Request for Public Comments on Administration of the Speciality Sugar Allocation of the Refined Sugar Tariff-Rate Quota

AGENCY: Foreign Agricultural Service, USDA.

ACTION: Request for public comments.

SUMMARY: This notice requests public comments on the administration of the allocation of the speciality sugar tariff-rate quota (TRQ), which is an administrative breakout of the refined sugar TRQ provided for in Additional U.S. Note 5 (a)(i) of Chapter 17 of the Harmonized Tariff Schedule of the United States (HTS).

DATES: Comments should be received on or before July 31, 2001 to be assured of consideration.

ADDRESSES: Comments should be mailed or delivered to the Director, Import Policies and Programs Division, Foreign Agricultural Service, U.S. Department of Agriculture, 1400 Independence Avenue, SW., AgStop 1021, Washington DC 20250-1021, or e-mailed to Blabey@fas.usda.gov. Comments received may be inspected between 10:00 a.m. and 4:00 p.m. at room 5531-S, 1400 Independence Avenue, SW, Washington, DC 20250.

FOR FURTHER INFORMATION CONTACT: Richard Blabey at the address above, or

telephone at (202) 720-2916, or e-mail at Blabey@fas.usda.gov. Persons with disabilities who require this request for comment in an alternative means of communication (Braille, large print, audiotape, etc.) should contact the USDA Target Center at (202) 720-2600 (voice and TDD).

SUPPLEMENTARY INFORMATION: USDA is preparing to establish the FY 2002 speciality sugar allocation under which imports may enter under subheadings 1701.12.10, 1701.91.10, 1701.99.10, 1702.90.10, 2106.90.44 of the HTS. Imports must be accompanied by a speciality sugar certificate issued by the USDA Certifying Authority to be eligible to enter under his TRQ allocation.

USDA is proposing to administer the speciality sugar TRQ in two tranches. The first tranche would permit imports not exceeding 1,656 metric tons raw value to enter under this TRQ beginning in October 2001. All speciality sugars identified in 15 CFR 201.11, Subpart B would be eligible for entry. When combined with other refined sugars, syrups, and molasses entered under the above HTS subheadings, this tranche would permit sufficient imports of speciality sugar to satisfy the requirement of Additional U.S. Note 5 of Chapter 17 of the HTS that the Secretary establish a TRQ of not less than 22,000 metric tons raw value annually for refined sugar.

A second tranche would permit entry of speciality sugars not currently commercially produced in the United States or reasonably available from domestic sources. For FY 2002, USDA proposes to establish the quantity permitted entry under the second tranche at a level sufficient to assure that supplies of various types of speciality sugars meet domestic demand at reasonable prices. USDA would make known the size of the second tranche in its press release announcing the establishment of the FY 2002 refined sugar TRQ. The second tranche would be adjusted annually thereafter to reflect changing market conditions.

USDA also proposes that beginning in FY 2002 all imports of speciality sugar entered under the TRQ must be entered in bags containing not more than 50 kilos of sugar stowed in containers. This is the traditional method of importing speciality sugars and is intended to

facilitate enforcement of the Regulation for speciality sugar.

USDA is soliciting comments on the above proposals for administering the speciality sugar TRQ and, in particular, solicits comments regarding appropriate dates for announcing the refined sugar TRQ and for opening of the second speciality sugar tranche.

Signed at Washington, DC, on June 22, 2001.

Mattie R. Sharpless,

Acting Administrator, Foreign Agricultural Service.

Uruguay Round Agricultural Safeguard Trigger Levels

AGENCY: Foreign Agricultural Service, USDA.

ACTION: Notice of product coverage and trigger levels for safeguard measures provided for in the Uruguay Round Agreement on Agriculture.

SUMMARY: This notice lists the updated quantity trigger levels for products which may be subject to additional import duties under the safeguard provisions of the Uruguay Round Agreement on Agriculture. It also includes the relevant period applicable for trigger levels on each of those products.

EFFECTIVE DATE: July 16, 2001.

FOR FURTHER INFORMATION CONTACT: Charles K. Bertsch, Multilateral Trade Negotiations Division, Foreign Agricultural Service, room 5530—South Building, U.S. Department of Agriculture, Washington, DC 20250-1022, telephone at (202) 720-6278, or email bertschc@fas.usda.gov.

SUPPLEMENTARY INFORMATION: Article 5 of the Uruguay Round Agreement on Agriculture provides that additional import duties may be imposed on imports of products subject to tariffication during the Uruguay Round if certain conditions are met. The agreement permits additional duties to be charged if the price of an individual shipment of imported products falls

below the average price for similar goods imported during the years 1986-88 by a specified percentage. It also permits additional duties to be imposed if the volume of imports of an article exceeds the average of the most recent 3 years for which data are available by 5, 10, or 25 percent, depending on the article. These additional duties may not be imposed on quantities for which minimum or current access commitments were made during the Uruguay Round negotiations, and only one type of safeguard, price or quantity, may be applied at any given time to an article.

Section 405 of the Uruguay Round Agreements Act requires that the President cause to be published in the **Federal Register** information regarding the price and quantity safeguards, including the quantity trigger levels, which must be updated annually based upon import levels during the most recent 3 years. The President delegated this duty to the Secretary of Agriculture in Presidential Proclamation No. 6763, dated December 23, 1994. The Secretary of Agriculture further delegated the duty to the Administrator of the Foreign Agricultural Service (7 CFR 2.43(a)(2)). The Annex to this notice contains the updated quantity trigger levels.

Additional information on the products subject to safeguards and the additional duties which may apply can be found in subchapter IV of Chapter 99 of the Harmonized Tariff Schedule of the United States and in the Secretary of Agriculture's Notice of Safeguard Action, published in the **Federal Register** at 60 FR 427, January 4, 1995.

Notice: As provided in section 405 of the Uruguay Round Agreements Act, consistent with Article 5 of the Agreement on Agriculture, the safeguard quantity trigger levels previously notified are superceded by the levels indicated in the Annex to this notice.

Issued at Washington, DC, this 27th day of June, 2001.
