

## REGISTERED AND ACTIVATED PHARMACIES

### FOR EVERY ISOTRETINOIN PRESCRIPTION

- **Obtain** an authorization from the iPLEDGE system via the web site, [www.ipledgeprogram.com](http://www.ipledgeprogram.com), or the telephone, 1-866-495-0654
  - Log in using the pharmacy username (NCPDP) and password
  - Enter the patient ID number from the patient ID card or prescription
  - Enter the patient date of birth
- The iPLEDGE system checks patient qualification criteria and authorizes prescriptions only for patients who meet all criteria
- The iPLEDGE system provides to the pharmacist a Risk Management Authorization (RMA) number and “Do Not Dispense To Patient After” date

#### iPLEDGE SYSTEM AUTHORIZED THE PRESCRIPTION

- **Enter** NDC code, amount, and number of days dispensed
- **Write** the RMA on the prescription
- **Proceed** with normal insurance adjudication
- **Add** the “Do Not Dispense To Patient After” date to the prescription bag sticker

#### iPLEDGE SYSTEM DID NOT AUTHORIZE THE PRESCRIPTION

- **Provide** patient with information or instructions from the system (i.e., “please contact your prescriber”)

### DISPENSING ISOTRETINOIN

- **Dispense** only FDA-approved products
- **Fill** prescription for a maximum 30-day supply
  - No automatic refills are allowed
  - Telephone, fax, and electronically transmitted (e.g., e-mail) prescriptions are allowed
- **Dispense** prescription within 7 days of the office visit (the iPLEDGE system provides the “Do Not Dispense To Patient After” date)
- **Call** the iPLEDGE program at 1-866-495-0654, log in, and press 3 or log in to the web site and select “Fill Prescription” if an authorized prescription is not dispensed for any reason
