

Attention electronic claim submitters

The National Uniform Billing Committee has restricted the use of value codes A1, A2, A7, B1, B2, B7, C1, C2 and C7 to paper UB-04 claims. DMAP will no longer accept these value codes on electronic Coordination of Benefit (a.k.a., crossover) 837 institutional claim transactions after September 1, 2007.

The CMS letter concerning this change is available at
