Notes:

- (1) Confidence intervals do not include adjustments for small populations; such adjustments may be added using the two-year old population counts.
- (2) The 2006 rates include include all ACIP spacing requirements. Rates for 2005 did not include a minimum 6 month spacing between 3rd and 4th DTaP
- (3) History of Varicella disease is not accounted for in these rates, as it is not included in comparable rates for the National Immunization Survey.
- (4): Rates for counties with less than 50 two year olds are not displayed
