

Changes in the July 2008 Handbook revision are as follows.

Cover Page

Revision date of 07/08.

Chapter C, Application for Replacement Title, Form 515

There have been minor revisions to the Form 515. The changes do not affect completion of the form.

Chapter F, Ownership Documents

Low-speed and 4-wheeled electric vehicles, in addition to passenger vehicles, must comply with low emissions standards beginning with the 2009 model year, unless exempt. The Oregon title form was revised 5/08; this revision changed only the watermark design.

Chapter J, Damaged/Totaled Vehicles

There have been minor revisions to Stolen Vehicle Notification, Form 6927. The changes do not affect completion of the form.

Information was added to clarify that salvage-titled vehicles may be operated with a trip permit.

Chapter K, Registration

Low-speed and 4-wheeled electric vehicles, in addition to passenger vehicles, must comply with low emissions standards beginning with the 2009 model year, unless exempt.

When a vehicle was previously titled only with an MCO, then the owner later applies for registration, the vehicle is not subject to the four-year registration requirement.

Custom Plate Application, Form 205, was revised 4/08. The changes do not affect completion of the form. The revision was to the back of the form, clarifying to what fund the plate surcharges go.

Chapter N, Model, Makes and Body Styles

Make tables have been updated.

Chapter P, Dismantlers

Information was reviewed for accuracy and minor revisions and formatting changes were made.

Chapter R, Dealers

Temporary Registration Permit, Form 315, was revised to prevent the customer name, address, and driver license number from copying through to the part that is to be displayed on the window of the vehicle. Note: the form revision date remains the same (1/07).
