Introduction

This document contains three sets of statewide and county specific reports describing dispositions. The first two reports describe dispositions assigned during the reporting year and the characteristics of the juveniles receiving the dispositions. The third describes categories of offenses that were assigned dispositions during the reporting year, descriptions of the dispositions that were assigned for each offense category, and the characteristics of the juveniles that committed these offenses. Sub-totals and grand-totals are provided for each category. Each statistic is broken down by the youth's sex, age at the time of disposition, and race. The three sets of reports are:

Disposition of Youth by Demographics	<p>The number of youth that received a disposition by the juvenile justice system during the reporting year.</p> <p>Youth on the Disposition of Youth report are reported in most intense disposition category imposed for that youth during the year in the county that imposed the disposition. The youth is counted only once on the Disposition of Youth report, regardless of the number of dispositions a youth is assigned during the year. If there was more than one disposition with the same intensity, the disposition with the most recent date was selected.</p>
Disposition of Referrals by Demographics	<p>The number of referrals that received a disposition by the juvenile justice system during the reporting year.</p> <p>Referrals on the Disposition of Referrals report are reported in the most intense disposition category imposed for that referral during the year. If there was more than one disposition on the same referral with the same intensity, the disposition with the most recent date was selected.</p>
Disposition of Referrals by Offense Category	<p>The number of referrals that received a disposition by the juvenile justice system during the reporting year by offense category. The report includes felony, misdemeanor, non-criminal violation and dependency status offense referrals that received dispositions in the year.</p> <p>The offense category is the most serious offense associated with the most intense disposition on the referral, categorized according to Oregon Revised Statute (ORS), Criminal Code of Oregon, as defined by the Oregon Legislature. Severity is determined by each offense's category, type, and class. (See Appendix A.)</p> <p>Dispositions are reported in the most intense disposition on the referral. (See Appendix B.) If there was more than one disposition on the same referral with the same intensity, the disposition with the most recent date was selected.</p> <p>This report also provides demographics of the youth who received dispositions including gender, age at disposition, and race/ethnicity.</p>

Appendix B — Notes About the Information

Rounding: Percentages may not add up to 100% due to rounding.

Statewide Youth and Referral Counts: Youth may have received a disposition in more than one county. On the Statewide Disposition of Youth report, the youth is counted only once on the report in the county that imposed the most intense disposition. The Disposition of Referrals report counts all referrals disposed in the county that imposed the disposition.

County: The county reported is the county responsible for assigning the youth’s disposition. If the county was recorded on the disposition it was selected as the responsible county. If there was no county identified on the disposition, the original referral county was reported as the disposition county.

Race and Ethnicity: The JJIS Steering Committee defined Race/Ethnicity reporting categories based on best practices and available data. Race and Ethnicity may be as recorded by the juvenile department based on police reports and youths’ self-reporting. These reports categorize youth by the race that is recorded in JJIS unless the recorded ethnicity is Hispanic. When the recorded Ethnicity is Hispanic, the youth is categorized as Hispanic, regardless of recorded Race. There are several efforts underway in the state to standardize reporting of race and ethnicity. The categories of Race/Ethnicity used in this report may change in the future when state standards are defined.

Disposition Categories: These reports categorize dispositions according to a standard developed by the JJIS Data and Evaluation Committee, and modeled after national reporting standards. Detailed dispositions have been grouped into the disposition reporting categories.

For all reports, dispositions are grouped into categories consistent with national reporting categories as follows. Categories are listed from least to most intense level of juvenile justice intervention.

Dismissed, Not Petitioned or Not Adjudicated	Dismissed or No Jurisdiction
	Referred to Another Agency
	Review & Close
	Warning
	Divert & Close
	Intake Office Contact & Close
	Rejected by DA
	Plea Bargain or Alternative Process
Authorized Diversion Programs or Other Informal Disposition	Diversion Supervision
	Diversion – Youth Court
	Diversion – Traffic/Municipal Court
	Informal Sanction(s)/ Supervision
	Formal Accountability Agreement
Adjudicated Delinquent	Formal Sanction
	Probation
	Commit/Custody to Other Agency (Non-Youth Authority)
	Probation and Commit/Custody to Other Agency (Non-Youth Authority)
	Probation and Youth Authority Commitment for Community Placement
	Youth Authority Commitment for Youth Correctional Facility Placement
Adult Court	Waived/Transfer
	Adult Sentence

Dispositions Included on the Report:

- Dispositions that were assigned in the year. (Note: The referrals on which these dispositions have been imposed may have been received prior to the reporting year.)
- Dispositions for referrals that contain allegations of criminal offenses; violations; and dependency status offenses of runaway, beyond parental control, and behavior to endanger self or others. Dispositions for referrals for all other dependency matters and local ordinances are excluded from these reports, except as noted below.
- Disposition and Offense Categories: Dispositions are reported in the most intense disposition on the referral. The offense category is the most serious offense associated with the most intense disposition on the referral. Referral offenses may change between referral and disposition. If a referral contained a qualifying allegation that was dismissed and a local ordinance that was assigned a more intense disposition, the report will display local ordinance as the most serious offense. However, as noted above, if a referral contained only a local ordinance, it is excluded from this report.

Example 1 - Referral with One Offense

Referral Allegation	Most Serious Referral Allegation	Disposition	Most Intense Disposition	Most Serious Disposed Allegation
Burglary 1 - (Property)	Burglary 1 - (Property)	Probation	Probation	Burglary 1 - (Property)

Example 2 - Referral with Two Offenses

Referral Allegations	Most Serious Referral Allegation	Disposition	Most Intense Disposition	Most Serious Disposed Allegation
Burglary 1 - (Property)		Probation	Probation	Burglary 1 - (Property)
Assault 1 – (Person)	Assault 1 – (Person)	Dismissed		

Example 3 - Referral with Two Offenses and a Local Ordinance Violation

Referral Allegations	Most Serious Referral Allegation	Disposition	Most Intense Disposition	Most Serious Disposed Allegation
Assault 4 - (Person)	Assault 4 - (Person)	Dismissed		
Runaway – (Dependency Status)		Referred to Another Agency		
Nuisance Violation (Local Ordinance)		Formal Accountability Agreement	Formal Accountability Agreement	Nuisance Violation (Local Ordinance)

Cautions: Disposition data is challenging to present for the following reasons.

- A youth may receive more than one disposition for the same referral. Different allegations on the same referral occasionally receive different dispositions.
- A referral may be disposed of with a less intense disposition because another related referral is disposed of with a more intense disposition.
- A disposition may change over time. A disposition may be replaced with a more intense disposition following non-compliance with the initial disposition (i.e., probation violation).
- A youth may receive more intensive dispositions if he/she is a repeat offender.

These reports examine the interrelationship between different referrals, types of offenses and judicial and juvenile department dispositions.
