

Extraordinary Volunteers

The "Extraordinary Volunteers" Awards Program was created to recognize volunteers who demonstrate long-term commitment and service to organizations in Corona. These are individuals (18 and over) whose great contributions make a difference in their organization and the community. Most of us know of such an individual and the "Extraordinary Volunteers" Awards Program gives us the opportunity to nominate and publicly recognize the selfless contributions of these volunteers.

The Process

The Extraordinary Volunteers Selection Committee members are Corona residents and were chosen based on their background in community involvement and civic affairs. The judging criteria is based on the definition of an "ideal volunteer" and the rules governing this program. Those selected to receive the award will be invited to appear at a City Council meeting and be recognized.
