Subject: BUSES

Andy is asking that we make special note of bus services being offered by our callers, for potential use in both evacuations from New Orleans and movement of victims between shelters.

In order to facilitate bus coordination, we need to evaluate the legitimacy of the bus services being offered. To do so, ask the following questions:

- How many people can the bus hold?
- Where is the bus currently located?
- Is the driver an experienced, professional bus driver?
- Will you have any additional assistance available on the bus for the sick or those with special needs?
- When is the bus available, and for how long?
- What is the fuel capacity of the bus, and what mileage per gallon does it cover?

Finally, ensure that the caller will arrange to have at least two local law enforcement agents (i.e. sheriff's deputies) traveling on the bus. They should not expect for us to provide law enforcement, but the safety situation here is obviously uncertain.

For now, we will follow the same protocol that we have to this point--the staff at the workforce commission will collect and prioritize bus service offers from us. Please ensure that tomorrow they receive any offers you have collected tonight. Put the callers on standby for a return call as soon as we can ID specific bus service needs.

Thanks,
Miles
