Notes

1. These requirements took effect Feb. 4, 2008, under administrative rules as a result of Governor's Executive Order 07-22.
2. The only electronic verification systems in existence today are for Social Security numbers and alien identification numbers. Systems for birth certificates and passports are in development.
3. This fee increase is in addition to a previously scheduled \$3 per-card fee increase to fund facial recognition under 2005 Oregon legislation.
