

board a valid commercial reef fish permit may not possess on any trip or land in any day red snapper in excess of 200 lb (91 kg), whole or eviscerated.

(b) A vessel that has on board a valid commercial reef fish permit and a valid red snapper endorsement may not possess on any trip or land in any day red snapper in excess of 2,000 lb (907 kg), whole or eviscerated.

(c) A red snapper may not be transferred at sea from one vessel to another.

(d) No person may purchase, barter, trade, or sell, or attempt to purchase, barter, trade, or sell, a red snapper possessed or landed in excess of the trip or landing limits specified in paragraphs (a) and (b) of this section.

§ 641.33 Red snapper endorsement.

(a) As a prerequisite for exemption from the trip limit for red snapper specified in § 641.32(a), a vessel for which a commercial reef fish permit has been issued under § 641.4 must have a red snapper endorsement on such permit and such permit and endorsement must be aboard the vessel.

(b) A red snapper endorsement is invalid upon sale of the vessel; however, an owner of a vessel with a commercial reef fish permit may transfer the red snapper endorsement to another vessel with a commercial reef fish permit owned by the same entity by returning the existing endorsement with an application for an endorsement for the replacement vessel.

(c) The provisions of paragraph (b) of this section notwithstanding, special provisions apply in the event of the disability or death of the owner of a vessel with a red snapper endorsement or the disability or death of an operator whose presence on board the vessel is a condition for the validity of a red snapper endorsement.

(1) In the event that a vessel with a red snapper endorsement has a change of ownership that is directly related to the disability or death of the owner, the Regional Director may issue a red snapper endorsement, temporarily or permanently, with the commercial reef fish permit that is issued for the vessel under the new owner. Such new owner will be the person specified by the owner or his/her legal guardian, in the case of a disabled owner, or by the will or executor/administrator of the estate,

in the case of a deceased owner. (Change of ownership of a vessel with a commercial reef fish permit upon disability or death of an owner is considered a purchase of a permitted vessel and § 641.4(m)(3) applies regarding a commercial reef fish permit for the vessel under the new owner.)

(2) In the event of the disability or death of an operator whose presence aboard a vessel is a condition for the validity of a red snapper endorsement, the Regional Director may revise and reissue an endorsement, temporarily or permanently, to the permitted vessel. Such revised endorsement will contain the name of a substitute operator specified by the operator or his/her legal guardian, in the case of a disabled operator, or by the will or executor/administrator of the estate, in the case of a deceased operator. As was the case with the replaced endorsement, the presence of the substitute operator aboard and in charge of the vessel is a condition for the validity of the revised endorsement. Such revised endorsement will be reissued only with the concurrence of the vessel owner.

§ 641.34 Condition of a permit.

As a condition of a commercial reef fish permit issued under § 641.4, without regard to where red snapper are harvested or possessed, a vessel with such permit—

(a) May not exceed the appropriate vessel trip or landing limit for red snapper, as specified in § 641.32(a) and (b); and

(b) May not transfer a red snapper at sea, as specified in § 641.32(c).

RIN 0648-AH00

Groundfish Fishery of the Bering Sea and Aleutian Islands Area; Extension of Allocations to Inshore and Offshore Components; Correction

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Correcting amendment.

SUMMARY: This document contains a correction to the final rule (I.D. 083095A) that was published Tuesday, December 12, 1995, (60 FR 63654). The regulation related to an extension of the allocation of pollock for processing by the inshore and offshore components from January 1, 1996 through December 31, 1998.

EFFECTIVE DATE: January 1, 1996.

FOR FURTHER INFORMATION CONTACT: David Ham, 907-586-7228.

SUPPLEMENTARY INFORMATION:

Background

Need for Publication

At 60 FR 63654, December 12, 1995, a final rule to extend the inshore-offshore and Community Development Quota programs in the Bering Sea and Aleutian Islands Management Area for 3 years, from January 1, 1996, through December 31, 1998, was published. Unintentionally, in that final rule, a paragraph was excluded from an extension of the expiration date and is corrected here.

List of Subjects in 50 CFR Part 675

Fisheries, Reporting and recordkeeping requirements.

Dated: December 26, 1995.

Gary Matlock,

Program Management Officer, National Marine Fisheries Service.

PART 675—GROUND FISH OF THE BERING SEA AND ALEUTIAN ISLANDS AREA

Accordingly, 50 CFR part 675 is corrected by making the following correcting amendment:

1. The authority citation for part 675 continues to read as follows:

Authority: 16 U.S.C. 1801 *et seq.*

2. Section 675.25 paragraph (b) heading is revised to read as follows:

§ 675.25 Observer requirements.

* * * * *

(b) *Additional observer coverage requirements applicable through December 31, 1998.* * * *

* * * * *
