan Redevelopment Fund.

Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied each year on July 1 on the taxable valuation of property located in the City as of the preceding January 1. The Bernalillo County Assessor and the State of New Mexico Department of Taxation and Revenue determine the taxable valuations for the various classes of property at one-third of assessed valuation. Property in the City for the fiscal year 2005 tax levy had a taxable value of \$8,289,292,625. The State Constitution limits the rate of taxes for operating purposes for all taxing jurisdictions to 20 mills (\$20 per \$1000 assessed valuation), of which the City's portion, by state regulation, is limited to 2.225 mills. The 2005 weighted average residential and non-residential City rate for both operations and debt service was 11.149 mills. Taxes are payable in two equal installments on November 10 and April 10 and become delinquent after 30 days.

B. Accounts receivable and Allowance for uncollectible accounts

Included on Exhibit A-1, "Statement of Net Assets", are balances of receivables, which are reported, net of allowances for uncollectible accounts. The amounts of these receivables that have allowances as of June 30, 2005, are as follows:

	<u>Total receivables</u>	<u>Allowance for uncollectible accounts</u>	<u>Net receivables</u>
Government activities:			
Major funds:			
General Fund	\$ 3,999,923	\$ 389,497	\$ 3,610,426
Capital Acquisition Fund	1,473,141	18,907	1,454,234
Nonmajor governmental funds	<u>2,775,872</u>	<u>828,398</u>	<u>1,947,474</u>
Total government activity funds	<u>\$ 8,248,936</u>	<u>\$ 1,236,802</u>	<u>\$ 7,012,134</u>
Business-type activities:			
Major funds:			
Airport	\$ 4,455,590	\$ 788,519	\$ 3,667,071

*Includes Internal Service Funds

In fiscal year 2004, \$4.7 million of costs associated with museum development was incorrectly placed in the infrastructure category. This error was corrected in fiscal year 2005 by placing the costs in the building category. In fiscal year 2005, land was acquired for open space costing \$10.2 million, \$5.2 million was spent on law enforcement vehicles, and \$3.7 million was spent on fire trucks.

The construction work in progress consists of expenditures made in connection with the Capital Acquisition, Infrastructure Tax, and Quality of Life Funds. The construction work in progress increased by \$143.8 million primarily due to street, storm, and park development.

The additions to equipment were for Refuse Disposal Fund purchases of heavy equipment (\$5.8 million) and new Transit Fund buses (\$8.2 million). The increase in additions for buildings and improvements were a for the Westside Transit Facility (\$20.9 million), the Uptown Transit Facility (\$1.0 million), and Housing (\$3.1 million). The additions to runways and improvements were for the Aviation Fund (\$4.1 million). The additions to improvements other than buildings and runways were for the Aviation Fund (\$10.7 million).

The construction work in progress decreased by \$13.2 million. The construction work in progress consists of expenditures made in connection with the Airport Fund, Golf Fund, Refuse Disposal Fund, Transit Fund, and Housing Authority Fund. The major amounts are for improvements to the Sunport and Transit Fund's new West Side Facility.

*In addition, as explained in the restatement Note 22, accumulated depreciation was reduced by \$7.6 million in the Aviation Fund and by \$1.7 million in the Transit Fund.

Nonmajor Enterprise Funds	<u>11,577,773</u>
Totals	<u>\$ 137,870,595</u>

NOTE 10 LONG-TERM OBLIGATIONS

A. Governmental activities

Bonded obligations of the City consist of various issues of general obligation, revenue, and special assessment bonds. Also included in long-term obligations is a water rights contract, notes payable, claims and judgments, and accrued vacation and sick leave pay. The City has complied with all revenue bond ordinance requirements for maintaining specific reserves for future debt service. All variable rate bonds are callable at 100% after 45 to 60 days notification to bondholders.

The changes in the long-term obligations of the governmental activities for the year ended June 30, 2005, are as follows:

	Outstanding				Payable in one year
	July 1	Increases	Decreases	June 30	
General Obligation Bonds	\$ 262,605,000	\$ 122,175,917	\$ 88,220,000	\$ 296,560,917	\$ 57,355,917

	494,813,923	240,820,861	198,771,680	536,863,104	98,234,000
Current portion of long-term obligations	<u>(127,897,738)</u>	<u>-</u>	<u>(29,663,738)</u>	<u>(98,234,000)</u>	<u>-</u>
Total	<u>\$ 366,916,185</u>	<u>\$ 240,820,861</u>	<u>\$ 169,107,942</u>	<u>\$ 438,629,104</u>	<u>\$ 98,234,000</u>

General Obligation bonds are direct obligations of the City for which its full faith and credit are pledged and are payable from taxes levied on property located within the City. The sick leave and vacation pay obligations are being liquidated primarily by the following funds: General, Air Quality, City/County Facilities, Gas Tax Road, Plaza Del Sol Building, and Acquisition and Management of Open Space Expenditures. Limited amounts are being liquidated by other funds. The City's Risk Management Fund (an internal service fund) liquidates all claims payable.

	<u>\$ 296,560,917</u>			

The Constitution of the State of New Mexico limits the amount of general-purpose general obligation bonds that may be issued by a municipality to four percent of the taxable valuation of property located within the City. At June 30, 2005, based on the most recent assessed taxable valuation of \$8,289,292,625, the City may issue an additional \$63,195,083 of general-purpose general obligation bonds. Included in the general obligation bonds outstanding at June 30, 2005, are Storm Sewer bonds in the amount of \$58,185,000 that are not subject to the legal debt limit.

On June 30, 2005, the City issued \$102,170,000 of General Obligation Bonds, Series 2005A and B with an average interest rate of 4.38%. The proceeds of these bonds were deposited into the Capital Acquisition Fund and will be used for various construction projects for police, fire, parks, cultural services, facilities and equipment, libraries, public transit, storm sewers, and streets. The bonds require annual principal and semi-annual interest payments through July 1, 2014.

Also, on June 1, 2005 the City issued \$20,005,917 Short Term General Obligation Bonds, Series C. The Series 2005C Bonds bear interest at the daily rate on the date of issuance applicable to the Local Government Investment Pool administered by the State Treasurer of New Mexico. The interest rate in effect was 2.93%. The proceeds of these bonds were used for various construction projects for police, fire, parks, cultural services, facilities and equipment, libraries, public transit, storm sewers, and streets. The bonds matured on July 1, 2005.

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2005

NOTE 10 LONG-TERM OBLIGATIONS, continued

A. Governmental activities, continued

Sales Tax Revenue Bonds and Notes of the City are secured by a pledge of gross receipts tax (sales tax) revenues. In addition, the 1996 Refunding issue is secured by limited amounts of parking and airport revenues.

Sales tax revenue bonds and notes outstanding at June 30, 2005, are as follows:

<u>Issue</u>	<u>Amount</u>	<u>Interest Rate</u>	<u>Final Maturity</u>	<u>Call Provisions</u>
November 18, 1991 B				
Refunding and Improvement	\$ 3,970,000	6.60/7.10%	July 1, 2019	103% beginning July 1, 2011
May 1, 1992 Refunding	3,740,000	6.00/6.30%	July 1, 2007	102% beginning July 1, 2002

October 15, 1996 Refunding	3,690,000	5.00%	July 1, 2011	100% beginning July 1, 2007
January 15, 1999 A Refunding	4,810,000	3.75/5.00%	July 1, 2015	100% beginning July 1, 2009
January 15, 1999 B Refunding	12,235,000	4.60/5.00%	July 1, 2025	100% beginning July 1, 2009
March 15, 1999 C Refunding	27,130,000	4.75/5.25%	July 1, 2022	100% beginning July 1, 2009
January 20, 2000 A	23,500,000	adjustable weekly	July 1, 2014	100% beginning January 20, 2000
October 6, 2004 A Refunding	31,965,000	4.75%	July 1, 2037	100% beginning July 1, 2014
October 6, 2004 B Refunding	28,915,000	2.39/4.90%	July 1, 2014	100% beginning October 6, 2004
April 27, 2001, Note	297,116	3.02/3.62%	July 1, 2006	None
September 9, 2004, Note	5,700,000	1.26/3.67%	July 1, 2014	None
	<u>\$ 147,252,116</u>			

On October 6, 2004, the City issued \$60,880,000 of Gross Receipts Tax/Lodgers' Tax Refunding Revenue Bonds, Series 2004A and B, with an average coupon rate of 3.88%. The Series 2004 Bonds are being issued for the purpose of restructuring the debt service on the City's bonds and obligations payable from pledged lodgers' tax revenues and gross receipts tax revenues so that the amount of debt service on such bonds paid by the City using state-shared gross receipts tax revenues is substantially reduced or eliminated.

Tax-Exempt Series 2004A - \$31,965,000

The net proceeds of \$31,643,964 (exclusive of \$587,293 of underwriters' fees and other issuance costs and \$267,085 of original issue premium) plus an additional \$383,909 were used to purchase state and local government securities. These securities were deposited into an irrevocable trust with an escrow agent to provide for the advance refunding of certain Series 1999B Bonds maturing on July 1, 2012 through July 1, 2025. The total amount of Series 1999B Bonds to be partially redeemed with the Series 2004A Bonds is \$30,945,000. As a result, that portion of the Series 1999B Bonds described above are considered to be defeased and the liability for those bonds has been removed from the General Long Term Debt Account Group. The advance refunding was undertaken to provide fiscal relief to the General Fund.

Taxable Series 2004B - \$28,915,000

The net proceeds of \$28,400,768 (exclusive of \$377,483 of underwriters' fees and other issuance costs) plus an additional \$594,563 were used to purchase state and local government securities. These securities were deposited into an irrevocable trust with an escrow agent to provide for the advance partial refunding of certain Bonds: Series 1999B Bonds maturing on July 1, 2012 through July 1, 2025 in the total amount of \$2,155,000; Series 1996 Bonds maturing on July 1, 2005 through July 1, 2011 in the total amount of \$5,510,000; and Series 1991B Capital Appreciation Bonds maturing July 1, 2005 through July 1, 2019 with an accreted value of \$17,361,298. As a result, those portions of the bonds described above are considered to be defeased and the liability for those bonds has been removed from the General Long Term Debt Account Group. The advance refunding was undertaken to provide fiscal relief to the General Fund.

The advance refunding on the Series 2004A and B Bonds was undertaken to defer the payment of principal to future years resulting in a net increase to debt service payments over the next 33 years by \$46,170,665 and resulting in an economic loss (difference between the present value of the debt service payments of the refunded and refunding bonds) of \$4,599,947.

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2005

NOTE 10 LONG-TERM OBLIGATIONS, continued

A. Governmental activities, continued

On September 9, 2004, the City executed a loan agreement with the New Mexico Finance Authority for \$5,700,000, with an average interest rate of 2.75%. The proceeds of the loan will consist of equipping and furnishing the Albuquerque Convention Center. The loan is secured by pledges of revenues from hospitality taxes only. Final payment is due July 1, 2014. The balance due at June 30, 2005 was \$5,700,000.

Special Assessment Debt and Notes Payable with Governmental Commitment is secured by pledges of revenues from special assessments levied. The outstanding bonds and notes of certain water and sewer improvement districts are also secured by surplus revenues of the Albuquerque Bernalillo County Water Utility Authority (a component unit), subordinate to bonds and obligations payable solely or primarily from such revenues. Outstanding bonds and notes of paving and sidewalk improvement districts are additionally secured by pledges of one-half of motor fuel tax revenues of the City, to be used only in the event that revenues from assessments and interest levied are not sufficient to meet debt service requirements. All Special Assessment debt is callable at 100% on any semi-annual interest payment date.

Special Assessment debt and notes in the amount of \$12,655,943 are outstanding at June 30, 2005. Interest rates range from .94% to 7.10%, and maturities extend through January 1, 2015.

B. Business-type activities

The changes in the Business-type activities obligations for the year ended June 30, 2005, are as follows:

	<u>Outstanding</u>			<u>June 30</u>	<u>Payable in one year</u>
	<u>July 1</u>	<u>Increases</u>	<u>Decreases</u>		
Revenue bonds	\$ 280,630,000	\$ -	\$ 11,015,000	\$ 269,615,000	\$ 12,945,000

Deferred refunding costs	<u>(4,811,624)</u>			
Net outstanding	<u>\$ 222,220,986</u>			

* Concurrently, with the issuance of these bonds, the City entered into an interest rate exchange agreement in order to effectively fix the City's interest obligation on the Series 1995 bonds. In that agreement, the City is obligated to pay interest at the fixed interest rate of 6.685% per annum.

The Apartments Revenue Bonds are secured by pledges of net revenues of the apartments.

On July 20, 2000, the City, pursuant to a mortgage and indenture of trust, issued its Affordable Housing Projects Refunding Revenue Bonds Series 2000 (Series 2000) in the aggregate principal amount of \$15,080,000 for the purpose of refunding and defeasing three bond issues of the City; 1) its Multifamily Mortgage Revenue Bonds (Beach Apartments Project), Series 1991, 2) its Multifamily Mortgage Revenue Bonds (Manzano Vista, formerly Dorado Village Apartments Project), Series 1994, and 3) its Affordable Housing Project/Gross Receipts Tax Subordinate Lien Revenue Bonds, Series 1996. The Series 2000 bonds consist of debt issued by three City owned trusts; Beach, Bluewater Village and Manzano Vista Apartments. The debt constitutes a limited obligation of the City and is payable solely from the resources of these trusts. The respective facilities and the revenues derived from these facilities are pledged for the repayment of the bonds. The mortgage and indenture of trust contain significant requirements for annual debt service and use of project revenues and resources. Required funds include escrow and expense funds, a debt service fund, use of project reserve funds (debt service, retained earnings coverage and sinking fund installment accounts) and restricted property reserve funds (rehabilitation, renovation, repair and replacement accounts).

The Series 2000 bonds mature in staggered amounts beginning July 1, 2001 with final payment due July 1, 2030 and bear a variable interest rate based upon similar tax free obligations (BMA index). At the option of the City, interest is paid on market rates for either daily, weekly, short term, during the year ended, or long-term interest rate periods. Based on interest rate periods, interest is paid no less than monthly or in the case of Long-term periods paid semi annually each July and January. At June 30, 2005 and 2004 interest was being paid monthly. The average interest rate on the Series 2000 bonds for the years ended June 30, 2005 and 2004 was 1.75% and .99% respectively. The weekly interest rate at June 30, 2005 and 2004 was .97% and 1.06% respectively.

The City has executed a standby bond purchase agreement, which expires July 20, 2005, with Bank of America to provide a liquid facility for the potential repurchase of bonds at the option of the bond owner (at par) as allowed under the terms of the mortgage and indenture of trust. The City has contracted with a remarketing agent to resell bonds purchased pursuant to the standby bond purchase agreement.

The Series 2000 bonds are subject to optional and mandatory redemptions generally at par, unless Long-term rates are in effect, as required by the mortgage and indenture of trust commencing July 1, 2001. The Apartments debt in the amount of \$13,880,000 is outstanding at June 30, 2005 and maturities extend through July 1, 2030.

B. Business-type activities, continued

Golf Course Revenue Bonds are secured by a pledge of net golf course revenues and a pledge of revenues received by the City from gross receipts tax revenues.

Golf Course Revenue bonds outstanding at June 30, 2005 are as follows:

<u>Issue</u>	<u>Amount</u>	<u>Interest Rate</u>	<u>Final Maturity</u>	<u>Call Provisions</u>
February 1, 2001	\$ 1,885,000	5.70/6.70%	July 1, 2011	100% beginning July 1, 2007
Unamortized discounts	<u>(3,288)</u>			
Net outstanding	<u>\$ 1,881,712</u>			

Refuse Disposal Revenue Bonds are secured by a pledge of net revenues from refuse disposal operations.

Refuse Disposal Revenue Bonds outstanding at June 30, 2005, are as follows:

<u>Issue</u>	<u>Amount</u>	<u>Interest Rate</u>	<u>Final Maturity</u>	<u>Call Provisions</u>
September 1, 1992	\$ 555,000	5.50/5.60%	July 1, 2005	102% beginning July 1, 2002
July 1, 1995	7,635,000	4.90/5.30%	July 1, 2009	Not callable
February 1, 1998	6,875,000	4.20/5.00%	July 1, 2013	100% beginning July 1, 2007
May 1, 2001A	2,030,000	4.00/4.10%	July 1, 2008	Not callable
May 1, 2001B	<u>10,725,000</u>	3.63/5.25%	July 1, 2012	Not callable
Total outstanding	27,820,000			
Unamortized premiums	184,716			
Deferred refunding costs	<u>(126,731)</u>			
Net outstanding	<u>\$ 27,877,985</u>			

Refuse Loans On July 9, 2004 the City entered into a tax-exempt loan agreement with New Mexico Finance Authority for \$5,800,000 with an average interest rate of 2.87%. Final payment is due on July 1, 2014. The balance due on June 30, 2005 was \$5,800,000.

Stadium Loans are secured by pledges of net revenues of the Albuquerque baseball stadium.

On October 4, 2002, the City entered into a Taxable Stadium Lease loan agreement with the New Mexico Finance Authority in the amount of \$6,000,000 with an average interest rate of 5.2%. Final payment is due on July 1, 2026. The balance due on June 30, 2005 was \$5,859,786.

On December 27, 2002, the City entered into a Taxable Surcharge loan agreement with the New Mexico Finance Authority in the amount of \$9,000,000 with an average interest rate of 4.2%. Final payment is due on July 1, 2026. The balance due on June 30, 2005 was \$8,760,294.

Both loans were used to finance reconstruction of the existing baseball stadium.

Housing Authority Debt The U.S. Housing and Urban Development Department (HUD) guaranteed third party debt consisting of new Housing Authority (HA) revenue bonds and permanent notes, payable to the Federal Financing Bank, were issued to provide for the development and modernization of low rent housing units. These bonds and notes are payable by HUD and secured by annual contributions to the HA. HUD regulations state that the bonds and notes do not constitute a debt of the HA and, accordingly, these have not been reported in the accompanying financial statements. At June 30, 2005, the outstanding balance of the revenue bonds was \$895,000 with annual payments required through 2013 and the outstanding balance of the permanent notes was \$7,461,564 with annual payments required through 2017.

NOTE 10 LONG-TERM OBLIGATIONS, continued

B. Business-type activities, continued

Housing Authority Capital Lease The Housing Authority has also entered into a lease agreement as lessee for financing the acquisition of equipment and improvements. This lease agreement is treated as a capital lease for accounting purposes and, therefore, has been reported at the present value of the future minimum lease payments as of the inception date in the basic financial statements. At June 30, 2005 the outstanding balance of the capital lease is \$919,183.

The assets acquired through capital leases are as follows:

Equipment and Improvements	\$ 944,458
Less: Accumulated amortization	<u>(89,437)</u>
Total	<u>\$ 855,021</u>

The future minimum lease obligations and the net present value of the minimum lease payments as of June 30, 2005 are as follows:

Year Ending June 30	<u>Principal and Interest</u>
2006	\$ 116,843
2007	116,843
2008	116,842
2009	116,843
2010	116,842
2011-2015	<u>545,264</u>
Total minimum lease payments	1,129,477
Less amount representing interest	<u>(210,294)</u>
Present value of minimum lease payments	<u>\$ 919,183</u>

C. Summary of Annual Debt Service Requirements

The annual debt service requirements on the obligations outstanding at June 30, 2005 are as follows:

<u>Year ending June 30</u>	<u>Governmental activities</u>		<u>Business-type activities</u>	
	<u>Principal</u>	<u>Interest</u>	<u>Principal</u>	<u>Interest</u>

Total	<u>\$ 456,468,976</u>	<u>\$ 170,637,362</u>	<u>\$ 290,954,264</u>	<u>\$ 104,855,628</u>

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2005

NOTE 10 LONG-TERM OBLIGATIONS, continued

D. Arbitrage

Section 148 of the Internal Revenue Code provides generally that bonds issued by a municipality will be "arbitrage bonds", if any portion of the proceeds of the bonds are reasonably expected to be invested in obligations with a yield that is "materially higher" than the yield on the bonds. While municipalities are entitled to earn a certain amount of positive arbitrage during the period the bonds are outstanding, Section 148(f) generally requires that these earnings be paid to the Internal Revenue Service (IRS) at least every five years. As of June 30, 2005, the City has set aside an amount of \$1,044,189 in arbitrage interest due the IRS in connection with future filings and payments to the IRS. This amount is reported as a deferred credit in the statement of net assets.

NOTE 11 DEMAND BONDS

Included in long-term debt (Notes 10A and 10B) is \$110,280,000 of various demand bonds, the proceeds of which were used to (a) provide funds for certain capital improvements, (b) establish bond reserve funds in accordance with the trust agreements, (c) establish a construction period interest account, and (d) pay costs incurred to issue the bonds. The bonds are included in the summary of annual debt service requirements in Note 10C assuming retirement in accordance with the related mandatory sinking fund redemption requirements.

The holders of the bonds may demand payment at a price equal to principal plus accrued interest upon delivery to the City's remarketing agent. The remarketing agents are authorized to use their best efforts to sell the repurchased bonds at a price equal to 100% of the principal amount by adjusting the interest rate. If a remarketing agent is unable to resell any tendered bonds, the City has a non-cancelable "take out" agreement that would be exercised. The City is required to pay an annual fee for the "take out" agreements. The remarketing agent receives a fee for their services.

At June 30, 2005, no amounts were drawn on the "take out" agreements, which are as follows:

Sales Tax Revenue Bonds March 7, 1995

Remarketing Agent	Citigroup
Terms of "Take-Out" Agreement:	
Purchaser	Bank of America
Method of Purchase	Direct Pay Letter of Credit

Annual Debt Service Requirements*	Range of payment is from \$349,500 to \$1,021,000

* Based on interest rate in effect on June 30, 2005.

NOTE 12 REFUNDED BONDS

The City has refunded various bond issues by issuing refunding bonds, the proceeds of which have been placed in escrow and used to purchase securities of the United States Government and related agencies at various interest rates and maturities sufficient to meet all debt service requirements of the refunded debt. These assets are administered by trustees and are restricted to use for retirement of the refunded debt. The liability for the refunded bonds and the related securities and escrow accounts are not included in the accompanying general purpose financial statements as the City satisfied its obligation for payment of the refunded debt upon completion of the refunding transactions. Refunded debt outstanding at June 30, 2005, is as follows:

Sales Tax Revenue Bonds	<u>\$61,751,438</u>
-------------------------	---------------------

NOTE 13 CONDUIT BONDS

The City has acted from time to time as the issuer of conduit bonds, the proceeds of which have been immediately loaned to a private borrower. Such bonds are payable by the City only from amounts paid to the City by such conduit borrowers pursuant to a lease, loan or other agreement. The City has assigned its rights with respect to such bonds to various trustees that monitor amounts due by the borrowers and pay the principal and interest as due on such conduit bonds from the borrowers' payments. The City has no obligation to repay all or any portion of such bonds in the event the private borrowers fail to make their payments when due.

Industrial Revenue Bonds

As of June 30, 2005, there were sixty-nine series of Industrial Revenue Bonds outstanding. The aggregate principal amount payable for the thirty-six series issued after July 1, 1995, is \$688.7 million. The aggregate principal amount payable for the thirty-three series issued prior to July 1, 1995, could not be determined; however, the original amount issued totaled \$591.3 million.

Metropolitan Redevelopment Bonds

As of June 30, 2005, there were ten series of Metropolitan Redevelopment Bonds outstanding. The aggregate principal amount payable for the four series issued after July 1, 1995 is \$18.9 million. The aggregate principal amount for the six series issued prior to July 1, 1995, could not be determined; however, the original amount issued totaled \$24.9 million.

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2005

NOTE 14 DEFICIT FUND EQUITIES

Capital Projects Funds

While the total unreserved fund balance is not in a deficit position, deficit unreserved fund balances for certain purposes result because capital expenditures and encumbrances are made in anticipation of additional revenues and transfers. The resulting deficit fund balance of various purposes at June 30, 2005 is as follows:

Capital Acquisition Fund	
Community Services Building	<u>\$ 25,651</u>
Quality of Life Fund	
Quarter Cent Streets	\$ 52,222
Quarter Cent Storm Drain	111
Rio Grande Bosque RR	<u>260</u>
	<u>\$ 52,593</u>
Transportation Infrastructure Tax Fund	
Maintenance	\$ 14,341,228
Transit	<u>535,887</u>
	<u>\$ 14,877,115</u>
Community Development Fund	
Urban Development	<u>\$ 12,496</u>
Albuquerque Biological Park Projects	
Program movement	<u>\$ 89,226</u>

Internal Service Funds

The deficit fund net assets of the Risk Management Fund decreased to \$8,689,788 at June 30, 2005 from the \$12,585,384 deficit fund net assets at June 30, 2004. The City has implemented a five-year recovery plan that began in fiscal year ended June 30, 2003 that will reduce the deficit net assets by increasing charges to other funds.

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2005

NOTE 15 INTERFUND TRANSFERS

Interfund transfers for the year ended June 30, 2005, were as follows:

From	To		
General Fund	Capital Acquisition Fund		3,795,000
General Fund	Transit Fund		16,365,000
General Fund	Nonmajor Proprietary Funds		2,300,000
General Fund	Nonmajor Governmental Funds		32,860,250
Capital Acquisition Fund	Transit Fund		1,558,557
Refuse Disposal Fund	General Fund		1,252,055
Transit Fund	General Fund		215,184
Nonmajor Governmental Funds	Capital Acquisition Fund		5,800,194
Nonmajor Governmental Funds	Transit Fund		7,407,980
Nonmajor Governmental Funds	General Fund		505,000
Nonmajor Governmental Funds	Nonmajor Governmental Funds		9,160,874
Nonmajor Proprietary Funds	General Fund		230,698
Internal Service Funds	General Fund		269,000
Total transfers			<u>\$ 81,719,792</u>
		<u>Transfers In</u>	<u>Transfers Out</u>
Exhibit A-4, "Statement of Revenues, Expenditures, and Changes in Fund Balances - All Governmental Funds"		\$ 54,088,255	\$ 79,752,855
Exhibit A-7, "Statement of Revenues, Expenses, and Changes in Net Assets - All Proprietary Funds"			
Enterprise funds		27,631,537	1,697,937
Internal Service funds		-	269,000
Total transfers		<u>\$ 81,719,792</u>	<u>\$ 81,719,792</u>

The transfers from the General Fund to the other funds are for the purpose of: 1) providing a subsidy for the operations of the Transit and Parking Facilities funds, 2) funding the City's share of the cost of operations of the Corrections and Detention Fund with Bernalillo County, 3) providing the City's local match for operating grants from federal and state agencies, 4) funding the purchase of police and fire vehicles, and various construction projects, and 5) transferring resources to debt service funds for the retirement of General Obligations and Sales Tax Refunding bonds.

The transfers to the General Fund from the major and nonmajor enterprise funds are primarily for payments in lieu of taxes.

Other transfers relating to funds within the nonmajor governmental funds type are: 1) for debt retirement and various other purposes, and 2) from permanent funds to the related expenditures governmental special revenue funds. The transfers from the nonmajor governmental fund to the nonmajor proprietary funds are for the transfer of a portion of the Infrastructure Tax Revenues to the Transit fund to be used for improvements to the local bus service.

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2005

NOTE 16 SEGMENT INFORMATION, continued

The types of services provided by each individual fund are stated below:

Golf Course Fund. This fund charges a greens fee for the use of the City's golf courses.

Apartments Fund. This fund charges rental on housing for persons who meet eligibility requirements based on the level of income earned.

Parking Facilities Fund. This fund provides parking space for the City's residents in the downtown area.

Stadium Fund. This fund provides a baseball stadium that is being used by an AAA class baseball team.

Housing Fund. This fund provides housing or rental assistance to low income City residents.

NOTE 17 DEFINED BENEFIT PENSION PLAN

Substantially all of the City of Albuquerque's full-time employees participate in a defined benefit contributory retirement plan through the Public Employees' Retirement Association (PERA) of the State of New Mexico, a cost-sharing, multiple-employer public employee retirement plan. PERA provides retirement and disability benefits, annual cost of living adjustments, and death benefits to plan members and beneficiaries. A publicly available financial report that includes financial statements and required supplementary financial information for PERA can be obtained by correspondence to Comptroller, Public Employees Retirement Association, P.O. Box 2123, Santa Fe, New Mexico, 87504-2123.

RETIREMENT ELIGIBILITY - An employee may retire when 25 or more years of service are attained at any age (20 years for Police and Fire) or under the following age options: age 60 with 20 or more years of service, age 61 with 17 or more years of service, age 62 with 14 or more years of service, age 63 with 11 or more years of service, age 64 with 8 or more years of service, or age 65 with 5 or more years of service.

RETIREMENT BENEFITS - An employee's retirement benefit is based on a formula that considers credit for years of service multiplied by a percentage factor and is then applied against the employee's average highest three-year salary. Retirement benefits are vested upon reaching five years of service. The plan also provides death and disability benefits. Benefits are established by State statute.

FUNDING POLICY - Covered employees are required by State statute to contribute a percentage of their gross salary; the City of Albuquerque is also required by State statute to contribute a certain percent depending on the type of plan. The following are the plans covered by the City, contribution requirements, and contributions actually made (in thousands of dollars) for the year ended June 30, 2005.

<u>Group Covered</u>	<u>Employee</u>		<u>Employer</u>	
	<u>Percent</u>	<u>Amount</u>	<u>Percent</u>	<u>Amount</u>
General - Management, Blue Collar and White Collar	3.29%	\$ 6,333	19.01%	\$ 28,974
General - Bus Drivers	13.15%	848	9.15%	590
General - Other	7.00%	167	7.00%	195
Police	16.30%	7,279	18.50%	8,543
Fire	16.20%	4,578	21.25%	6,006
		<u>\$ 19,205</u>		<u>\$ 44,308</u>

The total required contributions and amounts actually paid (in thousands of dollars) in prior years is as follows:

<u>Fiscal year ended June 30</u>	<u>Employee</u>	<u>Employer</u>
2004	\$16,933	\$42,065
2003	17,032	42,347

If a member's employment is terminated before the member is eligible for any other benefits under PERA, the member may receive a refund of the member's contribution and interest accrued based on rates established biannually by the retirement board.

The payroll for employees covered by PERA for the year ended June 30, 2005, was \$240,089,175; the total payroll for all employees of the City of Albuquerque was \$268,763,204.

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2005

NOTE 18 POST-EMPLOYMENT BENEFITS

In addition to providing pension benefits described in Note 17, the City provides certain health care and life insurance benefits for retired employees. Substantially all of the City's employees may become eligible for those benefits if they reach the normal retirement eligibility conditions while working for the City.

LIFE INSURANCE BENEFITS: Life insurance benefits authorized by the City's Merit System Ordinance and Personnel Rules and Regulations for eligible employees are reduced by 50%, not to exceed \$25,000, upon retirement. Life insurance benefits are paid through premiums to an insurance company under an indemnity plan. The insurance company has the right to adjust the premiums based on claims paid. Historically, the claims paid in any one year have not exceeded the premiums. The City recognizes the cost of providing the life insurance benefits by charging the insurance premiums to expenditures. The life insurance costs for the fiscal year ended June 30, 2005, were approximately \$188,184. The number of retired employees covered under the life insurance benefit was 3,327 at June 30, 2005, and the amount of life insurance coverage for these retired employees was \$63,750,400.

RETIREE HEALTH CARE ACT CONTRIBUTIONS: The Retiree Health Care Act (Sec 10-7C-1 to 10-7C-16, NMSA 1978) provides comprehensive core group health insurance for persons who have retired from certain public service in New Mexico. The purpose is to provide eligible retirees, their spouses, dependents, and surviving spouses and dependents with health insurance consisting of a plan, or optional plans, of benefits that can be purchased by funds flowing into the Retiree Health Care Fund and by co-payments or out-of-pocket payments by eligible retirees.

Monies flow to the Retiree Health Care Fund on a pay-as-you-go basis from eligible employers and eligible retirees. Eligible employers are institutions of higher education, school districts, or other entities participating in the public school insurance authority and state agencies, state courts, magistrate courts, municipalities or counties, which are affiliated under or covered by the Education Retirement Act, the Magistrate Retirement Act, or the Public Employees Retirement Act.

Eligible retirees are:

- (1) Retirees who make contributions to the fund for at least five years prior to retirement and whose eligible employer during that period of time made contributions as a participant in the Retiree Health Care Act on the person's behalf, unless that person retires before the employer's NMRHCA effective date, in which event the time period required for employee and employer contributions shall become the period of time between the employer's effective date and the date of retirement;
- (2) Retirees defined by the Act who retired prior to July 1, 1990; and former legislators who served at least two years.

Fund Contributions:

Each participating employer makes contributions to the fund in the amount of 1.3 percent of each participating employee's annual salary. Each employee contributes to the fund an employee contribution in an amount equal to 0.65 percent of the employee's salary. Each participating retiree pays a monthly premium for the medical plus basic life plan and an additional participation fee of five dollars (\$5.00) if the eligible participant retired prior to the employer's NMRHCA effective date or is a former legislator. Participants may also enroll in optional plans of coverage.

Contributions from participating employers and participating employees become the property of the Retiree Health Care Fund and are not refundable under any circumstances, including termination of employment or termination of the participating employer's operation or participation in the Retiree Health Care Act. The Retiree Health Care Authority requires that the employer, employee, and retiree contributions be remitted on a monthly basis.

The Retiree Health Care Authority issues a separate, publicly available audited financial report that includes post employment benefit expenditures of premiums and claims paid, participant contributions (employer, employee, and retiree), and net expenditures for the fiscal year. The report may be obtained by writing to the Retiree Health Care Authority, Albuquerque State Government Center, 401 Roma NW Suite 200, Albuquerque, NM 87102.

The City of Albuquerque remitted \$3,127,138 in employer contributions and \$1,563,569 in employee contributions in the fiscal year ended June 30, 2005.

NOTE 19 DEFERRED COMPENSATION

The City of Albuquerque offers its employees three deferred compensation plans created in accordance with Internal Revenue Code Section 457. The plans, available to all City employees, permit employees to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency. The City does not make matching contributions to these plans. All plans comply with the provisions of the Internal Revenue Code, which provides that all assets and income of the plan shall be held in trust for the exclusive benefit of the participants and their beneficiaries.

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2005

NOTE 20 LANDFILL CLOSURE AND POSTCLOSURE CARE COST

Federal laws and regulations require the City to place a final cover on its landfill site when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for thirty years after closure. Although closure and post-closure care costs will be paid only near or after the date that the landfill stops accepting waste, the City reports a portion of these closure and post-closure care costs in the Refuse Disposal Fund (Enterprise) as an operating expense in each period based on landfill capacity used as of each balance sheet date. The \$1,515,176 reported as other liabilities payable from restricted assets at June 30, 2005, represents the cumulative amount reported to date based on the use of 17.3% of the estimated capacity of the Cerro Colorado and South Broadway Landfills. The City will recognize the remaining estimated cost of closure and post-closure care of \$6,820,247 as the remaining estimated capacity is filled. These amounts are based on what it would cost to perform all closure and post-closure care in 2005. The City expects to close the landfill in the year 2037. Actual cost may be higher due to inflation, change in technology, or change in regulations.

The City has set aside \$1,816,586 for future post-closure costs. This amount is reported as a restricted asset on the balance sheet. The City expects that future inflation costs will be paid from interest earnings on these annual contributions. However, if interest earnings are inadequate, or additional post-closure care requirements are determined (due to change in technology or applicable laws or regulations, for example), these costs may need to be covered by charges to future landfill users or from future tax revenue.

NOTE 21 RISK MANAGEMENT

The City is exposed to various risks of loss related to: torts and civil rights claims (including law enforcement and employment related exposures); theft, damage and destruction of its real and personal assets; workers compensation losses; errors and omissions of City officers and officials; and natural disasters. The City uses the Risk Management Fund (an internal service fund) to account for and finance its uninsured risks of loss. Under this program, the Risk Management Fund provides coverage for up to a maximum of \$600,000 for each workers' compensation incident, \$1,050,000 for each tort liability claim, and \$50,000 for each City real and contents damage claim. At various periods in past years, certain risk exposures were insured and the City continues to benefit from case coverage on claims that were incurred during those claim years.

The Risk Management Fund tracks claims on a fund by fund basis and assesses charges to each fund based on historical claims experience and the need to establish a reserve for unanticipated catastrophic losses. That reserve was \$1,000,000 at June 30, 2005, and is included in the unrestricted net assets (deficit) of the Risk Management Fund. The claims liabilities reported in the Risk Management Fund are based on the requirements of Governmental Accounting Standards Board Statement No. 10, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated.

During fiscal years 2004 and 2005, the City had actuarial reviews of the adequacy of the reserves for both the Workers Compensation and Tort Liability programs. The actuarial reviews recommended that the City increase the amounts reserved in anticipation of severe adverse developments in reported cases and for claims that may have occurred but have not yet been reported, and this recommendation was taken. Historical data contributes to the confidence that the Risk Management Fund is adequate for unanticipated developments. The cash balance grew by \$6,930,550 during this fiscal year and the City has a funding plan in place to address the remaining deficit in the Risk Management Fund. Further, if necessary, the City Council can add catastrophic losses directly to the tax rolls. In addition, the City has other cash resources in excess of the balance not addressed. The City began fiscal year 2005 with a \$15,300,000 available in the General Fund balance largely the result of unanticipated revenue and reversions from fiscal year 2004. The City has available \$1,560,000 in cash that was refunded to the City due to an unfulfilled IRB obligation and \$2,000,000 in a special reserve. Finally, the City has reserve amounts that are created by the City's policy to reserve one-twelfth of the General Fund budgeted expenditures amount.

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2005

NOTE 21 RISK MANAGEMENT, continued

The amounts and changes in the Fund's claims liability in fiscal year 2005 and 2004 were:

	2005	2004
Claims liability at July 1	\$ 47,578,248	\$ 40,601,564
Current year claims and change in estimates	23,682,795	23,545,885
Claims liquidated	(20,882,279)	(16,569,201)
 Claims liability at June 30	 \$ 50,378,764	 \$ 47,578,248
 The components of the claims liability at June 30 are:		
Current portion	\$ 17,503,500	\$ 17,989,500
Noncurrent portion	32,875,264	29,588,748
 Total claims liability	 \$ 50,378,764	 \$ 47,578,248

Reflected in the reserves reported at year end was a major land use case which the state district court had decided adversely to the City. Substantial case reserves had been established to reflect the award of \$8.3 million plus attorney's fees, costs and interest on the judgment at the rate of 10% until paid. In December of 2005, the state court of appeals reversed the judgment completely. Unless the claimants are successful on a subsequent appeal to the New Mexico Supreme Court, the ultimate cost of this claim will be only what the City expended on its defense.

NOTE 22 RESTATEMENT OF PRIOR PERIOD FUND BALANCES OR NET ASSETS

The fund balances and net assets of various funds were restated as of June 30, 2005 for the following reasons:

1. The Transit Fund's depreciation expense was over reported by \$1,673,410. Accordingly, the capital assets and retained earning were increased by that amount.
2. The Aviation Fund's depreciation expense was over reported in fiscal year 2004. Accordingly, the capital assets and retained earnings were increased by \$7,654,046.

A summary of the effect of the restatements is as follows:

	Governmental	Business
Net assets as previously reported	\$ 845,695,863	\$ 311,654,420
Restatement for:		
1. Over reported depreciation in Transit	-	1,673,410
2. Over reported depreciation in Aviation	-	7,654,046
 Restated balances	 \$ 845,695,863	 \$ 320,981,876

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO BASIC FINANCIAL STATEMENTS
 June 30, 2005

NOTE 23 ALBUQUERQUE BERNALILLO COUNTY WATER UTILITY AUTHORITY – COMPONENT UNIT

In 2003, the New Mexico Legislature adopted Senate Bill 887 (Laws 2003, Chapter 437, codified as Section 72-1-10, NMSA 1978) creating the Albuquerque Bernalillo County Water Utility Authority (Authority) and transferred all functions, appropriations, money, records, equipment and other real and personal property of the City's Joint Water and Sewer Fund (Fund) to the Authority. The Authority is comprised of a board of three City Councilors, three County of Bernalillo Commissioners, and the Mayor of the City.

Under the provisions of the legislation, the Water/Wastewater System transferred to the Authority on December 17, 2003, after completion of an audit as of June 30, 2003 of the Water/Wastewater System by the New Mexico Public Regulation Commission. Accordingly, as of July 1, 2003 the Authority reports all transactions of the Water/Wastewater System.

To facilitate the Water/Wastewater System transfer, the City, County of Bernalillo, and the Authority entered into a joint powers agreement governing policy matters and a memorandum of understanding governing operational matters. Both of these documents provide a framework for the Authority to operate successfully and without interruption in services provided to the community. The memorandum of understanding runs through December 31, 2006. In accordance with those documents, the City provides accounting and other services for the Authority as well as receiving water and wastewater services from the Authority.

The City and the Authority engaged in transactions that are summarized below:

The Authority paid the City for the following services:

Franchise fees	\$ 4,769,764
Administrative indirect overhead, including accounting and other central services	2,574,956
Supplies	1,761,963
Fleet Management Services	1,574,311
Telephone	220,052
Office services and parking	77,766
Total	<u>\$ 10,978,812</u>

The City paid the Authority for the following services:

Water and sewer services	<u>\$ 5,339,333</u>
--------------------------	---------------------

The Authority's Comprehensive Annual Financial Report as of and for the year ended June 30, 2005 is available by contacting the Authority at the following address; Fifth floor, P.O. Box 1293, Albuquerque, NM 87103.

NOTE 24 COMMITMENTS AND CONTINGENCIES

Encumbrances for purchase orders, contracts, and other commitments for expenditures are recorded in memorandum accounts of the City's governmental funds. Encumbrances lapse for budgetary purposes at the end of each fiscal year and the subsequent year's appropriations provide authority to complete these transactions. Accordingly, no reservation of fund balance has been created except in limited instances. These typically are for property purchases and will be re-appropriated in the ensuing year. Encumbrances that are outstanding, but not re-appropriated, are a commitment of the City and the outstanding amount is reported in the table below.

Government activities:

Major Funds:	
General Fund	\$ 3,964,919
Capital Acquisition Fund	60,016
Nonmajor Government Funds	3,697,526
Internal Service Funds	-
Total Government Funds	<u>\$ 7,722,461</u>

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO BASIC FINANCIAL STATEMENTS
 June 30, 2005

NOTE 24 COMMITMENTS AND CONTINGENCIES, continued

In addition, the business-type funds have uncompleted construction and other commitments that will be paid from assets restricted for construction, improvements and replacements or from operating revenues:

Business-type activities:

Major Funds:	
Aviation Fund	\$ 54,969,876
Refuse Disposal Fund	3,262,414
Transit Operating Fund	8,727,810
Nonmajor Business-type Funds	<u>1,265,183</u>
Total Business Funds	<u>\$ 68,225,283</u>

The City has various lease commitments for real property. The lease commitments are for one to three years, with most leases being for two years. About half of the leases have renewal options; the others do not. Lease expenses of \$590,756 were incurred for the year ended June 30, 2005. Lease commitments for future years are as follows:

2006	438,905
2007	362,242
2008	219,096
2009	219,096

In the normal course of business, the City is subject to certain contingent liabilities and unasserted claims. These contingencies are evaluated in light of their probability of being asserted and the estimability of the claims. Those claims that are probable and estimable have been accrued in the accompanying financial statements. Claims that are possible and/or not estimable are disclosed herein. Remote claims are monitored until such time as they are resolved, disclosed, or accrued. Except as discussed in the following paragraphs, it is the opinion of City management that the ultimate resolution of other litigation will not have a material effect on the financial position of the City.

1. The City is a defendant in a legal proceeding that does not fall under the New Mexico Tort Claims Act; this legal proceeding alleges that certain time incurred by some of the City of Albuquerque's Fire Department and Transit employees is subject to overtime compensation. The ultimate outcome of these legal proceedings cannot presently be determined. Accordingly, no provision for any additional liability that may result upon the ultimate outcome has been recognized in the accompanying general-purpose financial statements and schedules.
2. The City is a defendant in a legal proceeding arising from the City's condemnation of property east of the Four Hills Subdivision. The property taken by the City is located between Four Hills and the property owned by claimants. As part of the condemnation, the claimants allege that the City had denied them access to their property from April 1988 until February 2002. The claimants seek approximately \$2 million in damages. The claimants appealed and we await a decision from the Court of Appeals.
3. The City has received a number of Federal and State grants for specific purposes. These grants are subject to audit that may result in requests for reimbursements to granting agencies for expenditures disallowed under the terms of the grants. Based on prior experience, City management believes that such disallowances, if any, will not be material.

NOTE 25 SUBSEQUENT EVENTS

Bond election:

In a regular municipal election on October 4, 2005, the voters approved the future issuance of \$113,045,000 general purpose general obligation bonds and \$8,080,000 of storm sewer system general obligation bonds.

Risk Management Fund (see note 21):

Reflected in the reserves reported at year end was a major land use case which the state district court had decided adversely to the City. Substantial case reserves had been established to reflect the award of \$8.3 million plus attorney's fees, costs and interest on the judgment at the rate of 10% until paid. In December of 2005, the state court of appeals reversed the judgment completely. Unless the claimants are successful on a subsequent appeal to the New Mexico Supreme Court, the ultimate cost of this claim will be only what the City expended on its defense.

CITY OF ALBUQUERQUE
GENERAL FUND REVENUES, EXPENDITURES AND FUND BALANCES
LAST TEN FISCAL YEARS

Revenues

The \$220,000 decrease in fines and forfeits was due to the police parking fines revenue being moved to the Parking Fund in the fiscal year 1997 budget.

The increase in tax revenue for 1998 is due to a settlement with U.S. West Communications for \$2.8 million. As a result of the settlement, the franchise taxes paid by U.S. West Communications increased by approximately \$300,000 each per quarter. Another \$1.4 million is attributed to the unexpected strength of the City's economy during 1998.

The decrease in fines and forfeits for 1999 is a result of a change in policy by the Environmental Health Department. This change allows violators a probationary period to correct problems related to violations. As a result, many violators took advantage of this option to avoid paying a fine by correcting the violations over a specified period of time that was negotiated by contract with the Environmental Health Department .

The approximate \$1.0 million decrease in interest revenue for 1999 is due to two factors. First, approximately \$600,000 of the decrease was due to the insurance program being moved out of the General Fund to the Employee Insurance Fund in FY-99. Second, the other \$400,000 of the decrease was due to the application of Governmental Accounting Standards Board Statement No. 31, "Accounting and Financial Reporting for Certain Investments and for External Investment Pools" which requires that unrealized gains or losses on investments be recognized as an adjustment to interest income.

In 1999, the reduction of the operating transfers in was due to the reduction of the transfer from the Quality Of Life Fund by \$1.4 million and from the Vehicle and Equipment Replacement Fund by approximately \$3.2 million.

In 2000, the increase in tax revenues was primarily due to a one time receipt of \$2.3 million in gross receipts tax revenues as a result of the State of New Mexico's tax amnesty program.

In 2000, the decrease in interest income is due to reduced interest rates and to an increase in the unrealized loss on investments at fiscal year end over the prior year.

Gas franchise tax revenue increased in 2001 due to PNM's increase in amount of per unit of usage.

Gross Receipts revenue overall increased by \$2.7 million in 2001 due to the growth in the economy. The local option gross receipts increase was also affected by the decrease in state administration fees.

In 2002, the decrease in revenue by approximately \$1.9 million for taxes, \$5.5 million for intergovernmental and \$2.7 million for charges for services is due to the 9-11 down turn in the economy.

In 2003, the increase in revenue by approximately \$6.8 million for taxes, \$3.6 million for license and permits is do to the increase in construction permits and \$5.8 million for intergovernmental.

In 2004, the increase in revenue by approximately \$22 million for taxes, \$13 million for intergovernmental, \$3.3 million for charges for services is due to an increase in engineering fees and \$3 to miscellaneous revenue.

In 2005, a \$35 million increase in tax revenue was due to a ¼ cent increase in the gross receipts tax as approved by voters.

Expenditures

The increase in highways and streets in 1996 was due to a million-dollar increase in the Risk Management charges for workers compensation and tort and other liability. A major program was also moved from public works.

CITY OF ALBUQUERQUE
GENERAL FUND REVENUES, EXPENDITURES AND FUND BALANCES
LAST TEN FISCAL YEARS

The increase in human services in 1996 was due to a \$1.3 million increase in contractual services, an increase in Risk Management costs for tort and other liability claims of \$250,000, and a new child development site at the Carlos Ray Elementary School.

The decrease in the operating transfers out in 1996 was largely due to the one time transfer of \$7.0 million in 1995 to the capital projects with no such transfer occurring in 1996.

The increase in culture and recreation in 1997 was due to the opening of the Albuquerque aquarium and botanical gardens in December of 1996. This represented about \$2.5 million in expenditures. CIP projects increased dramatically in 1997 representing another \$1.5 million increase. Community and youth recreation programs also increased by \$1 million due to increased focus on family and youth programs.

The increase in human services in 1997 is due to a \$3.5 million increase in contractual services to cover the continuation of programs no longer funded by federal or state grants, plus several new programs such as the high school initiative and detoxification center were added for \$1 million.

The growth in 1998 expenditures for public safety for 1998 was due primarily to increased costs of fire and police personnel. Fire personnel costs rose approximately \$2 million due to salary increases. The impact of salary increases for police was approximately \$4.5 million due to a ten percent increase in 1997 and a five percent increase in 1998. The full impact of the increases was reflected in 1998.

The increase in human service expenditure in 1998 was due to two factors. There was a \$1.1 million increase in contractual services due to twenty new service contracts, which accounted for approximately \$600,000 and a high school initiative program that accounted for the other \$500,000. The second factor was the construction of two new childcare centers that constituted \$106,000 in operating costs and a one-time capital outlay cost of \$356,000.

The \$4.4 million decrease in highways and streets is due to the creation of the Gas Tax Road Fund in 2000. The expenditures related to street maintenance are now expended in the new fund.

In 2000, the \$1.9 million increase in General Government is due to the transfer of the Capital Implementation Program, with \$1.6 million in expenditures, from Culture and Recreation and with increases in personnel costs resulting from a reclassification study of employee compensation.

In 2000, the \$5.9 million increase in Public Safety is due to increased costs for 1) maintenance and fuel for fire and police vehicles, 2) additional overtime for police personnel, 3) a new communication center for handling emergency calls, and 4) two new fire stations going operational during the fiscal year.

In 2000, the \$3.6 million increase in Human Services is due to the transfer of the Playground and Latch-Key programs from Culture and Recreations and for increased contract services.

In 2000, the \$2.8 million decrease in Transfers out is for reduced transfers of 1) \$1.6 million for the Vehicle and Equipment Replacement Fund, 2) \$1.7 million for the Sales Tax Refunding Debt Service Fund, and 3) \$1.0 million for the Transit Fund. Those reductions were offset by an increase of the transfer to the Corrections and Detention Fund of \$1.4 million.

Public Safety expenditures increased approximately \$3.5 million in 2001 because of the salary increases from the police union negotiations.

Due to the numerous changes made in the reorganization of the General Fund in 2001 the analysis for variances in expenditures is not useful.

In 2002, Public Safety increased approximately \$2.7 million primarily due to policing, central support services and investigative services.

In 2002, Culture and Recreation increased approximate \$1.5 million for parks land management and community events and services.

In 2003, Public Safety increased approximately \$2.6 million due to the increase in population for the new jail and Culture and Recreation decreased approximately \$2.4 million due to the movement of the security activity to DFA.

CITY OF ALBUQUERQUE
GENERAL FUND REVENUES, EXPENDITURES AND FUND BALANCES
LAST TEN FISCAL YEARS

In 2004, early retirement increased approximately \$1.6 million, \$4.3 million for the bonus program, \$1 million for the gross receipts audit and \$4.8 million for the new program municipal development.

In 2005, public safety expenditures increased by \$24 million from a staffing increase that was funded by a ¼ cent increase in gross receipts tax.

Taxes are billed and collected by the County Treasurer and distributed to all taxing jurisdictions. The tax rate is requested by the City Council and set by the Department of Finance and Administration of the State. The State allows the rate to be set at 5% in excess of requirements to allow for delinquencies.

Cumulative total collections for the last ten years are 97.22% of the cumulative billings.

CITY OF ALBUQUERQUE, NEW MEXICO
MISCELLANEOUS STATISTICS

Form of Government

The City has a Mayor-Council form of government with a salaried full-time Mayor elected every four years. The nine-member council is elected by district for four-year overlapping terms. The nonpartisan elections are held each October of odd numbered years. The Councilors' remuneration is equivalent to one-tenth the Mayor's salary.

The Charter provides for a Chief Administrative Officer appointed by the Mayor and approved by the Council who is responsible for the administration of the merit system and, subject to the authority of the Mayor, supervises the operations of all departments.

NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
Year ended June 30, 2005

NOTE C NON-CASH ASSISTANCE, LOANS, AND LOAN GUARANTEES

In accordance with OMB Circular A-133, the City discloses non-cash assistance, loans, and loan guarantees. The City considers the non-cash assistance amount to be immaterial and will fully disclose amounts in subsequent years. The reported amount includes new loans made during the year, plus prior year loans for which the federal government imposes continuing compliance requirements. Accordingly, the total expenditures per the Schedule of Expenditures of Federal Awards is adjusted as follows:

Total expenditures per Schedule of Expenditures of Federal Awards		\$ 99,193,440
Loans and loan guarantees:		
Community Development Block Grant	14.218	1,138,764
HOME program	14.239	<u>1,314,975</u>
Adjusted total expenditures per Schedule of Expenditures of Federal Awards		<u>\$ 101,647,179</u>

The City Police owe a liability of grant monies to the federal grants.

**Independent Auditors' Report on Internal Control
Over Financial Reporting and on Compliance and Other Matters
Based on an Audit of Financial
Statements Performed in Accordance With
*Government Auditing Standards***

The Honorable Martin Chavez, Mayor and
Members of City Council and
Mr. Domingo Martinez, CGFM
New Mexico State Auditor
Santa Fe, New Mexico

We have audited the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, the aggregate remaining fund information, and the financial statements of the City of Albuquerque, New Mexico (City) as of and for the year ended June 30, 2005, which collectively comprise the City's basic financial statements and have issued our report thereon dated December 16, 2005. We have also audited each of the City's nonmajor governmental, nonmajor enterprise, and internal service funds and the supplementary information as of and for the year ended June 30, 2005. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the City's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinions on the financial statements and not to provide assurance on the internal control over financial reporting. However, we noted certain matters involving the internal control over financial reporting and its operation that we consider to be reportable conditions. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over financial reporting that, in our judgment, could adversely affect the City's ability to record, process, summarize and report financial data consistent with the assertions of management in the basic financial statements. Reportable conditions are described in the accompanying schedule of findings and questioned costs as items 01-17, 02-21, 05-01 to 05-13.

A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal

The Honorable Martin Chavez, Mayor and
Members of City Council and
Mr. Domingo Martinez, CGFM
New Mexico State Auditor
Santa Fe, New Mexico

control over financial reporting would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, we believe none of the reportable conditions described above is a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance that are required to be reported under *Government Auditing Standards* and which are described in the accompanying schedule of findings and questioned costs as items 01-17, 02-21, 05-01 to 05-13.

This report is intended solely for the information and use of management, the City council, City management, the Office of the State Auditor, the cognizant audit agency, other Federal awarding agencies and pass-through entities, and is not intended to be and should not be used by anyone other than those specified parties.

Albuquerque, New Mexico
December 16, 2005

**Independent Auditors' Report on Compliance With Requirements
Applicable to Each Major Program and Internal Control Over
Compliance in Accordance With OMB Circular A-133**

The Honorable Martin Chavez, Mayor and
Members of City Council and
Mr. Domingo Martinez, CGFM
New Mexico State Auditor
Santa Fe, New Mexico

Compliance

We have audited the compliance of the City of Albuquerque, New Mexico (City) with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended June 30, 2005. The City's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the City's management. Our responsibility is to express an opinion on the City's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures, as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the City's compliance with those requirements.

In our opinion, the City complied in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2005. However, the results of our auditing procedures disclosed instances of

The Honorable Martin Chavez, Mayor and
Members of City Council and
Mr. Domingo Martinez, CGFM
New Mexico State Auditor
Santa Fe, New Mexico

noncompliance with those requirements that are required to be reported in accordance with OMB Circular A-133 and which are described in the accompanying schedule of findings and questioned costs as items 01-18, 03-18 and 05-14 to 05-16.

Internal Control Over Compliance

The management of the City is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the City's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

This report is intended solely for the information and use of management, the City council, City management, the Office of the State Auditor, the cognizant audit agency, other Federal awarding agencies and pass-through entities, and is not intended to be and should not be used by anyone other than those specified parties.

Albuquerque, New Mexico
December 16, 2005

**CITY OF ALBUQUERQUE
 SCHEDULE OF FINDINGS AND QUESTIONED COSTS
 Year Ended June 30, 2005**

A. SUMMARY OF AUDIT RESULTS

1. The auditors' report expresses an unqualified opinion on the basic financial statements of the City of Albuquerque (City).
2. Fifteen reportable conditions were disclosed during the audit. The reportable conditions are as shown in Part B. None of the reportable conditions are material weaknesses.
3. No instances of noncompliance material to the financial statements of the City were disclosed during the audit.
4. Five reportable conditions were noted during the audit of the major federal award programs of the City and none are considered to be material weaknesses. These reportable conditions are listed in Part C.
5. The auditor's report on compliance for the major federal award programs expresses an unqualified opinion.
6. Audit findings relative to the major federal award programs are reported in Part C of the Schedule.
7. The programs tested as major programs include:

	CFDA No.
Section 8 Choice Vouchers	14.871
Local Law Enforcement Block Grant	16.592
Community Development Block Grants/Entitlement Grants	14.218
Public and Indian Housing	14.850
Public Assistance Grants	97.036

8. The dollar threshold for Type A programs of the City is \$2,975,803.
9. The City was determined to be a low risk auditee.

**CITY OF ALBUQUERQUE
SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED)
Year Ended June 30, 2005**

B. FINDINGS – FINANCIAL STATEMENTS AUDIT

01-17 Budget Overspending

Condition. While the budget was overspent, at the program level, in several departments we understand that this overspending was viewed as a means to improve the long-term budgeting process.

Criteria. Per ordinances Section 2-11-12 ROA 1994 expenditures are to be within budgeted amounts.

Cause. Several programs in various funds were overspent as budget adjustments were not approved prior to spending.

Effect. Overspending of the budget occurred which violates city ordinances.

Recommendation. Overspending of the budget is not to occur. We recommend that all budget adjustments be approved prior to spending and budget to actual reviews be made timely.

Management Response. We concur with this finding. The City has made a conscious decision to report actual program expenditures, which has resulted in programs exceeding budgeted amounts. This action will allow the City of attain the necessary data for future budgeting.

**CITY OF ALBUQUERQUE
SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED)
Year Ended June 30, 2005**

B. FINDINGS – FINANCIAL STATEMENTS AUDIT

02-21 Capital Asset Inventory

Condition. The City performed a physical inventory of its buildings in 2003 and an inventory of equipment and other assets in 2005 in order to comply with GASB 34. The City deleted approximately \$45,000,000 during 2005 based on the inventory but we saw no additions to the list or asset transfers. The physical inventory noted several departments in which deletions may not be accurate. For example, a vehicle purchased during 2004 was deleted when in fact it was transferred to another department. There was also a motorcycle that was not added that was then wrecked without the insurance proceeds recorded.

Criteria. As of June 30, 2002, GASB 34 was required to be implemented for the City, which requires that capital assets be reported in the basic financial statements. The physical inventory revealed some additional steps and verification of assets remaining.

Effect. To maintain adequate accountability, the City should continue to verify the physical inventory performed and adjust the records accordingly.

Cause. The completion of a physical inventory, the size of the City is a large project and was dependent on proper information provided by the departments. The departments deleted items that could not be located, but did not add items that they had not on the inventory list.

Recommendation. We recommend that proper resources of funding and personnel be allocated to complete this project.

Management Response. We concur with this finding. The Accounting Division will ensure that City departments retain supporting documentation related to inventory adjustments.

**CITY OF ALBUQUERQUE
SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED)
Year Ended June 30, 2005**

B. FINDINGS – FINANCIAL STATEMENTS AUDIT (CONTINUED)

05-01 Travel Procedures

Condition. Travel Cards (T-Card) transactions were tested for compliance. We noted one instance (out of 18 tested) not in compliance with City travel and per diem policies and procedures. In this case, the T-1 was prepared after “booking the tickets” and approved after the travel occurred. In addition, the T-7, which grants exemptions from the standard hotel rates, was also approved after the actual dates of travel.

Criteria. City travel authorization guidelines state that requests must be submitted and approved in advance of both “booking the tickets” and the actual travel. It also states that if the maximum allowable hotel rates are not adequate due to exceptional circumstances, the Department Director may request an exemption by submitting to the DFAS Director for approval in advance of the trip.

Cause. Non-compliance with City regulations.

Effect. This is in violation of the City’s travel regulations.

Recommendation. We recommend that all travel arrangements be done according to the City’s travel regulations. Also, we recommend that all travel be properly approved by the authorized individual in accordance with the regulations.

Management Response. We concur with this finding. The department involved will be instructed as to the contracts of the travel rules and regulations and the necessity to follow as such.

**CITY OF ALBUQUERQUE
SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED)
Year Ended June 30, 2005**

B. FINDINGS – FINANCIAL STATEMENTS AUDIT (CONTINUED)

05-02 Purchase Cards

Condition. Based on our review of 26 P-Card transactions at the fire department, the following was noted; 17 transactions did not have documentation of prior approval, 6 transactions are for items that are specifically disallowed by the P-Card policies and procedures, including purchases for gas and airline tickets, 3 purchases were signed for by someone other than the cardholder, 20 transaction logs/reconciliations lacked documentation of a director or authorized personnel's approval and 2 invoices/receipts did not agree to the log/reconciliation.

Criteria. Departmental policies and procedures over P-Cards require that there is pre-approval on all purchases, the log/reconciliation of p-card purchases is to be reviewed by the director on a weekly basis, purchases of gas and airline tickets are specifically disallowed, and cardholders are the only parties allowed to sign for transactions.

Cause. It appears that there is a lack of adequate internal controls and formal policies and procedures are not in place at the department level.

Effect. Non-compliance with department policies and procedures.

Recommendation. We recommend that management continues to emphasize that P-card policies and procedures are adhered to in all cases. In addition, formal policies and procedures should also be developed at the department level.

Management Response. We concur with this finding. The Fire Department discovered some unallowable purchases during the fiscal year. The department reviewed and improved its own pre-approval procedures. All card holders and coordinators have been instructed on the new procedures.

**CITY OF ALBUQUERQUE
SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED)
Year Ended June 30, 2005**

B. FINDINGS – FINANCIAL STATEMENTS AUDIT (CONTINUED)

05-03 Metropolitan Detention Center

Condition. During our payroll testing we noted 1 of 16 employees of the Metropolitan Detention Center (MDC) was improperly paid. This employee was paid for regular hours and overtime hours for the same time and shift worked for three consecutive days. The employee submitted a timesheet and an adjusted hour's worksheet for the same time/shift. These forms were both signed by the employee and the supervisor.

Criteria. The employee, supervisor and payroll clerk are all responsible for verifying the accuracy of time sheets and supporting payroll documentation. Any discrepancies should be investigated and times/shifts worked should be compared.

Cause. The time sheet was filled out incorrectly.

Effect. The employee was paid for 24.5 hours at the overtime rate. Since the employee was paid regular pay for 24 hours and another 24.5 of overtime it would be considered a duplicate payment.

Recommendation. Payroll forms should be scrutinized for accuracy in hours worked and times/shifts worked.

Management Response. We concur with this finding. All personnel will be instructed on the importance of accurate information on payroll forms.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED)
Year Ended June 30, 2005**

B. FINDINGS – FINANCIAL STATEMENTS AUDIT (CONTINUED)

05-04 Controls Over Purchase Cards (P-Cards)

Condition. Based on our review of 49 P-Card transactions, the following items were noted; approval of transactions is not consistently documented by all departments as to who should approve and when the approval should occur. Transaction logs and reconciliations are not consistently reviewed and/or approved by the authorized person, and there is not consistent documentation of procedures used to verify available City contracts and/or availability of items housed at the City warehouse.

Criteria. Current P-Card policies related to the items in the condition are as follows: Purchase card policies and procedures require approval of the purchase, the log/reconciliation of p-card purchases is required to be reviewed by the authorized individual on a weekly basis, and verification that the item to be purchased is not provided by City contracts and not held at the City warehouse is required prior to purchase.

Cause. Policies and procedures over P-Cards do not require written documentation or pre-approval of all purchases consistently. Since the policies and procedures are determined on the departmental level, there is no consistent application or documentation.

Effect. The current procedures increase the risk of non-compliance and opportunity for fraudulent activities.

Recommendation. We recommend formal policies and procedures be developed at the appropriate level and adherence be monitored and reviewed by appropriate management level to determine if citywide purchasing standards are being followed.

Management Response. We respectfully disagree with this finding. The City feels that the current policies and procedures provide adequate controls to detect unauthorized use of the Purchasing Card.

CITY OF ALBUQUERQUE
SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED)
Year Ended June 30, 2005

B. FINDINGS – FINANCIAL STATEMENTS AUDIT (CONTINUED)

05-05 Solid Waste Inventory

Condition. During our inventory observation test work, we noted 7 obsolete inventory items listed on the master inventory list. The amount of obsolete inventory was \$813. These items could not be located during year-end physical inventory procedures but were on the final inventory listing. We also noted that the perpetual inventory listing did not agree to the physical count done at year end. The counts for 28 out of 50 items tested did not agree.

Criteria. The inventory listing should be maintained and include only inventory items that are in stock and not obsolete. Also, the perpetual inventory should agree to physical counts at year end.

Cause. The inventory listing is not being properly reviewed and obsolete items are not being promptly removed. In addition, final inventory count sheets are not being used to complete year-end inventory procedures. Also, the general ledger is adjusted at year end to match the physical inventory without verification of what the cause for differences in perpetual inventory is.

Effect. Inventory is overstated.

Recommendation. The physical inventory counts should be reconciled to the master inventory list. Historical activity should be verified within the inventory system and any obsolete items need to be removed from the system. We also recommend that all inventories be reviewed for year end adjustments and determine causes for these adjustments.

Management Response. We concur with your recommendation. We are now performing monthly inventories of selected areas, concentrating on parts with high dollar value and high usage. Differences are being researched to determine reasons for discrepancies and corrective action is taken when necessary.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED)
Year Ended June 30, 2005**

B. FINDINGS – FINANCIAL STATEMENTS AUDIT (CONTINUED)

**05-06 Cash Handling – Albuquerque Bio Park Division (Cultural Services
Department)**

Condition. During our review of reports prepared by the Office of Internal Audit and Investigations, we noted compliance issues relating to the Bio Park. Cash handlers have not all received the required City Cash handling training. Another requirement of the City Cash Handling Manual was not followed regarding custodial statements.

Criteria. The City Cash Handling Manual requires cash controls in many areas including required training and custodial statements. These requirements were not being followed by the division.

Cause. Constraints of staffing and Bio Park hours of operation caused employee changes and the training and policies were not followed.

Effect. The City's exposure to loss of monies is increased because policies and procedures are not being followed.

Recommendation. All training and cash controls should be followed as required by City policy.

Management Response. We concur with the recommendation. The Bio Park is working toward 100% compliance by training all its cashiers and cash handlers, and following the City's Cash Handling Manual requirements.

**CITY OF ALBUQUERQUE
SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED)
Year Ended June 30, 2005**

B. FINDINGS – FINANCIAL STATEMENTS AUDIT (CONTINUED)

05-07 Payroll Audit - Legal Department

Condition. During our review of reports prepared by the Office of Internal Audit and Investigations, we noted payroll processing for the Legal Department did not follow City policy and lacked proper segregation of duties.

Criteria. Administrative instruction No. 7-6, states that Department directors and supervisory staff are responsible for insuring that the procedures for accurately recording leave are followed and that records and supporting documentation are properly maintained.

Cause. The Legal Department is not following and not in compliance with City Personnel Rules and Regulations and the approved Department Leave Plan. Also an adequate review process is not in place.

Effect. Without proper review and separation of duties, necessary for good internal controls, the recording and processing of payroll for the department is not accurate.

Recommendation. We recommend that all supervisors and employees comply with all City personnel rules and regulations. We also recommend a proper review process and that all adjustments to payroll be properly documented.

Management Response. The Legal Department agrees with the findings and has implemented procedures to ensure compliance with all City personnel rules and regulation. Payroll duties are now properly segregated. In addition, supervisory staff members have been informed of their responsibility to ensure that procedures for accurately recording leave are followed and that payroll records and support documentation, including payroll adjustments, are properly maintained.

**CITY OF ALBUQUERQUE
SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED)
Year Ended June 30, 2005**

B. FINDINGS – FINANCIAL STATEMENTS AUDIT (CONTINUED)

05-08 Transit Department Revenue

Condition. Cash and revenue reporting at the transit department are not adequate. A theft of cash and possible fraud concerning an unknown amount of bus passes and tokens occurred. City policies and procedures are not being followed regarding cash handling training, custodian statements, and notifications to treasury for overages and shortages.

Criteria. The City Cash Handling Manual requires cash controls in many areas including training and custodial statements. These requirements were not being followed by the division.

Cause. Insufficient training, supervision and review of all employees handling cash contribute to improper following of procedures. Also, there were 28 transit employees who had card key access to the teller area and were not involved in the customer service or teller functions.

Effect. There is increased risk of loss of public monies as well as approximately \$700 in cash and an unknown amount of bus passes and tokens have been reported stolen.

Recommendation. We recommend that the transit department follow City policies and procedures and that the department directors review and verify compliance.

Management Response. Transit concurs with the recommendation. Transit has corrected the issue with employees having card key access to the teller area. Only employees with a need have access. The issue of cash handling training and custodial statements have been complied with; all employees handling cash have received cash handling training and signed a custodian statement of responsibility (these are on file in the Finance division). All overages and shortages are posted to cashbook remote ledger.

**CITY OF ALBUQUERQUE
SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED)
Year Ended June 30, 2005**

B. FINDINGS – FINANCIAL STATEMENTS AUDIT (CONTINUED)

05-09 State Auditor Notification

Condition. Improper use of a purchase card by a City employee was not disclosed to the State Auditor. There was also another instance of a stolen computer not disclosed.

Criteria. Pursuant to Section 12-6-6, NMSA 1978, the City shall notify the State Auditor immediately, in writing, upon discovery of all possible criminal statute violation in connection with its financial affairs.

Cause. City personal responsible for reporting were not advised.

Effect. Non-compliance with 2.2.2 NMAC Audit Rule 2005 and State requirements.

Recommendation. We recommend City follow all State requirements and verify that all notifications are sent to the State Auditor in a timely manner.

Management Response. The City concurs with this finding and the City has changed its procedures to insure proper notification.

**CITY OF ALBUQUERQUE
SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED)
Year Ended June 30, 2005**

B. FINDINGS – FINANCIAL STATEMENTS AUDIT (CONTINUED)

05-10 False Alarms Service Fees (Fund 287)

Condition. The following deficiencies related to the treatment of receivables and revenues from false alarms service fees were noted;

- Approximately 70% of receivables are greater than 120 days past due and only minimal, if any, collection efforts have been made.
- Reconciliations of the A/R detail listing and general ledger are not being completed on a regular basis.
- Revenues are not being posted to the correct fund consistently and on a timely basis.
- Computer purchases were not received by the alarm unit

Criteria. Administrative Instruction No. 2 states that each department shall be responsible for reconciling its A/R to the centralized GL system on a monthly basis. It also states that the department shall be responsible for collection efforts and to coordinate with the Treasury Department for combined efforts. In addition, the Alarm Ordinance, Section 9-3-16 requires that false alarm service fees should be recorded in the general fund.

Cause. False alarm fees are not considered to be a significant part of APD and, therefore, efforts in this area have been limited.

Effect. Non-compliance with Administrative Instruction No. 2-2 and overstatement of accounts receivable and other assets.

Recommendation. We recommend City follow all Ordinances and Administrative Instructions and make considerable efforts to collect all receivables.

Management Response. The false alarm unit is complying with the collection procedures outlined in Administrative Instruction 2-2 as to the best of our abilities. Restrictions on staffing numbers prohibit complete adherence to the policy, but the Department will continue to develop plans for implementation of additional collection procedures.

The false alarm unit reconciles bank information to the false alarm software information and to the general ledger source data on a daily basis. The Department agrees that the information should also be reconciled to the City general ledger when the month end information is available and will implement procedures to do so.

The current general ledger system does not interface with the false alarm software system to post revenue entries automatically to the correct fund. Reports are run on the false alarm software system to collect the information needed which is then manually recorded in the City general ledger system. During FY05, the procedure was changed from

**CITY OF ALBUQUERQUE

Year Ended June 30, 2005**

B. FINDINGS – FINANCIAL STATEMENTS AUDIT (CONTINUED)

05-10 False Alarms Service Fees (Fund 287) (Continued)

recording the manual adjusting journal entry annually to recording it quarterly. The revenue that should be going into the General fund rather than the False Alarm fund is being moved. The Department disagrees with this finding and believes that the revenues are being posted to the correct fund consistently and on a timely basis and that the Department is complying with all Ordinances and Administrative Instructions related to this reported deficiency.

The alarm unit did receive purchased computers. Comparable computer equipment was delivered to the alarm unit from technical services as opposed to the exact equipment and serial numbers that were listed on the false alarm invoices. Procedures were implemented in FY05 to ensure that the same, not comparable, equipment be delivered to the false alarm unit when purchased. The Department believes that it has complied with all Ordinances and Administrative Instructions related to this reported deficiency.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED)
Year Ended June 30, 2005**

B. FINDINGS – FINANCIAL STATEMENTS AUDIT (CONTINUED)

05-11 Fixed Assets – Albuquerque Bernalillo County Water Utility Authority

Condition. During our testwork of fixed assets for the Water Utility Authority, it was determined that additions to capitalized meters were understated.

Criteria. Asset additions should be reconciled to supporting documentation.

Cause. The Water Utility Authority has not implemented procedures reconciling meter additions per the books to supporting documentation.

Effect. Assets are understated.

Recommendation. We recommend the Water Utility Authority implement procedures ensuring that financial data agrees to supporting documentation.

Management Response. We agree with the finding. The Utility's billing system generates a report that shows all new meters installed during the fiscal year. These reports are used by New Services, who provides this information to the Water Systems Division to calculate the capitalized meter amount. New Service's provided Water Systems the incorrect meter count. The Utility is implementing policy in which when New Services provides the meter count to Water Systems they must also provide the reports to support the count given. Water Systems will not use any information from New Services without the proper support. All capitalized meter information submitted the City of Albuquerque's accounting group will include all the appropriate support as well.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED)
Year Ended June 30, 2005**

B. FINDINGS – FINANCIAL STATEMENTS AUDIT (CONTINUED)

05-12 Debt Service Coverage for Golf Bond

Condition. The debt service coverage covenant has not been met for the Golf Series 2001 Bond as of June 30, 2005.

Criteria. According to the covenants of the bond, the debt service coverage requirement is a ratio of 1.50. The debt service coverage as of June 30, 2005 is 1.29

Cause. Insufficient revenue to comply with coverage requirement.

Effect. The City is not maintaining the debt covenant requirements, which could cause the City to have to repay the bond or bond ratings to be affected.

Recommendation. The City should ensure that the debt covenant requirements are being met.

Management Response. We concur with this finding. The City will review expenditures relative to revenues and make appropriate adjustments to ensure compliance with coverage requirements.

**CITY OF ALBUQUERQUE
SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED)
Year Ended June 30, 2005**

B. FINDINGS – FINANCIAL STATEMENTS AUDIT (CONTINUED)

05-13 Audit Report Due Date

Condition. The report was not submitted by the due date.

Criteria. Per the 2.2.2.9A (1)(d) NMAC Audit Rule 2005, *Requirements for Contracting and Conducting Audits of Agencies*, annual audit reports are to be received in the Office of the State Auditor on or before December 1st.

Cause. Staff changes.

Effect. The annual audit report was not submitted to the Office of the State Auditor by the due date.

Recommendation. We recommend that the required approval be obtained in advance of the Office of the State Auditor's due date in order to submit the annual audit report by the due date

Management Response. We concur with this finding and are taking actions to prevent this situation in the future.

**CITY OF ALBUQUERQUE
SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED)
Year Ended June 30, 2005**

**C. FINDINGS AND QUESTIONED COSTS – MAJOR FEDERAL AWARD
PROGRAM AUDIT**

**01-18 Federal Claim
Department of Justice-CFDA#16.710**

Condition. The federal government may assess a claim against the City of Albuquerque to recover federal funds that might have been spent for purposes other than adding personnel.

Criteria. When applying for a grant, the applicant should submit accurate information and once the award has been received, the recipient is required to spend the money as directed in the grant document.

Cause. The Department of Justice, who issued the federal grant to the City, is questioning how the grant money was spent. The City of Albuquerque has reviewed the report from The Department of Justice and disagrees with a large portion of the amount the federal agency is questioning.

Effect. It is possible that the City may be disqualified for future Department of Justice grant awards.

Questioned Costs. The original amount in question was \$4,152,447. In response to the federal agency and after a thorough review of the City's records by City personnel, the City has reimbursed The Department of Justice the sum of \$151,636 in the current year and is not anticipating further reimbursement. The City is awaiting final determination from the Department of Justice.

Recommendation. We recommend that the City review information submitted in applications to the Department of Justice and examine procedures for monitoring the COPS grants to ensure that compliance requirements are being adhered to.

Management Response. The City will ensure that APD review any applications for DOJ grant and monitor all expenses and drawdowns against the COPS grant to ensure compliance with the grants scope and the unlimited use of funds as stated on the application.

**CITY OF ALBUQUERQUE
SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED)
Year Ended June 30, 2005**

**C. FINDINGS AND QUESTIONED COSTS – MAJOR FEDERAL AWARD
PROGRAM AUDIT (CONTINUED)**

03-18 Reporting Federal Grants

Condition. The City has several federal, state, and local grant revenue sources as well as many other revenue sources. It was determined that there are certain federal grants that have been received, recorded and expended properly in the general ledger, yet not reported properly on the Schedule of Expenditures of Federal Awards (SEFA). The SEFA is used to report federal expenditures to the Federal Clearing House and is required to be tested based on the level of expended funds to determine proper compliance with federal awards. This condition does not pertain to any specific grant or federal agency.

Criteria. All grant revenue sources need to be identified, properly recorded, and reported in the Schedule of Expenditures of Federal Awards to comply with Federal OMB standards and to maintain good accounting practices.

Cause. The revenue is recorded based on each department's identification and recommendation of postings. There is no reconciliation of grant revenues, expenditures, receivable, and deferred revenue.

Effect. If revenue sources are not properly posted and monitored, all federal sources could be jeopardized for future.

Recommendation. We recommend that the City develop a plan to accumulate the information and properly record the expenditures in the SEFA and each in fund.

Management Response. We concur with the recommendation. We will again recommend that additional resources be added to the City's accounting division

**CITY OF ALBUQUERQUE
SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED)
Year Ended June 30, 2005**

**C. FINDINGS AND QUESTIONED COSTS – MAJOR FEDERAL AWARD
PROGRAM AUDIT (CONTINUED)**

05-14 Late Filing on Status Reports

Community Development Block Grant – CFDA #14.218

Questioned Costs: None

Condition. We noted during our test work of the reporting requirement for the CDBG grant, the Financial Status Reports was filed past the required deadline.

Criteria. Per review of the grant compliance supplement, the City is required to submit quarterly financial status reports to the granting agency within 15 days of the close of the quarter.

Cause. Unknown.

Effect. Non-compliance with grant requirement increases possible questioned costs and additional review by the granting agency.

Recommendation. We recommend that all grant requirements be followed and all required reports be filed within the specified time frame.

Management Response. The City concurs with this finding. In most instances the City is able to comply with the Federal Requirement given that the COA's Central Accounting Division closes the books 10 working days after the month end. However, there are occasional anomalies - December 2004 was one. December 2004 books did not close until January 20, 2005, which was 14 working days, following the end of the quarter. City staff needs 2 working days to reconcile GL Transactions to invoices and draws before completing Form 272. It generally takes an additional 2 working days for signature routing and delivery to the local HUD office. This has not been an issue with the local HUD office given the City's continuing effort to submit the report as soon as possible.

**CITY OF ALBUQUERQUE
SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED)
Year Ended June 30, 2005**

**C. FINDINGS AND QUESTIONED COSTS – MAJOR FEDERAL AWARD
PROGRAM AUDIT (CONTINUED)**

05-15 Period Of Availability

Public Assistance Grant – CFDA #97.036

Questioned Costs: \$998,092

Condition. We noted during our testwork of grant revenues and related receivables, for the Albuquerque Bernalillo County Water Utility Authority, that \$998,092 of expenditures related to this program (FEMA Project 53) may be determined ineligible since work was performed subsequent to the cut-off date.

Criteria. Per review of correspondence related to this project, the Grant required the project to be completed within six months.

Cause. Water Utility Department staff were unaware of the six month time frame.

Effect. The Water Utility is now at risk to pay for a project with Utility funds instead of Federal funds.

Recommendation. We recommend that the Water Utility develop procedures to monitor deadlines to help ensure that projects are completed timely and can be reimbursed with Federal funds.

Management Response. We agree with the finding. The issue stems from a misunderstanding with the Authority and the New Mexico Department of Public Safety. It was the Authority's understanding based upon the contract signed between the Utility and the State that all the projects had a time period of one year. After the one year time period we are allowed to request extensions. As this relates to project 53 the period to complete the project was only 6 months, and work performed after that required an extension. The Utility was tracking this monthly, but was working under the year time table. The Authority is working with the State and FEMA to fix this problem. From the beginning, procedures have been in place to monitor these deadlines. Reports are filed quarterly with the State, and again the problem was not identified by the State until FEMA notified them of the time requirements.

**CITY OF ALBUQUERQUE
SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED)
Year Ended June 30, 2005**

**C. FINDINGS AND QUESTIONED COSTS – MAJOR FEDERAL AWARD
PROGRAM AUDIT (CONTINUED)**

05-16 GRANT EXPENDITURES

EPA Grant – CFDA # 66.001 & 66.034

Questioned Costs: \$342,378

Condition. During the current year, the City underwent a program audit relating to the EPA/AIR Quality grant. It was determined that \$342,378 were unallowable grant costs for grant periods for 2002 and 2003. This amount consisted of \$128,710 in costs that lacked supporting documentation and \$213,668 was disallowed. This amount has been repaid to EPA.

Criteria. Grant awards specifically state what expenditures are allowed and what will be reimbursed by the grantor. The award also states that all supporting documentation is required for reimbursement.

Cause. Procedures were not established and reviewed to ensure proper costs.

Effect. The City is not in compliance with grant requirements. This may effect future funding related to EPA/Air Quality grants.

Recommendation. The City should provide additional training to any individuals responsible for expending grant funds. Also the City should strengthen controls with review procedures and stress the importance of supporting documentation.

Management Response. Subsequent to the EPA audit in Fiscal Year 2004, the Environmental Health Department, Air Quality Division developed written procedures that became Divisional Standard Operating Procedures. All staff members that administer EPA grants have been instructed in these procedures. The Department has also added a position to coordinate grant administration.
