(b) The rates and charges shown herein are reduced rates conditioned upon the use of the Uniform Household Goods Bill of Lading. "In consideration of the higher rate charged, the property herein described will be carried, and the service to be rendered hereunder will be performed with the carrier's liability limited only as provided by law; but subject to the terms and conditions of the Bill of Lading insofar as they are not consistent with such common carrier's liability."

(c) All rates and charges herein are dependent upon the shipment being released in accordance with the provisions of Rule 32 of this tariff.

(d) Shipment for which actual or constructive weight is the basis of charges and are subject to rates as set forth in Sections II, III, V, VI except as otherwise provided herein, and unless the shipper expressly releases the shipment to a value not exceeding sixty (60) cents per pound per article, the carrier's maximum liability for loss and damage shall be either the lump sum value declared by the shipper, or an amount equal to \$3.50 times the actual weight in pounds of the shipment, whichever is greater.
