

Guide to Appendices

Section I – Technical Summary

Appendix A – Technical Summary

Section II – Energy

Appendix B – Coal

Appendix C – Natural Gas

Appendix D – Oil

Section III - Waste

Appendix E – Landfills

Section IV – Industrial Processes

Appendix F - Refrigeration and Air-Conditioning

Appendix G – Solvents

Appendix H – Foams

Appendix I – Aerosols

Appendix J – Fire Extinguishing

Appendix K – Aluminum

Appendix L – HCFC-22

Appendix M – Semiconductors

Appendix N – Electrical Power Systems

Appendix O – Magnesium

Section V - Agriculture

Appendix P – Agricultural Mitigation for EMF-21

Appendix Q – DAYCENT Model Description

Appendix R – DNDC Model Description

Appendix S – Baseline Differences and Methods

Appendix T –IMPACT Commodity Price Data

Appendix U –Detailed Data Tables
