

Important Information

November 1, 2006, enrollment in a new dental plan

Northwest Dental Services will reduce the number of Oregon Health Plan (OHP) clients they serve in Malheur County. Beginning November 1, 2006, we will enroll eligible OHP Plus clients in your household with ODS Community Health.

This Means

Your household members who are eligible for OHP Plus dental coverage will receive dental care from an ODS Community Health dentist from now on. The OHP Plus covered benefits will not change. You will have to change to a new primary care dentist starting in November.

ODS Community Health will send you information about its OHP services and providers.

A Primary Care Dentist will continue to:

- Provide or coordinate your dental services and treatments.
- Keep your dental records in one place to give you better service.
- Be your first contact when you need dental care.
- Arrange for your specialty or hospital care when needed.

Benefit of managed care

Eligible household members will have guaranteed access to dental care.

Medical Care ID

Field (8a) and (8b) of your November OMAP Medical Care ID will list your household members' new dental plan.

Native Americans are not required to be in managed care

If you are a Native American, you can choose to be enrolled in a dental plan or receive dental services from any dentist who will take your OMAP Medical Care ID. *Contact your worker if you do not want to be enrolled in this plan.*

Questions?

 **Call your caseworker** if you need this notice in a larger print size or different format, or if you wish to change dental plans.

 **Call the OMAP Client Advisory Services Unit** at 1-800-273-0557 if you have questions about this
