# 2002 OREGON FIRE SERVICE RESOURCE DIRECTORY

This publication contains information about the resources and activities of Oregon's fire protection agencies, as well as an address list of their fire chiefs and fire marshals. This data was compiled from the 2001 Fire Service Resource Inventory reports that were submitted by fire chiefs. While this directory is published primarily as a service to fire protection agencies, we hope it will be a useful resource document for any agency or individual who needs detailed information on Oregon's fire service.

Due to budget constraints the HazMat tables, radio communications and the list of Oregon fire chiefs and fire marshals were not published but are available on our web site, [www.sfm.state.or.us](http://www.sfm.state.or.us)

NOTE: This information is based on reports received by March 29, 2002.
