

## Other important information

The License Reinstatement program is only valid with the circuit courts that participate.

Your license may be suspended with more than one circuit court. It is your responsibility to check the status of your driver's license with other circuit courts. Not all circuit courts participate in the License Reinstatement Program. If your license is suspended with a non-participating circuit court, as well as a participating one, enrolling in the License Reinstatement Program will not reinstate your license with the non-participating circuit court.

The Driver and Motor Vehicle Services Division (DMV) requires a reinstatement fee.

**For more information on how you may reinstate your driver's license, contact the Oregon Department of Revenue and speak to an OAA agent today.**

**What you should know before calling the Oregon Department of Revenue**

**(Other Agency Accounts)**

# License Reinstatement Program

The Oregon Department of Revenue is partnering with participating circuit courts to assist people in reinstating their suspended Oregon Driver's License through a payment plan.

You do not qualify for the License Reinstatement program if you have:

- Judgments that stipulate sanctions on license reinstatement.
- An open bankruptcy.

## Steps to reinstate your license:

1

**Call or visit**  
Other Agency Accounts (OAA)  
at the Oregon Department  
of Revenue.

2

**Make a \$200 down  
payment**—with cash,  
credit or debit card (Visa or  
MasterCard), money order, or  
cashier's check. This payment  
will go toward your  
delinquent debt.

3

**Set  
up a monthly  
payment plan** with  
an agent. Garnishment  
payments and tax refunds  
do not count as payments  
in the License Reinstatement  
Program. If you miss or are late  
with a payment, you may be  
removed from the program.  
There is no grace period.
