

## Important Announcement Your OHP Medical Plan is NOT Changing

---

Many Oregon Health Plan (OHP) clients in Douglas County will receive two Medical Care Identifications (IDs) for February 2007. Please use the one showing you are enrolled with CareOregon. After the good one comes, destroy the ID copy on which Field 8a (Managed Care/TPR) is blank.

Our computer system disenrolled you from your managed care plan by mistake. We automatically re-enrolled you with CareOregon effective February 1, 2007.

The correct version of your Medical Care ID should arrive shortly, if not at the same time.

The affected families live in ZIP codes 97436, 97441, 97449, 97467 and 97473.

We apologize for any confusion this mistake may have caused you.

---

### **Questions?**

-  Contact the DMAP Client Advisory Services Unit (CASU) at 1-800-273-0557 if you have questions about this information.
-  Contact your worker if you need this information in a different format.
