

**Subject: New Date for Webinar on ENERGY STAR for Commercial Griddles- October 7, 2008 at 1:00 pm EDT**

Dear Commercial Griddle Manufacturer or Other Interested Party,

Please note that the date of the webinar on ENERGY STAR for Commercial Griddles has been changed to Tuesday, October 7, 2008 at 1:00 pm EDT. This webinar will provide an overview of the ENERGY STAR program and answer questions regarding the specification development process.

Interested parties should RSVP to Natalie Chadwick, ICF International, at [nchadwick@icfi.com](mailto:nchadwick@icfi.com) by Wednesday, October 1. Call-in information and further instructions on logging into the meeting Web site will be provided to attendees prior to the meeting.

In addition, the deadline to submit comments on the Draft 1 ENERGY STAR Commercial Griddle specification has been extended to October 17 in order to give stakeholders adequate time to submit comments after the webinar occurs.

All materials related to the commercial griddle specification development process will be available on EPA's ENERGY STAR Product Development Web site at [www.energystar.gov/productdevelopment](http://www.energystar.gov/productdevelopment) (click on "New Specifications in Development"). If you have any questions regarding the Draft 1 requirements or the ENERGY STAR specification development process, please contact Rachel Schmeltz, EPA, at (202) 343-9124 and [schmeltz.rachel@epa.gov](mailto:schmeltz.rachel@epa.gov) or Rebecca Duff at (202) 862-1266.

I apologize for any inconvenience this date change has caused. Thank you for your interest and support of ENERGY STAR!

Rachel Schmeltz
