

IMPORTANT INFORMATION

New DMAP Medical Care ID Cards Coming in December

The Division of Medical Assistance Programs (DMAP) is developing a convenient, wallet-sized Medical Care ID card that your health care provider will use to check your eligibility. The date for sending the new Medical Care ID cards has changed from September to December; however, you will continue to receive your monthly, letter-sized Medical Care ID until that time. DMAP will keep you informed as December approaches.

Questions?
