## Data Source: Oregon ALERT Immunization Registry

Notes:

(1) Confidence intervals do not include adjustments for small populations; such adjustments may be added using the two-year old population counts.

(2) Rates for 2005 do not include a minimum 6 month spacing between 3rd and 4th DTaP

(3) History of Varicella disease is not accounted for in these rates, as it is not included

in comparable rates for the National Immunization Survey.

(4) Rates for counties with less than 50 two year olds are not displayed
