SECTION 2. Should an employer not have established a regular practice of performing the work stated in Section 1 (e) and (f) above then the employer shall not be required to use employees to perform that work.

ARTICLE II

SECTION 1. No Employer shall subcontract or assign any of the work described herein which is to be performed at a jobsite to any contractor, subcontractor or other person or party who fails to agree in writing to comply with the conditions of employment contained herein including, without limitations, those relating to union security, rates of pay and working conditions, hiring and other matters covered hereby for the duration of the project.

SECTION 2. Subject to other applicable provisions of this Agreement,

the Employer agrees that when subcontracting for prefabrication of materials covered herein, such prefabrication shall be subcontracted to fabricators who pay their employees engaged in such fabrication not less than the prevailing wage for comparable sheet metal fabrication, as established under provisions of this Agreement.

ARTICLE III

SECTION 1. The Employer agrees that none but journeymen, apprentice, and probationary apprentice sheet metal workers shall be employed on any work described in Article I and further, for the purpose of proving jurisdiction, agrees to provide the Union with written evidence of assignment on the Employer's letterhead for certain specified items of work to be performed at a jobsite prior to commencement of work at the site. List of such specific items, which may be revised from time to time, as agreed to by and between SMACNA and SMWIA shall be provided to the Employer. For purposes of clarification throughout the Standard Form of Union Agreement and all Addendums, the terms "Journeyman", "Journeymen", "Foreman", and "Foremen" refer to job classifications and are non-gender specific. SECTION 1. The Employer agrees to require membership in the Union, as a condition of continued employment of all employees performing any of the work specified in Article I of this Agreement, within eight (8) days following the beginning of such employment or the effective date of this Agreement, whichever is the latter, provided the Employer has reasonable grounds for believing that membership is available to such employees on the same terms and conditions generally applicable to other members and that membership is not denied or terminated for reasons other than the failure of the employee to tender the periodic dues and initiation fee uniformly required as a condition of acquiring or retaining membership.

SECTION 2. If during the term of this Agreement the Labor-Management Relations Act of 1947 shall be amended by Congress in such manner as to reduce the time within which an employee may be required to acquire union membership, such reduced time limit shall become immediately effective instead of and without regard to the time limit specified

in Section I of this Article.

SECTION 3. The provisions of this Article shall be deemed to be of no force and effect in any state to the extent to which the making or enforcement of such provision is contrary to law. In any state where the making and enforcement of such provision is lawful only after compliance with certain conditions precedent, this Article shall be deemed to take effect as to involved employees immediately upon compliance with such conditions.

SECTION 12. (a). Contributions provided for in Section 12(b) of this Article will be used to promote programs of industry education, training, negotiation and administration of collective bargaining agreements, research and promotion, such programs serving to expand the market for the services of the Sheet Metal Industry, improve the technical and business skills of Employers, stabilize and improve Employer-Union relations, and promote, support and improve the employment opportunities for employees. No part of any such payments, however, shall be used for any other purpose except as expressly specified above.

(b). With regard to any employer belonging to SMACNA-Western Washington, the Association shall pay the Sheet Metal and Air Conditioning Contractors' National Industry Fund of the United States (IFUS) six cents (\$0.06) per hour for each hour worked on and after the effective date of this Agreement by each employee of the Employer covered by this Agreement. A \$0.01 per hour increase will be effective on June 1, 1999 to comply with the National IFUS increase. The hourly + Payment shall be made on or before the 20th day of the succeeding month and shall be remitted to IFUS, 4201 Lafayette Center Drive, Chantilly, Virginia, 20151-1209, or for the purpose of transmittal, through Northwest Sheet Metal Health Trust, Seattle, WA.

(c). One time per year, the IFUS shall include in such written report a financial statement attested to by a certified public accountant containing its balance sheet and detailed statement of annual receipts and disbursements. Further specific detailed information in regard to IFUS activities or its receipts and/or expenditures shall be furnished to the Sheet Metal Workers' International Association upon written request.

(d). Grievances concerning use of IFUS funds for purposes prohibited under Section 12(a) or for violations of other subsections of this Section may be processed by the Sheet Metal Workers' International Association directly to the National Joint Adjustment Board under the provisions of Article X of this Agreement. In the event such proceeding results in a deadlock, either party may, upon ten (10) days notice to the other party, submit the issue to final and binding arbitration. The Arbitrator shall be

selected by the Co-Chairmen of the National Joint Adjustment Board. The Arbitrator shall be authorized to impose any remedial order he deems appropriate for violation of this Section, including termination of the Employer's obligation to contribute to the IFUS. The authority of the Arbitrator is expressly limited to a determination of a deadlocked issue under this Section, (Section 12, Article VIII), and no other.

SECTION 13 (a). Contributions provided for in Section 13 (b) of this Article will be used to promote programs of industry education, training, negotiation and administration of collective bargaining agreements, research and promotion, such programs serving to expand the market for the services of the Sheet Metal Industry, improve the technical and business skills of Employers, stabilize and improve Employer-Union relations, and promote, support and improve the employment opportunities for employees. No part of any such payments, however, shall be used for any other purpose except as expressly specified above.

(b). The Employer shall pay to the SMACNA-Western Washington (hereinafter referred to as the local industry fund), forty-eight cents (\$0.48) per hour for each hour worked on or after the effective date of this Agreement by each employee of the Employer covered by this Agreement. Of said contribution \$0.08 per hour to be utilized for foreman training, inspector training, MSDS Safety Compliance, etc. Payment shall be made monthly on or before the 20th day of the succeeding month.

(c). The local industry fund shall furnish to the Business Manager of the Union, not less often than semi-annually, written reports describing in reasonable detail the nature of activities in which it is engaged or which it supports directly or indirectly with any of its funds. One time per year, the local industry fund shall include in such written report, a statement attested to by a certified public accountant and containing its balance sheet and detailed statement of receipts and disbursements. Further specific detailed information in regard to local industry fund activities or its receipts and/or disbursements shall be furnished to the Business Manager of the Union upon his written request.

(d). Grievances concerning use of local industry fund monies to which an Employer shall contribute for purposes prohibited under Section 13(a) or for violations of other subsections of this Section shall be handled under the provisions of Article X of this Agreement. The National Joint Adjustment Board shall be authorized to impose any remedial order for violation of this Section, including termination of the Employer's obligation to contribute to the local industry fund.

(e). Independent Contractors who do not assign their collective bargaining rights to SMACNA-Western Washington and who do not elect to contribute into the Local Industry Promotion Fund do hereby agree to contribute the equivalent amount of the local industry promotion fund into the Local Joint Apprenticeship Training Fund. This contribution

will be in addition to the contributions stipulated in the Addendum(s) to be paid by the Employer into the Local Joint Apprenticeship Training Fund.

SECTION 14. Effective as of the date of this Agreement the Employers will contribute to the International Training Institute for the Sheet Metal and Air Conditioning Industry (ITI) seven cents (\$0.07) per hour for each hour worked by each employee of the Employer covered by this Agreement. Payment shall be made on or before the 20th day of the succeeding month and shall be remitted as designated by the Trustees of the ITI, or for purposes of collection and transmittal through Northwest Sheet Metal Workers Health Trust.

Effective as of the date of this Agreement the Employers will contribute to the National Energy Management Institute Committee (NEMIC), a jointly administered trust fund, three cents (\$0.03) per hour for each hour worked by each employee of the Employer covered by this Agreement. Payment shall be made on or before the 20th day of the succeeding month and shall be remitted as designated by the Trustees of the NEMIC, or for the purposes of collection and transmittal through Northwest Sheet Metal Workers Health Trust. If during the term of this agreement the SMWIA Constitution is amended to provide that participation in the National Energy Management Institute is no longer mandatory for Local 66, the parties agree to meet for the specific purpose of deciding how to reallocate the three cent (\$0.03) per hour contribution presently set forth in this agreement.

Effective as of the date of this Agreement the Employers will contribute to the Sheet Metal Occupational Health Institute Trust (Institute) two cents (\$0.02) per hour for each hour worked by each employee of the Employer covered by this Agreement until the Institute Trustees determine that the Trust is financially self-sufficient. Payment shall be made on or before the 20th day of the succeeding month and shall be remitted as designated by the Trustees of the Institute, or for purposes of collection and transmittal through Northwest Sheet Metal Workers Health Trust.

The parties agree to be bound by the separate Agreements and Declarations of Trusts establishing the National Training Fund for the Sheet Metal and Air Conditioning Industry, the National Energy Management Institute Committee, the Sheet Metal Occupational Health Institute Trust, and the Industry Fund of the United States and the separate agreements and declarations of trusts of all other local or national programs to which it has been agreed that contributions will be made. In addition, the parties agree to be bound by any amendments to said trust agreements as may be made from time to time and hereby designate as their representatives on the Board of Trustees such trustees as are named together with any successors who may be appointed pursuant to said agreements.

The parties authorize the trustees of all national funds to cooperatively establish uniform collection procedures to provide for efficient and ef-

fective operation of the various national trusts.

ARTICLE IX

SECTION 1. Journeymen, apprentices, and probationary apprentices covered by this Agreement shall provide for themselves all necessary hand tools, not to include any power tools.

SECTION 2. Journeymen, apprentice, and probationary apprentice covered by this Agreement shall not be permitted or required as a condition of employment to furnish the use of automobile or other conveyance to transport men, tools, equipment or materials from shop to job, from job to job, or from job to shop; facilities for such transportation to be provided by the Employer. This provision shall not restrict the use of an automobile or other conveyance to transport its owner and personal tools from home to shop or job at starting time or from shop or job to home at quitting time.

ARTICLE X

The Union and the Employer, whether party to this Agreement independently or as a member of a multi-employer bargaining unit, agree to utilize and be bound by this Article.

SECTION 1. Grievances of the Employer or the Union, arising out of interpretation or enforcement of this Agreement, shall be settled between the Employer directly involved and the duly authorized representative of the Union, if possible. Both parties may participate in conferences through representatives of their choice.

To be valid, grievances must be raised within thirty (30) calendar days following the occurrence giving rise to the grievance, or, if the occurrence was not ascertainable, within thirty (30) calendar days of the first knowledge of the facts giving rise to the grievance.

SECTION 2. Grievances not settled as provided in Section 1 of this Article may be appealed by either party to the Local Joint Adjustment Board where the work was performed or in the jurisdiction of the Employer's home local and such Board shall meet promptly on a date mutually agreeable to the members of the Board, but in no case more than fourteen (14) calendar days following the request for its services, unless the time is extended by mutual agreement of the parties or Local Joint Adjustment Board. The Board shall consist of representatives of the Union and of the local Employers' Association and both sides shall cast an equal number of votes at each meeting. The local Employers' Association, on its own initiative, may submit grievances for determination by the Board as provided in this Section. Except in the case of a deadlock, a decision of a Local Joint Adjustment Board shall be final and binding.

Notice of appeal to the Local Joint Adjustment Board shall be given within thirty (30) days after termination of the procedures prescribed in Section 1 of this Article, unless the time is extended by a mutual agree-

ment of the parties.

SECTION 3. Grievances not disposed of under the procedure prescribed in Section 2 of this Article, because of a deadlock or failure of such Board to act, may be appealed jointly or by either party to a Panel, consisting of one (1) representative appointed by the Labor Co-Chairman of the National Joint Adjustment Board and one (1) representative appointed by the Management Co-Chairman of the National Joint Adjustment Board. Appeals shall be mailed to the National Joint Adjustment Board. * Notice of appeal to the Panel shall be given within thirty (30) days after termination of the procedures prescribed in Section 2 of this Article. Such Panel shall meet promptly but in no event more than fourteen (14) calendar days following receipt of such appeal, unless such time is extended by mutual agreement of the Panel members. Except in case of deadlock, the decision of the Panel shall be final and binding.

Notwithstanding the provisions of Paragraph 1 of this Section, an Employer who was not a party to the Labor Agreement of the area in which the work in dispute is performed may appeal the decision of the Local Joint Adjustment Board from that area, including a unanimous decision, and request a Panel hearing as set forth in Section 3 of this Article, providing such appeal is approved by the Co-Chairmen of the National Joint Adjustment Board.

SECTION 4. Grievances not settled as provided in Section 3 of this Article may be appealed jointly or by either party to the National Joint Adjustment Board. Submissions shall be made and decisions rendered under such procedures as may be prescribed by such Board. Appeals to the National Joint Adjustment Board shall be submitted within thirty (30) days after termination of the procedures described in Section 3 of this Article. The Procedural Rules of the National Joint Adjustment Board are incorporated in this Agreement as though set out in their entirety. (Copies of the procedures may be obtained from the National Joint Adjustment Board. *)

SECTION 5. A Local Joint Adjustment Board, Panel and the National Joint Adjustment Board are empowered to render such decisions and grant such relief to either party as they deem necessary and proper, including awards of damages or other compensation.

SECTION 6. In the event of non-compliance within thirty (30) calendar days following the mailing of a decision of a Local Joint Adjustment Board, Panel or the National Joint Adjustment Board, a local party may enforce the award by any means including proceedings in a court of competent jurisdiction in accord with applicable state and federal law. If the party seeking to enforce the award prevails in litigation, such party shall be entitled to its costs and attorney's fees in addition to such other relief as is directed by the courts.

SECTION 7. Failure to exercise the right of appeal at any step thereof within the time limit provided therefore shall void any right of appeal

applicable to the facts and remedies of the grievances involved. There shall be no cessation of work by strike or lockout during the pendency of the procedures provided for in this Article. Except in case of deadlock, the decision of the National Joint Adjustment Board shall be final and binding.

SECTION 8. In addition to the settlement of grievances arising out of interpretation or enforcement of this Agreement as set forth in the preceding sections of this Article, any controversy or dispute arising out of the failure of the parties to negotiate a renewal of this Agreement shall be settled as hereinafter provided:

(a) Should the negotiations for a renewal of this Agreement or negotiations regarding a wage/fringe reopener become deadlocked in the opinion of the Union representative(s) or of the Employer(s) representative(s), or both, notice to that effect shall be given to the National Joint Adjustment Board.

If the Co-Chairmen of the National Joint Adjustment Board believe the dispute might be adjusted without going to final hearing before the National Joint Adjustment Board, each will then designate a Panel representative who shall proceed to the locale where the dispute exists as soon as convenient, attempt to conciliate the differences between the parties and bring about a mutually acceptable agreement. If such Panel representatives or either of them conclude that they cannot resolve the dispute, the parties thereto and the Co-Chairmen of the National Joint Adjustment Board shall be promptly so notified without recommendation from the Panel representatives. Should the Co-Chairmen of the National Joint Adjustment Board fail or decline to appoint a Panel member or should notice of failure of the Panel representatives to resolve the dispute be given, the parties shall promptly be notified so that either party may submit the dispute to the National Joint Adjustment Board.

In addition to the mediation procedure set forth above or as an alternate thereto, the Co-Chairmen of the National Joint Adjustment Board may each designate a member to serve as a Subcommittee and hear the dispute in the local area. Such Subcommittees shall function as arbitrators and are authorized to resolve all or part of the issues. They are not, however, authorized to deadlock and the matter shall be heard by the National Joint Adjustment Board in the event a Subcommittee is unable to direct an entire resolution of the dispute.

* All correspondence to the National Joint Adjustment Board shall be sent to the following address: National Joint Adjustment Board, P.O. Box 220956, Chantilly, VA 20153-0956, or 4201 Lafayette Center Drive, Chantilly, VA 20151-1209.

The dispute shall be submitted to the National Joint Adjustment Board pursuant to the rules as established and modified from time to time by the National Joint Adjustment Board. The unanimous decision of said Board shall be final and binding upon the parties, reduced to writing, signed and mailed to the parties as soon as possible after the decision has

been reached. There shall be no cessation of work by strike or lockout unless and until said Board fails to reach a unanimous decision and the parties have received written notification of its failure.

(b). Any application to the National Joint Adjustment Board shall be upon forms prepared for that purpose subject to any changes which may be decided by the Board from time to time. The representatives of the parties who appear at the hearing will be given the opportunity to present oral argument and to answer any questions raised by members of the Board. Any briefs filed by either party including copies of pertinent exhibits shall also be exchanged between the parties and filed with the National Joint Adjustment Board at least twenty-four (24) hours in advance of the hearing.

(c). The National Joint Adjustment Board shall have the right to establish time limits which must be met with respect to each and every step or procedure contained in this Section. In addition, the Co-Chairmen of the National Joint Adjustment Board shall have the right to designate time limits which will be applicable to any particular case and any step therein which may be communicated to the parties by mail, telegram or telephone notification.

(d). Unless a different date is agreed upon mutually between the parties or is directed by the unanimous decision of the National Joint Adjustment Board, all effective dates in the new agreement shall be retroactive to the date immediately following the expiration date of the expiring agreement.

ARTICLE XI

SECTION 1. All duly qualified apprentices shall be under the supervision and control of a Joint Apprenticeship and Training Committee composed of six (6) members, three (3) of whom shall be selected by the Employer, and three (3) by the Union. Said Joint Apprenticeship and Training Committee shall formulate and make operative such rules and regulations as they may deem necessary and which do not conflict with the specific terms of this Agreement, to govern eligibility, registration, education, transfer, wages, hours, working conditions of duly qualified apprentices and the operation of an adequate apprentice system to meet the needs and requirements of the trade. Said rules and regulations when formulated and adopted by the parties hereto shall be recognized as part of this Agreement.

SECTION 2. The Joint Apprenticeship and Training Committee designated herein shall serve for the life of this Agreement, except that vacancies in said Joint Apprenticeship and Training Committee caused by resignation or otherwise, may be filled by either party hereto, and it is hereby mutually agreed by both parties hereto, that they will individually and collectively cooperate to the extent that duly qualified apprentices be given every opportunity to secure proper technical and practical

education experience in the trade, under the supervision of the Joint Apprenticeship and Training Committee.

SECTION 3. It is the understanding of the parties to this Agreement that the funds contributed by signatory Employers to the International Training Institute and any Local Joint Apprenticeship and Training Fund (Local JATC) will not be used to train apprentices or journeymen who will be employed by employers in the Sheet Metal Industry not signatory to a collective bargaining agreement providing for contributions to the International Training Institute and a Local JATC. Therefore, the trustees of the International Training Institute and Local JATC shall adopt and implement a Scholarship Loan Agreement Program which will require apprentices and journeymen employed by signatory Employers to repay the cost of training either by service following training within the union sector of the industry or by actual repayment of the cost of training if the individual goes to work for a non-signatory Employer in the Sheet Metal Industry. The cost of training shall include the reasonable value of all International Training Institute and Local JATC materials, facilities and personnel utilized in training. If a Local JATC does not implement the Scholarship Loan Agreement, the Local JATC shall be prohibited from utilizing International Training Institute materials and programs.

SECTION 4. It is hereby agreed that the Employer shall apply to the Joint Apprenticeship and Training Committee and the Joint Apprenticeship and Training Committee shall grant apprentices on the basis of one (1) apprentice for each three (3) journeymen regularly employed throughout the year.
