

**CDC SPANISH LANGUAGE EARLY HEARING DETECTION AND INTERVENTION  
(: 30) SECOND RADIO PUBLIC SERVICE ANNOUNCEMENT**

SPANISH SCRIPT

Sound bite: baby cooing and babbling.

**Narrador:**

Si su bebé recién nacido no pasó la prueba de audición, no espere para buscar ayuda. Solo una persona capacitada para examinar la audición, como un audiólogo, podrá confirmar si el bebé tiene o no una pérdida auditiva.

Para más información llame gratis al 1-800-232-4636 o visite la página de Internet de CDC en Español.

**CDC SPANISH LANGUAGE EARLY HEARING DETECTION AND INTERVENTION  
(: 30) SECOND RADIO PUBLIC SERVICE ANNOUNCEMENT**

ENGLISH TRANSLATION

Sound bite: baby cooing and babbling.

Narrator: Please don't wait if your newborn didn't pass the hearing screening. Only someone trained to test the baby's hearing, for example, an audiologist can confirm whether your baby has hearing loss.

To find out more, call free 1-800-CDC-INFO (that's 1-800-232-4636) or visit the Web at [www.cdc.gov](http://www.cdc.gov).

Brought to you as a public service announcement by the U.S Department of Health and Human Services.
