

# Russia: Barley

Barley crop calendar for most of Russia

Blue = winter barley  
Pink = spring barley

### Legend

- Major growing areas
- Minor growing areas

Percentages indicate each region's contribution to total national production. Regions not numbered contribute less than 1% to the national total.

- Major growing areas combined account for 75% of total national production
- Major and minor growing areas combined account for 99% of total national production
- Major and minor growing areas and country production percentages based upon averaged oblast-level data from 1996-2000.
