SUPPLEMENTARY INFORMATION:

Background

On January 4, 2005, the Animal and Plant Health Inspection Service (APHIS) published in the **Federal Register** (70 FR 460-553, Docket No. 03-080-3) a final rule to amend the regulations regarding the importation of animals and animal products to recognize a category of regions that present a minimal risk of introducing bovine spongiform encephalopathy (BSE) into the United States via live ruminants and ruminant products, and to add Canada to this category. The final rule also provides for the importation of certain live ruminants and ruminant products and byproducts from such regions under certain conditions.

Also in the January 4, 2005, issue of the **Federal Register**, we published a notice (70 FR 554, Docket No. 03-080-4) announcing the availability of, and requesting comments on, a final environmental assessment (EA) regarding the potential impact on the quality of the human environment due to the importation of ruminants and

ruminant products and byproducts from Canada under the conditions specified in the final rule. APHIS' review and analysis of the potential environmental impacts associated with those importations were documented in the EA, titled "Rulemaking to Establish Criteria for the Importation of Designated Ruminants and Ruminant Products from Canada into the United States, Final Environmental Assessment (December 2004)." We announced that the EA would be available to the public for review and comment until February 3, 2005.

We have become aware, however, that the version of the EA that was made available on January 4, 2005, contained some transcription errors that resulted in the omission of several references to an updated APHIS risk analysis regarding the final rule, as well as the incorrect formatting of several source citations. We have corrected those errors.

We are giving notice that the corrected version of the EA is available to the public for review and comment, and we are extending the comment period on the EA until February 17, 2005.

The EA may be viewed on the EDOCKET Web site (*see ADDRESSES* above for instructions for accessing EDOCKET) or on the APHIS Web site at <http://www.aphis.usda.gov/lpa/issues/bse/bse.html>. You may request paper copies of the EA by calling or writing to the person listed under **FOR FURTHER INFORMATION CONTACT**. Please refer to the title of the EA when requesting copies. The EA is also available for review in our reading room (information on the location and hours of the reading room is provided under the heading **ADDRESSES** at the beginning of this notice).

The EA has been prepared in accordance with: (1) The National Environmental Policy Act of 1969 (NEPA), as amended (42 U.S.C. 4321 *et seq.*), (2) regulations of the Council on Environmental Quality for implementing the procedural provisions of NEPA (40 CFR parts 1500-1508), (3) USDA regulations implementing NEPA (7 CFR part 1), and (4) APHIS' NEPA Implementing Procedures (7 CFR part 372).

Done in Washington, DC, this 18th day of January 2005.
