ADDITIONAL INFORMATION ABOUT THE ESSIAC FORMULA

History of Dr. Bruschi's Essiac Formula

The miraculous Canadian formula has its origin in the Ojibwa Indian tribe that used it as a very powerful purifier for the body and recommended it to alleviate thousands of diseases. By means of Rene Caisse, a young Canadian nurse, this formula makes it into the hands of the renowned Dr. Charles A. Bruschi – an American Medical Association member physician, winner of the 1981 Humanitarian Award, and personal physician to John F. Kennedy. Dr. Bruschi, together with Rene Caisse, began to research and was able to strengthen this ancient Indian recipe by obtaining a natural and more potent formula that has produced wonderful results in thousands of patients of different races, gender and ages with diverse diseases.

What is the Essiac Formula?

The Essiac Formula is a drink that contains a nucleus of herbs including: Burdock Root, Sheep Sorrel, Turkey Rhubarb Root, Slippery Elm Bark. In addition this herb nucleus is strengthened by another group of herbs including: Kelp, Blessed Thistle, Red Clover, and Watercress. It is a 100% natural formula made from certified organic herbs, it does not contain preservatives or additives.

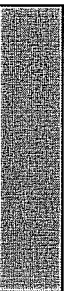

What does it do?

The components of Dr. Bruschi's Essiac formula interact and produce a wonderful effect of wellbeing **MORE ENERGY, DETOXIFYING EFFECT, and STRESS REDUCER** in the human body, as well as **PREVENTING DEGENERATIVE DISEASES.** (illegible)
